

# Semaine Francaise Climaxes Thursday

by Howard Miller

La Semaine Francaise, French Week, is currently being observed on the Alfred campus.

Gouter, a type of French pastry, is being sold at the Union by girls in French provincial costumes, everyday this week, except Thursday, from 4:00-5:00.

Today, three films on French Culture will be shown at 4:00 in the Myers Hall auditorium. Tonight at 7:30, also in Myers Hall, Georgia Machotka and Maxine Davis will give a talk on France and show slides taken by them in France.

Wednesday night, the Campus Theatre will show a French movie "Gervaise," by Emil Zola.

French week will be climaxed this coming Thursday evening, March 5, with the celebration of the Banquet de La Saint-Charlemagne, at 7:00 in Howell Hall. Sponsored by the French Club for its members, "A" students in French, and invited guests, this will be the 24th year that this

event has taken place on the Alfred campus.

The main purpose of this affair is to give recognition to those students who received "A" in French last semester. These students will demonstrate their proficiency in the subject by giving short speeches in French on topics appropriate to the theme of French Week.

French Week has as its theme this year "Twentieth Century French Culture." The speakers and their subjects will be: Penny Ames, "Proust;" Jay Davis, "The Cinema;" Stephen Elkin, "The Theater;" Norman Frankel, "Philosophy;" Elizabeth Schuman, "Malraux;" Wendy Schoenbach, "Matisse;" Wilma Scrob, "De Gaulle;" and Jacquelyn Zinke, "Music."

In addition to the speeches, the group will be entertained by a skit presented by the "A" students in First year French.

The evening will close with a music hour during which several talented French students will perform, and the entire gathering will sing traditional French songs.

## Two Will Present Washington Semester Reports at Meeting

The Political Science Club will devote its meeting tonight to reports by two of the students who spent last semester in Washington, D. C. participants in the Washington Semester Plan.

Barbara Broudy and Judith Fairbank, both junior English majors, will speak on the topics covered by projects they worked on while in Washington.

Miss Broudy will discuss the role played by television in political campaigns. She will deal with television's role in past elections and will also comment upon its role in future campaigns.

Various aspects of television's roles, its importance, practical results, and long-term effects will be explored by Miss Broudy.

Miss Fairbank will discuss the Democratic Advisory Council. She

will treat this body in view of its relation to the Democratic Party, its structure and purpose and the results of its actions.

In addition, Miss Fairbank will show the possible reasons for the DAC's lack of prominent success.

Students who participate in the Washington Semester Plan are afforded the opportunity of visiting governmental offices and agencies and Congressional sessions and meetings.

Another integral part of the Plan is a special seminar for the participating students. The Washington Semester Plan is offered every semester. Course work in Washington is taken at American University.

Tonight's meeting will take place at 8:30 in Howell Hall. All are cordially invited to attend.

## Member of Israeli Consulate To Speak Here Next Tuesday

David Rivlin, a member of the Israel Office of Information at the Israel Consulate in New York, will speak in Howell Hall next Tuesday evening at 8:30.

Rivlin was born in Jerusalem and educated at the Hebrew Uni-

versity there, where he studied philosophy, history and sociology. He later studied international affairs at the University College in London.

A journalist and radio commentator, the speaker served during

## Blue Key Presents Old and New Talent

Last night the Blue Key sponsored its annual talent show in Alumni Hall with the presentation of both old and new acts.

This year's new talent included Carol Goldberg, singer; Jan Fetherom, calypso dancer and Josh Fierer's Dixieland Combo. Also new was the performance given by Mrs. Scholes and a group of Alfred women who played the English bells. Al Hougign, accordionist, and Vern Burdick, guitarist, presented a duet.

As in past years skits were given by the faculty, Blue Key and St. Pat's Board. Also an annual performance, was the Men's Glee

Club. Since they formed as a club three years ago they have appeared in all of the succeeding talent shows.

Professor Nevins was back again this year to present a monologue and by popular demand Charles Williams repeated his rendition of Ernest Thayer's classic "Casey at the Bat."

After a performance by Jim Ellis and his combo, Williams used the band as a foil for his pantomime "The All American Boy."

As in previous years Fred Palmer emceed the program. Proceeds from the show will go to the University Building Fund for help in constructing the new Student Union.

## Campus Chooses Holmes Orchestra; St. Pat's Visitors Include Glee Club

Finale of the St. Pat weekend will be the Ball on Saturday night, March 14. Music will be provided by Leroy Holmes and his orchestra.

The Holmes orchestra, which played for the Ball last year, was chosen by the students in an all-campus election at the time the queen candidates were chosen.

Holmes, a conductor and arranger, began his musical career in college where he started working with the college orchestra and writing musical arrangements. He later attended the Julliard School of Music in New York City.

In addition to leading the orchestra, Holmes has written motion picture, radio, and recording arrangements. At the present time he is musical director for the MGM Record Company.

The Holmes orchestra has recorded many hit tunes and albums. Among these are "The High and the Mighty," "Dancing in the Dark," and "Alone Together."

### MARITIME GLEE CLUB

St. Pat's Weekend will commence with the parade of floats early in the afternoon. Following the parade the Maritime Glee Club will present a concert in the South Hall gym.

The Maritime Glee Club is a

Leroy Holmes

choral group from the Maritime Academy (Kings Point) in Fort Schuyler, New York. The group is composed of forty cadets. Similar to the St. Lawrence Saints, who presented the concert for the past

two years, the Maritime Glee Club will sing songs in the popular vein. During the concert's intermission the senior ceramic engineers will be knighted into the Loyal Order of Saint Patrick.

## Annual Leaders Training Program Gathers for Fourth Year Saturday

by Emmalyn Heed

The Student Senate will sponsor the fourth annual Leadership Training Program this Saturday in Myers Hall.

Jerry Pearlman, chairman of the program, has announced that the

general purpose of the training program is to help students to become better group leaders in campus activities.

Specifically the goal of the program is to make the members of the campus community aware of the importance of leadership and leadership techniques, to offer training in certain leadership techniques for use in campus activities as well as in home communities, and to seek ways to make better campus group leaders.

Dean Marshall and Nancy Cashmere will extend a welcome to the

students at 10:00 a.m. as an opening for the course. At 10:30 there will be a key note address by Dean Siedlin followed by a discussion of the address by the body.

The afternoon program will consist of four separate discussion groups in which the following topics will be reviewed: qualities of a leader, should an individual's power be limited (this will include discussion of a new point system), a leader's role in combating apathy, and is student opinion utilized by the faculty.

## Former FIAT Editor Soon to Publish New Literary Magazine

"Statements," a new "little" magazine edited by a former Alfred student, will soon be available on campus.

Marvin Bell, former FIAT editor, is drawing heavily from Alfred talent for the initial issue of the magazine. In addition, two AU under graduates — Lewis Carson and Frank DiGangi — are serving on the editorial board.

Bell, who graduated in June, 1958, spent a semester studying graduate journalism at Syracuse University. He and his wife are currently living in Rochester, from where "Statements" will originate.

Feeling "a need for more 'little' magazines, not fewer," the Bells contacted local printers, finally finding one who agreed to allow the editors to do most of their own work.

"We wanted to see what enthusiasm and serious effort could be

found on a small scale before going farther," says Bell. "Hence, we have taken much of the material for the first issue from people we know first-hand."

Aimed at college-level audiences, "Statements" will present serious poetry and art "in modern dress," and will aim for "one overall poetic and visual statement."

"We are trying to be more a sounding board for poets and artists," say the editors, "but it is difficult to define things in detail beyond that point. Perhaps the best we can say at the moment is that the magazine will be what is important."

### Bake Sale

There will be a Bake Sale at the Church Center this Friday from 10 a.m. to 1 p.m. Coffee will be served.

### Espanol

There will be a meeting of the Spanish Club tomorrow night at 7:00 in Kanakadea Hall.

## Open Letter to the Students

During the past few months there have arisen on campus various protests from certain individuals against the University's policy of compulsory military training for all male students in their first two years at Alfred. These proponents of the abolition of such training offer, in their opinion, several valid reasons for such action. Basically, these boil down to three major complaints:

1. Compulsory military training, as embodied in the present ROTC program, has no place in the so-called "free" educational system, since it stultifies individualism and free thought.
2. The amount of time that has to be put into the course is far out of proportion to the amount of credit received, and also deprives a student of a possible elective in his schedule, contrary to the principles of modern education.
3. Completion of the basic course without enrolling in the advanced course derives no benefit for a student should he enlist or be drafted after graduation.

The Student Senate has had no cause in the past to enter into the debate, since it did not feel it was enough of an issue in the minds of students on this campus or on other college campuses to warrant any action. However, in the last week, a letter was received from the Rutgers University Student Council which stated that it was attempting to effect a change in its administration's policy of compulsory

military training, for approximately the same reasons, stated above, and which contained a request that the Student Senate at Alfred lend support to this program.

After a lengthy discussion, the Senate decided that there was too much in favor of the ROTC program on this campus to aid the students at Rutgers in their struggle. It was also decided to put forth the arguments for retaining compulsory ROTC to the student body. These reasons, briefly, are:

1. A compulsory military program is not out of place in a "free" educational system; it gives the student something that is very much lacking in modern society: discipline, both of mind and body. It also takes the edge off the cynicism and anti-militarism of college students by fostering a pride in their own skills and an appreciation of a vital part of the American way of life.

2. While it is true that only two years of military training does not give any immediate benefits to the college graduate who enters the Armed Forces as an enlisted man or draftee, it has been proved that those with this training achieve higher rank in the long run and have an edge in competition for Officers' Candidate School.

3. At Alfred University, in particular, the administration receives, in addition to the Federal aid grant to all schools with an ROTC program as specified under the Merrill Act of 1862, a decided advantage in obtaining loans from the government for construction and other uses. Thus the student body, as a whole, gains directly from the existence of the ROTC program.

The Senate, as the voice of student opinion, feels that perhaps these individual protests are justified for a particular situation, but also holds that since the benefits derived from the program by the student body are so many and public opinion on the subject is so favorable, it can only lend its approval to the administration's present policy on the program. Therefore, the Senate can do nothing but inform the students at Rutgers that it cannot support their reform movement and hope that the student body at Alfred understands the problem and will support the decision.

## Drake at Union Founder's Day

President Drake attended the Founder's Day Convocation at Union College in Schenectady last Wednesday, February 25.

The celebration combined observances of the 164th anniversary of the establishment of the Board of Regents of the University of the State of New York.

Representatives of most colleges and universities in the state attended the dual ceremony planned in recognition of the fact that Union College was the first institution chartered by the Board of Regents.

President Drake went to Albany Thursday on Alfred University business.

Wednesday: "Building the Nations"

## Letter to the Editor

Dear Editor,

When leaving Alumni Hall last week following our usual Thursday indoctrination to knowledge, I could not help but feel a pang of sympathy for the speaker, Mr. R. A. Kennedy.

Mr. Kennedy in speaking on "Developments in Handling of Scientific Information," did a commendable job. His audience was anything but appreciative. However, this was neither the fault of Mr. Kennedy nor of the audience.

When choosing future assembly programs I wish that the Assembly Committee, whomever they may be, would keep their audience in mind and try to pick speakers that would be of interest or of use to the students. Thursday's program in my opinion did little to contribute either to the cultural or educational advancement of the audience. Perhaps its only benefit was the "rest" it provided for those attending.

Anirate Member of  
"The Captive Audience"

## Chemist Beebe Talks on Bones

Dr. Sam Scholes announced that Professor Ralph A. Beebe, chairman of the department of Chemistry at Amherst College, will visit Alfred on March 9 and 10.

Prof. Beebe will give a public lecture to the Sigma Xi club Monday, March 9, at 8:00 p.m. on "The Surface Chemistry of Bones."

Professor Beebe will welcome informal interviews with any students interested in graduate research work.

There will also be a faculty discussion on undergraduate research. Amherst has a plan of fostering this type of research in colleges across the nation.

Dr. Beebe's trip is sponsored by the American Chemical Society and the National Science Foundation as part of the visiting scientist program.

## Greetings from St. Pat

Dear Friends:

Faith and begorra, but I've just noticed the date. 'Tis drawing closer. Ah, and excuse me, 'tis me visit to Alfred I'm speaking of. Every year for, let me see, twenty-seven years, I've been to ye campus, bless it. But faith me children, I haven't felt so bad since the Big Wind in Erin.

Sure and another divil of a lom-bago set in. 'Twas just leaving Disneyland on a stagecoach when it happened. Me was ailing bad, 'til a wee bit of a leprachaun give me this medicine to take.

Well, faith, but I've finished thirty quarts o' this—good ol' Irish Brew it tis—now, me children, after two weeks I wake up and peek a bit at the date. 'Tis the thirteenth I'm te be in Alfred and find it bee drawing near.

By the grace of the Almighty and a vehicle from me friend, Walt Disney, I shall be there again.

'Tis time for me medicine, so I'll be closing. Well, see ye all March 13, be looking for me arrival.

Faith and Erin Go Bragh,  
St. Patrick

## One Pearl-Handled Revolver Is Needed for Waltz Leading Lady

Wanted: one pearl-handled revolver, dainty, lady's size!

The weapon is needed for the Footlight Club's St. Pat's production "Waltz of the Toreadors," the comedy by Jean Anouilh about a Don Juan on the wane surrounded by whining women.

The revolver is needed for Mlle. de St-Euverte, played by Judy Chase, who appears as a lovely if not very bright damsel who decides to shoot herself with the revolver when her love remains unrequited after seventeen years.

Note: the revolver need not be practical—the mademaiselle changes her mind and finds a new love instead.

The play will be presented in Alumni Hall on Saturday afternoon.

## One Less . . .

Attention all those who are obliged to attend Assembly programs:

The March 12 Assembly has been cancelled.

March 14 at 2:15 as part of the St. Pat's Festival, and on Monday evening, March 16 at 8:15.

## Marshall, Seidlin At Nat'l Meeting

Dean Nelson Marshall and Dean Joseph Seidlin of the graduate school are representing AU at the Fourteenth National Conference on Higher Education in Chicago, March 1 through March 4.

The topic of the convention is "What Should Be the Shape of Things to Come in the Natural Sciences Curriculum?" Marshall is recorder for the meeting. Seidlin is the leader of a section group which is discussing the direction of graduate school education.

All phases of higher education are being covered at the conference in general sessions and special information sessions. Topics under consideration range from higher education around the world to institutional self study programs.

## CANADIAN GRADUATE FELLOWSHIPS

The Canada Council for the encouragement of the Arts, Humanities and Social Sciences is offering five fellowships for study in Canada during the academic year 1959-1960.

These awards are open to artists, scholars, musicians, writers, and teachers of the arts who have shown exceptional promise in their work. Candidates must apply for work leading to a Master's degree or equivalent standing. The awards pay \$2,000 plus round-trip travel.

Applications may be obtained by writing to the Institute of International Education, 1 East 67th Street, New York 21, N. Y. All applications must be returned by April 15, 1959.

## ECONOMICS INSTITUTE

An Economics Institute for 50 foreign graduate students in the

fields of economics and agricultural economics will be held this summer at the University of Colorado, Boulder, Colorado, from June 28 to August 29.

The purpose of the institute is to provide foreign students with concentrated training in basic economic analysis and supplemental training in oral and written English. The program also includes an introduction to the United States society and culture.

Nominations must be submitted to the Institute of International Education, 1 East 67th Street, New York 21, N. Y., before April 17, 1959.

Students interested in attending should make known their interest to their Foreign Student Advisors.

Both full and partial scholarships are available for students selected.

# Cagers Defeat Harpur, 70-43

by Al Sugarman

The Saxon Hoopsters found little competition last Tuesday night when they played host to Harpur at the Men's Gym. Though the Polard men, led by Steve Kucera, high scorer of the game with 20 points, played strong defensive ball, the Saxons had control of the boards through most of the contest, and outscored their opponents consistently. The final score was 70-43.

Steve Steinberg grabbed the center tap and brought it down court for Alfred at the start of the game. Sutton opened the scoring by tallying two points. Paced by Green, Warner, and Bresnick, the Saxon quintet continued to hit the nets and they piled up a six-point lead by the half-time intermission.

Throughout the second period, Alfred played inspired ball and outscored Harpur two to one during the first part of the period. High scorer for Alfred was Archie Bresnick with 16 points. Warren Sutton continued his fine rebounding with 17 to give him a total of 395. Sutton, who hurt his leg with 3:38 to play, was replaced by Phil Redstone. Just before he left, however, he made a beautiful fake on a drive and caused Simandle of Harpur to topple over him.

(Continued on page four)

# Assembly Speaker Says Organizing Big Problem

by Kathy O'Donnell

"Our chief problem today is the organizing of material and data systematically," stated Mr. R. A. Kennedy speaking on "Developments in the Handling of Scientific Information."

Kennedy pointed out in his talk that we seem to be lost in our own sea of information. Much of the holdup in today's scientific development he attributed to deplorable research, the data from which is too costly and hard to find.

The main problems seem to fall into three main categories; those of quantity, linguistics, and speed. First dealing with quantity, Kennedy pointed out that it has become impossible for librarians, editors of journals, and of technical books to either stock or print all the necessary and pertinent material today. The choice is what shall be purchased or used is not one of worth but one of chance and monetary resources.

The problems of linguistics is two-fold. The barrier of natural language is especially noticeable today because of the need for exchange of research in atomic advancement with Russia and Red China. These two languages are however, not yet a recognized part of our educational system. Also in regard to linguistics there is the

proverbial problem of the homonym.

Finally there is the problem of speed. Kennedy pointed out that while a person doing a research paper may have time to do the investigating involved, men in industry do not. Such hold ups are retarding much of our progress today.

# Episcopal Bishop Renames Mission

Upon recommendation of the Executive Committee of the Episcopal Congregation in Alfred, the Rt. Rev. Dudley Scott Stark, Bishop of Rochester, has changed the legal corporate title of the Episcopal parish from Christ Episcopal Chapel to St. Alban's Episcopal Mission.

Rev. Bone, the Episcopal Chaplain, stated, "The use of the name Christ Chapel tended to connote a building rather than a corporate congregation of people and caused some difficulty in maintaining the proper name of the building, the Gothic Chapel, which we, with others, have the privilege of using."

St. Alban was the first Christian martyr in England.

# APO's Relations to Scouting Discussed

George V. Dennis, Frederic Jansen and Chester Seymour spoke to the members of Alpha Phi Omega last Thursday evening at an informal meeting at Dean Gertz's home. Prior to this they were the dinner guests of Tau Delta Phi.

Mr. Dennis spoke of Alpha Phi Omega's relationship to scouting in the Steuben Area Council. He discussed the area and the work of the council, including summer camp at Camp Gorton on Waneta Lake.

The whys and wherefores of professional scouting were pointed out by Seymour. He noted the position of the professional scout as resembling that of the secondary school teacher with the added prestige attached to scouting. A professional scout executive has an entry to the leaders of the com-

munity. The profession of a professional scout gives a person the added satisfaction of serving his fellow men.

Their talks were followed by a question and answer period.

Anyone interested in more information about professional scouting should contact either Dean Gertz or Thomas Schulkind.

## Castle Discussion

Dr. Theodore Klitzke will be the principal speaker at this Sunday afternoon's Castle discussion group.

He will speak and lead a discussion on "Modern Art."

The group meets at 2:30 in the Castle living room. All are cordially invited to attend.

## Hillel Group

There will be a Hillel meeting this Saturday afternoon in Myers Hall, room 35, featuring a speech on discrimination.

The speaker will be Hersh Adlerstein, of Buffalo, who is the regional director of the Anti-Defamation League of B'nai B'rith.

Adlerstein will address a Citizen Conference meeting that evening at the Alfred-Almond school to which all are invited.

The Hillel meeting is open to all.

## CAMP COUNSELLOR OPENINGS

# The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

# Netmen Numb Clarkson 77-67; Season's Finale Tomorrow Eve

by Neal Gantcher

The Smithmen played their last home game of the season last Saturday night when they defeated Clarkson Tech 77-67 for their 11th victory in 19 contests. With one game remaining on the schedule the Saxon Warriors have compiled their best record since 1952.

The 800 fans present saw the Saxons play a fast, hard first half as they connected for 36 points against Clarkson's 21. Archie Bresnick, Joe Green and Warren Sutton led the Alfred first half scoring with 10, 8 and 8 points respectively. This combination kept the team ahead as they grabbed the rebounds. The Warrior's fast breaking and sure ball handling was too much for Clarkson from the outset of the game.

Archie Bresnick, the boy who never played high school basketball, was high scorer for the Alfred squad as he hit for 8 field goals and 10 fouls to post a 26 point game total. Bresnick turned in an all-around performance with 11 rebounds to his credit.

Warren Sutton played a brilliant game as he not only pulled down 18 rebounds but he also held Clarkson's Bob Shepard to a low total of 9 points. Previous to Saturday night's game Shepard, who is the top scorer in the state, had been averaging 25 points a game and was ranked in the top 15 of the nation. "Suts" smothered Shepard's attempts to score as he blocked his shots and knocked the ball out of his hands numerous times. As if this wasn't enough for one night's work he also hit for 16 points.

The second half featured a sudden burst of scoring by Clarkson as they tried to reduce the Alfred lead. At 12:04 of the half they cut the Saxon margin to 8 points with the score 46-38. Steve Steinberg

found his scoring touch when he poured in six points on two driving layups and a long jump shot after the Techmen's drive.

At times, Alfred was only on top by one and two points, but the team managed to stay ahead of Clarkson. Rog Ohstrum hit for 9 points in the half as he teamed with Bresnick and Sutton to score the points. With the score at 68-59 in favor of Alfred, Clarkson's Shepard fouled out of the game with 3:37 of playing time remaining. Coach Pete Smith of Alfred commented after the game that Shepard wouldn't play defense and as a result Alfred scored most of their points against him; and of course he had very few opportunities to shoot because Sutton was right on top of him during the game.

The team journeys to Rochester tomorrow night to close out their schedule against the Rochester Institute of Technology.

In the contest that preceded the varsity clash the Intramural All-stars came from behind to upset the Saxon Freshmen 60-59. This victory came after the all-stars were behind 33-28 at the half. Eric Klue made a long push shot with 3 seconds remaining to give the Stars the victory. He had 16 points while Don Campos was high man with 18 points. Leading scorers for the Frosh were Paul Trivelpiece and Al Walker with 16 and 13 points respectively.

## Volleyball Is Here

Anyone interested in entering a team in the Volleyball Intramural League should report to the Men's Gym at 7:00 this evening.

There is a \$5.00 registration fee for each participating team.

Alfred	FG	F	T

## Oldtimers Feted

Alfred University celebrated its first annual "Homecoming" for basketball players last Saturday.

The program started in the afternoon at Howell Hall and included movies of the Alfred 66-64 win over Rochester, played this year. A dinner earlier in the evening set the stage for the twin bill at the gym. The past was brought back into focus during the varsity halftime festivities when special recognition to the assembled former Alfred hoop stars was given.

The "oldest" oldtimer was a representative from the Class of 1910 while the "youngest" former hoop star was from the Class of 1959 when Gary Girmindl was introduced to the spectators.

## Finnerty Second In Garden Race

Frank Finnerty, Alfred University's middle distance champion, narrowly missed a major upset in the IC4A indoor track championships Saturday, in Madison Square Garden.

After leading the 1,000 yard run from the start, Finnerty was nipped by Penn State's Ed Moran in the record time of 2:09.6. Finnerty was clocked in 2.11.1

The old record of 2:10.9 was held by Tom Courtney of Fordham.

Alfred's Larrie Sweet, former Buffalo track star, qualified in the mile with a 4:21.8, and then finished 6th in the finals. Finnerty, also a product of Buffalo high school track competition, holds Alfred records at both the 880 and mile and is the New York State outdoor champion at both distances.

# Matmen Stop Bulls 27-3; 6-3 Record Best Since '35

by Ira Rubenstein

The Alfred matmen climaxed their best season in 25 years last Friday night by crushing the University of Buffalo 27-3 in the Alfred Men's Gym. The victory gave the team a final record of 6 wins and 3 losses.

In the first contest, at 123 pounds, the Saxon's John Gutierrez beat Hall of Buffalo 4-0 with a take-down and a reversal. In the 130 pound clash, Jim Tenzel out-pointed the Bull's Turko 6-0, but the Saxon's Dave Frey lost the next match to Valentic, 4-0. The crowd cheered several times during the match as Frey skillfully avoided being pinned by his strong and determined adversary.

The 140 pound match between Alfred's Larry Wander and Buffalo's Fries, who placed high in the 4I Tournament last year, was the evening's closest, with Wander winning 7-5.

Saxon Lyle Wiedeman beat Dhr in the 157 pound clash, 4-0. In the next match, at 167 pounds, Dick Gross was winning 7-5 when his opponent Monkarsh was forced to concede at 2:23 of the second period because of an injured leg. Team captain Dennis Kohler, wrestling at 177 pounds, pinned Gergley of Buffalo at 2:25 of the second period. In the unlimited bout, huge Herman Lederberg needed just 18 seconds to subdue Buffalo's Kowalski.

The grappler's fine showing this season was highlighted by several excellent individual performances.

Herm Lederberg and Larry Wander paced the squad with won-lost records of 7 and 2. Jimmy Tenzel had a fine 6-3 record, and Lyle Wiedeman won 5, lost 1, and had 1 draw. Freshman Dave Frey and John Gutierrez had records of 5-3 and 5-4 respectively. Dennis Kohler had a record of 4 and 4.

This year's squad compiled the best record for a Saxon wrestling team since the 1934-35 squad won 5 and lost only once under Coach Joseph Seidlin, now Dean of the Graduate School.

This coming Saturday, Gutierrez, Frey and Lederberg will represent Alfred at the 4I Tournament at Cleveland, in which some 40 schools will be represented.

## Saxons Cop Tenth

(Continued from page Three)

Following Redstone, Coach Smith substituted Benedict and MacDonald, giving the 600 Saxon fans present a chance to see a large part of the freshmen team in action.

The Warrior five put twenty fouls and twenty-five field goals through the hoop giving them twenty-two more field goals than any other team in the history of Alfred. The previous record was 484 set by the 1955-56 team.

Alfred's junior varsity, paced by Paul Trivelpiece, top scorer of the game with 25 points, put on a fine exhibition by defeating Delta Sigma Phi, 63-42.

**The whole is equal to the sum of its parts**

*(But some of its parts are more equal than others!)*

Even Euclid had to admit...

**It's what's up front that counts**

Euclid proved that a straight line is the shortest distance between two points. And if you'll walk a straight line to the nearest pack of Winstons, you'll find it the shortest distance to a really enjoyable smoke. It's the tobacco up front that makes

the difference and that's where Winston packs its own exclusive Filter-Blend—a special selection of light, mild tobacco, specially processed for filter smoking. You'll find Filter-Blend gives Winston a flavor without parallel. In fact, it's axiomatic that...

WINSTON TASTES GOOD, LIKE A CIGARETTE SHOULD!
