

Parents Arrive For Weekend Activities

This weekend the Alfred Campus will be bustling with activity as parents converge upon the scene for the third annual Parents Weekend. The many plans for the weekend will cast students into a whirlwind of activity that will follow closely on the heels of Moving Up Day.

The University has already received over 500 reservations from parents that expect to attend.

The parents will first register at Howell Hall where they will receive an identification card and a ticket for the box luncheon that will be held at 12:30 in the Men's Gym.

During the day all the buildings on campus will be open to student guides and their parents. The library will have an exhibit of books purchased by the Parents Association. There will also be an exhibit in Howell Hall presented by the Ceramic Design Department. Students and parents can meet faculty members in their offices while the tours are being conducted.

At 11:00 the freshman and sophomore R.O.T.C. units will present a ceremonial review. During this formation the Department of Army Superior Cadet Ribbon will be presented to students. This award is given on the basis of leadership, outstanding ability in R.O.T.C. drill, a high academic mark in R.O.T.C., and placement within the upper fourth of the academic class. It is the only award given by the Department of the Army. The R.O.T.C. Band, playing the S.I.B.A. March, will lead the cadets in companies around the field.

At 1:30 there will be a meeting

in the Men's Gym at which the parents will be officially welcomed to the campus by President Drake. The A.U. chorus is to present a concert at this time. From the Men's Gym they will visit the various student residences, all of which will hold open houses. At this time there will also be a Carillon Concert.

Sunday morning all are invited to attend the church of their choice. At 2:00 the R.O.T.C. will sponsor the Military Stakes in honor of both Parents Weekend and Armed Force's Week. The Stakes will consist of seven events highlighted by the Rifle Shoot and an eleven man drill team competition.

The finale of the Stakes and the weekend will be a tug-of-war in which the companies will compete.

Bio Seminar Will Sponsor Howland

Dr. Joe Wiseman Howland will be guest speaker of the Biology Seminar to be held in Allen Lab Thursday evening.

"Biological Effects of Radiation" is the topic of Dr. Howland's speech. Radiation pathology and therapy will be discussed.

Dr. Howland, professor of radiation biology at the University of Rochester, has been in the Medical Division of the School of Medicine and Dentistry at the University since 1948.

While serving active duty in the army, Howland was assigned to the Manhattan District, Corp of Engineers. He also worked for the Atomic Energy Commission.

Correspondent Howard K. Smith To Speak at Commencement Exercises

Howard K. Smith, CBS Washington correspondent, will deliver the commencement address on Sunday, June 7.

President Drake announced today that Smith will receive the Honorary Doctor of Humane Letters degree during the commencement exercises.

A native of Ferriday, Louisiana, Smith graduated from Tulane University in 1936. Following graduation he made an intensive study of Nazism at Heidelberg University in Germany.

Awarded a Rhodes Scholarship in 1937, he studied at Merton College, Oxford where he became the first American to head the Oxford University Labor Club, affiliated with the Labor Party.

In 1939 Smith left Oxford and went to work for the United Press, writing in London, Copenhagen and Berlin.

Two years later he joined CBS as Berlin correspondent. By the end of 1941 his denunciations of

Howard K. Smith

Nazism aroused the wrath of the German government which forced his transfer to Switzerland.

While in Switzerland, he wrote "Lost Train From Berlin," a book

reporting on the happenings in occupied Europe, which became a best seller.

During the war he became a war correspondent and covered the events in France, Holland, and Germany, including the surrender of the Germans to the Russians at Marshal Zhukov's headquarters in Berlin in 1945.

In 1946 he was appointed to succeed Edward R. Murrow as Chief European correspondent for CBS News in London. During the following eleven years he covered most European nations, on both sides of the iron curtain. He also wrote on Africa and the Middle East.

Smith won the annual award of the Overseas Press Club for the best reporting from abroad on radio and television for four successive years from 1952-55.

The Commencement Convocation this year will be held on Merrill Field at 2:30 p.m. In case of rain the commencement exercises will be held in the Men's Gymnasium.

Moving Up Day Highlighted by Assembly, Booths, and Games

The traditional Moving Up Day observance will be held tomorrow and Thursday. Exchange desserts between sororities and fraternities on Wednesday night will mark the beginning of the celebration.

From 8 to 9 the University Band, under the direction of Raymond R. Smith, will present a concert in the Men's Gym. The band's program, in keeping with the evening's carnival theme, will contain show tunes, light classical music and marches. Included will be "Hall of Fame" by Clivadoti, "Ballad Egyptian" by Luigini, "The Steel King" by St. Clair, and "Suite of American Folk Songs" by Seigmeister.

Following the concert the States-

men will provide the music for an informal dance that will last until 12:00. At the same time a Carnival will be held, with all profits going to the Campus Chest. Booths will be constructed by the fraternities and sororities who will be competing for an award to be given at Thursday's assembly.

Following the Carnival the annual Push Ball Game between the sophs and frosh will be held. The women's residences will provide informal open houses at the close of the push ball game for all the Alfred students.

On Thursday, May 7, students will attend their 8 and 9 o'clock classes. A carillon concert at 10 will be followed by Step Singing on the steps of Howell Hall by fraternities and sororities.

The traditional Moving Up Day assembly is scheduled for 11. At this time the Student Senate gavel will be transferred from the old president to the new and class officers will be sworn in. Awards will

be made for scholastic achievements and campus activities. Dedication of the 1959 Kanakadea is scheduled to take place during the assembly.

Speaker of the day will be Dean John McMahon who will speak on letters from college students. McMahon gave this talk at the Moving Up Day assembly several years ago and has been asked to repeat it due to popular demand.

During the assembly the following fraternities will tap new members: Pi Delta Epsilon, national undergraduate journalism fraternity; Alpha Tau Theta, honorary athletic fraternity; Gold Key, honorary fraternity for upperclass women; Eta Mu Alpha, honorary scholastic fraternity; Cwentessence, national sophomore women's service organization; and the Blue Key.

Finale of the Moving Up Day observance will be the annual Campus Clean from 1 to 2 o'clock under the supervision of the Blue Key.

Problems of Freedom Topic of Political Science Club Speaker

Dr. David Spitz will speak in Alfred under the auspices of the political science club next Tuesday at 8:30 p.m. in Howell Hall.

The topic for the program is "Democracy and the Problems of Freedom."

Spitz is a member of the faculty of Ohio State University where he has taught since 1947. At present he is visiting professor of political science at Cornell University for this year. His special fields are political theory and American government.

In 1937 Spitz received his B.A. from City College of New York. He received his M.A. and Ph.D. from Columbia University. In 1951-52 he was the recipient of a Ford Foundation Fellowship.

Spitz has been the author of several articles and books. His "Shattering Atom of Personality" appeared in 1957 in the August issue of National Magazine. He has also published the following books: "Democracy and the Challenge of Power," "Patterns of Anti-Democracy Thought" and "The Ramparts We Guard."

Registrar Clifford M. Potter Retiring; Fred H. Gertz Will Assume Position

Clifford M. Potter, registrar, is retiring after thirteen years of service. He will be replaced by Frederick Gertz, currently serving as Dean of Men.

Potter, who received his B.S. in Industrial Mechanics in 1918 and his M.S. in Applied Mathematics in 1926 from Alfred, has also done graduate work at Cornell and the University of Michigan.

Before his appointment as registrar in 1946 he served as Instructor of Industrial Mechanics, Assistant Professor and Professor in the same field. From 1927 until 1946 he served as Professor of Physics.

Potter is a former Fellow in the Association for the Advancement of Science and a member of the American Physical Society. He is currently a member of the American Association of Collegiate Registrars and The Middle States Association of Registrars. He is a member of the local Seventh D.Y. Baptist Church. He is also active in Alfred Post 370 of the American Legion.

Although Potter states that his plans are indefinite after retirement he then did his graduate work

Clifford M. Potter

Frederick H. Gertz

ment, he does intend to spend his winters in Florida, and also to maintain his Alfred residence.

Frederick H. Gertz, who will replace Potter, received his B.A. from Beloit College, where he was elected to Phi Beta Kappa. He received his M.A. in English.

While Dean of Men, Gertz has served as advisor to Pi Delta Epsilon, Alpha Phi Omega, and the FIAT.

He has also held the position of Director of Summer Session and Director of the Placement Bureau.

Varied Creative Events Mark Fine Arts Festival Next Week

The annual Fine Arts Festival will take place this year the weekend of May 14-17.

The Fire Arts program is a joint project of the College of Liberal Arts and the College of Ceramics.

The English department will begin the program on Thursday afternoon, followed by the Japanese award-winning film, "Roshomon," that evening. Both events will take place in Binns-Merrill Hall.

The Footlight arena production of "Oedipus at Colonus" will be presented Friday and Saturday evenings. There will also be an exhibition of theater photographs at both of these productions.

Saturday will feature an exhibition in the corridors of the Ceramic College of photographs by Louis Hine.

The program for Sunday will include When asked about his hobbies, Mr. Potter stated that he is inter-

ested in photography as of late, however, he still maintains his interest in woodworking, reading and sports.

clude the opening of an exhibition of "Flower Painting in Various Media" by Katherine Nelson, professor emeritus of the Ceramic College, at Glidden Galleries.

Dr. Johnson and Professor Smith have planned a music program for Sunday evening to round out the festival.

Dr. Theodore Klitzke, chairman of the festival committee, has announced that "this year the Fine Arts Festival has been deliberately concentrated and shortened," instead of being expanded over a period of several weeks as in previous years.

Why has the black knight not been heard from since 1951?

From the Editor . . .

And now we move up . . .

This week we will again be celebrating Moving Up Day. As in the past, many events and activities will contribute to this observance as the campus community has its last "big fling" before settling down to preparation for final exams.

At this time we would like to raise the question—what does Moving Up Day signify; what are we moving up to? Moving Up Day signifies for underclassmen, the advancement to the next class, another step along the ladder of education. For seniors Moving Up Day is a preliminary; a preliminary to moving out into the world which will be formally signified by the commencement exercises in June.

In this moving up we are advancing in a sense which encompasses more than the academic, including all activities of college life. On this day each class moves up to assume greater responsibilities; the present seniors to join the adult American community, the underclassmen to those positions of importance in the college community. The juniors now become seniors, the leaders on campus with the duty to fulfill the obligations entailed in this leadership.

A significant result of Moving Up Day is the elimination of a freshman class on campus—no one to be oriented into the ways and purposes of college life. This observance thus marks the recognition that each student is an integral member of the of the campus community, no longer "green" but now expected to assume more completely the role of the college student.

The qualities of responsibility and leadership which are required from college students after graduation are not conferred with a bachelor's degree. Rather, they are built up through the years—particularly those spent in college. While here each of us is capable of making definite contributions to the campus community. As we move up from one year to the next, we should review the year gone by and evaluate the contributions we have made.

These contributions are made in various ways, each involving some form of action and responsibility. The actual positions of leadership are the most obvious forms of contribution, yet these must be judged on the basis of how effectively the responsibilities attached to the offices were carried out.

Contributions are also made by those who belong to and work in the various clubs and organizations on campus. In addition to these there are more subtle contributions including the support of various events on campus intended to broaden knowledge and understanding.

Each, in his own way, gives to the college community and in the giving gains qualities of responsibility and leadership which will be required of us after graduation as the future leaders of America.

Much of this giving and gaining is done on an individual basis. Yet on Moving Up Day recognition is given to each class as a whole, emphasizing the increased obligations held in common by each class member.

As we observe Moving Up Day let us re-evaluate the year gone by and dedicate ourselves to the responsibilities which have been entrusted to us.

Head Ceramic Librarian Retires From Her Post

by Emmalyn Heed

Miss Emily C. Van Schoick will retire as head librarian of the ceramics library next fall after completing twelve years in this position.

Miss Van Schoick came to AU in 1947 to organize the library for the Ceramics College. Originally the library was in the present enamel lab with a card catalogue listing approximately 900 books. With the help of donations and gifts the library was gradually expanded to its present modern location. The listing of books is now 13,500.

A graduate of Illinois Wesleyan University, from which she received her B.A., Miss Van Schoick was society reporter for a newspaper in Illinois. In 1921 she became associate editor of publications of the American Ceramics Society in Columbus, Ohio. She held the position for nearly twenty seven years before coming to Alfred.

In 1936 Miss Van Schoick became

a Fellow of the American Ceramics Society. She plans to attend the sixty-first meeting of the Society this year May 17 in Chicago. Since 1923 she has missed only one meeting of the organization.

She will also be in Atlantic City June 1 for the fiftieth annual meeting of a special library association of which she is a member.

Miss Van Schoick is a member of the League of Women Voters and the Union University Church.

As chairman of the Standing Committee on Classification Nomenclature and Glossary for the American Ceramics Society, Miss Van Schoick plans to spend next year correlating definitions of words for the Division Committees of the Society. It is hoped that a Ceramic Glossary will be published by next Spring.

Miss Van Schoick's interests lie in the ceramics library, ceramic student organizations and in the ceramic vocabulary which is a constantly changing language, itself.

Conant's Report Is Discussed by Panel

by Maxine Neustadt

Last Tuesday night the Alfred branch of the AAUP sponsored a panel discussion of Dr. James Conant's book, "The American High School Today." The discussion was begun by Dr. Joseph Norton, who acted as moderator.

The other members of the panel were: Dr. Joseph Seidlin, Dr. Edward Sittler, and Dr. William Pulos. Peter Finlay, assistant professor of biology, who was scheduled to be the fourth member of the panel, was unable to attend.

Conant's book is the result of his three year study under the auspices of the Carnegie Corporation. Conant's purpose, as presented by Dr. Norton, was to study the "comprehensive" high school in an attempt to discover if it can do a triple job—and do it well.

He defined this job as providing a good general education for all, providing enough vocational electives for those who wish to develop technical skills without continuing their education after graduation, and also providing a good college preparatory course.

Dr. Pulos centered his discussion of the book around a summary of the 21 points presented in it. The point that Dr. Pulos felt has given rise to the most controversy is Conant's condemnation of the small school and recommendation of consolidation into more central schools. Dr. Pulos indicated that such a recommendation would not be practical in all situations.

Though the other panelists didn't agree with him on this point they did agree that the plan is not presently feasible.

Dr. Pulos explained that all Conant's recommendations are not new, especially not to New York State educators, and also that they are merely recommendations and not solutions to existing problems.

Dr. Sittler's main objection to Conant was his confusion of such terms as means and ends; and quantity and quality. He also ob-

jected to Conant's failure to present any solutions.

Dean Seidlin had several criticisms of the book, among them that it is far from a scientific study; that it has been received so well and been given so much prestige—and wrongly so at that—because of its origination as being mainly the work of a well-known personage; and finally that in all his recommendations he neglects the teacher even though none of them could be feasible unless the proper teaching material is available.

Victors Named In Tournament

The Bridge Tournament sponsored by the Union Board on Wednesday, April 29, was won by Mr. and Mrs. William Hoskyns playing North-South and Mrs. Florence L. Kelly playing with Carol Rosen winning the East-West competition.

The tournament was open to all students and faculty and there were eleven complete tables in action.

This will be the last tournament of the year. However, there are plans to hold the Intercollegiate Tournament here next year.

Has the black knight been cutting these past years or has it been an excused absence?

Campus Cwentessence Group Becomes National as "Cwens"

by Jackie Zinke

Cwentessence, the local honorary service society for sophomore women has been accepted for membership in Cwens, national organization.

Founded in 1922 at the University of Pittsburgh, there are now fourteen chapters of Cwens in colleges and universities throughout the United States from Pennsylvania to Alabama.

To become a member of the national, a chapter must have been active on its campus for two years, submit a petition, be visited and

approved by the National Extension Chairman, and be voted in by the present chapters.

The local Cwentessence will be initiated by the Cwens of Allegany College on May 15 according to the secret Anglo-Saxon ritual. Anglo-Saxons did not rule by a divine rule of succession but rather selected from noble families to lead because of character and ability. Anglo-Saxon queens were also ladies of special gifts, for these queens were held in high honor. From this, the choice of name and ritual — Anglo-Saxon "Cwen"—a lady or a queen.

Initiated along with the present eleven members will be twelve new members selected from the freshman class by the election board on the basis of index, interest in activities and promise of leadership. These girls will be tapped at the Moving-Up Day assembly.

Ceramic Society Hears Dr. Kriegel

The head of the department of ceramic engineering at the University of North Carolina, Kriegel, spoke at the Alfred branch of the ACS last Thursday night.

Kriegel's subject was "A Professor Looks at Industry" and was based on a year's investigation of the engineering set up at Du Pont.

He outlined thirteen major items for engineers to remember when entering industry, stressing the basic importance of a company's earning money, the increased importance of teamwork, and that companies are always ready for new ideas.

He also made the point that large companies are not necessarily impersonal.

George Daggett is now the publicity chairman of ACS.

Dick to Speak to Fellowship Group

The Sunday Evening Fellowship will meet on May 10 at 6:45 p.m. in the Church Center. Speaker for the evening will be Reverend James Dick of the Union University Church.

Reverend Dick will give a talk, illustrated with slides, on the need for Christian unity, and the relationship between the Ecumenical movement in Christianity and our campus situation.

A discussion period will follow this talk.

Welcome, Parents!

The staff of the FIAT LUX wishes to extend a cordial welcome to the parents on their weekend.

Seidlin Will Survey Foreign University

Dr. Joseph Seidlin, Dean of the Graduate School will leave with Mrs. Seidlin for the University of Concepcion in Chile May 22.

An agreement has been made between Seidlin and the International Cooperation Administration as represented by the United States Operations Mission to Chile. The proposed plan is to develop the basic science departments of biology, chemistry, physics, and mathematics.

Seidlin will survey the University's present curriculum, staffing, building, laboratory equipment and make recommendations relative to the University's development.

One of the major jobs Seidlin will undertake is to help formulate the basic principles that will lead to the organization of a fourth Central Institute in the field of mathematics.

Seidlin will remain in Chile for approximately eight weeks. During his period of service he will be under the general guidance of the Director of USOM/C and David Stitchkin, Rector of the University of Chile.

After studying the conditions of the University, the country at large, and the region as a whole, Seidlin will undertake the integration of his material and the preparation of comprehensive study plans for a four or five year undergraduate course. He will then discuss with the personnel the approaches to scientific

investigation that may contribute to the gradual development of large scale research programs.

The general program of the USOM/C is to obtain technical assistance for the government of Chile by engaging a specialist to assist the University of Concepcion. It is this job which Seidlin will undertake.

Pearce to Join Alfred Faculty

Richard Pearce has been appointed to the University faculty as an instructor in English, replacing Bruce MacDonald who is leaving at the end of this semester.

Pearce graduated from the Bronx High School of Science in New York in 1949. In 1953, he received his B.A. from Hobart College where he was a member of Phi Beta Kappa and received highest honors in philosophy.

Pearce received his M.A. at Columbia University where he studied in the Graduate School of Philosophy. He is currently working for his Ph.D. at the Columbia Graduate School of English Literature.

At the present time, Pearce is teaching freshman English at Newark College of Rutgers University.

Is the Real Thing in the Hands of '60 Or Did the Knight Disappear in '22?

by FIAT LUX Staff Member

Sue Rhodes (Class of 1961) discovers the Black Knight missing from a drawer in the Castle where he was hidden. (Photo by Mike Glicksman)

Since that time the fate of the Knight has been uncertain. Many contended that it was destroyed by the faculty who feared that someone was likely to sustain serious injury in fighting for it. Others say there is more than one knight in existence.

The Knight now in the possession of the Class of 1960 was dug up by Mrs. Richard West in her back yard in the summer of 1957. She immediately took it to Dean McMahon who was on campus when the original Black Knight was.

Upon first inspection he believed it to be the original. He and another member of the administration examined it more closely and compared it with a picture in the Kanakadea. He came to the conclusion that it was not the original Knight. However, the other examiner believed otherwise. "It is the real thing," she stated when interviewed, "why would the top of a stove be buried there in the back yard if it was not it?"

The Knight was "borrowed" from the McMahons last year by Cathy Walker who entrusted it to the care of Sue Rhodes in the spring.

Controversy still rages as to whether the Knight, now in the rightful possession of the even classes, is the original. Class members are convinced that it is and proud to again have their mascot.

Once again the Black Knight becomes the symbol of the spirit of even classes. Which members of the Class of 1960 are in possession of the Knight remains a closely guarded secret.

Council Elects Dr. Engelmann

Dr. Frederick C. Engelmann, associate professor of history and political science, has been elected to Conference of Chapters of the American Association of University Professors.

Engelmann was elected to a two year term on the council at a meeting in Cortland recently. The council is made up of four members who serve as advisors to the president of the State Conference.

by Gail Kopper

'Must be Alfredians are anticipating the activities to come... for social activities were few this weekend, though Kappa Psi and Lambda Chi both celebrated their annual Spring Weekends.

On Friday night, members and guests of Kappa Psi attended a buffet dinner followed by dancing at the Hornell Country Club. On Saturday, a picnic was held at Letchworth State Park.

Lambda Chi's spring weekend consisted of a formal dance preceded by dinner at the Hotel Sherwood in Hornell. A picnic the next day was climaxed by a party at the

house. Music was provided by a jazz combo. Sunday dinner guests were Dr. and Mrs. Charles Greene.

Brenda McCullough, now attending Geneseo State visited her sorority sisters at Omicron.

Theta Chi's pledges became full sisters at initiation ceremonies held in the house on the hill Monday night.

The girls at Pi Alpha have been quite busy lately. Hell Night on Friday was followed by a Birthday Banquet at Howell Hall on Sunday afternoon. The pledges and Honoraries were initiated after the dinner.

Is the genuine Black Knight back on campus?

The Class of 1960 is now the proud possessor of a figure of a black knight reported to be the real "McCoy."

The figure, which has been under the guardianship of Susan Rhodes (Class of 1961) for the past year was mysteriously stolen last week from its hiding place in the Castle.

The tradition of the Black Knight, one of the liveliest emblems of class loyalty in Alfred's history, has become almost a legend; one that does not fade away but instead is revived as new light is shed on its whereabouts.

The history of the Knight dates back to 1908 when an ancient black stove was discarded from the Library annex. On the top of the pointed hood of the stove stood a

small figure of a knight in armor which was salvaged and passed on to the class of 1910 as the "Iron Knight of Even Numbers."

The Black Knight, as it came to be called, became the symbol of the spirit of the even classes. Each year when their class picture was taken for the Kanakadea, the Black Knight was brought out of hiding and proudly displayed.

This was a signal for the odd classes to try and gain possession of the figure. Many hard struggles resulted as classes battled for the mascot.

In 1922 the "Big Fight" over the Knight occurred. In the ensuing battle "Soupy" Campbell, brother of Robert Campbell, hid the broken figure of the Knight in his trouser leg and carried it to the safety of Delta Sig.

French Club Is Holding Picnic

The French Club has made tentative plans for a picnic to be held at Stony Brook Park on Sunday afternoon, May 17.

The picnic will be open to all students who are able to speak and understand conversational French. Those interested in attending will be asked to pay twenty-five cents to club treasurer Barbara Bernadelli to help cover the cost of refreshments.

THE BROOKLYN CENTER LONG ISLAND UNIVERSITY SUMMER SESSION

College students in New York for the summer are offered the opportunity to earn as many as 14 credits... in air-conditioned classrooms... at the Brooklyn Center.

Two 6-week Summer Sessions, beginning June 8 and July 20, provide a choice of subjects in the College of Liberal Arts and Science, the College of Business Administration and the Graduate School.

The Brooklyn Center offers the kind of personalized education traditionally provided by small campus colleges—but at a point in New York City easily reached by all subways. Classes are small.

Applications for the Summer Sessions are now being accepted. Write, phone or visit: Office of Admission, L. I. U. Brooklyn Center, 385 Flatbush Avenue Ext., Brooklyn 1, N. Y. Phone: ULster 2-9100. Registration may be completed by mail.

Day and Evening Classes

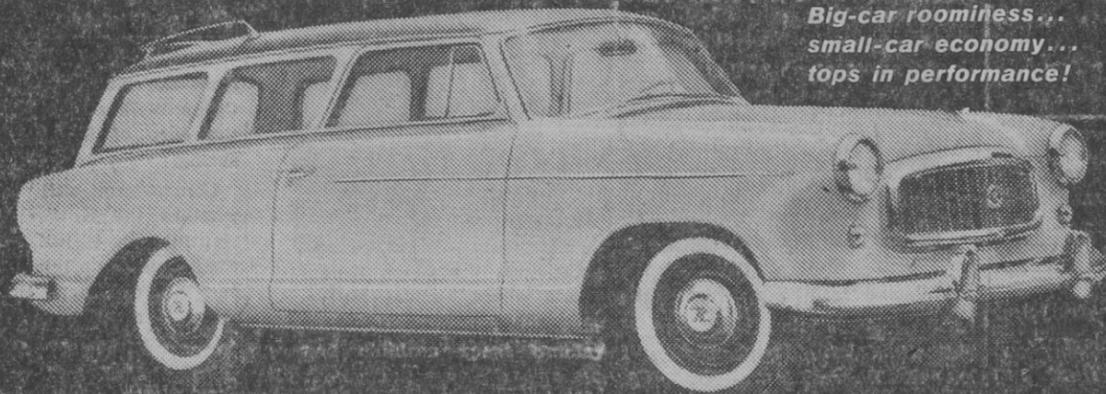

Long Island University is a private, coeducational institution accredited by the Middle States Association.

COLLEGE PUZZLE CONTEST

FOR STUDENTS AND FACULTY MEMBERS

2 GRAND PRIZES

*Rambler "American"!
Big-car roominess...
small-car economy...
tops in performance!*

WIN A RAMBLER STATION WAGON!

LIGHT UP AND LIVE IT UP! 3 great cigarettes offer you 627 chances to win! So pick your pack—save the six wrappers—and get going! It's crossword puzzle fun and real smoking pleasure all the way!

ENTER OFTEN—HAVE FUN—AND WIN! But think carefully! This puzzle is not as easy as it looks. At first the DOWN and ACROSS clues may appear simple. There may appear to be more than one "right" answer. For example, the clue might read: "Many a coed will be given her best date's P--N." Either "I" (PIN) or "E" (PEN) would seem to fit. But only *one* answer is apt and logical as decided by the judging staff, and therefore *correct*. Read the rules carefully. ENTER AS OFTEN AS YOU WISH. Good luck!

25 SECOND PRIZES:

COLUMBIA STEREOGRAPHIC HI-FI SETS

"Big Stereo" styled... engineered for the most exacting taste.

100 THIRD PRIZES:

EMERSON TRANSISTOR RADIOS

Packed with power... plays 1500 hrs. on 1 set of batteries

500 FOURTH PRIZES:

Cartons of America's finest cigarettes

RULES—PLEASE READ CAREFULLY

- The College Puzzle Contest is open to college students and college faculty members except employees and their immediate families of Liggett & Myers and its advertising agencies.
- Fill in all missing letters . . . print clearly. Use of obsolete, archaic, variant or foreign words prohibited. After you have completed the puzzle, send it along with six empty package wrappers of the same brand from L&M, Chesterfield or Oasis cigarettes (or one reasonable hand-drawn facsimile of a complete package wrapper of any one of the three brands) to: Liggett & Myers, P. O. Box 271, New York 46, N. Y. Enter as often as you wish, but be sure to enclose six package wrappers (or a facsimile) with each entry. Illegible entries will not be considered.
- Entries must be postmarked by midnight, Friday, May 29, 1959 and received by midnight, Friday, June 5, 1959.
- Entries will be judged by the Bruce-Richards Corporation, an independent judging organization, on the basis of logic and aptness of thought of solutions. In the event of ties, contestants will be required to complete in 25 words or less the following statement: "My favorite cigarette is (Chesterfield) (L&M) or (Oasis) because . . .". Entries will be judged on originality, aptness of thought and interest by the Bruce-Richards Corporation. Duplicate prizes will be awarded in event of final ties. Illegible entries will not be considered. By entering all entrants agree that the decision of the judges shall be final and binding.
- Solutions must be the original work of the contestants submitting them. All entries become the property of Liggett & Myers and none will be returned.
- Winners will be notified by mail as soon as possible after completion of the contest.
- This contest is subject to all Federal, State and local laws and regulations.

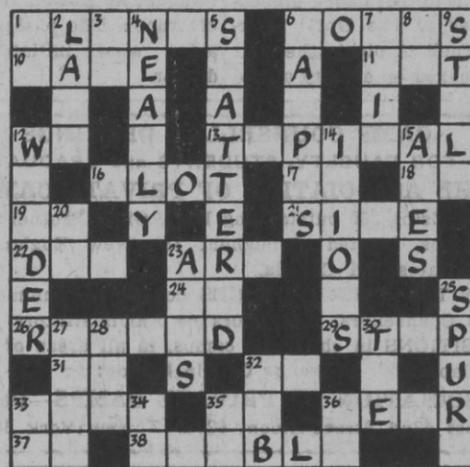

HURRY! ENTER NOW! CONTEST CLOSES MAY 29, 1959

CLUES ACROSS:

- These may indicate that a nation is prepared to wage war in the air.
- Some college students.
- When at Light up an Oasis.
- Sinking ship deserter.
- Plural pronoun.
- One expects discussions in a sociology class.
- A student's careless might annoy a short-story instructor.
- Initials of Uruguay and Denmark.
- Germanium (Chem.)
- Nova Scotia (Abbr.)
- It probably would count when you pick a horse to bet on.
- Sometimes a girl on a date must into her pocketbook to help pay the tab.
- The muscle-builder's may fascinate a poorly developed man.
- Chemical Engineer (Abbr.)
- Campers will probably be by a forest fire.
- When starting a trip, tourists usually look forward to the first
- At home.
- Literate in Arts (Abbr.)
- Familiar for faculty member.
- Associate in Arts (Abbr.)
- One could appear quite harmless at times.
- Reverse the first part of "L&M".
- What will soon appear in a bombed-out city.

CLUES DOWN:

- The beginning and end of pleasure.
- A rural can be inviting to a vacationist.
- Second and third letters of OASIS.
- When one is packed, it could be exasperating to remember a few articles that should be included.
- It would pay to be careful when glass is
- Grounds to relax on with a mild CHESTERFIELD.
- Author Amblor.
- District Attorney (Abbr.)
- A from Paris should please the average woman.
- An inveterate traveler will about distant lands.
- are hard to study.
- Stone, Bronze and Iron
- How Mexicans say, "Yes".
- All L&M cigarettes are ". high" in smoking pleasure.
- May be a decisive factor in winning a horse race.
- Initials of Oglethorpe, Iona, Rutgers and Emerson.
- United Nations Organization (Abbr.)
- Golf mound.
- Colloquial for place where the finest tobaccos are tested for L&M.
- Poet Laureate (Abbr.)
- Filter ends.
- What Abner might be called.
- Bachelor of Education degree.

Saxons Cindermen Defeat Cortland; Ulmer, Finnery Star In 98-33 Win

by Ira Rubenstein

Alfred's cindermen journeyed to Cortland last Wednesday to take on Cortland State in their first dual meet of the year. The Saxons won twelve of the fifteen events, taking the meet 98-33.

Frank Finnerty and Don Ulmer each won two races to provide the Alfred team with 20 of its points.

Finnerty had no trouble winning the mile run, covering the distance on Cortland's new track in 4:25. Teammate Carl Blanchard was second. His time for the 880 was 1:57.4; Saxon freshman Dave O'Dell came in second.

Ulmer, after a slow start, picked up steam and won the 100 yard dash in 10.0. Bob Clark and Ken Matucci took second and third for Alfred. Ulmer's winning time for the 220 was 22.5. Matucci was second.

Larry Sweet won the 440 in 52.4 for Alfred. Teammate George Glaess took second place.

Each school entered two teams in the mile relay. The Alfred teams finished one-two; the winning team of Ulmer, Sweet, Glaess and Finnerty finished in 3:29.3.

Saxon thincled Charlie Williams won the two mile run in 10:19.5. The lead went to Williams for good in the last two laps after he, Blanchard and Thompson of Cortland took turns holding the lead during the early part of the race.

Skip Conwicke won two field events for Alfred. His distance for the discus was 125' 2 1/4" and he hurled the javelin 170' 4 1/2". Steve Kelly won the broad jump with a 21' 1/2" effort. Three Saxons swept the high jump with leaps of 5'8" each: Bob Clark, Steve Cohen, and

Steve Kelley. Herman Lederberg put the shot 46'7", good enough for another Alfred first.

Cortland won the 120 yard high hurdles, the 220 yard low hurdles, and the pole vault. Seventeen of their points were scored in the hurdle events. The high hurdles was the lone event in which the Saxons failed to score a point.

The results:

Mile run — 1) Finnerty (A), 2) Blanchard (A), 3) Lawson (C), 4:25.

440 yards—1) Sweet (A), 2) Glaess (A), 3) Currie (C), 52.4.

100 yards — 1) Clymer (A), 2) Clark (A), 3) Matucci (A), 10.0.

120 high hurdles—1) Redman (C), 2) Fuhman (C), 3) Perkins (C), 17.4.

880 yards — 1) Finnerty (A), 2) O'Dell (A), 3) Lawson (C), 1:57.4.

220 yards—1) Ulmer (A), 2) Matucci (A), 3) Dreyer (C), 22.5.

2 mile run—1) Williams (A), 2) Blanchard (A), 3) Connors (A), 10:19.5.

220 low hurdles—1) Fuhman (C), 2) Redman (C), 3) Wonnacott (A), 28.1.

Mile relay—1) Alfred, 3:29.3.

Pole Vault—1) Yelveron (C), 2) Herold (A), 3) Root (C), tie, 11'.

Shotput — 1) Lederberg (A), 2) Powhida (A), 3) Verocruyse (C), 46' 7".

High jump—1) Clark (A), 2) Cohen (A), Kelley (A), tie at 5' 8".

Discus — 1) Conwicke (A), 2) Sehatzle (C), 3) Powhida (A), 125' 2 1/4".

Board jump — 1) Kelley (A), 2) Clark (A), Bradford (A), 21' 1/2".

Javelin—1) Conwicke (A), 2) Lederberg (A), 3) Hoffer (C), 170' 4 1/2".

Netmen Blank Bonnies 9-0 For First Victory

The Saxon Netmen routed St. Bonaventure 9-0 last Friday afternoon for their first victory of the 1959 campaign.

Alfred won every set played while bringing their season's record to one victory and two defeats. In the six singles and three doubles matches the Warriors tallied 74 games against the 21 won by the Bonnies.

Freshman Ollie Clark extended his string of successive victories to three as he dumped the Bonnies' Pen Stirwall 6-0, 6-0. Clark's forehand smashes and booming service proved too much for his opponent. Alfred's Rog Ohnsorg also blanked his opponent 6-0, 6-0. He defeated Clint Martin. Ohnsorg's smooth ground game coupled with his powerful service was the difference in the match.

Alfred's Archie Bresnick and Joe Green won their second matches in a row. Bresnick played his usual steady game as he turned back Don Hunton 6-2, 7-5. Green had little trouble putting away Dan McNully as he defeated the Bonnies' player 6-1, 6-1.

Bob Good won his first match of

the season as he downed Rick Alence 6-3, 6-3. "Goody" playing more like his old self, kept the pressure on Alence throughout the two sets. Ed Horning also won his first match as he stopped Tom Ablan 7-5, 6-1. Horning whipped through the second set after a close first one using his long forehand smashes to drive his opponent to the base line on repeated occasions.

In doubles play Alfred won 37 games in the three matches. The Bonnies only chalked up 13 games. The first doubles play featured Good and Ohnsorg opposing Martin and Alence. The Alfred duet won 6-2, 6-4.

The second doubles went to the Saxons via a 6-0, 6-1 triumph. Clark and Green did the damage to Stirwell and Ablan. Coach Pete Smith had a new doubles combination entered in the third match. Frank Phillips and Bob Meltzer teamed to stop Hunton and McNully 6-1, 7-5. Phillips' back court play and Meltzer's net work were too much for the Bonnies' duo.

The Smithmen's next match is against the University of Rochester on May 5th at Rochester.

Grayson to be Lecturer; Psychoanalysis is Topic

Dr. Morris Grayson will speak on "The Fundamental Concepts of Psychoanalysis" Friday, May 8, at 8:30 in Myers Hall. The speech will be sponsored by the Psychology Club.

Grayson did his undergraduate work in biology and English at Columbia, and received his M.D. at the University of Lousanne in Switzerland. During the war he served as an army doctor and afterwards did his residency in psychiatry at Bellvue Hospital in New York.

He has been in New York for the past 15 years as a psychiatrist and has taught psychiatry as assistant professor at NYU Medical School. During this time he was also the chief psychiatrist at the Institute of Rehabilitation when it opened. From his experience he wrote "Psychiatric Aspects of Rehabilitation."

Grayson lives in Great Neck, Long Island. His son, Fred Grayson is now a sophomore at AU.

Society Taps Bio Professors

Two members of the Department of Biology have been made members of the Society of Experimental Biological Medicine of the New York State Western Branch in April.

They are Dr. Peter Finlay and Mr. Gaylord Rough, who are assistant professors of biology.

Is it true that the black knight has now turned green with envy?

Chaplain Bredenberg Resigns; Accepts Position in California

by Howard Miller

Doctor Richard Bredenberg, University Chaplain and Assistant Professor of Religion, will leave Alfred at the end of this semester to accept a position at Occidental College in Los Angeles, California.

Occidental College is a Presbyterian related Liberal Arts school with an enrollment of about 1400. There, Reverend Bredenberg will serve as Assistant Professor of Religion and Civilization.

A native of Buffalo, Bredenberg received his B.A. at Dartmouth, his B.D. and Masters in Theology at Oberlin, and his Ph.D. at New York University School of Education. Bredenberg also did graduate work at Union Theological Seminary as an Auburn Scholar and at Drew under a Tipple Fellowship.

Bredenberg has done field work

as pastor of the South Amherst, Ohio, Congregational Church and assistant pastor of the Madison, N.J., Presbyterian Church. He also served as a secretary of the Student Volunteer Movement, a part of the National Conference of Churches, and was co-leader of three ecumenical work camps; 1954 in the Netherlands, 1955 in Ganado, Arizona working with the Navajo Indians, and 1956 in Sweden.

Here at Alfred, in addition to his many duties as Chaplain, Reverend Bredenberg has served as advisor to AUCA and the Freshman class.

W.S.G. Announces New Regulations

WSG and the administration have announced that beginning next September the freshman and senior women of AU will have new hours.

First semester freshman women will have 10 o'clocks during the week and 12 o'clocks on Friday and Saturday nights, with 1 o'clocks once a month. Second semester, those with over a 1.00 index will have 11 o'clocks during the week and, after Moving Up Day, 1 o'clocks on weekends.

For senior women the hours will be 11 and 1 o'clocks with 12 o'clocks on Wednesday and Sunday.

The present system of hours is 10 and 1 o'clocks for first semester freshman, and, 11 and 1 o'clocks for second semester freshmen and all other women. Senior women now have no special privileges.

The new counselors in the womens dorms have been announced. In Kruson they are Judith Ingerson and Catherine Young. Counselors in the Brick will be Ronda Shaner, Linda Venezia, and Ingrid Gruber.

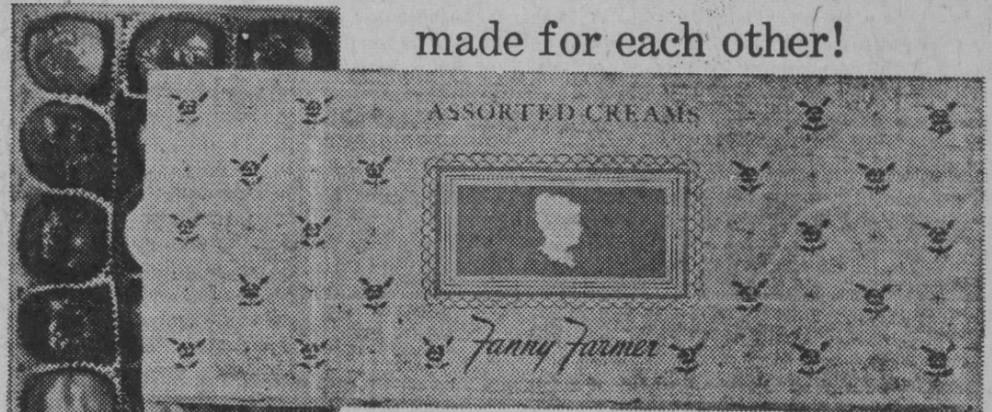

Intramural Softball Is In Progress

The intramural softball season got under way last week with ten teams entered in the competition. This year a team will be eliminated if it loses two games.

Lambda Chi coasted to a 9-2 victory over Kappa Psi behind the pitching of Art Waugh. Kappa Psi defeated the Tau Delta nine, 8-4.

The Rats edged the Barresi team 8-6. Pete Smith, AU basketball coach pitched for the Rats and also collected three hits.

In order for the week's results to appear in the latest FIAT, the captains of the winning teams must leave the results of their games in the FIAT office by Saturday night of the week of the game.

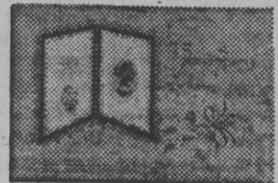

made for each other!

MOTHER'S DAY and FANNY FARMER'S new gift box of Assorted CREAMS

She'll say it's the prettiest, pleasing-est gift—smooth creams in seven flavors, light and dark chocolate coated—packed in their new "provincial print" box. 13 1/2 oz. \$1.25

Reach Quota?

The Rochester Bloodmobile is making its annual visit to the Alfred campus today.

With a quota of 175 pints, the Bloodmobile will be in operation all day in the Union.

Those who donate blood are eligible to draw upon the blood bank free of charge if the need should arise. People donating for the first time will receive a card giving their blood type and RH factor.

Track Team Tramples Ithaca, Canisius; Three Records Fall

by Neal Gantcher

The Saxon thinclads had a field day last Saturday afternoon as they romped to a smashing victory over Ithaca College and Canisius College in their first home track meet of the 1959 season.

During the 15 event meet, three Alfred University records were broken as Alfred racked up 101 1-4 points. They were followed by Ithaca with 46 1/4 points and Canisius with 14 1/4 points. The shot put, discus and pole vault marks fell during the marathon.

Canisius College's Reyner threw the shot 48 ft. 10 in., beating the old record of 48 ft. 3 in. that was set by Ithaca's Bob Marella last year. He not only beat the record but he also beat the man who had set it. Marella came in second Saturday and was followed by Alfred's Herman Lederberg and Gregg Powhida.

Big Marella, who was also the Ithaca wrestling star got his revenge in the discus event though, as he threw it for 139 ft. 10 in. This heave set a new record for Terra Cotta Field as he smashed the old record of 139 ft. 6 in., that was set by former All-American football star, Jimmy Brown in 1955.

Ithaca's Ron Carmean, state pole vaulting champ and Little All-American footballer broke the AU mark of 12 ft. 4 1/4 in. with a vault of 12 ft. 6 in. Tied for second were Alfred's Paul Herold and Ithaca's Bono. AU's Falzoi and Canisius' Echert split the third place points.

AU Sweeps Mile, Two-Mile Runs

The Saxon's Frank Finnerty finished first in the mile run. The New York State champ was slowed by the heavy track as he finished in 4 min. 25.3 seconds. Alfred swept the other three places as Finnerty was followed across the tape by Carl Blanchard, Charlie Williams and John Bidwell. Finnerty also grabbed first place honors in the 880 (half mile) with the winning time of one minute 56.7 seconds. Freshman Dave O'Dell, who has been running very well of late, came through in fine form with a second place finish. He was followed by Canisius' Hill and AU's George Glaess.

The two mile race brought some loud applause from the spectators as Larry Sweet led a Saxon sweep of the event with a 9 minute 49.3 second run. Charlie Williams, Joe Connors and Carl Blanchard com-

pleted the Warrior scoring. Sweet swept around the one-fifth of a mile track in faultless form as he lapped the Ithaca and Canisius entries.

Don Ulmer had himself quite a day as he won the 100 yard dash, the 220 yard run and finished with a dramatic run as anchor man of the relay team. Ulmer won the 100 with a time of 10.4 seconds. He was followed by Alfred's Bob Clark, Ken Matucci and Ithaca's West. He raced home first in the 220 with a 22.9 second dash. Matucci was second while Ithaca's Russell and Carmine finished third and fourth respectively.

Relay Thrills Crowd

The relay team produced one of the biggest thrills of the day. The Saxon entry of Larry Sweet, Steve Kelly, Paul Lucas and Don Ulmer were neck and neck at the quarter going into the last leg of the race. The Ithaca anchor man got a 10 yard jump on Ulmer. As they raced around the first turn near the grandstands and went into the straightaway Ulmer was a few yards behind the Bomber speedster. As they came out of the last turn into the home stretch Ulmer pulled up to his opponent. He streaked through the tape a step ahead to give Alfred the victory. The time for the run was 2 minutes 43.1 seconds. An Alfred freshman quartet consisting of Jim Rabinowitz, Les Kurian, Dave O'Dell and Larry Bird finished third.

Alfred took only one place in the 440 as George Glaess finished fourth. Canisius' Hill won the event in 52.6 seconds as Ithaca's Russell and Moiselli came in third and fourth respectively. Alfred's Paul Lucas and Tom Wonnacott finished second and third in the 120 yard low hurdles. Ithaca's Bartle won both events with respective times of 18.9 and 28.4 seconds.

There was a four way tie for first place in the high jump between AU's Steve Cohen, Bob Clark, Dick Henion and Ithaca's Bartle. They all leaped 5 ft. 9 1/2 inches. Cohen last year's state high jump champ failed in his bid for 5 ft. 10 in., as he kicked the bar going over in his last attempt. Alfred placed three men in the broad jump. Ithaca's West won the event with a leap of 21 ft. 5 in. He was followed by Kelly, Clark and Bradford of AU.

The thinclad's Skip Conwicke heaved the javelin 166 ft. 10 1/2 inches to gain first place. Lederberg's fling of 139 ft. 3 1/2 inches was good enough to take second place. Canisius' Reyner and AU's Paul Herold finished third and fourth respectively with throws of 137 ft. 11 1/2 inches and 135 ft. 8 in.

This week the Whippets will be working themselves into shape for Saturday's meet with Colgate University. They only beat Colgate by one point last year, so this meet should prove to be very close.

Golfers Lose To Hobart In Season's Second Tilt

The Alfred golf team dropped its match to Hobart last Friday at Geneva by a score of 8-1. The season's record is now one win and one loss.

Alfred's lone win of the day came as Bob Cranston defeated Bob Williams one-up, 94-95. Gary Girmindl lost to Dick Dunham 3 and 2. The score of the round was 73-79. John Boback defeated Alfred's Lyle Wiedeman 6 and 5. Wiedeman shot a round of 95 to Boback's 85.

Mike Tobias lost to Statesman Jim Yates by four strokes, 80-76. The score in holes was 4 and 3. Tom Brooks fired a 76 in defeating

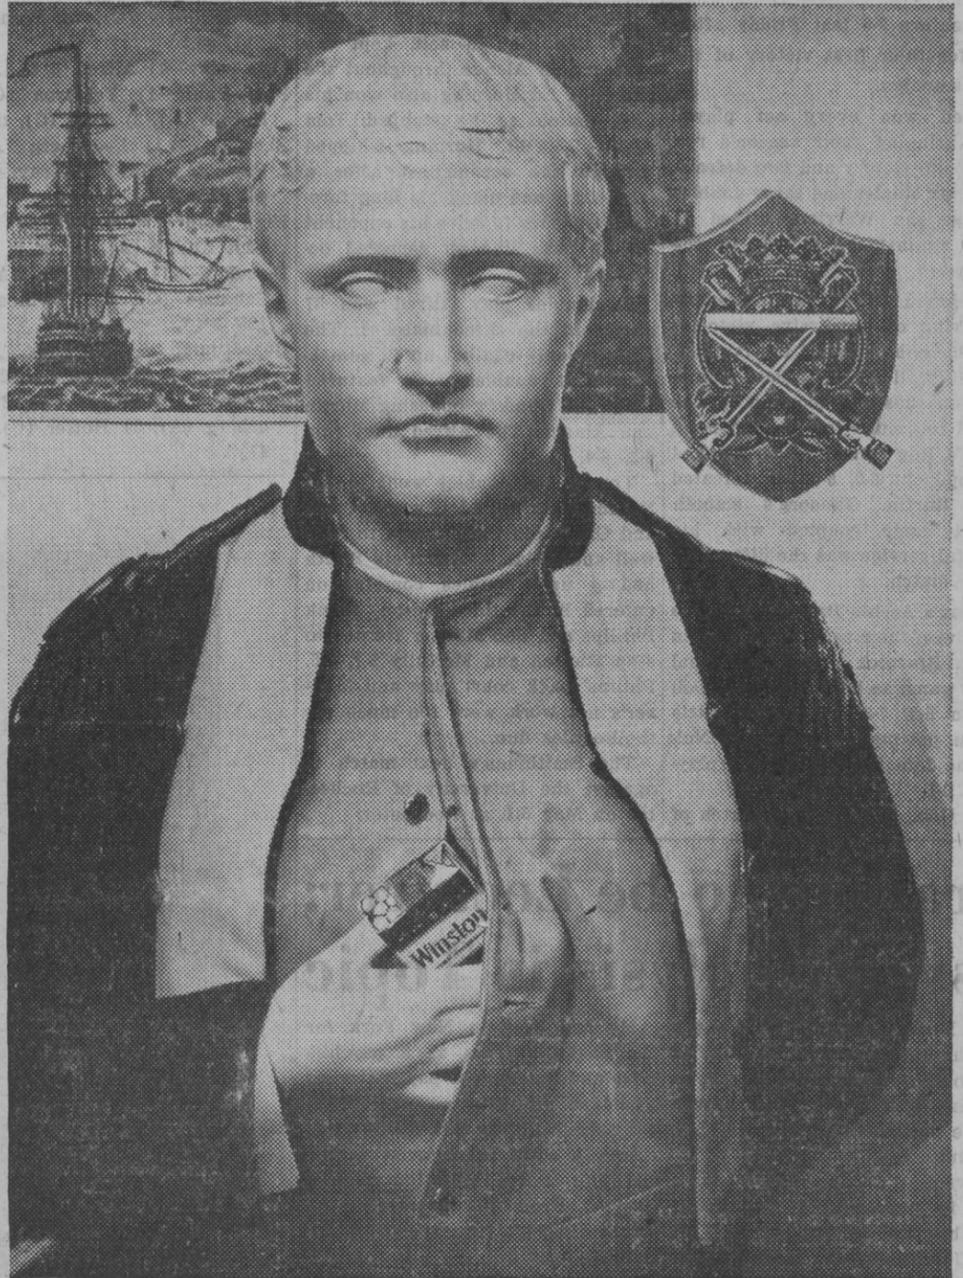

Alfred's Bob Blackmar who shot on 84 by a card of 6 and 5. Bob Parke also last 6 and 5 as Bob Thomas shot a 73 to his 90.

The Hobart duo of Brooks and Yates defeated Tobias and Blackmar 5 and 4. Parke and Cranston lost to Williams and Thomas, 5 and 3.

The Saxon golfers travel to Rochester tomorrow to meet the Yellowjackets on the U of R home course. Friday Coach Yunevich will send three or four men to the Harpur Invitation at Endicott.

THIS WEEK . . . Track—at Colgate, Sat. Tennis—at Buffalo State, Fri. Golf—at Endicott, Sat.

*"Oh, to be in Elba...
now that Winston's there!"*

IT'S WHAT'S UP FRONT THAT COUNTS

The mystery is solved! Napoleon's famous gesture was just to reassure himself that he had plenty of cigarettes. His army may have traveled on its stomach, but the old boy himself wouldn't have been caught at Waterloo if he hadn't been checking the Belgian

bistros for a spare carton of Winstons! There's a rare smoking treat that comes from Winston's famous Filter-Blend—which means a careful selection of fine, mild tobaccos specially processed for filter smoking. Try a pack real soon, and you'll agree that...

Winston tastes good—

like a cigarette should!

AU Women Do Well in Playday Games on Rochester Campus

Last Saturday the Alfred women's tennis, archery, and softball teams participated in a playday at the University of Rochester. The schools that took part in the playday were the U. of Rochester, St. Lawrence and Alfred.

The softball games went very smoothly. The Saxon women, led by captain Judy Seligman, beat the St. Lawrence team 6-1. Shirley Haskins hit a homerun in that game which was the only homer for the AU team in both games. Rochester beat the AU coeds 7-2.

Wendy Schoenbach and Marjorie Mandell were the entrants in the tennis competition. An elimination tournament was played in which the winners of each match played and the losers played a consolation tournament in order to keep play going. Wendy's winning scores were 10-8 and 6-4. She lost her finals match 10-6.

The archery team of Gina Shamus, Ann Gunnarson, and Peggy Rushmoe beat the Rochester team.

The individual scores were respectively 422, 417 and 356. The fourth member of the team, Karen Troupe, was taken sick before the playday and the substitute, Nancy Steele, was unable to play. As a result, the Rochester team, instead of making us forfeit the fourth match, took the three highest scores of their four participants against our scores.

After the usual shooting there was a novelty shoot. The girls were to shoot and then run in a tag relay, and the next girls would shoot and run. The AU coeds won the shooting with a score of 109 against Rochester's 94, but the Rochester team finished running first and got an added 15 points, thus tying the score at 109.

Table Tennis

All those interested in entering the Table Tennis Intramural League should contact Archie Bresnick at Kappa Nu immediately. The telephone number is 8010.
