

## Dr. Seidlin Is New Dean Of Liberal Arts College

Dr. Joseph Seidlin, Dean of the Graduate School and Chairman of the Education Department, has been appointed acting Dean of the College of Liberal Arts at Alfred University. Seidlin's appointment was made necessary by the withdrawal of Dr. James Newcomer who had previously been named Dean of the College of Liberal Arts.

Seidlin has just concluded a two-month assignment in Chile for the International Cooperation Administration. He has studied curriculum, staff, and general facilities at the University of Con-

ception and will submit recommendations to guide the University in development of a Central Institute of Mathematics. The University had requested the aid of a specialist in education through the ICA's United States Operations Mission to Chile.

Seidlin was appointed to the faculty here in 1920 as an associate professor of mathematics. He became chairman of the department four years later and held the post until 1937 when he was named Chairman of the Department of Education. He was appointed Dean of the Graduate School in 1947.

## Six Nations Are Represented At AU by Entering Freshmen

Nearly 370 freshmen arrived at Alfred University last Sunday to begin Orientation Week.

The entering class is nearly as large as last year's record group according to Phillip Hedstrom, Director of Admissions. The class includes 122 men and 89 women entering the College of Liberal Arts, 32 women enrolling in the School of Nursing, and 120 students entering the College of Ceramics.

Students from six foreign countries will be among the new arrivals.

Miss Inci Altug, an exchange student from Istanbul, Turkey, will be one of two women among 92 freshmen in Ceramic Engineering. Ki Rack Sohn of Korea will be another of the freshmen majoring in engineering.

Young Suk Kim of Korea will enter as a freshman in Ceramic Design.

Gerhard Glattes of Essen-Ruhr, Germany, will study in the College of Liberal Arts on a scholarship from the Rotary Education Foundation of Atlanta, Ga., and Peter Holmberg of Helsinki, Finland, also will enter the college on a scholarship from Rotary District 712.

Sylvester Hung of Hong Kong, China, and Mike Ptack of Vienna, Austria, will be the other new foreign students.

The lone American coed enrolling as a freshman in Ceramic Engineering will be Miss Carol M. Close of Middletown, N.Y.

## Khrushchev Visits Iowa; Garst Family Entertains

Premier Nikita S. Khrushchev will be visiting the home of a former Alfred University student when he is entertained by farmer Roswell Garst at Coon Rapids, Iowa, on Sept. 23.

Mary Garst of Coon Rapids studied pottery design last year at State University of New York College of Ceramics at Alfred University. She attended Grinnell College in Iowa before entering Alfred.

Her father received a coat as a gift from Khrushchev when he visited Russia with a group of American farmers last March. Garst had planned a modest luncheon at his farm home for the Russian Premier, but has since placed preparations for the affair in the hands of a caterer from nearby Des Moines.

In addition to operating his farm, Garst is a part owner of a hybrid seed corn firm.

## New Ceramic Librarian Is Mr. R. R. B. Murray

R. R. B. Murray, Research Librarian for Crucible Steel Co. of America, Pittsburg, has been appointed Librarian of the Ceramic College. Murray will begin work on the campus October 1.

A native of Simcoe, Ontario, Canada, Murray attended public schools there. He joined the Royal Canadian Artillery in 1938 and during World War II served as Lieutenant in the Canadian Army.

Following the war, Murray attended the University of Toronto where he received his B.A. in 1948. He earned his Bachelor of Library Science degree the fol-

lowing year at McGill University. Murray formerly was librarian in the Brooklyn Public Library and was chief librarian at St. John, New Brunswick, Public Library. He organized the Applied Chemistry Library at the National Research Council of Canada at Ottawa. He has held various committee posts as a member of the American Libraries Association, the Special Libraries Association, and the Maritime Library Association.

He is married and the father of two children.

## Dr. Cox Named AU Professor

Dr. James Carroll Cox, Minister of Main Street Methodist Church at Lafayette, Ohio, has been appointed assistant professor of philosophy and religion at Alfred University.

A native of Ohio, Cox received his B.A. from Baldwin-Wallace College and his Bachelor of Divinity degree from Garrett Biblical Institute. He studied under Professor Karl Barth, a leading contemporary historian, at the University of Basel, Switzerland, where he earned his Doctor of Theology degree.

## Paul Powers Appointed As Dean of Men at A.U.

Paul Powers, Director of Physical Education at Alfred-Almond Central School for 15 years, is the new Dean of Men at Alfred University.

A native of Hornell, Powers is well known throughout the area as a coach and teacher. He was an instructor in physical education at Lima Union School in 1938-40 and was coach of basketball at Tonawanda Junior High from 1940-44. For the past 10 summers he has administered the Alfred recreational program.

After graduating from Hornell High School in 1931, Powers attended Alfred University for a year and later attended Springfield College where he earned his B.S. in Physical Education in 1938. He received his Master's degree in Education at Alfred University in 1947.

Powers was married in 1938 to the former Roberta Stephens of Hornell and the couple now have two daughters, Penelope, 8, and Pamela, 6. Their home is at 75 W. University St., Alfred.

Powers is an honorary member and a former president of the Southwestern N. Y. Board of basketball Officials. He is a member of the N.Y. State Teachers Association and the N.Y. State Association for Health, Physical Education and Recreation.

He is a member of the Board of Trustees of the Village of Alfred and is Director of the Babe Ruth Baseball League of Hornell.

Powers is a member of the University Masonic Lodge, the Hornell Lodge of Elks, and the Alfred Rod and Gun Club.

## Grad School Registration Held With Sixteen Courses Offered

Registration for part-time graduate students was held here yesterday at the Registrar's office in Kanakadea Hall.

Sixteen graduate courses are being offered during the first semester which ends January 29, 1960. The offerings include courses in education, psychology, English, history, mathematics, physical education, political science, sociology, speech, biology and chemistry.

Dr. Joseph Seidlin, acting Dean of the College of Liberal Arts, will teach Current Literature in Teacher Education. Dr. William Pulos will teach Principles of Guidance, and Dr. Joseph Norton will teach Educational Statistics.

Other offerings are:  
Psychology: Techniques of Counseling, Norton; Child and Adolescent Psychology, Norton.  
English: The Nature of Comedy, Dr. Ernest Finch.  
History: American Diplomatic History, Dr. Willis Russell.

Mathematics: Introduction to Calculus, Dr. Charles Rhodes.

Physical Education: Coaching of Team Sports or Administration of Health and Physical Education, James McLane; Care and Prevention of Athletic Injuries, P. O. Smith.

Political Science: International Politics, Dr. David Leach.

Speech: Appreciation of Theatre, C. D. Smith, III.

Biology: Cell Biology, Dr. Peter S. Finlay.

Chemistry: Advanced Inorganic Chemistry, Dr. Sam R. Scholes, Jr.

**Business Club**  
There will be a business club meeting at 7:00 Thursday evening. The purpose of this meeting will be to elect new officers and discuss the coming year's activities. All those interested in joining are invited to attend this meeting.

## Dean Seidlin Will Serve As The Liaison Officer For Foundation

The Danforth Foundation, an educational foundation located in St. Louis, Missouri, invites applications for the ninth class (1960) of Danforth Graduate Fellows from college senior men and recent graduates who are preparing themselves for a career of college teaching, and are planning to enter graduate school in September, 1960, for their first year of graduate study. The Foundation welcomes applicants from the areas of Natural and Biological Sciences, Social Sciences, Humanities and all fields of specialization to be found in the undergraduate college.

President M. E. Drake has named Dr. Joseph Seidlin as the Liaison Officer to nominate to the Danforth Foundation two or not to exceed three candidates for these 1960 fellowships. These appointments are fundamentally "a relationship of encouragement" throughout the years of graduate study, carrying a promise of financial aid within prescribed conditions as there may be need. The

maximum annual grant for single Fellows is \$1500 plus tuition and fees charged to all graduate students; for married Fellows, \$2000 plus tuition and fees charged to all graduate students with an ad-

## Totals Show 1,111 Students at A. U.

Fred H. Gertz, Registrar at Alfred University, announced that 1,111 full-time students registered this week.

This number shows a slight increase over registration totals in September, 1958. However, these figures aren't complete because the final figure will also include theology students, practice teachers late registrants, part-time graduate students, and those nurses, affiliated with the School of Nursing, but now studying in hospitals.

On Monday, September 21, from 5 until 8 p.m., part-time graduate students registered at the Registrar's office in Kanakadea Hall.

ditional stipend of \$500 for each child. Students with or without financial need are invited to apply. A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes, Fulbright, Woodrow Wilson, Marshall, etc., concurrently with his Danforth Fellowship, and applicants for these appointments are cordially invited to apply at the same time for a Danforth Fellowship. If a man received the Danforth Appointment, together with a Rhodes Scholarship, Fulbright Scholarship, of Woodrow Wilson Fellowship, he becomes a Danforth Fellow without stipend until these other relationships are completed.

All Danforth Fellows will participate in the annual Danforth Foundation Conference on Teaching, to be held at Camp Miniwanea in Michigan next September, 1960.

All applications, including the recommendations, must be completed by January 31, 1960.

## Letter to Freshmen

It is our pleasure to welcome you, the class of 1963, to the Alfred Campus. You are entering a new and unaccustomed society - one that is more mature, and with more freedoms and responsibilities than the one to which you have been accustomed.

With these facts in mind, the Blue Key shall aid, regulate, and discipline you during your hazing period. The purpose of this hazing program is to acquaint each of you with the traditions, rules, and privileges of Alfred; and at the same time instill in you a pride in your campus and university.

This program will be beneficial to you with or without your cooperation.

Blue Key members can be recognized by blue arm bands worn on the left arm. The Blue Key has also given authority to twenty members of the sophomore class as a vigilante committee. They have been given full power to haze by the Blue Key, and can be recognized by red arm bands worn on the left arm.

Freshmen will wear their beanies until the football game of October 24. If this game is lost, beanies will be worn until Thanksgiving.

Frosh court will be held October 4 and October 18. Your presence is not desired.

Sincerely,  
**BLUE KEY**  
 Larry B. Wander  
 President

Art Bresnick, Don Rice, Ben Schneider, Dave Schuler, Tom Sculkind, Sanford Smith, Conrad Wexalblatt, Joel Moskowitz, Joel Conwicke, Dave Perry, Bill Bucci, Steve Chaleff, Richard Gross, Vern Burdick, Jerry Pearlman, Ray Pardon, Arnold Miller, and Norm Severin.

## Numerous Changes For Alfred Faculty

During the summer, several faculty promotions were effective. In the College of Liberal Arts, Dr. David N. Johnson was promoted from associate professor of music to professor of music, and Dr. David M. Leach from assistant professor of history and political science to associate professor.

In the College of Ceramics, Dr. Wayne Brownell will advance from associate professor of research to professor of research. Val M. Cushing will step up from instructor to assistant professor of pottery and ceramics. Dr. Willard J. Sutton, from associate professor of ceramic engineering to professor. Richard West was promoted from

assistant professor of research to associate professor of research, and Leon B. Coffin from research associate to instructor of research.

### Insurance Group Will Interview Job Applicants

On September 28 and 29, The Equitable Life Assurance Society of the United States and the Provident Mutual Company will visit Alfred University to interview juniors and seniors with regards to careers in the life insurance field.

The companies will offer opportunities for interested seniors to sell insurance before graduation.

All those desiring either an appointment with these representatives or who are interested in obtaining further information should contact Dean Paul Powers.

### Rushing

The official books for Fraternity Rushing will be given out in the dining rooms of the University Residences during the dinner hour some time this week.

## Ceramic Seniors Win Scholarships

Two Senior scholarships have been awarded for high scholastic attainment in the College of Ceramics. The recipients are Ronald Rossi and George Daggett.

The College of Ceramics research project for low-cost housing in New York has evolved new plans for brick housing.

The State University of New York has a new seal. It has been hung in the boardroom of the State University.

The College of Ceramics recently entertained about one hundred people from various structural clay product companies.

Painting and graphics for designers in the College of Ceramics will be taught in the annex which previously belonged to Ag-Tech.

## Professor at AU Co-editor of Book

Dr. Malcolm E. McIntosh, assistant professor of romance languages at Alfred University, is co-editor of a book published in Paris in June by the Society of the History of the French Colonies.

The title of the book is "A Family Correspondence at the Time of the Troubles in Saint-Dominique, letters from the Marquis and from the Marquise of Rouvray to their daughter, Saint-Dominique - United States (1791-1796)."

The Alfred University Research Foundation awarded a grant to McIntosh in 1957 to aid in the editing project. Collaborating with him was Dr. Bernard C. Weber, associate professor of history at the University of Alabama.

### Scholarships

Ferro Corporation of Cleveland, Ohio, has established four new annual scholarships for undergraduates at State University of New York College of Ceramics at Alfred University.

The ceramic manufacturing and service firm has established two yearly scholarships of \$200 each for first year students and two other annual scholarships of \$300 each for second year students at the College of Ceramics.

### Cwens

The members of Cwens, honorary society for sophomore women, have been hostesses and aides during Orientation Week under the leadership of Susan Wolf, president. In white blouses and dark skirts, they assisted the Dean of Women with the Parents' Reception on Sunday, September 13, and they were the hostesses at the informal coffee hours held by the Deans of the colleges when they met the new students.

# Randall Appointed Design Chairman

Prof. Theodore A. Randall, Jr., has been appointed Chairman of the Department of Ceramic Design of the State University of New York College of Ceramics at Alfred University. He served as acting head of the department for the past year following the retirement of Charles Harder.

A native of Indianapolis, Randall was educated in the public schools there. While he was attending Yale University his family moved to Wellsville. After receiving his Bachelor of Fine Arts degree at Yale in 1938, he operated a sculpture studio in New York City until the early years of World War II. His studio work included

technical commissions for the World's Fair.

With his wife, Randall moved to Wellsville in 1941

Randall was drafted in 1942 and served in the U.S. Army Signal Corps. After the war, he operated a one-man pottery in Wellsville. He did graduate work at Alfred and received his Master of Fine Arts degree in 1948.

He was appointed as a part-time instructor here in 1951 and in 1953 closed his Wellsville pottery to become an assistant professor of design at the University.

The family moved to Alfred in 1955.

### Alfred University's Campus Newspaper

Published every Tuesday of the school year by a student staff. Entered as second class matter Oct. 9, 1918, at the post office in Alfred, New York, under act of March 3, 1879.

Represented for national advertising by National Advertising Service, Inc., 420 Madison Avenue, New York City, New York. Subscription \$4 yearly.

Alfred, New York, Sept. 22, 1959

# Rene R. Beauchesne Is New Professor of Political Science

Mr. Rene R. Beauchesne has been appointed Assistant Professor of Political Science at Alfred University, replacing Dr. Frederick Engelmann who is now in Austria.

Of French-Canadian descent, Beauchesne was born in Lawrence Mass., and raised on a small farm in Pelham, N.H., where he got his elementary education in a one-room school house.

Beauchesne attended high school in Mass., and received his B. A. in History in 1953 at Merrimack College, North Andover, Mass. Two years later he got his M. A. in Po-

litical Science from Syracuse University.

From then until 1958 he was an instructor in Political Science at Middlebury College in Vermont. After teaching at Harpur College in Vestal, N.Y., and in the University Collee of Syracuse University for a short while, Beauchesne came to Alfred.

He is working for his doctorate degree which he started in 1958 at Syracuse University. Originally a political theorist, his specialization is now political parties, on which he will write his thesis.

The party season was formally begun by Tau Delt at the Arkport Inn on Friday evening. Kappa Nu filled the Inn to capacity the following evening, while their freshly painted basement was being prepared for this year's future parties. Kappa Psi's first social event of the year, a Welcome Back party was held in their basement.

House improvements are being noted around campus. Lambda Chi is sporting a new three story wing on their house. Delta Sig's new annex has also been completed. Sigma's outstanding addition is a new silver roof. The interior of

## School Grads Deliver Papers

Two men who studied at Alfred University will deliver papers at a national joint meeting of two divisions of the American Ceramic Society to be held in Bradford Springs, Pa., Sept. 30-Oct. 3.

Daniel W. Luks, Director of Research and Development for Frenchtown Porcelain Co., Frenchtown, N. J., will present his paper on "Bell Kiln-Fired Electronic Ceramics." Luks received his B.S. in Ceramic Engineering from State University of New York College of Ceramics at Alfred University in 1928.

K. E. Stettinius of Lapp Insulator Co. at LeRoy, N. Y., will give his paper on "Improvement in the Preheat Tunnel." He was a member of the class of 1927 at the College of Ceramics.

The annual fall meeting of the Materials and Equipment Division and the White Wares Division of ACS will draw salesmen of ceramic products as well as scientists and engineers of plants and laboratories concerned with the production of floor and wall tile, dinnerware, dental ware, and thermal, sanitary, and chemical products.

## Alpha Phi Omega Will Hold Smoker

Thursday, September 24, Alpha Phi Omega will hold its annual rush smoker at Susan Howell Social Hall at 7:30 P.M.

Alpha Phi Omega is a service fraternity with branches throughout the nation. The basic aims of APO are to aid the school and surrounding community. This is done by running a student bookstore where books are both sold and bought.

Those attending the meeting will include Registrar Fred H. Gertz and Dean Paul Powers. Registrar Gertz will deliver a short talk on some of the accomplishments and future plans of the organization.

All men interested in giving their services to Alfred University are welcome to attend.

THIS SPACE RESERVED FOR LETTERS TO THE EDITORS

## Mrs. Black Arrives As Kruson's Head Resident

Mrs. Black is Kruson's new head resident. Before coming to Alfred she worked at the University of Buffalo Dental School, where she was in contact with young men more than with young women. As a rule, Mrs. Black has found that girls are more critical than boys about little things, but likes working with boys and girls equally well.

She enjoys bowling, bridge, reading and knitting but especially looks forward to talking with the girls; talking out their problems.

Having lived in Hamburg, New York, she is used to Alfred weather. She thinks Alfred is a beautiful town and favors the small town atmosphere, which is much warmer and friendlier than that of bigger cities. She likes the slower pace here because there is

more time to get to know the people, and is already familiar with Alfred's "hello tradition".

Mrs. Black has two married children, a son and a daughter, and four grandchildren. She is aware of the crucial moments that sometimes occur between head residents and the girls, but hopes for a happy dorm. She has been made to feel at home by everyone and is looking forward to a wonderful year.

### Actors

The Footlight Club will hold an introductory tea for all those students interested in the theatre on Sunday, September 27. The executive committee will explain the Club's activities. There will be colored slides of past productions, and refreshments will be served.

Klan is being completely remodeled.

Kappa Nu's new officers are: Marty Wasserstein, rush chairman; and Gary Spitulnik, steward. Registrar Fred H. Gertz has recently been made a KN honorary.

Wedding bells are ringing on campus. Congratulations to: Ronnie Buxbaum, KN '59 and Doris Leifer '61; Steve Cohen, KN '59 Tuckman, KN '59; Norm Hecht KN '60 and Judy Rosenberg, Pi Alpha '58; Mark Bohanan, Kappa Psi '59 and Joy Annich, Sigma '60; Dick Casper, and Joe Spitz, Kappa Psi '60; Dick Shankle, Klan '59; Terry Coots, Klan '61; Lambda Chi men Bob Snyder '59, Sam Warner '59; Al Reichter, '60, Ron Carmichael '60, John Williams '61, Dick Hanlon '62; Josh Fierer, Tau Delt '59 and Marty Bailey '61.

Also, wedding congratulations to Theta girls Letty Buss '59, Carolyn Young '59, and Sylvia Weinstein '60.

Engagement congratulations to Bob Stewart, Delta Sig '61 and Sandy Zimmerman, Pi Alpha '60; Don Hoelle, Klan '61 and Connie Pashley, Sigma '61; Phil Baker, Lambda Chi '58 and Bobbi Shanley '60; Al Butner, Tau Delt '59 and Brenda Bernstein, Pi Alpha '60; and Pat Sharp, Sigma '61.

Recently pinned Alfredians are: Jan Maier, Klan '59 and Pat Gorman, Sigma '59; Jan Gobel, Sigma '60; and Ingrid Gruber, Sigma '62.

Alumni, Corning and Syracuse nurses were back on campus for the weekend. Pi Alpha entertained Karen Von Sauers and Judy Vaughan, '59. Sigma's nurses were Nancy Agett, Nancy Albright, Gini Duke, Chris Tusinski and Jeanette Weiss. Mary Bryan, Judy Shaffer, Judie Silverstein and Carol Yeager from Corning, and Ann Clift and Marion Lyons from Syracuse stayed at Theta. Also on campus were Jeannie Smith from Omicron and Judy Weinberg.

## Do You Think for Yourself?

(SHARPEN YOUR WITS ON THIS!\*)

Do you think the statement "It's always darkest before the dawn" is (A) an astronomical truism? (B) a good reason for getting home early? (C) a piece of hopeful philosophy? (D) an argument for night watchmen?

A  B  C  D

Do you think that a man who can pole-vault 16 feet but doesn't like to, should (A) go out and do it anyway? (B) keep the whole thing to himself? (C) do a bit of self-analysis on why he doesn't like to go so high? (D) have the bar set lower?

A  B  C  D

When you choose a filter cigarette, do you (A) ask all your friends, and take their word for what's best? (B) take the one that makes the loudest claim? (C) investigate the facts, then use your own judgment? (D) go for the filter that gives you taste plus filtering?

A  B  C  D

It's a wise smoker who depends on his own judgment, not opinions of others, in his choice of cigarettes. That is why men and women who think for themselves usually

smoke VICEROY. They know only VICEROY has a *thinking man's filter*—the filter with more research behind it than any other . . . the filter that changed America's smoking habits. And only VICEROY has a *smoking man's taste*.

*\*If you have checked (D) in three out of four questions, you're pretty sharp . . . but if you picked (C)—man, you think for yourself!*

## SPEAKING OF SPORTS

by Neal Gantcher and Ira Rubenstein

This year Alfred University will field more intercollegiate athletic teams than ever before in the history of the school. Prime interest will be focused on the newly formed Freshman football squad.

Coach Clifford DeBruil, the frosh mentor via the University of Rochester, has been guiding his 23 man squad into top form. Working under the handicap of never having played together before the boys have begun to operate as a well-balanced, cohesive unit.

They are striving not only to bring credit to themselves but also to the Alfred student body. In particular though, their efforts are geared towards bringing distinction and recognition to the Freshman class. The class of '63 should acknowledge this by giving full support to their team.

Although we all cannot play on Saxon teams, you in the Freshman class can do your share in supporting and strengthening the "spirit" that is native to Alfred. By coming out and rooting for your teams you will be helping to perpetuate this feeling.

During the past years student interest in freshman sports has been noticeably lacking on the campus. This year with a new freshman sport much attention will be focused on the Frosh students. Alumni, faculty and upperclassmen will be waiting to see if the Frosh teams gain the full support of their classmates. Needless to say it is expected that the upperclassmen will try to do their share in imbuing the Frosh with the A.U. spirit. This emotional and intangible recognition of human endeavor is vital to a college campus that wishes to be a well integrated student body.

When you Freshmen see the full support that the rest of the student body will give to the varsity football squad during the first three home games you will undoubtedly appreciate what we are trying to stress. It should also be mentioned that from the reports coming to us about the freshmen basketball team you will also want to carry your enthusiasm into the basketball campaign.

When the Frosh home football game is played on October 31 we hope to see the class of '63 cheering for their team en masse in the Merrill Field stands.

P.S. Incidentally we are looking forward to seeing and hearing the entire student body at Merrill Field this Saturday evening at 8:15 when the Saxons take on Cortland State in the initial game of the 1959-60 campaign.

## Frosh Griders Under DuBreuil Playing Well and Learning Fast

by Eric Harrison

Though faced with a rough three-game schedule, new Freshman football coach Cliff DeBreuil feels that his forces will more than adequately meet the challenge.

DeBreuil, a graduate of Indiana University, came to Alfred from the University of Rochester. There, he was assistant football coach, team trainer, and assistant track coach.

Aiding DeBreuil will be Tom Cechini, a junior, who played varsity football until sidelined by an injury. Tom will be line coach.

## Yunevich's Men Scrimmage With Rochester Varsity

Alfred held a scrimmage with Rochester, Saturday, on the U of R campus. Although no formal record of the score was kept, Alfred came out on the short end, as they failed to cross the goal line.

The team, however, is coming along, and according to coach Yunevich, looked better this week than it scrimmaged with Lycoming last week. Running from a straight T formation most of the yardage was gained on the ground. There was some fine passing from quarterback Steve Kelly.

The team begins the season at home Saturday night against Cortland State. Kick-off time 8:15.

Joe Renwick, all-conference quarterback at St. Marys High School of Pennsylvania is described by DuBreuil as "The Q. B." He is nifty and learns fast.

In the guard slots are Tom Quinn, a fast middle guard, Dick Block, and James Berry. At tackle the Purple and Gold have fast and aggressive Joe Green. "He is the quickest man on the team for the first three steps," says Coach DuBreuil. Sean McKinley and Tony Pavoni both have fair size and are very aggressive. Rounding out the tackles is Bob Preston, who has a massive pair of arms.

The ends are Dave Lutsie, Ron Hilt, Cosimo DePizza, who moves "like a ghost," and Walt Leonard, a determined fighter. Phil Wertz and Dan Haight, who is playing football for the first time in his life and doing an excellent job, will fill the center position.

In the backfield are Vic Ciabotti, Lou Furhmann, Tom MacVitte, John Sawyer, and Joe Yount. Coach DeBreuil describes them as "five backs with speed and no care for personal safety."

The freshman Warriors, who will operate out of a "straight T" formation "have a lot of spirit," said Coach DuBreuil.

### FRESHMAN FOOTBALL

Oct. 23 Cortland at Cortland  
Oct. 31 Ithaca at Alfred  
8:00 p.m.  
Nov. 7 Rochester at Rochester

Most older folks will tell you that the old days were wonderful, but, if they're honest, few of them would wish to have them back.

## Saxons Open Against Cortland; Starting Team Still Uncertain

The success of a football team is not truly represented by its won-lost record as much as by the lessons it has learned and the corresponding improvements that can be made by remedying its apparent weaknesses. This year's varsity squad must look back upon last season's campaign, during which they won but one game, as a valuable lesson for the forthcoming competition.

Extensive experimentation with a squad numbering only 25 men has made it impossible to predict Saturday's starting eleven. However, it now appears that Dick DeMott will start at quarterback with Steve Kelley, in his first year out for the team, backing him up.

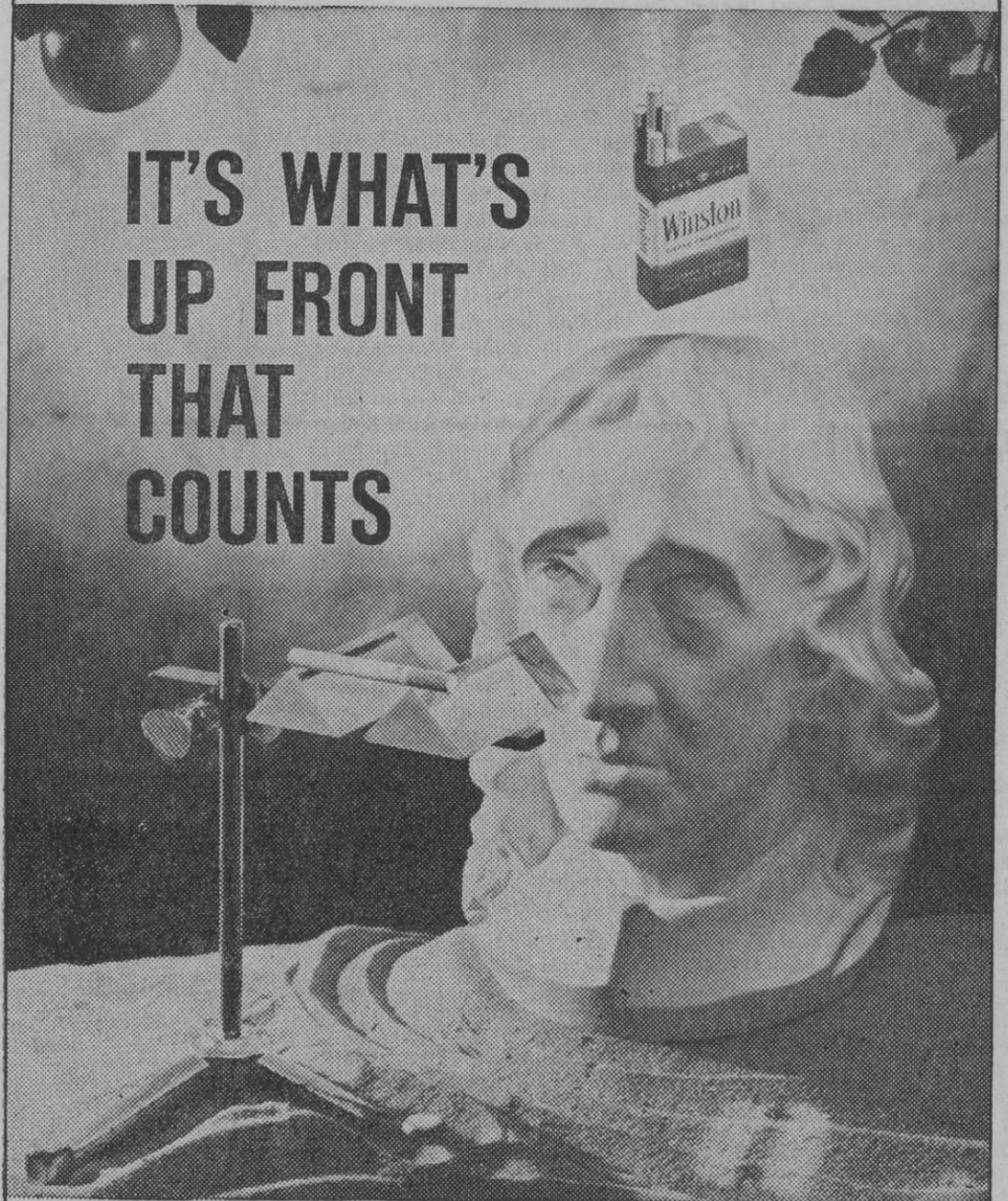

Letterman Steve Crossman and Richie Falcigno, sophomores, will probably get the nod for the half-back slots. Tom Ferguson looks set for the fullback position.

Joe Yannuzzi has been moved from tackle to end. John Pfeiffer, a center last season, may get the other end assignment. Alex Zoldan, Joe Franta, and Ron Pagan, have been working effectively at tackle during pre-season practice and will probably see action this Saturday. Bill McAlee and Fred Macholz are at the guard positions and Ron Hatch at center.

An outstanding season from the 1959 Saxons cannot be promised, although a highly exciting one, with four home games, is expected.

*Sir Isaac Newton is struck  
by another great idea!*

IT'S WHAT'S  
UP FRONT  
THAT  
COUNTS

As sure as little apples, Newton knew that what goes up must come down.

But when it comes down to a really pleasurable filter cigarette, it's what goes up—in front of the filter, that is—that makes the difference!

And there's where Winston had an inspired idea—Filter-Blend! Winston specially selects choice, mild tobaccos, then spe-

cially processes them for filter smoking. The result: Filter-Blend up front of a modern filter. That's what makes Winston a complete filter cigarette.

Filter-Blend also makes Winston America's best-selling, best-tasting filter cigarette. Take it from Sir Isaac:

*"You don't have to be hit on the head to know that*

**Winston tastes good like a cigarette should!"**
