Coffee Gab Is "Off-the-Cuff"

The first of a series of informal student-faculty coffee hours will be held on Thursday, February 18, at 3:30 p.m., in the Faculty Dining Room of the Campus Center.

The Program Council of the Campus Center Board believes that the coffee hours will fulfill a need expressed by both students and faculty. It is hoped that students will get to know the faculty on an out-of-class basis, as well as stimulate interest in issues of importance to all in the Alfred Community.

This first coffee hour will be a discussion on "A Critical Appraisal of Alfred," or "What I think of Alfred." Drs. Bernstein, Cox and Anderson will give "off-the-cuff" comments on the Alfred scene, as viewed from their respective fields of interest. The chairman of the event is Jerry Zwickel.

Coffee will be provided by the Campus Center Board.

O'Neil's "Long Journey Home" Is Footlight Club's Selection

by May Rosenfelt

"A squalid dingy room dimly lighted by kerosene lamps placed in the walls" of a bar is the setting of Eugene O'Neil's "The Long Voyage Home". This play, which will be presented at Alumni Hall for the assembly on Thursday morning is directed by Charles M. DiCostanzo and produced by the Alfred Footlight Club.

As viewed by DiCostanzo, "the story has no beginning or end. O'Neil has taken a slice of life and isolated it for us." Briefly, the play concerns itself with a group of seamen in a cramped and dirty waterfront dive of London who have just returned from a long lonesome and miserable voyage at sea. In order to forget their fatigue and bitter memories, all become drunk except for Olsen, the Swede. In short, the play itself

revolves about Olsen who has dreams of returning to his little farm in Sweden. In a tragic sense, he becomes a helpless man tossed about in the sea of fate.

As in most of O'Neill's plays, dialect is used. But due to the lack of time, the Footlight Club production of this play will drop the dialects except in the case of the Swede. Here it is used in order to preserve some of the original atmosphere and mood of the play and to convey a realistic image.

Charles M. DiCostanzo of Brooklyn, New York, has recently transferred from the City College of New York to the College of Ceramics at Alfred where he is now majoring in ceramic design.

In addition to studying drama for six months at the CCNY Drama Workshop, Charles has also directed a play for a local church group in Brooklyn, New York

He finds that the combination of the "method" and "classic" style of directing is most effective. He also feels that the individualistic characterization of each role in the play is of utmost importance. Although this job is left up to the actor to achieve, it is the director who combines all these characterizations to produce a "whole" and unified play.

The cast includes: Nick Played by John Freshour, Joe—Dick Deinst, Driscoll—Steve Chaleff, Cocky—Jerome Kadell, Olsen—Pete Elkin, Freda—Rhoda Klein, Mag—Katherine Winch. Other characters are Ivan, Kate, and two rough characters.

In its original text, "The Long Voyage Home" was published as one of a group of six other plays of the sea by Eugene O'Neill.

Grand Greetings of Green Gremlin's Resound on Campus: 'Erin go Bragh'

by Joel Moskowitz

You've probably been wondering who those little green men who have been running around with Derbies and caps are. Well they're

not on the St. Pat's board, they're from Mars. Its the big green men who are on the St. Pat's board.

The board is composed of ceramic students, both designers and engineers, under the leadership of Ted Covert and faculty advisor C. W. Merritt, dedicated and committed to one thing. The trouble is that for over 25 years no one has been able to figure out just what it is we are dedicated to and so every year on St. Pat's weekend we put on the biggest dance, parade, and jazz concerts just to make people forget what we really don't know.

On this gala weekend little gremilins and Leprechauns come out in full force (perhaps someday we'll get some people to attend) and build floats, knight knights, and have dances with big name bands. By the way, this year's orchestra will be . . . coops.

Ted Covert, a married ceramic engineer who spent four years in

the Navy is chairman of this year's board. Professor C. W. Merritt, who has been the advisor for many many years has again consented to give his time and energy to assist the board.

This year's board consists of: Bud Graves, Earl Conabee, Joe Spitz, Ted Covert, Mike Cole, Al Kitchen, Dan VanGalsbeck, Andy Lakatos, Henry Nestor and George Neudeck. Junior members are Dave Benson, Frank Biele, Vern Burdick, Jim Knapp, Jack L'Amoreaux, Dave Perry, Roger Sherman, Ray Vine, Phil Sickcock, Mike Monahan.

The Gillette razor blade company is using the bord for 5 million shamrocks. But to quote the Smith Brothers (of cough drop fame), "These students of Alfred are really sharp."

Be sure to keep your eye on those little green men (they're a sneaky bunch) and don't forget "Erin go Bragh" spelled backwards is "Nire og Hgarb."

Fire of Unknown Origin Burns The Third Floor Of Allen Lab

On Tuesday afternoon, February 9, a fire of unknown origin broke out in Dr. Burdick's office on the third floor of "Allen Memorial Laboratory."

The fire was discovered by Martin Wasserstein and Ed Sherman who then called Dr. Burdick from the physiology lab. Dr. Burdick immediately called the fire department and then fought the flames with the aid of several students and the fire extinguishers they had collected. At about 3:00, Alfred's Volunteer fire department under Fire Chief Harold Dickinson and assistant fire chiefs Dr. Sam Scholes Jr., and Stan Butts, arrived with three fire trucks, ladders and pumps. They were followed shortly afterwards by the Alfred Station Fire Department

under Fire Chief Franklin Stevens. The firemen fought the flames as they spread above the third floor ceiling and broke through the roof finally bringing them under control at 3:25.

In the meantime a group of student volunteers and University ground crew members carried out equipment and microscopes to Myers Hall and held back onlooking crowds of students.

Although there were no serious injuries Dr. Burdick and two firemen suffered some smoke poisoning, Dr. Burdick being confined to the infirmary for several hours.

On Wednesday morning members of the Buildings and Grounds Crew went over the building inspecting the damages and looking

for the cause. Since the flames had been confined to the third floor and the area between the ceiling and roof of the three-story brick and frame structure, fire damage resulted in this area only. Further damage caused by water seepage was minimized by the fact that the fire was concentrated above the stairway which rapidly drained it away. The cost of damage was estimated by Mr. Lebohner as probably not in excess of \$15,000, however no official estimate has as yet been given by the insurance adjustors.

Labs and classes have already been held on the first and second floor rooms of the main building while other have been scheduled in the Allen Annex and Myers Hall.

Book on Chapman Reviewed By Bernstein for Sunday's Times

A book review by Dr. Bernstein appeared in last Sunday's "New York Times". The book review, entitled "From Vision Came Vigor", was on "John Jay Chapman—An American Mind" by Richard Hovey, Published by the Columbia University Press.

Dr. Bernstein's qualifications as a critic of Hovey's book stem from the work he has done on John Jay Chapman. For his Doctorate in American Literature, Dr. Bernstein wrote his thesis on "The Mind of John Jay Chapman." He is also the author of an interpretive essay on John Jay Chapman, published in 1957 in "American Radicals," a book edited by Harvey Greenberg, Professor of History at Ohio State University.

According to Dr. Bernstein, Hovey's book is "a 'mental biography' . . . (which) reconstructs the eventful life of an American artist." Richard Hovey has made a fairly successful attempt to give recognition to John Jay Chapman as the great mind he was, "one

of the first-ranking critics of American culture."

Several years ago the Alfred University Research Foundation awarded Dr. Bernstein a grant to study the unpublished works of John Jay Chapman in the Houghton library in Harvard. Hovey utilized the same source when he wrote his book.

Student's Poems Will Be Published

The National Poetry Association has that, out of thousands of poems submitted, the poems of two Alfred students have been accepted for publication in the "Annual Anthology of College Poetry."

The two students are Fred Grayson and Lewis Carson whose poems are entitled "Love Story" and "Tangled Ropes," respectively.

The Anthology compiles the finest poetry written by students and faculty from all over the country

Top Personalities and Events Of Fabulous Fifties Is Query

by Gary Gallup

A wide variety of opinion characterized views of different students concerning the most outstanding personalities and events of the 1950's. In general, the answers reflected a cognizance of political issues although scientific, medical, technological, religious, and literary influences were noted. There appeared to be no obvious

correlation between the personalities and the events in respect to both categories of each person being political, scientific, etc.

Probably the two most publicized figures of the decade ran in the first two places. President Dwight D. Eisenhower was named by 28% of those polled for his position as head of the Western world. His counterpart in the Communist bloc, Nikita Khrushchev, was in second place with 20%.

Students Attend Hornell Luncheon

A group of Alfred University foreign students, members of the Alfred International Club, will be guests of the Hornell Chamber of Commerce on Tuesday, February 23, at the first International Student Day.

The International Student Day is being planned as an annual event by the Chamber of Commerce to give students from other countries an opportunity to become familiar with the economic, governmental, and social life of a typical American community.

The students will leave Alfred at 9:00 a.m., and will spend the morning touring several Hornell industries. At 12:30 p.m., they will be entertained at a special luncheon at the New Hotel Sherwood. President M. Ellis Drake and several other faculty members will also attend the luncheon as guests of the Hornell Chamber of Commerce.

Following luncheon, the group will visit the Traffic Control System and the Railroad Shops of the Erie Railroad.

The following year saw the seizure of the Suez Canal by Egypt and its subsequent invasion in November by Britain, France and Israel. Four events in 1958 received attention—Russia's ultimatum to the U. The Khrushchev - Nixon debate last year also received 2%.

Letter to the Editor

My Dear Editor:

Alfred University recently went to a great expense to construct a Student Center. They did so under the assumption that it would serve both men and women. In fact, so much did they believe in this that they charged \$13 to both Guys and Gals.

This Saturday evening the Social Committee planned a dance under this assumption. But no girls came. Whp? Surely there were enough boys. Girls, were you ashamed to be seen alone? Well then, in all honesty, we wish to guarantee that no boys will snicker in the corner

and point fingers at you. No, they will dance with you.

You are paying for a Social Director; you are paying for the dances. Most of you know people on the Social Committee. We are not trying to "get you." We want to help you. Moreover, we are trying to make that modern building across from the library the Campus Center, and we cannot do it if you sluff off our dances.

Oh, you would come if you had a date, is that it? Well, you'd probably have dates if you came down and met some boys. That we make our dances stag is only for this reason. We swear here and now that our dances are not Hate Campaigns.

Saxons Drop Last Two; Steinberg Sets Record

by Eric Harrison

Alfred's winning streak of one was short-lived as the Larries of St. Lawrence dropped the Saxons 77-69 on the winner's court last Friday night. Steve Steinberg dropped in 30 points, 22 in the second half. The loss gave the purple and Gold basketballers a record of 5 wins and 8 defeats. Archie Bresnick was second high man with 14 for the Saxons.

Playing before a very small crowd, St. Lawrence pulled out to an early lead which they never relinquished. At the half the Larries led by 8, 33-25. In the second half the Saxons, sparked by Steinberg and Bresnick, closed the gap to 4, but the superior rebounding of the home forces kept them on top. 6 ft. 3 in. Senior Roscoe Lacy poured in 23 to lead the Larries.

by Mike Kutell

Alfred's hoopsters bowed to Clarkson 69-67 last Saturday afternoon on the victor's home court. Steve Steinberg scored 39 points, tying one University scoring record and breaking another. He tied the single game record held by Warren Sutton and broke the Alfred season scoring record of 359(?) formerly held by Sutton; he has scored 386.

The Saxons took an early lead and led at the half 33-29. The Purple and Gold led for the first 17 minutes of the second half, but the Golden Knights, paced by Peter Gunn and Bob Chiostergi took a 63-62 lead. Steinberg countered with 5 of his own to give Alfred a 67-65 advantage. Clarkson evened the count and with 18 seconds remaining Dick Maag hit a driving layup giving the Green and Gold the lead by 2.

Indoor Track Season Opens

by Stu Kellerman

Last Saturday, Jim McLane's track squad made its first appearance of the indoor season, entering a dozen Alfred runners in the Buffalo State Relays at Buffalo.

The meet was highlighted by the superb running of Frank Finnerty. Though Finnerty's track days for Alfred are over, he's still eligible to run unattached. After a fourth place finish in the 1000 yd. run at Philadelphia's Conception Hall, he flew to Buffalo to compete in the 660 yd. Open. His 1:21 winning time missed setting the track record by a few tenths of a second. Freshman cross country star, Bob Lewkowicz, competing against varsity runners, placed sixth in the Open's field of 15 runners.

The Saxon thinclads, paced by Dan Speck's 4:32.5 followed by Joe DiCamillo and Carl Blanchard, placed 4th, 5th and 6th in a field of 35 runners in the mile. Coach McLane thinks "all three ran well since this was their first indoor meet of the season."

Alfred corralled the fourth slot in the sprint medley relay, with George Glaess' 440, Steve Kelley's 220, Ken Matucci's 220, and Joe DiCamillo's 880.

Jim Scott came in first in the qualifying heat for the 300 yd. run but he had a bad start in the finals and had to settle for fourth place.

The Saxons' next appearance will be at Madison Square Garden at New York in the IC4A Track Championships, where they will meet some of the finest track schools in the nation.

Drive Carefully!

Frosh Stopped by Bonnies; Facazio, Gabe Lead Offense

by Stu Kellerman

The National Freshman Basketball Game of the Night last Tuesday saw the St. Bonaventure's Freshman down Alfred's frosh by an 82-72 decision.

The Saxon cagers jumped to an early 11-10 lead aided by Hank Landman's and Ron Focazio's clutch baskets and forced the Brown Indian's coach to call time out. The short pep talk seemed to do the trick because the hopped up hoopsters from Olean just couldn't be stopped. Led by the deft shooting of future All-American, Freddie Crawford, and the rebounding of big 6 ft. 6 in., Barry Herbert, the Bonnies racked up a 41-30 halftime lead. Alfred's usual assortment of lost passes and poor ballhandling had a greater affect on producing such a large margin than St. Bonaventure's adeptness.

The second half saw rejuvenated Saxon squad began whittling away the Bonnie's lead. But Crawford and Herbert came to life again. Before the smoke cleared, the Saxon hoopsters found themselves down by 23 points. With their backs to the wall Alfred moved into high gear and begin lashing out at the surprised Bonnies. Frosh mentor, Joe Greene's use of a full court press and fine shooting by Focazio and Howie Gabe reduced the deficit to 10 points.

Ron Focazio head the Saxon cast, sinking long jump shots and one-handers. When the buzzer finally sounded, he was tied with Crawford for high scoring honors with 23 points. Howie Gabe was the other member of the slick backcourt combo. Playing fine defensive

ball and hitting well with his jump shot, he finished with a 14 point production, second for Alfred. This game can be added to the other fine jobs he's done since being made a starter.

Though Hank Landman's patented one-hander was not as sharp as usual, he chalked up a respectable 12 points. Mike Mishkin, led the Alfred starters in rebounds. Though he kept his shots down to a minimum, he managed to tank 10 points. Loren Eaton, though outsized by Herbert, also hooped 10 points to put all five Saxon starters in double figures.

Its never easy to write about a losing game but a St. Bonaventure's fan made me feel better when he said: "If the game lasted two minutes longer there would be a different story to tell."

The frosh cagers face a weak Hobart squad tonight and on the merit of the St. Bonaventure's game, they should be overwhelming favorites.

Intramurals

There will be a meeting at 7 o'clock in the Campus Center on Feb. 22 for all those interested in participating in intramural ping pong and checkers.

Psych Tests

The Miller Analogies Test will be given Saturday, March 12, 9:30 A.M., Room 7, in South Hall. Seniors who wish to take this test should notify Dr. William Anderson, Room 22, South Hall.

AU Matmen Bow to Ithaca College

by Larry Schecter

The Saxon matmen were beaten by the highly rated Ithaca grapplers last Saturday at Ithaca after beating Allegheny on the previous Tuesday.

In the Allegheny match John Gutierrez ran his winning streak to five; he decisioned the Gators' Al Coulter. In the 130 pound class senior Jim Tenzel was injured early in the first period and the match was forfeited. He suffered a dislocated elbow. Herb Oliver wrestled Gator captain Dave McChesney to a 2-2 tie. Captain Larry Wander and Ron Carmichael both won decisions from Loren Exley and Ernie Gaiser respectively. Going into the last match Al-

fred was down by a score of 15-11. Heavyweight Dave Daignault needed pin for Alfred to win. At 1:44 of the first period he pinned Ron Jones winning the match for Alfred.

On Saturday the three match winning streak of Alfred was broken by a powerful Ithaca squad; the score was 34-0. Gutierrez was finally defeated on a close decision by junior Bret Maverick. The Saxons' chances were greatly hampered by the loss of Tenzel, as coach Yunevich had a rough time moving the weights around. On Saturday Feb. 20 the Red Dragons of Cortland journey to Alfred to take on the Saxons at 2:30 P.M.
