ATTENTION OF CHAS. F. BINNS, DIRECTOR

Dear Sir:-

In reply to your letter of the 12th, we
would not consider our Ovens suitable for use as a pottery
kiln. We are not well posted on the work, however, and
it may be that they have been used successfully for that work.
We do not manufacture a regular pottery kiln.

Very truly yours,
The G. S. Blodgett Company, INC.
