My dear Professor Bims:

I am returning to you enclosed the outline submitted by Mr. X upon his return to Niagara Falls after his visit and conference with you at Alfred. I have had a copy of this very valuable report made, and know that it will be of some use to me in the future.

I wish to thank you for your kindness in this matter and to assure you that I will be on your heels many times in the future.

Very truly yours,

G. A. Bole.
