Dear Prof. Binns—

Your letter of
Nov. 14th has been forwarded
to me here.

I have read and re-
read Dr. Halloch's letter
and feel that I cannot
urge college students to
undertake Mission work
from the same motive
that Dr. Hallock emphasizes.
To go into from any selfish
motive, it seems to me, en-

sure failure from the first.
I have known plenty of faith-
ful, efficient missionaries
who have not acquired fame
for themselves.

China does offer great op-
portunities, however, and
if you wish me to speak to
the students from my own
stand point, on Dec. 14th
I will undertake to do so.

Very sincerely yours
Susie M. Burdick.
