AGS DEFEATED
Second Team to Score on Warsaw This Season

Friday, October 30, the team journeyed to Warsaw. Owing to the fact that the team left after eight o'clock there was not a very large crowd at the post office to see the team off; but those who were there did credit to themselves. Those who accompanied the team were: Coach Fisk, Manager Howard, Referee Howe, and Clarke.

Not even the continual drizzle could dampen their spirit. The trip was uneventful except for the occasional outburst of some melodious songster or a few cheers.

After the walk from the station to the restaurant, the team was given an excellent dinner, after which they took in the sights of the town.

Both teams were on the field in time to start the game at promptly 3:15.

This being the first game of the season, and also the first football game for several of the men in the line, they were naturally a little nervous.

Warsaw had the advantage of having considerable more practice and showed it by their excellent team work.

The first touchdown was made by Warsaw after about five minutes of play. They seemed to delight in pounding the left side of our line. It was by means of this continual left side pounding and the forward pass, which they had down to a science, that Warsaw made most of her gains.

Score at end of first half: Alfred 0, Warsaw 28.

In the second half the boys seemed to overcome their nervousness and played like veterans. They tightened up and held Warsaw almost to a standstill. This is evidenced by the fact that Warsaw only made one touchdown in the second half and that was during the first minute of play. After this they were able to take very few gains. Score at end of third quarter—Ags 0, Warsaw 35.

The last quarter was when the Ags showed their prowess, by the gains they made, especially in the open field running made possible by the "spread" play. Maure was the greatest ground gainer and it was he who intercepted a forward pass and ran 35 yards for a touchdown, the only one made by the Ags. Score at end of last quarter—Ags 6, Warsaw 35.

Warsaw has an unusually heavy team for a High School, averaging 170 pounds.

The Ags have the distinction of being the second team to score on Warsaw out of seven games. Warsaw, in three games before this, has run up something over 200 points to their opponents 0.

The boys had to do some lightning change work from their football togs to their clothes in order to catch the 5:50 train for Hornell. However, they made the mile and a half walk up the hill to the station in record-breaking time.

The boys took the defeat in a fine sportsman-like manner. It was remarked by some, to be the cleanest game they had seen in some time. This speaks well for both teams. The treatment accorded the boys was fine.

They arrived in Hornell at 7:30 and left for Alfred at 9:30 via "State Barn Stage," arriving at the post office shortly after midnight, a tired but happy bunch in spite of the defeat.

Maure distinguished himself by his open field running. Broad by his consistent tackling and line plunging. Griffin played most of the game with a twisted ankle.

The defeat by Warsaw probably did the team more good than harm. The boys had to do some lightening change work from their football togs to their clothes in order to catch the 5:50 train for Hornell. However, they made the mile and a half walk up the hill to the station in record-breaking time. The boys took the defeat in a fine sportsman-like manner. PROF. DEVOE MEADE TO LEAVE N. Y. S. A.

Prof. Devoe Meade, head of the department of animal husbandry of the Ag School has accepted a position at Cornell College of Agriculture and will leave as soon as a new instructor can be secured to fill his place.

Prof. Meade is to be instructor in animal husbandry at Cornell and at the same time will study for a Master's and also a Doctor's degree in agriculture. He will receive a substantial increase in salary, and is to be congratulated upon receiving such a good opportunity to complete his education.

During their stay in Alfred, Prof. and Mrs. Meade have made many friends and it is to be regretted that they are to leave. The Ag student body and the whole University extend their best wishes for success in the new position.

WARSAW DISPATCH CLAIMS VICTORY OVER VARSITY

A Warsaw dispatch to the Buffalo Express says that it was the University team which suffered defeat at the hands of the former high school. This mistake is often made by over-zealous high school teams and for the benefit of the alumni who may see such reports, it should be borne in mind that the college does not play preparatory schools. Any correction of such mistakes will be appreciated by the managements of the various teams.

MASS MEETING TONIGHT

A mass meeting will be held tonight at Kenyon Memorial Hall immediately after chorus. There will be some stirring speeches by the Coach and various members of the student body. The yells and songs will be rehearsed under the direction of the new cheer leaders.

Come and get the right spirit for tomorrow's game.

BIG BATTLE TOMORROW

Tomorrow at Hornell is to be staged the first big game of the football season when the Varsity meets Hobart College. This is the first time in the history of Alfred football that Hobart has come into our territory. The team has undergone a general shaking up since the Mansfield game with the idea of strengthening the line and increasing the speed of the back-field. Nothing will help the team more than to have every member of the student body at Hornell tomorrow. The special train will leave Alfred Station at 1:30. Bring your horns and banners and make SOME noise. Tickets can be secured at The Drug Store.

ASSEMBLY ADDRESS

Prof. Hart addressed the Assembly last Wednesday, her subject being, "Modern Problems of Ancient Rome." She gave a brief outline of the problems that confronted the late days of the republic and then enlarged on each by a comparison of conditions existing then with those that concern the United States today. The social, political and economic questions Prof. Hart explained as very similar, yet, she said, there are enough counterbalancing influences at work today to prevent for a long time, at least, a repetition in this country of Rome's failure.

NOTICE

Several of the more conspicuous Freshmen of the Ag School had best take swimming lessons if they are unable to swim, as they will need such knowledge unless a decided change in their conduct is noted within the next few days.

Go the Hobart game prepared to make more noise than you ever did before. Wear your colors, carry your banners and horns and demonstrate to the population of Hornell that Alfred is a live town.
The grand march. The hall was appropriately decorated with emblems of Hallowe'en mystery. Orange and black streamers were hung from the center of the room to the walls and corners and in their midst was suspended a huge owl. Apples were hung from the balcony and in the center of these were suspended a skull and crossbones. Black cats of all sizes pursued each other around the walls. The lights were masked with red and black crepe paper cut into jack-o-lantern faces and Chinese lanterns of a special Hallowe'en design furnished another source of illumination, the whole combining to produce a subdued and eerie light which added to the weird effect of the general scheme of decoration and costuming of the ghosts. Harvest decorations in the corners and upon the stage, where a world of witch and werewolf, and stone fence completed the Hallowe'en idea. Clever games and contests rapidly succeeded each other until the intermission for the refreshments, which consisted of assorted sandwiches, apple pie a la mode and coffee, with cider "on tap." After the intermission the remainder of the evening was spent in games and dancing. The committees are deserving of especial praise for the originality and successful execution of their plans. The girls certainly demonstrated their ability to "show the fellows a good time."

THE BRICK PARTY

On Saturday evening the "Brick Belles" entertained a goodly number of their male admirers at a Hallowe'en party. Masks were the order of the evening, nearly every nation of the world, and many individuals, being represented. The first number on the program was a "ghost story" which can only be appreciated by those who were there. Then came the grand march which was delightedly indulged in by all. After this was over, several went to find their fortunes, while others "Bobbed" for apples. This number was closely followed by "Skip,scamper, general dancing," after which refreshments were served in the Y. W. C. A. room. After supper the guests assembled in the hall and played "Jenkins up, Jenkins down." We don't know who got the quarter, but have an idea that either "Doc" Howe or "Fat" Babcock was the lucky dog. The next and last thing on the program was a hunting contest, the game being a ring, a penny, and a thimble. "Doc" Ayars found the ring, Rixford the penny, and Brainard the thimble. It's the "Idea" that makes the Program, Menu Card, or piece of Printing "snappy" you know. There are lots of good printers you know, but few concerns with clever "ideas." We furnish the "ideas." Try us.

UNIVERSITY BANK

Students are cordially invited to open accounts with us. The Banking Habit is a good habit to cultivate. The Bank stands for security and convenience in money matters.

D. S. BURDICK, President
E. A. GAMBLE, Cashier.
The Country Life Club wishes to thank Mr. and Mrs. Stillman for the kind invitation extended them to celebrate Hallowe'en at the Farmers' Club.

N. Y. S. A. CAMPUS

Mrs. C. O. DeBois entertained eight young women Saturday, the occasion being the birthday of Luella Puhl, N. Y. S. A. "Ted" Clausen dined at the R. I. U. Sunday.

Robert Broad spent the weekend at his home in Buffalo.

George Griffin was at his home in East Aurora over Sunday.

Prof. and Mrs. Meade were entertained at dinner Sunday at the R. I. U.

Director W. J. Wright was out of town Thursday, Friday and Saturday of last week.

Messrs. Woodruff and Robinson enjoyed a drive to Wellsville last Saturday.

N. Y. S. A. CHAPEL

Prof. Ivan Fisk had charge of the chapel exercises on Tuesday, October 27. He read a paper entitled "The Royal Road to Health." He gave in a very comprehensive manner an outline of general rules of health which everyone should remember. It would be greatly appreciated if a series of these lectures could be given before the Ag students.

Thursday, Oct. 29, Prof. Place gave a musical program at chapel. He was assisted by his daughter, who sang several solos besides singing with Prof. Place in duets. The hearty applause from the students showed how much the program was appreciated.

AG ALUMNI

Stanley Dunn, N. Y. S. A., '13, is spending a few days in Alfred. Mr. Dunn is now in the employ of the Leroy Salt Co.

Theodore B. Clausen, N. Y. S. A., '13, has been in town visiting his brother since Friday and will stay for the Alfred-Hobart game.

"Ted" has a fine position as official tester for a Cow Testing Association in Wyoming Co.

Mabelle Lamphere is visiting friends in Alfred for a few days, the guest of Mrs. Horace Griffiths.

William Thornton, N. Y. S. A., '12, and wife visited at the Ag School on Tuesday of last week.

Young Men! Gather Around!

You're going to see the smartest lot of clothes this fall that have ever been put together for the benefit of the lively young chaps in this town. They're just the things that college men will wear; but you don't have to go to college to appreciate the merits of such clothes. They're right.
