The end of the road

By John L. Dougherty, Jr., Bethel Editor

Friday night in the Forum, the last issue of the 1938-39 Forum will appear. We believe that in some small measure, we have won your friendship and confidence this past year, and we think that you will find this last issue true to the spirit of the past.

The Forum has been our effort to combine the best features of the Forum of other days with a more modern approach. The Forum of today is different in many ways from that of yesterday, but we feel that it is just as strong and just as vital in its own way.

We hope that you will enjoy this last issue as much as you did the others we have published. We would like to think that you will be able to use it as a basis for further discussion and debate, and that you will be able to use it in your own work and in your own lives.

Thank you for your support, and we wish you all the best in the future.
