We, the Upperclassmen, dedicate this handbook to you, the Frosh. We hereby welcome you to Alfred and hope that soon you will feel as much a part of it as we do. At first, the new "college" way of life will seem strange to many of you. Therefore, in this little book, we have presented what might be considered the introduction to Alfred life. After a short time, with increased participation in the various campus activities, the strangeness will pass and you will become one of us.

Throughout this book, there are many things you will need to know in becoming a part of Alfred. There are rules and regulations with which you should become familiar as well as much other information to help in your new campus relationships.

You will have cause to refer to this handbook often but if you feel that there are still things you do not understand do not hesitate to ask about them.

College, as you know, is the place to gain knowledge, and it is the purpose of the university to see that you do so. However, we also consider college as a place which will round out your personality, where you will become a more integrated, thinking individual.

Alfred is here to help you become this sort of person, but you must realize that the final responsibility rests with you. This is your challenge, Freshman Class. Go to it, and make us proud of you.

# WELCOME

## PRESIDENT'S WELCOME

To the Class of 1956:

I am delighted to extend personal and official greetings to you as you become students in Alfred University. You have been chosen for admission because you are well prepared to carry on college work successfully and because you have the qualities which will enable you to become good campus citizens.

We believe that you have chosen wisely in selecting Alfred University as your "college." Alfred is an institution which has long been recognized for the quality of its educational program. The University has much to offer you, but it must be remembered that what you get out of college will be largely up to you. The opportunities are here but the responsibility of deciding what you will do with them is yours.

Alfred's main objective is that of promoting the fullest possible development of its students as individuals and of preparing them to become intelligent, well-adjusted and responsible members of our present-day democratic society. The work in classrooms and laboratories, participation in extracurricular activities and informal contacts between faculty members and fellow students are all important in the accomplishment of our objective.

I know that you are coming to Alfred with high hopes. You may be sure that we will do everything within our power to assist you in the realization of these hopes.

M. ELLIS DRAKE  
President

## TRADITIONS HOMECOMING

Homecoming is usually the first big social event of the year. This is the time when all the grads return for a "big weekend", which includes an alumni banquet, a football game, fraternity and sorority open houses, and maybe a dance. The campus is flooded with strange beaming faces, and everywhere you look people are shaking hands and reminiscing. Their excitement is contagious, and soon the whole campus is buzzing!

## FALL FESTIVAL

(Nov. 12-14)

One of the main events on the Alfred Campus is the Ag-Tech Fall Festival, sponsored by the Student Council. The object of the Festival is an interpretation of the school to parents, educators, prospective employers, and future students.

Events for the festival include a special assembly program, an open house of the various girls' houses and fraternities, a tea dance, luncheons and exhibits of work done in various departments. The program is culminated with the Harvest Ball.

Each student enrolled in Ag-Tech is expected to take an active part in the week end festivities.

## MOVING-UP DAY

(May 7)

Moving-Up Day comes just about three weeks before finals. It marks the moving-up of one class to

the next, and the entire campus honors the out-going senior class.

In the University, a special assembly is held. The seniors appear in cap and gown, honorary fraternities tap new members, and the new class officers are introduced. A trophy is also awarded to the residence unit winning a step-sing contest, which is held on the steps of Kenyon Hall before the assembly. The day's events also include a pushball contest between Frosh and Soph men, a softball game between Frosh and Soph women, and a dance on the tennis courts.

The program differs for Ag-Tech students. After the step-singing contest, a special assembly is held at the Ag-Tech Gym. Outstanding students are recognized and appropriate awards are given. The afternoon features informal games and contests for men and women students, with cash awards given to winners. Following the games a buffet supper is served.

## ST. PAT'S FESTIVAL

(Mar. 20 - 21)

Every year for 18 years the campus has celebrated the birthday of St. Pat, the patron saint of engineers, with the fabulous St. Pat's Festival. The celebration begins with a parade of floats entered by various campus organizations and includes a tea dance, a Ceramic College open house, ceramic exhibits, and a play presented by the Footlight Club. A ceramic senior is chosen by the St. Pat's Board, which sponsors the festivities, to represent St. Pat himself. The high point of the weekend is the crowning of the St. Pat's Queen at the all-campus Ball, which always features a leading name band.

## WINTER CARNIVAL

The Winter Carnival, sponsored by the Alfred Outing Club, is usually held in February. With the cooperation of the weather man, skiing and skating contests, snow sculpture, a barbecue, and a Sno-Ball are planned. A queen is chosen each year, and she presents trophies to the various contest winners.

## OTHER DANCES

The Interfraternity and Intersorority Councils sponsor formal dances during the year. Interfrat is held just before Christmas, and the Intersorority Ball comes after rushing in the spring.

The various social groups on the campus plan closed and all-campus parties throughout the year. One organization in particular which sponsors social activities for the whole campus is the Union Board.

## THE BELLS

Whenever an Alfredian thinks of his campus, one of his first recollections is usually the bells. The Carillon, the only old world one in this country, was brought to Alfred from Belgium in June, 1937, and at the present time the collection includes thirty-five bells. It is hoped that the derrick-like structure which now houses the bells will soon be replaced by a stone tower. Carillonneur Dr. Ray W. Wingate gives Friday and Sunday afternoon concerts.

## THE "HELLO" COMMUNITY

Alfred prides itself on its friendly spirit. It has long been a custom to say "hello" to everyone, stu-

dents or townspeople, whether or not you actually know them. This tradition does a great deal towards increasing friendliness among students and between students, townspeople, and faculty members.

One situation which often confuses newcomers to Alfred is the fact that all stores, the Post Office, and the Bank are closed on Saturdays and open on Sundays. In no time at all, however, you will become accustomed to this.

## FORUM

Alfred University, realizing the value to be derived from a well-balanced series of cultural and entertaining programs, presents each year several Forum attractions.

All regularly matriculated students may attend these splendid programs without cost. The Forum committee is under the chairmanship of Prof. C. Duryea Smith III, head of the department of speech and dramatic production.

# SONGS and YELLS

## COLLEGE SONGS

### ALMA MATER

Nestled away 'mid the Empire State hills,  
'Neath the watch-care of sentinel pines,  
Where the murmuring song of the brook hums along,  
And a favoring sun ever shines;  
In a valley so fair where the forest trees share  
Dominion o'er hillside and glen,  
Stands the pioneer college of Western New York—  
Alfred, the mother of men.

— Chorus —

Hail to thee Alfred, thou guide of our youth,  
Sweet, benign mother, all hail!  
Sing out thy anthems of duty and truth;  
May thy clear ringing music ne'er fail.

She was founded in toil, cemented with blood,  
And nurtured thro' yearnings and tears,  
Her treasure the hearts of brave heroes who stood  
Undaunted throughout trying years:  
Each stone was a prayer and her battlements there  
Have mem'ries of purposes strong,  
Staunch daughters and sons are her monuments fair,  
And they lift up the grateful song.

— Chorus —

## SONG OF THE BELL

By the roaring, roaring banks  
Of the old Kanakadea,

    Oft I've lingered in the springtime long ago;  
While the waters rushed along,  
And the hills took up the song;  
    And a gentle voice was calling sweet and low.

— Chorus —

O, I hear the echoes ringing from the belfry on the  
    hill,  
    And the song inspires my heart to do and dare;  
    Calling me to love and duty, calling me to faith  
    and prayer,  
For the bell is ringing, ringing, ringing still.

## ON SAXON WARRIORS

On Saxon warriors,  
    The Purple and the Gold defend;  
On Saxon warriors,  
    Ever on like men.  
Crash thru the opponent's line  
    And victory will come our way  
Fight, fight for Alfred.  
    And she will win the day.

## OH, HERE WE ARE

Oh, here we are! Oh, here we are!  
    You see us marching down the street,  
You hear our cry: "To do or die,  
    We have the team that can't be beat.  
    We have!" (shouted)  
So give a cheer, a lusty cheer,  
    And let the echoes carry true,  
With a tramp, tramp, tramp,  
    And a stamp, stamp, stamp,  
For the team of old A. U.

## RAY RAY SONG

Way up in Allegany  
    'Neath the shade of sheltering pines,  
There stands a little college  
    That's for training noble minds,  
And when they get together  
    On the gridiron, field or track,  
You hear the students give their yell  
    And bring the victory back.

— Chorus —

Oh! Ray! Ray! Ray! Ray! Ray!  
    Hear the students yell,  
Ray! Ray! Ray! Ray! Ray!  
    Notes of victory tell.  
Oh! Ray! Ray! Ray! Ray! Ray!  
    Better move along  
When you hear the students  
    Sing their Ray! Ray! song.

Its main objective is the development of the qualities of leadership, friendship and service in its members through service to campus, community and the scouting movement.

## ALPHA TAU THETA

This is an honorary athletic fraternity for women at Alfred. Its aims are the development of loyalty to the ideals of true sportsmanship and the recognition and emphasis of worthwhile achievements in sportsmanship and leadership.

## BLUE KEY

The Blue Key is an honorary fraternity composed of upperclassmen, recognized for their character, scholarship, student activities, leadership, and spirit of service on the campus. As a service organization, the Blue Key welcomes visiting groups to the campus, arranges intramural athletic contests, and performs other services as occasion arises.

## ETA MU ALPHA

Eta Mu Alpha, honorary scholastic fraternity, has for its goal the promotion of better scholarship and keener interest in things intellectual among the student body. Only Juniors with a cumulative index of 2.4 and Seniors with one of 2.2 are eligible for this honor. Members are tapped at Moving-Up Day exercises.

## KERAMOS

Keramos is the national professional engineering fraternity. Its membership is composed of students from ceramic colleges throughout the country, and men particularly prominent in the field of ceramics. The principal object of the fraternity is to promote and emphasize scholarship and character in the thoughts of the ceramic students, to stimulate mental achievement, and to promote interest in ceramic engineering. Membership is based on scholastic record and interest in ceramics, and is the highest honor a student engineer can attain.

## PHI SIGMA GAMMA

Phi Sigma Gamma, the women's honorary fraternity of Alfred, was founded in 1925 to provide an incentive for achievement among the women students of the University. Each year those women who have best expressed outstanding loyalty to the University, personal character, scholarship, and service are elected to membership.

## PI DELTA EPSILON

The national honorary journalism fraternity is composed of a group of students who, by their constant endeavor to raise the level of the collegiate publications on campus, have shown their interest in an improved type of journalism. Members are selected after having served two years on some campus publication, showing outstanding ability during that period.

## PI GAMMA MU

The national honorary social science fraternity was brought to the campus in 1927 to awaken inter-

est and encourage underclass study in the field of social science. Membership includes a limited number of the faculty and upperclass members who must have an average index of 2.0 and 20 hours of study in the social sciences.

## RELIGIOUS LIFE

All student religious activity at Alfred is voluntary. This does not mean that the University Administration is indifferent toward religion. The University employs a full-time Chaplain and Director of Religious Activities, and Alfred's united religious program in which all denominations cooperate has been so successful that other colleges have studied or copied the Alfred plan.

The aim is two-fold: 1. to provide regular worship services of quality such as will awaken and expand the student's awareness; 2. to establish religious organizations which give students experience and purpose in controlling religious groups.

## TO AG-TECH FRESHMEN STUDENTS

### THINGS TO REMEMBER STUDENT COUNSELING

Each freshman student is assigned to a faculty counselor, with whom he meets at various intervals during his first term. Academic, social, financial and other personal problems are discussed in individual conferences and satisfactory solutions to the student's problems are sought with the help of the faculty member. Students should pick up their quarterly grades from the faculty counselor.

### FIELD TRIPS

Because the work at the Institute is closely related to the work of industry, it is the policy of the

school to take field trips to outstanding establishments closely related to the student on-campus studies. The students are required to pay their own expenses of these trips.

#### LANDIS LOAN FUND

A limited loan fund is available for needy students who have been in attendance at the Institute for one or more quarters. Such students may submit application for loan to the faculty committee for approval. They should contact the Dean of Men, Mr. T. A. Parish.

#### DROPPING OF COURSES

After the first two weeks of instruction have elapsed and the student wishes to drop a course, he must use the Course Change Permit blanks.

No course may be dropped after a four week lapse from the time instruction begins without loss of credit. **Exception:** A course may be dropped without loss of credit at any time provided the student is passing the course at the time and upon recommendation of the instructor and faculty counselor. If the student is failing the course at the time it is dropped, such a grade will be designated on the permanent record; otherwise, a grade of "X" is to be entered as evidence of no penalty.

## SCHOOLS and COLLEGES

## SCHOOLS AND COLLEGES

Alfred University had its beginnings in a select school which opened in the village of Alfred on December 5, 1836. This school was chartered in 1843 as "Alfred Academy" and in 1857 the New York State Legislature passed an act creating Alfred University. Courses in liberal arts and theology were instituted from which have evolved the present College of Liberal Arts and the School of Theology.

Near the opening of the present century the State of New York established two schools affiliated with the University. The school which is now the State College of Ceramics was established in 1900. This College is a unit of the State University of New York but is administered by the Alfred University Board of Trustees and is an integral part of Alfred University.

A second State school, now the State University Agricultural and Technical Institute at Alfred University, was established in 1908. The Institute offers two-year terminal courses in agricultural and technical fields and is a unit of the State University of New York.

In 1947 a Graduate School was organized which coordinates all instruction in the University on the graduate level.
