## *... traditions*

As much a part of Alfred as the coffee break and the noon mail are traditions such as —

### THE BELLS . . .

Whenever an Alfredian thinks of his campus, one of his first recollections is usually that of the bells. The Carillon was brought to Alfred from Belgium in June, 1937, and at the present time the collection includes forty-three bells. Additional bells were added in the summer of 1953, and the steel tower erected. Carillonneur Dr. Ray W. Wingate gives Friday and Sunday afternoon concerts.

### AND THE COMMUNITY . . .

Alfred prides itself on its friendly spirit. It has long been a custom to say "hello" to everyone, students or townspeople, whether or not you actually know them. This tradition does a great deal toward increasing friendliness among students and between students, townspeople and faculty members.

One situation which often confuses newcomers to Alfred is the fact that all stores are closed on Saturdays and open on Sundays. The reason for this is that many of the residents attend the Seventh Day Baptist Church. The bank is closed both Saturdays and Sundays. It is well to remember also that village stores are closed on Wednesday afternoon.

## Homecoming

October 15

Homecoming, the first big social event of the year is the time when many of the Alfred grads return for a "big weekend," including a football game, a buffet supper, fraternity and sorority open houses, and a general rehashing period of past escapades.

## St. Pat's Festival

March 17 & 18

Unique among campus events is the celebration of the birthday of St. Pat, the patron saint of ceramic engineers. The festival includes a jazz concert, a Ceramic College open house and ceramic exhibits. A ceramic senior is chosen by the St. Pat's Board, which sponsors the festivities, to represent St. Pat himself. The high point of the weekend is the crowning of the St. Pat's Queen at the all-campus Ball, which always features a name band.

## Parents Weekend

May 5, 6, 7

Parents Weekend, inaugurated in 1956, is planned to acquaint the parents with the various aspects of Alfred University. The activities of the weekend include a tour of the campus; dormitory, fraternity, and sorority open houses; and an intercollegiate athletic event.

## Moving Up Day

May 11

About three weeks before final exams is the day marking the moving-up of one class to the next and the honoring of the out-going senior class. A special student-faculty committee is already at work arranging the program which will include the annual assembly and step-singing contest plus the traditional dance, open houses, and push-ball contest.

### To the Freshmen:

On behalf of the student body, I welcome you to Alfred University. We wish each of you the greatest success in your four years on our campus.

You will discover that by the very fact you decided to go to college, you have accepted a challenge. You must have the proper abilities to meet this challenge, or you would not have been accepted at Alfred. No matter how important you were as a senior in high school, you will find that here you are, at first, but one of an amorphous group of almost four hundred freshmen. You will see in your class students from all backgrounds. You will find that the freshman who is quiet, unassuming, industrious, and anxious to do the right thing is the one who makes the grade, regardless of background.

The record you make as a freshman sets the pattern for your future years at college. Try to get a good start from the very beginning. Once you fall behind in college, it is very difficult to catch up.

Forget your past days in high school. As a freshman in college, you have a chance to begin all over again, or continue, as the case may be. The tools for an education are at our fingertips at Alfred. How we manipulate them becomes our business as students.

I wish you the best of luck in your endeavors. If I can be of any assistance to you, please feel free to contact me.

Jerry Pearlman  
President — Student Senate

## **Student Senate**

President — Jerry Pearlman

Alfred University students are governed by a campus body, the Student Senate, which is composed of representatives of all organized student groups. The Senate offers efficient service to the students whom it represents. Among the duties of the Senate are the running of annual campus elections, allocation of the campus budget, and promotion of good student-faculty relations.

## **NSA**

Coordinator — Patricia Baker

The National Student Association is a confederation of over 300 student governments of colleges and universities throughout the United States. It is student run and through individual campus representatives, it gives student governments the opportunity to evaluate student problems. The NSA provides many services to the Alfred campus each year.

## **Interfraternity Council**

President — Steve Chaleff

Coordinating fraternity rushing and activities is the function of the Interfraternity Council, made up of elected representatives of all the fraternities on campus. The Council is responsible for the pamphlets which the freshmen men will receive within the next few weeks regarding rules and regulations of rushing and introducing the Alfred fraternity system to the incoming student. The big social event of the year is the annual Interfraternity Ball held after tapping.

## **Intersorority Council**

President — Sue Lindsey

The Intersorority Council is composed of members from each sorority. The aim of the council is to maintain high-plane sorority life and intersorority relations within the college, to further intellectual accomplishment and sound scholarship, and to compile rules governing rushing, pledging, initiation and standards on Alfred's campus.

## **Women's Student Government**

President — Karol Edwards

The Women's Student Government, known as W.S.G., regulates the general conduct and hours of the University women through a system of rules made by their elected representatives. The Senior Court has the power to counsel and to take any action deemed necessary on all violations of the rules made by the W.S.G. These rules may be found in the W.S.G. Handbook.

## Campus Center Board

President — Mary Newton

The Alfred Campus Center was established to provide a recreational, social and service center for the mutual enrichment of University students, faculty and staff members, all of whom are active members of the Center.

The cafeteria and dining room are controlled by the University. A seven member Campus Center Board is responsible for planning recreational, cultural and social activities. The following rules are to be observed by all using their Center:

1. No food or beverage is to be taken into the lounge area.
2. Ash trays are to be used.
3. Common sense is to be used in the treatment of the furniture and facilities.
4. Magazines are not to be taken from the lounge.
5. Any campus organization may use the Center meeting rooms upon application at the Center.

## St. Pat's Board

Co-Chairmen — James Knapp, W. David Perry

The St. Pat's Festival is the result of many months of preparation by the members of the St. Pat's Board. These men, primarily juniors and seniors, are students in the College of Ceramics. The success of the weekend is the result of the Board's hard work and Professor Merritt's guidance and counsel.

## ATTENDANCE REGULATIONS

The faculty believes that attendance regulations should instill the qualities of courtesy, consideration and self reliance and have, therefore, adopted the following regulations.

1. Inasmuch as a student is responsible for all work covered in a course, it is essential for him to attend class regularly. Instructors check this attendance and report to the personnel deans whenever an undergraduate student is absent from the course three or more times. Excuses or notes concerning an absence never exempt a student from the work included in a course; however, the cause for an absence may properly influence an instructor in considering what aid to extend in preparing make-up assignments, examinations, etc.

Any faculty member or department can apply additional regulations for attendance in a course. This is done regularly for the courses in Military Science and Tactics, for Physical Education 1, 2, 3, and 4, and for Assembly in which attendance is handled in the manner of a regular course.

2. Two unexcused absences from assembly per semester are allowed. All excuses are submitted to the Dean of Men.

3. The department of physical education has special regulations governing required attendance and excuses for men and women.

4. If a student is absent from an announced one-hour quiz or a final examination and has not been excused because of official University business or illness, it shall be the decision of the Academic Dean and the instructor whether or not the missed quiz or final examination may be made up. The instructor should announce the time and place of finals to his classes to avoid the occasional absence from a final examination resulting from a misunderstanding or misreading of the printed schedule.

## 5. Attendance at ROTC Classes:

### a. General

University regulations applying to all class attendance apply also to ROTC classes. However, since much ROTC instruction is designed to teach a student facts or procedures he will require later at summer camp or on active duty, it is the student's responsibility to make up all ROTC classwork. Also, since ROTC cadets are constantly under observation and are being graded for leadership potential in addition to academic achievement, it behooves each cadet to be punctual and uniform in attendance and performance in class as well as in other military work.

### b. Absence from Class

(1) ROTC cadets who miss instruction or examinations because of absence from class will receive a zero grade until the work is made up.

(2) Advanced Course cadets will receive a deduction of two days' commutation of subsistence for each unauthorized class absence.

(3) Excuses will be presented to the instructor concerned who may or may not accept the excuse. All absences for which excuses are accepted must be made up by work outside the classroom at the discretion of the instructor.

(4) A cadet obtaining a medical excuse that states "Excused from marching," will attend drill periods, but will not be required to march.

(5) All absences will be recorded in grade record book by instructor concerned. An instructor may place any cadet on probation for excessive absences or failure to demonstrate suitable academic proficiency at any time during a semester.

(6) Any cadet whose attendance record shows over 3 absences for any cause may be called to appear before a Board of Officers who will examine the record to determine the validity of excuses and

to determine if the absences will affect the cadet's ability to successfully complete the semester with a passing grade.

#### PARKING REGULATIONS

Resident freshmen are not permitted to have cars on campus or in the village of Alfred. Campus traffic and parking regulations have already been distributed.

#### STUDENT MARRIAGES

Students who plan to be married are expected to observe the following regulations:

1. The personnel deans must be notified of marriage plans in advance.
2. The parents of both students must also be notified.
3. If college work is continued after marriage, and both students continue to live in Alfred, the couple must live together.

#### ELIGIBILITY RULES

A student "on condition" may not be permitted (1) to participate in any extracurricular activities (athletics, dramatics, music, etc.) or (2) to carry a full curricular load, or (3) to engage in any extra social activities, or (4) to engage in any combination of (1), (2) or (3). Whatever the nature of "the condition," its main objective is to assist the student in gaining or regaining the requisite academic standing in the shortest possible time and in a way that will do the student the most all-round good.

#### INSURANCE

Alfred University does not carry insurance protecting the personal effects of dormitory residents against fire and similar hazards. Students are urged to consult with their parents to make certain that there is proper coverage.

Alfred University had its beginnings in a select school which opened in the village of Alfred on December 5, 1836. This school was chartered in 1843 as "Alfred Academy" and in 1857 the New York State legislature passed an act creating Alfred University. Courses in liberal arts and theology were instituted from which have evolved the present College of Liberal Arts and the School of Theology.

In 1900 the State of New York established a school affiliated with the University. The school became in 1932 the College of Ceramics. This college is a unit of the State University of New York but is administered by the Alfred University Board of Trustees and is an integral part of Alfred University.

In 1953 the School of Nursing was established. This school grew out of a Cadet Nursing Program which began on campus in 1943.

In 1947 a Graduate School was organized which coordinates all instruction in the University on the graduate level.
