Aaron Kennell, son of Jo Ellen Sylvester Kennell and grandson of longtime Alfredian Janice Sylvester, now of Kissimmee, FL, found himself in this precarious predicament while visiting Trafalgar Square in London. While Aaron was reading some news from Alfred, it appears this character wanted Aaron's copy of The Alfred Sun.

Alfred ready to celebrate ‘da dog’

ALFRED--Tradition is set to continue as Alfred University and Alfred State College prepare to welcome students and residents from the village and surrounding region to the 38th annual Hot Dog Day(s) events, Friday-Saturday, April 23-24 in the village of Alfred. The celebration, organized by AU and ASC students, is a fundraising event for local charities in Allegany County.

Hot Dog Day features foot-racing and walking, arts and crafts, magic and music, carnival games, and of course, hot dogs!

It all began in 1972, the brainchild of two students. Thirty-eight years later, what has become the traditional beginning of spring in Alfred is still a student-run event.

The action begins Friday with the Pine Hill Derby beginning at 5:30 p.m. at the Pine Hill Suites at the north end of the Alfred University campus. Watch your favorite engineers race their hand-created “vehicles” then head downtown for an ice cream bash at 6 p.m. in the Alfred Village Fire Hall, Main Street. At 8, the Alfred University Concert Band will play in Holmes Auditorium, Harder Hall on the Alfred University campus.

Back on Main Street, the tribute band “Fleetwood Macked” will perform at 9 p.m. at the Village Bandstand, the film “Avatar” (\$) will also be shown from 8 to 10 p.m. at Alfred University's Nevins Theater in the Powell Campus Center.

Saturday's events will start early with a Fun Bun Run/Walk at 10 a.m., starting at the Village Bandstand. Participants may register at: <http://www.alfred.edu/pressreleases/viewrelease.cfm?ID=6066>. Cost is \$5 for students and \$10 for all others. There will also be registration on the day of the event be-

ginning at 9:15 a.m.

Groups for both the walk and run will be broken down into 12-14 years, 15-17, 17-24, 25-30, 31-40, and 41 and up. Headquarters are at the Alfred Village Bandstand.

The annual Hot Dog Day Parade will begin marching at noon on Main Street, which will be closed to traffic until 5 p.m. Participants should line up at 11:30 a.m.

The Hot Dog Day Carnival and Arts and Crafts Fair will run from noon-5 p.m. on Main Street where there will be art vendors, food trucks, carnival games, and amusement park rides. There will also be a bandstand concert during the same hours at the Village Bandstand featuring a number of student and local bands.

At 1:30 p.m. there will be the hot dog launch on Tucker Field on the Alfred University campus where student teams will see who can launch a hot dog the furthest using home-made devices. The team with the hot dog landing the greatest distance from the launch site wins a trophy.

A Hot Dog Day tradition, Mud Olympics, is scheduled for 2 p.m. on Tucker Field. Student teams get down and dirty in the mud playing volleyball, tug-of-war, and racing wheelbarrows. The winning team is awarded t-shirts. Teams can sign up at the Powell Campus Center Information Desk on the AU campus.

Saturday's activities will conclude with Wade Live! a magician who will perform at 9 p.m. in Holmes Auditorium on the Alfred University campus. Wade Live! is a dynamite magic show that uses a combination of music, live animals, comedy, and theatrics. Admission is free.

OBITUARIES

BETTY SPRING BROWN
Known for her beautiful garden
WEST ALMOND--Betty Spring Brown, formerly of Route 244 in Belmont, passed away on Thursday, March 4, 2010 surrounded by her children, grandchildren in her home in West Almond from a massive aneurysm.

She was born on May 20, 1926 to Reginald "Rex" and Violet Baker Spring in Cuba.

Betty was well known for her beautiful garden on Route 244, her vast knowledge of herbs, birds and, her greatest joy, preserving the produce she grew. She enjoyed creating and giving away the most unique felt ornaments, which took hours of sewing beads and sequins; each year they got better. She possessed a unique perception of life that her family is proud of, and she will be greatly missed by those whose life she touched.

She is survived by daughters Paula (Jerry) Van Dyke of Belmont and Joy Linderman Stuart of Almond; sons Steve, Jack, Rex and Josh Brown; grandchildren Tré (Lisa), David (Miranda), Jason (Erika) and Mike (Cammi) Van Dyke, Elizabeth (Mark) Rice, Jennifer (John) Lombardo, Erok (Chelsea) Van Dyke, Titus, Christy and Tim Brown, Joshua Paul and Melissa Brown, Jamie and Christopher Stuart; her sister, Harriett Spring Cleveland; 1 niece and 3 nephews; 24 great-grandchildren.

A private burial was held on Monday, March 4. Her family requests that all who knew and loved Betty to celebrate her joy of life with them on May 30, at her daughter Paula's house. A reminder will be printed in May.

Friends may make memorial contributions to Angelica Rescue Squad, PO Box 154, Angelica, NY 14709 or Homecare & Hospice, 1225 West State St., Olean, NY 14760.

DUNCAN THOMAS GRAY

Former Alfred resident
HALIFAX, NOVA SCOTIA--A memorial "gathering" will be held from 6-10 p.m. Friday, April 23 at Shining Waters Marina, 148 Nautical Way, Tantallon, Nova Scotia, for Duncan Thomas Gray, who died recently. Born in Bristol England

on April 5, 1951, Duncan lived in Alfred from 1953 to 1968 and attended Alfred Almond Central School.

Duncan was a naturalized American, growing up in Alfred and later became a landed immigrant of Canada. He will be deeply missed by his wife of 37 years, Elizabeth (Kent) and their daughters, Heather, Suzanne and Erin.

Duncan was a dreamer, an inventor and a devoted family man. His love of life was even more evident after he retired from MT&T in 1999. For him, everyday was a Saturday. In the winter you could usually find him in his workshop or on the ski hills; but in the summer, if you couldn't find him in the yard, a glance down at the wharf would tell you that he was out on the Bay in his boat. He built not only his house, but a home for his family and a place of comfort for anyone who wanted to be a part of it.

Always one to crack a joke, he never lost his sense of humour - a legacy his family and friends are trying to carry on. His devotion to building the St. Margaret's Bay community began over 35 years ago through baseball, hockey, recreation and youth groups.

His presence on the soccer field will be a great loss to the hundreds of players he has coached and those he played with over the three decades that he was involved in the game. Though we lost him too soon, he was happy and doing something he loved - away with his team at a soccer tournament.

We are so grateful for the support and arrangements made by Ronald Walker Funeral Home. Our gratitude also goes to George Athanasiou for making the impossible possible; and our treasures friends, too numerous to name, but each in our hearts forever.

As per Duncan's wishes, there will be a "gathering" for family

and friends to come together to share memories and stories at Shining Waters Marina (148 Nautical Way, Tantallon) on Friday, April 23, from 6-10 p.m. Because of Duncan's love of children and sport, the family would like to encourage people to make a donation, in his honour, to KidSport Nova Scotia, 5516 Spring Garden Rd., 4th Floor, Halifax, NS B3J 1G6.

On March 10, 2010, Congress awarded Congressional Gold Medals to the WASP (Women Air Force Service Pilots, sometimes referred to as Women Auxiliary Service Pilots). As a niece of a WASP, Yvonne C. "Pat" Pateman, (she died in 2004), Mary-Lou Cartledge and 3 women cousins representing 5 branches of Pateman siblings were able to attend this special service. It was held in the U.S. Capitol Building, in Emancipation Hall (or Hall of Statues) as the number attending was too large for the rotunda where this ceremony is usually held. Together with my cousins, we represented the states of NY, NJ, VA & TN. Thankfully, Mary-Lou was able to stay with her NJ cousin for the weekend of March 13 when the Newark airport was closed due to the 'Nor'easter storm with high winds and 5 inches of rain over the three day period.

A memorial service will be held on at 2 p.m. Saturday, May 1, 2010 at the Alfred-Almond Bible Church in Alfred in remembrance of Joseph Amato, formerly of Alfred Station. A reception will follow the service. Mig and Jay hope you will attend and share your memories of Joe.

Hot Dog Day a big event for charities

ALFRED--Hot Dog Day, the annual rite of spring in the Village of Alfred, is much more than just another street festival. It raises money – serious money – for area charities.

This year's Hot Dog Day is Saturday, April 24.

"Over the past 10 years, from 1999 to 2009, the Hot Dog Day Organizing Committee (which draws its members from both Alfred University and Alfred State College) has given more than \$75,000 to charity," noted Patricia Debertolis, assistant dean for new student programs at Alfred University.

It's hard-earned money, nothing that comes in large amounts, Debertolis explained. The food

vendors give the committee 15 percent of their gross sales; art vendors pay \$55 per space to set up shop. The committee receives some funds from the sale of its official T-shirts.

To boost its revenues – and to create a more exciting event for visitors – the committee is constantly seeking to add vendors. Debertolis said she anticipates more than 50 art vendors, up from 25 just a few years ago.

Recipients of this year's Hot Dog Day proceeds will be the Alfred Box of Books, Alfred Boy Scout Troop 19, the Allegany County Mental Health Association, the Alfred Montessori School, the Hornell Area Humane Society, the Genesee Val-

ley Habitat for Humanity, the Alfred Station Fire Department and the A.E. Crandall Hook and Ladder Co.

Warm your chocolate-loving heart!

Here's another recipe to warm your chocolate loving heart. It is a little more work than last week's, but well worth it. It is deliciously gooey and can be a spur-of-the-moment dessert because you probably have everything you need in your pantry.

This recipe is from Southern Living's 2009 Annual Recipes published by Oxmoor House.

Hot Fudge Brownie Cake

- | | |
|--------------------------------|-----------------------------|
| 1 c. flour | 3 T. vegetable oil |
| 2 T. unsweetened cocoa | 1 tsp. vanilla |
| 2 tsp. baking powder | ½ c. packed lt. brown sugar |
| ¼ tsp. salt | ¼ c. unsweetened cocoa |
| 1¼ c. sugar, divided | 1½ c. boiling water |
| ½ c. milk, at room temperature | whipped cream or ice cream |

Preheat oven to 350 degrees. Stir together flour, next 3 ingredients, and ¾ c. granulated sugar in a large bowl; stir in milk, oil, and vanilla. Spread batter in a lightly greased 8-inch square pan. Combine brown sugar, cocoa, and remaining ½ c. granulated sugar in a small bowl; sprinkle over batter in pan.

Using a spoon, gently drizzle 1½ cups boiling water over batter, being careful not to disturb layers. (Do not stir.) Bake for 45 minutes or until a cake layer forms on top and layer springs back when touched. Let cool on a wire rack for 25 minutes. Serve warm with whipped cream or ice cream. Serves 8.

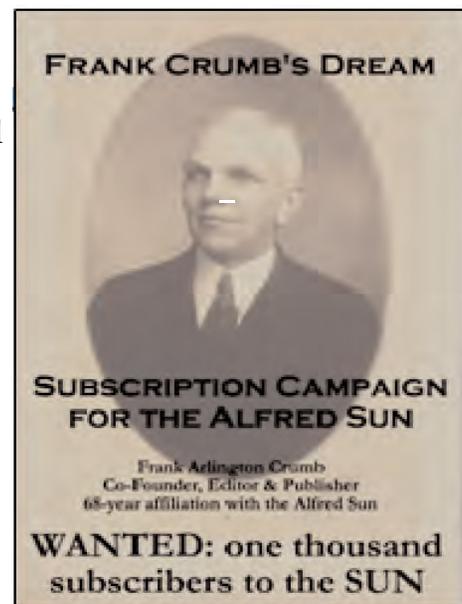

Quite frankly, we want to keep the dream alive.

Back in 1884, a simple item appeared in the Alfred Sun that said, "Wanted, one thousand subscribers to the Sun."

That goal suggested by Sun co-founder and legendary Editor and Publisher Frank A. Crumb, was met before the new millennium. But now we'd like to keep the dream alive. So we've set a goal of 125 new subscribers to mark the SUN's 125th anniversary.

During Frank Crumb's Dream Campaign, we offer new subscribers 13 months for the year's subscription price of \$27 (\$30 outside of Allegany County). That's \$25 off the news stand price. And you'll read hometown news and interesting stories found nowhere else!

If you would like to help keep Frank Crumb's Dream alive, send your name and address or that of a loved one with check payable to "Alfred Sun" to: Frank Crumb's Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802. We thank you and Frank thanks you!

Support the Op Shop

Dear Editor:

I read with interest your article about the used clothing donation drop off shed recently installed at the Almond Union of Churches. I realize this was done to help others and is a very humanitarian effort. But, I also am somewhat concerned for the clothing donation sites that are already in our area.

Some that come to mind are the Salvation Army in Hornell, the Opportunity Shop (Op Shop) in Alfred, a group in Andover and I believe, a church in Hornell. There probably are more that I don't know about. Also, groups like the 20th Century Club Library collect good used clothing for their annual Election Day Sale. These donations are used right here in this area and are very much needed and appreciated.

The site I am most informed about is the Alfred Op Shop, run by the 1st Alfred Seventh Day Baptist Church every Tuesday from 2 to 6 in their Parish House (across from the Alfred Village Hall). This was started almost 30 years ago and has enabled the church women (who built the building over 100 years ago--own it, and are in charge of its upkeep) to pay for the utilities and upkeep.

This hall is not only used by the Seventh Day Baptist Church but the Friends (Quakers) meet there on Sundays, several clubs

such as the Amandine Club, Wee Playhouse, Scouts, etc. hold meetings here. Without the donations we receive to resell we would have to close. We also pay NYS sales tax on our sales.

We open our doors to any one who needs help--because of fire, personal disasters, etc. and let them take whatever they need at no cost. We also send coats and warm clothing to homeless shelters in Rochester and Buffalo each winter.

Help others, but please, think about the needs in our own area--and continue to support us too.

Thank you,
Patricia S. Curran

Oppose wind turbines

Dear Friends and Neighbors,

We are writing to inform you of Empire State Wind Energy's plan to install industrial wind turbine generators in Alfred. It seems that many people in town may not be aware of the size of the project and the impact it will have on our community.

We have been learning about this project at the monthly Wind Energy meetings held at the Village Hall. These meetings have been very informative since many individuals have shared their research and experiences with similar projects in other communities. Presenters at each meeting have been extremely knowledgeable and presented facts relating to the impacts on the environment and landscape, health and quality of life issues, economic and property value considerations, noise and other long term effects.

While we support Green Energy initiatives, research and facts we have discovered make it very clear that Alfred is not an appropriate site for an industrial wind farm of this scale. Keith

Pitman of Empire State Wind Energy Corporation stated that industrial turbines are being considered for location on Alfred State College land as well as on private property in Alfred. It is estimated that roughly 20 wind turbines will be constructed, along with access roads and other necessary infrastructure.

When they are built, the size and location of these turbines puts them all in our backyards for at least the next 30 years. They will be lit at night according to FAA regulations with red or white strobes that flash simultaneously. Though sound may not seem to be as much of an issue for those who are not closely situated to the turbines, it very well may be. Studies have shown that long distance sound propagation is influenced by meteorological factors. Wind turbine noise can be trapped between the ground and layers of air currents in the atmosphere, allowing the sound to travel as though through a cylinder - without dissipating normally.

Along with many other property owners in Alfred we are concerned about the negative impact that industrial wind turbines will have on our property values and quality of life. On the national level, we wonder how building an industrial wind power generation facility in a location with a wind power classification of "marginal" will curb our national energy dependence on fossil fuels. It seems to us that locally scaled initiatives that power the community directly are the way to go.

We understand that each individual needs to arrive at their own viewpoint regarding this issue.

As reported in the Hornell *Evening Tribune* this week: "Alfred town board member Mary Stearns spoke to the group about the status of the [wind] law. Stearns said the town adopted the draft law and is awaiting approval by the town attorney. Stearns said because it changes zoning ordinances, the law may need a State Environmental Quality Review before it can be passed."

We do not feel there has been sufficient planning put into this law. We urge you to push the Town Board and Planning Board to put a moratorium on all industrial wind projects until a law can be written that is appropriate for our community. Please consider writing a letter stating your position to the following:

We plan to attend the next Town Planning Board Meeting on Thursday, May 6th and the Town Meeting on Thursday, May 13th and hope you will join us. To get on the Community Wind Energy Meeting email list contact alfred.wind.meetings@gmail.com

Thank you for your time and consideration.

Best gov't governs least

Dear Editor,

"The government that governs best governs least." Thoreau, Paine, Jefferson, Reagan, regardless of the author, the truth of the statement stands.

The thing I fear the most is the loss of freedom. Government at its best can protect and preserve freedom and at its worst can kill and destroy hope and prosperity.

Our constitution was written to strap down the government. Take away the gluttonous desire of man to control and lord over their subjects. This is why it is so important to have in place justices that see as their goal interpreting original intent.

Constitution. Article 1, Section 8, Paragraph 3 states: "(The Congress shall have power) to regulate commerce with foreign nations, and among the several states, and with the Indian tribes..."

The Articles of Confederation did nothing to stop states from erecting trade barriers between each other, so the Constitution sought to correct this error through the commerce clause.

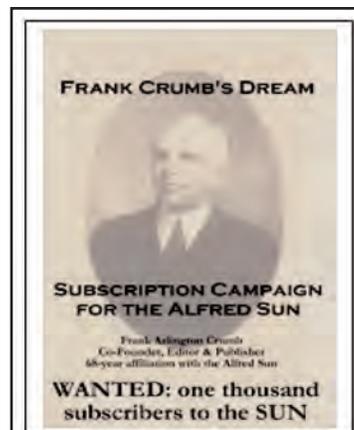

If the founders felt so oppressed that they took up arms against King George, how can you draw the conclusion that the commerce statement was intended to give the government so much control? The Constitution, remember was meant to regulate the government.

Now with the liberal interpretation of the commerce clause, the government seeks to force everyone to buy health insurance. Can anyone really wrap your brain around any understanding of this clause that could possibly draw the conclusion that the founders intended this?

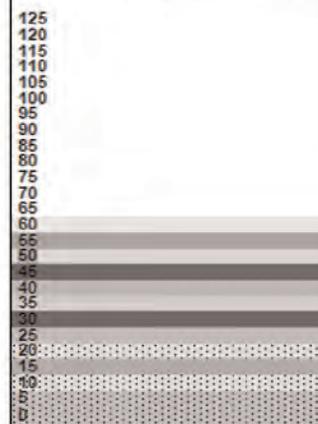

The constitution is not a living, breathing document. It was written from the perspective of a people realizing the need for government, but for the people and of the people.

If we have learned nothing over the past year, I hope we realize that elections have consequences. You do not elect a person, you elect a philosophy. The philosophy you elect brings with it all the ideologs that spend their days conspiring to bring forth the tenants of their world view. Sadly, the philosophy also nominates Supreme Court Justices.

Keeping the Dream Alive

Frank Crumb's Dream

Subscription Campaign Update

65 down, 60 to go

Back in 1884, a simple item appeared in the Sun that said, "Wanted, one thousand subscribers to the *Alfred Sun*." It's been 125 years since legendary Sun Editor Frank A. Crumb, who was with the *Sun* from 1883 to 1951, set the millenary goal.

Not knowing of Frank Crumb's Dream, I, too, had set a goal of 1000 subscribers when I joined the paper in 1976. That goal was finally reached in January 1999. But we want to keep the dream alive.

The late Eugene T. Van Horn, who owned the newspaper from 1951 until 1973, told us one time that circulation peaked in the 1960s at 700. It's now over 900. We've added 65 new subscribers since Jan. 1, 2009.

We encourage our readers to give a subscription to the *Alfred Sun* as a gift--it keeps giving week after week, all through the year. During Frank Crumb's Dream Campaign, we offer 13 months for the price of \$27 (\$30 outside of Allegany County). That's \$25 off the news stand price. And you'll read exclusive hometown news and interesting stories!

We think the *Alfred Sun* is like a weekly letter from home. If you would like to contribute to Frank Crumb's Dream, send your name and address or that of a loved one together with your check payable to "Alfred Sun" to: Frank Crumb's Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802. Happy reading!

 Allegheny County Legislator

COUNTY GOVERNMENT NEWS

I recently received a request that I provide articles that are more oriented towards "news" than my recent articles. I have considered that, and decided to give it a try. I have hesitated to write "news" type articles. First, I am somewhat intimidated at following in the steps of Dr. Robert Heineman who wrote such articles for many years. I will not be able to match his cogent and incisive writing. Second, I am a participant in many of the matters I will be reporting on. That will inevitably color my observations and viewpoints. Finally, capable reporters are already providing such coverage in "daily" newspapers serving Allegany County. My articles may simply duplicate their coverage. Time will tell whether this was a wise decision.

The Board of Legislators held its regular monthly meeting on April 12. All 15 Legislators were present. District Attorney Terrence Parker and Crime Victims Coordinator Shannon Ozzella reported on the Child Abuse Safe House and read a Proclamation that April is "Child Abuse Awareness Month". Board Chairman Curt Crandall proclaimed the week of April 18-24 as Crime Victims' Rights Week in Allegany County. Lynne Palmiere and Carrie Whitwood from the Allegany/Western Steuben Rural Health Network made a presentation regarding National Healthcare Decisions Day. Chairman Crandall proclaimed April 16 as Healthcare Decision Day in Allegany County.

Most of the meeting was spent considering various resolutions. Most of the resolutions were routine involving such things as confirming the appointment of Frederick Sinclair to the Southern Tier West Regional Planning and Development Board, correcting errors on the 2009-2010 tax assessment rolls, transferring funds between various budget accounts, leasing surplus county lands to a local farmer, and ratifying routine contracts. Those resolutions generated little comment and were unanimously adopted.

Two other resolutions were more controversial. One resolution supported State Senate Bill S6962 seeking repeal of a "Cost Recovery Assessment" imposed by NYS against local Industrial Development Agencies. This assessment had nothing to do with any cost recovery, and was just another attempt by the State to raise revenue from local governments. This resolution was passed, 14-1.

The most controversial resolution involved a lease with the First Baptist Church of Belmont for county use of their parking lot on Court Street. The Baptist Church has graciously and generously permitted the County to use its parking lot for more than 20 years without payment or compensation. Most of the Board felt it was time for this oversight to be corrected. Legislator Ungermann offered a lengthy commentary attempting to link this lease with the Courthouse Project. He accused various individuals, including County Attorney Thomas Miner, Special Counsel Daniel Spitzer, and myself of various types of misconduct involving the lawsuit brought by his group. He concluded by calling on the Board to stop the Courthouse Project. Notwithstanding his comments, the Board approved the lease. Legislator Ungermann cast the only nay vote. Not surprisingly, I disagree with Legislator Ungermann. I will save my detailed response for another setting. I found it significant that Ungermann could not persuade any other legislator to support his position.

The Board also considered three new resolutions that had not been pre-filed. All three were approved. One resolution opposed implementation of "Leandra's Law" which requires interlock devices on vehicles owned by those convicted of DWI. This law requires the County to pick up the expense of the interlock devices. The

Board objects to imposition of another unfunded State mandate. Another resolution demanded that the State use money collected on cell phone bills for 911 service to actually fund such services. At present less than 10% goes for that. The rest is grabbed by the State. Finally, the Board unanimously asked Governor Paterson to call a special election to fill our vacant Congressional seat. We should have a vote in Congress.

Finally, the Board considered and approved the audited County bills by a 14-1 vote. Next regular session of the Board will be held at 2 p.m. Monday, Aug. 26.

Snyde remarks

By DAVID L. SNYDER
Editor and Publisher, *The Alfred Sun*

It was all a spoof. Everything on the front page of the April 1, 2010 issue of this newspaper was published for fun. The story about a theme park being built on Jericho Hill was a big lie. The story that said this newspaper "was found to be the top newspaper at the NYPA Spring Convention" was, in fact, accurate; but misleading. Given the feedback received, I have learned a few things from our readers about our readers.

First, one could draw the conclusion that either readers of this newspaper are extremely gullible or they find this newspaper to be a credible source of community information. If the latter is true, in my mind, that can't be surpassed in value than any Better Newspaper Contest award.

Mary-Lou Cartledge wrote to tell me that when she went to the calling hours and funeral for Arlene Roberts, "one corner of the room was all a buzz about the millionaire who was planning to build a fun park on Jericho Hill."

"I had noticed *The Alfred Sun* had two front page banners and then looked at the front page again and noticed the banner said Alfred Fun and April 1st and knew it was an April Fool's joke, which I mentioned to that 'buzz' group," Mary-Lou continued, "Some of us agreed that it was too bad our special paper didn't win the newspaper 'contest' even if it was tops in its pile."

Second, our readers have varied opinions about community values and this area's "sense of place." Several called this newspaper, curious about where they could find "the rest of the story" about the theme park that they knew would wreak havoc with their quiet, peaceful existence here in rural Allegany County. Yet others called because they were excited to hear of a development that might boost the local economy and offer jobs for our young people, and wanted to read more about the exciting news.

We all have our personal perspectives and/or biases that no doubt enter into the life of our community. It is important that they be given opportunity to be expressed and heard. One of the primary purposes of this newspaper, in an attempt to fulfill its mission of "building community," is to provide an open forum for the exchange of ideas and opinions. We welcome letters to the editor!

And finally, I learned that this newspaper has loyal readers who, despite the April Fool's spoof, still think their hometown newspaper is worthy of being found to be "the top newspaper." And, so as not to disappoint them, I am happy to report that *The Alfred Sun* was also recently found to be the "top newspaper" among the recycled paper at the Alfred-Almond Transfer Station, as pictured below.

'Bump the Dump' celebrates 20 years

By GUDRUN SCOTT

Special to the *Alfred Sun*

BELFAST—Belfast Community Center was filled to overflowing with residents of Allegany County and beyond on Saturday, April 10, celebrating the 20th Anniversary of keeping the nuclear dump out of this county. The free event lasted all day and into the evening with food and music and speakers.

Speakers included the Honorable John Hasper, who was Chair of the Allegany County Legislature in 1990 and later was Assemblyman and then Deputy Secretary of State under Governor Pataki. He said that one of the great accomplishments of this county was how we all organized to win this fight using peaceful methods of cooperating, respect, education, science and art and community.

The Honorable Curt Crandall, current Chair of the Legislature, read a proclamation that had been approved by the current legislature honoring all citizens who kept the radioactive dump out of the county. Attorney David Seeger of Buffalo who represented the citizens at that time spoke now also and said that "this proved that you can fight city hall" It resulted eventually in a United States Supreme Court decision in 1992 that declared the federal law of 1985 for each state to take title for radioactive waste created by private industry including the nuclear power industry as unconstitutional.

Now, twenty years later, was the first time that the riders on horseback who challenged the

several dozens of New York State troopers on the remote road in Caneadea on April 5, 1990 were publically honored. Many believed that the unexpected appearance of riders on horseback made a difference in keeping the siting commission off the private land where they were not wanted.

Carl Root (pictured at right in the photo) was wrestled off his big Belgian work horse by the troopers twenty years ago. His father Francis Root offered the expensive and well trained Belgians. A grand jury acquitted Carl and one other rider who was also removed off his horse by the troopers. Both were acquitted of all charges. Laura Root also rode a horse and held a huge American flag in her hand along with the reins. Current Bolivar Town Highway Superintendent Brad Schiralli was also a rider. Glenn Zweygardt was the leader of the 13 riders on Belgian work horses and saddle horses. He is art and sculpture professor emeritus at Alfred University. Glenn and others are forming a committee to explore building a monument in honor of the event.

For those who moved to the area recently, there is a special collection of the struggle lasting over 18 months at the Herrick Library of Alfred University under the guidance of Laurie McFadden. Also, the book titled *Linked Arms* by Thomas Peterson, professor at Alfred University, was published in 2002 and is available at most local libraries and also for sale at the Alfred University Bookstore.

The book was highly praised at the celebration by several speakers.

A quilt was done by 25 local persons together. It is titled "Nuclear Blues" and it is stored at the Alfred State College Hinkle Library and it has traveled to the New York City Folk Art Museums amongst several exhibitions. A DVD by Kevin O'Shaunessy titled "My Name is Allegany County" along with CDs of the music created at that time will be sold in local stores to raise money for a monument to be created.

Howard and Cheri Appell of Filmore organized the celebration. Tom Barber of Belfast and Kathryn Ross and Barbara Williams of Wellsville, Fred Sinclair of Ward and Gary Lloyd of Alfred and many others helped also.

Howard is a journalist and he and his wife are also musicians of the band formed during those years going by the name "bands against dumps in the state." The short name is B.A.N.D.I.T.S.--not to be confused with bad guys--they are good guys along with many other citizens of Allegany County.

Trumpet soloist started playing when he was nine

By **ELAINE HARDMAN**
Alfred Sun Reporter

ALFRED-- Trumpet solos abound in the next concert for Alfred University's Symphonic Band - 8 p.m. in Harder Hall on April 23rd. The guy behind those solos started playing trumpet when he was 9 years old - Alejandro Miranda-Bermudez.

At his Spencerport Elementary School, students were welcomed into the instrumental music program in fourth grade. Alejandro's parents asked him if he was interested.

"Sure," he announced and so he met Mr. Rossiter to start.

Mr. Rossiter asked Alejandro what he'd like to play and the answer was, "Trumpet."

There was no enticing Alejandro with trombones, saxophones or percussion toys. Alejandro wanted a trumpet because it was, "loud, noisy and sounded awesome". Decision made, on trumpet he started and on trumpet he stayed.

He played in symphonic bands from the start and in 8th grade joined the jazz band. Spencerport is a large school with 4 elementary bands and then a couple of middle school

and high school bands as well as a choice of jazz bands - tiered levels of difficulty with seatings based on try outs.

Alejandro made it into the groups with more demanding music and stayed at that level traveling around the country to perform which is interesting because he claims to be "a little lazy" and says his parents "made" him practice. Looking back, he's glad they did.

After high school, Alejandro thought he would go to his "top pick" - Fredonia - but appeased his parents with a visit to Alfred University and that was it. With the same certainty that he became a trumpet player, he selected Alfred. He says he can't pinpoint why Alfred felt so right. (Maybe during that campus tour he found the campus to be loud, noisy or awesome.)

The AU choice was in no small part because of the Performing Arts program. He could play in performance groups without having to major in music. At the time he knew that he wanted to keep music in his life but not as the focus of his study.

During his 4 years on campus,

Alejandro spent a lot of time in the Miller Center and grew to appreciate the professors. "The people in Miller are great. You couldn't ask for a better faculty," smiled Alejandro. "Dr. Foster is an awesome professor and it's been great learning from him.

Alejandro has gotten to know the professors in Miller because somehow this self-professed lazy guy played with the Symphonic Band and Orchestra for 7 semesters each while shoe-horning Brass Ensemble into 4 semesters and, for really loud and noisy stuff, managed a season of Pep Band. That's a lot of time in Miller Hall with his trumpet all while maintaining high grades in his major field of Psychology. Alejandro said, "It's about prioritizing and organizing."

Through the years, Alejandro found friends in musical groups. Of course, he has friends outside of music but his fellow musicians understand the challenges he accepts - particularly the challenges of Symphonic Band.

His favorite piece in this concert is Mother Earth composed by David Maslanka in 2006. The piece is packed with variety - seemingly unrelated and dis-

ALEJANDRO MIRANDA-BERMUDEZ

parate parts that come together when played well.

Next year Alejandro hopes to attend graduate school saying that in his field he needs an MS for most positions. Hopefully he'll find one with an open band or orchestra policy such as AU.

Mark your calendar for the concert on Friday April 23 at 8 pm. It's free and open to the public. Enter Harder Hall on the uphill side through the multiple glass doors. Turn right to Howell Hall auditorium.

Angelica cafe to start 'Acoustic Open Mic' in May

ANGELICA--Don and Karen Ash of Black-Eyed Susan Acoustic Café are pleased to announce the addition of a monthly "Acoustic Open Mic" night hosted by Bob and Gena Decker of Belmont.

The first monthly event is scheduled for Thursday, May 6. The café doors will open at 4:30 p.m. for light meals, desserts and espresso drinks. Music will begin at 7 p.m. as Bob and Gena kick off the evening playing a few songs. They'll then introduce other performers in the order in which they signed in. These players will be invited to perform up to three songs of their own. There is no fee to participate and no cover charge. The café will close at 10 p.m.

"We want to establish a fun evening of music for everybody -- players and non-performing guests alike," said Don Ash. "We believe accomplished musicians and aspiring musicians can get a great deal of joy from an Open Mic experience. It's a unique performance opportunity

in which a substantial part of the audience is musically savvy and highly supportive. It will also be

an opportunity for us to meet and enjoy new performers who may be interested in a future gig

at Black-Eyed Susan."

Bob and Gena Decker met in 1999 doing musical theater in Wellsville and have been singing together ever since. Artists that have influenced their sound include James Taylor, the Dixie Chicks, Paul Simon and Tracy Chapman. They performed on opening night at Black-Eyed Susan in November, 2009, and have performed in Angelica at the Farmer's Market and the Fall Harvest Festival, in Wellsville at the Nancy Howe Auditorium and at coffee houses, weddings and church services.

Since then, as husband and wife and as part of the constantly evolving band "Sound Foundation" they have developed an eclectic style that includes blues, bluegrass, folk, rock and roots music and with tight harmonies. They love to include the history and meaning behind songs, creating a more personal listening experience. While Bob and Gena are musicians by night, they work in the educational

world: Bob as a School Psychologist and Gena as a Kindergarten teacher.

Gena says, "We want open mic night to feel like you're performing in your own living room. With a warm and welcoming atmosphere, we look forward to folks coming to experience each other's creativity at Black-Eyed Susan Acoustic Cafe."

Black-Eyed Susan Acoustic Café opened in November, 2009 for live music, dinner, desserts and espresso drinks on Saturday evenings. The café is also open for lunch Monday through Friday from 11 a.m.-2 p.m. Lunch guests can dine in with a beautiful view of Angelica's Park Circle, or have their meal delivered to their home or workplace.

The café seats 70 and is fully handicap-accessible, making it a perfect place for business meetings, showers, private dinners and other events. For more information, please visit www.black-eyed-susan.com or phone 585-466-3399.

BOB and GENA DECKER will host Acoustic Open Mic.

OUT OF MY CENSUS

Odd bits of information picked up as I listen to National Public Radio can sometimes create a desire for more knowledge on a subject. Often I can locate it quickly in a book I own or by doing a computer search. However, this past week one item led me on a multi-day, wild dictionary chase through my house.

No, I was not trying to locate the meaning or spelling of a word. I was dredging up dictionaries themselves, as they have accidentally and incidentally become one of the items I collect. With the USA in census mode, I senselessly decided to count the word books at my address. The impetus came from a remark Garrison Keillor made on NPR's "The Writer's Almanac" for Wednesday, April 14, 2010. He said, "It was on this day in 1828 that Noah Webster's 'American Dictionary of the English Language' was published."

I sought out my four descendant Webster dictionaries to check their publication dates. The one which used to knock around my family's house in Joplin, Missouri, is "Webster's Approved Dictionary" with a copyright date of 1941. Its pencilled in price is \$1.25, and it has 1278 pages. It gives some 1940 census figures. Joplin's population was 37,144; New York City's was 7,454,995. My "Vest Pocket Webster Dictionary," copyright 1959, lists the 1950 populations as 38,515 and 7,835,099 respectively. My desk drawer, paperback "Webster's II; New Riverside Pocket Dictionary," copyright 1986, claims "35,000 definitions" and "Guides to punctuation and the metric system" on its cover.

My father treasured, as do I, a red morocco leather covered box (19 cm. x 20 cm. x 12 cm.) containing a similarly leather bound twelve volume 1886 edition of Shakespeare's works. When fairly young I investigated some of these books as they were lightweight in child-sized hands. Noticing my occupation, a visitor remarked to my father that the content was inappropriate for someone my age. My father replied that I would not know what all of the words meant. He was right, although unaware that I researched baffling words in that "Approved" dictionary. However, it lacked crucial Shakespearean vocabulary and spelling. Nevertheless, I understood enough. Those forays served as useful preliminaries for Shakespearean studies in high school and after, and lifelong enjoyment of film and stage performances.

I often consult my easy to lift "Webster's New Collegiate Dictionary," a required "textbook" upon entry to university. Its copyright is 1949. I have updated it twice. Soon after the weightier "American Heritage Dictionary of the English Language" was published, I bought one, copyright 1969.

Next I acquired the 25th printing, dated July 1986, of the 1971 publication of "The Compact Edition of the Oxford English Dictionary." It features the British spellings which Noah Webster scorned. Its two heavy volumes plus a magnifying glass come as a boxed set. I bought it at the Salvation Army Thrift Store in Hornell. To atone for the ridiculously low price paid, I stuffed extra bills in Salvation Army Red Kettles the following Christmas season.

After this initial easy roundup, the inventory of my dictionaries went out of control. The trove is split up in different locations and falls into several categories. There are sturdy books bearing the word "dictionary" in the title, small booklets with common phrases useful during foreign travels, and dictionaries included in foreign language textbooks. There are volumes on slang, others explaining idioms, and several thesauri. I located items dealing with Afrikaans, Anglo-Saxon, Argentinian Spanish, Australian English and Aboriginal usage, Danish, Dutch, Esperanto, French, German, Greek, Hungarian, Icelandic, Italian, Japanese, Latin, Portuguese, Russian, Spanish, Swedish, and "Yinglish." Clarifying and compounding the confusion of numerous tongues are two paperbacks, "Dictionary of Foreign Terms" and "Dining Out in Any Language." Among a few dozen other specialty publications are "Dictionary of the Bible," "The Devil's Dictionary," "The Underground Dictionary," "The Bookman's Glossary," and crossword puzzle dictionaries. After squandering hours on this less than sensible census, I opted out.

Then I had another thought. Choose a word and count its various definitions in these resources. "Love," for instance. But, when would I find time to pursue that goal? Fortunately, I remembered that the sensitive and never censorious Elizabeth Barrett Browning had already made that tally poetically. After fervently saying, "How do I love thee? Let me count the ways," she had done so. The ways of love all reside in No. 43, "Sonnets from the Portuguese," her 1850 senses record.

Purple house craft sale in Belmont

By ELAINE HARDMAN
Alfred Sun Reporter

BELMONT--When Pat Vossler told me that there was a time that she didn't like antiques, my jaw dropped to her 100 year old carpet hitting, on the way down, antique glassware and photos. Her husband, Lew, changed her life in many ways from parenting their two daughters to getting her interested in travel and by teaching her to love, and collect, antiques.

Pat lives in Belmont's Purple House. Only a few years ago it was red, white and blue, striking in its own way but it didn't look like it was dressed for high tea in the spring of 1890 like it does now. It needed to be painted so in trying to decide what to do Pat went to the Belmont Library and found a book about Victorian houses. She thumbed through it until she found one of those grand ladies done in shades of purple.

"Some people like it," said Pat. "People knock at the door for permission to take photos but one woman looked at the house and asked if the paint had been on sale."

"I wish," was Pat's laughing reply. It's Pat's Purple House and she likes it - a lot. Even the front lawn is sprinkled in purple forget-me-nots.

Inside are thousands of other colors because inside are thousands of other things but before describing any of those things, the house deserves a bit more time. It was built circa 1895 by Dr. Herbert A. Barney.

The March 22, 1907 issue of the Belmont Dispatch is my source of information about Dr. Barney. The entire front page holds eulogies and testimonials on the occasion of his death from quinsy at age 42. He was a doctor, town supervisor, the coroner and county jail physician. Clearly, he worked long hours with a deep sense of obligation to meet the needs of people, sometimes giving his patients money rather than charging them. The paper re-

ports that over 1,000 people attended his funeral.

Legend has it that he was an inventor, that the second floor of his home was used as a home for elderly patients, that he experimented on himself in trying to develop new medicines but these are stories handed down from Lew Vossler to Pat and she doesn't really know.

Clearly, Dr. Barney had the means to construct a marvelous house. Likely it had gas lamps then and multiple fireplaces. There is still a wood fireplace in the living room and the mantle from another fireplace stands in the dining room. There are two sets of pocket doors and the swinging door to the kitchen has a pair of hinges 8 inches long and large enough that a person could slip a garden hose inside.

The turret was in the original design as was the old tin roof which has lasted over 110 years (but due to be replaced this summer). After the Barney family left, the house was divided into apartments and went into decline until Lew and his first wife Jane Whitcomb purchased it with her parents in about 1940. Lew set to work restore the original glory with interior renovations and a new porch.

Pat's favorite area is the dining room. It has the swinging door to the kitchen, a fabulous window with huge beveled glass panels as well as beveled diamonds. There is a large built-in china cupboard too. The walls and ceiling are papered in textured green and white and in the center is the table that Lew built. He built it right there in the dining room - it's that big and heavy - and he caned the seats in several of the chairs that surround it.

Lew built a lot of things for Pat and he supported all her decorating ideas. They worked together to accessorize the house starting with his collection of antique boot jacks, door stops and tools. Then Pat got into it. There's a little corner with souvenirs of the 14 European coun-

tries they traveled to. Then she started collecting hats and sometimes has tea parties where her guests all wear the hats.

Pat collected spoons from the many states she and Lew visited and she searched for and found hand painted photos by Wallace Nutting, a Presbyterian Minister from New England. In the kitchen is Pat's teapot collection. She and her granddaughter washed them all recently and counted 58. One is from Cakes and Curious in Cuba. It is a divided pot with two spouts so it can steep and serve two teas at once.

She has a collection of dresses including her mother-in-law's wedding dress and a celluloid collection of little boxes and pins. She collects old photos thinking that it's sad that this bit of family history ends up in some rummage sale or antique shop. She gathers them up and takes care of them wishing she knew who that baby was or how life worked out for the smart gentleman with the mustache.

A lot of Pat's things are like that. They are more made of memories than of wood, paint or china. The men's hats were collected by Lew as they drove; the thermometers while driving along the old US highways during the 50s and 60s when they stayed at bed and breakfasts. The tea tiles, coin spoons, tea cups and dolls are important for what they represent as well as for their craftsmanship and beauty.

Pat's respect and admiration for handcrafted work makes the Purple House a natural place for a craft show and so that's why it has been the site of a Mother's Day weekend craft show and sale for 3 years now.

Pat's daughter is Kristen Vossler-Wigent, soap-maker and partner in Green Circle Grove. Also working as Green Circle Grove is Meredith Chilson who designs and sews totes, purses, bags, lunch bags and bitty bags. Together these ladies do a number of shows but they kick off the season with a tea party/sale in Pat's kitchen.

Green Circle Grove often partners with Joan Sinclair with her cross stitch, weaving and and detailed needle work as well as with StoneFlowerPottery, known for Mommy Vases or Grandma Vases and all kinds of functional and fun pottery.

Green Circle Grove, StoneFlowerPottery and Joan Sinclair will be in the Purple House on Friday, May 6 from 11- 6 and Saturday, May 7 from 10-4. Come over for tea and cookies and take home a handmade gift for Mother's Day. Support the local economy and peek at Pat's collections. White gloves and veiled hats optional.

For more information call 585 808 0385, visit GreenCircleGrove.com or find StoneFlowerPottery on Facebook.

AU Chamber Singers, Jazz Band in concert April 30

ALFRED—The Alfred University Chamber Singers and the AU Jazz Band will present a spring concert on Friday, April 30, at 8 p.m., in the Knight Club, Powell Campus Center. The performance is free and open to public.

The Chamber Singers, under the direction of Laurel Buckwalter, will perform a selection of jazz tunes including "In the Mood" and "I've Got You Under My Skin." Their repertoire will also include such Broadway as "Somewhere" from West Side Story, "All that Jazz" from Chicago, and "Soon It's Gonna Rain" from The Fantasticks.

Buckwalter is a music specialist and

University carillonneur.

The Jazz Band, under the direction of Dr. Chris Foster, will perform the music of "Duke" Ellington and Charles Mingus, two jazz icons. Although their music is very different, the two had some strong connections. Bassist/composer Mingus had a successful solo career, but the two of them would often collaborate on recordings and performances.

Foster is director of bands and assistant professor of music at Alfred University. He directs the Concert Band, Jazz Band, and Brass Choir, and teaches music theory and wind instrument lessons.

HELP FOR HOMEOWNERS IN FORECLOSURE NEW YORK STATE LAW REQUIRES THAT WE SEND YOU THIS NOTICE ABOUT THE FORECLOSURE PROCESS. PLEASE READ IT CAREFULLY. SUMMONS AND COMPLAINT YOU ARE IN

DANGER OF LOSING YOUR HOME. IF YOU FAIL TO RESPOND TO THE SUMMONS AND COMPLAINT IN THIS FORECLOSURE ACTION, YOU MAY LOSE YOUR HOME. PLEASE READ THE SUMMONS AND COMPLAINT CAREFULLY. YOU SHOULD IMMEDIATELY CONTACT AN ATTORNEY OR YOUR LOCAL LEGAL AID OFFICE TO OBTAIN ADVICE ON HOW TO PROTECT YOURSELF. SOURCES OF INFORMATION AND ASSISTANCE The state encourages you to become informed about your options in foreclosure. In addition to seeking assistance from an attorney or legal aid office, there are government agencies and non-profit organizations that you may contact for information about possible options, including trying to work with your lender during this process. To locate an entity near you, you may call the toll-free helpline maintained by the New York State Banking Department at 1-877-BANK-NYS (1-877-226-5697) or visit the department's website at WWW.BANKING.STATE.NY.US. FORECLOSURE RESCUE SCAMS Be careful of people who approach you with offers to "save" your home. There are individuals who watch for notices of foreclosure actions in order to unfairly profit from a homeowner's distress. You should be extremely careful about any such promises and any suggestions that you pay them a fee or sign over your deed. State law requires anyone offering such services for profit to enter into a contract which fully describes the services they will perform and fees they will charge, and which prohibits them from taking any money from you until they have completed all such promised services. § 1303 NOTICE NOTICE YOU ARE IN DANGER OF LOSING YOUR HOME If you do not respond to this summons and complaint by serving a copy of the answer on the attorney for the mortgage company who filed this foreclosure proceeding against you and filing the answer with the court, a default judgment may be entered and you can lose your home. Speak to an attorney or go to the court where your case is pending for further information on how to answer the summons and protect your property. Sending a payment to your mortgage company will not stop this foreclosure action. YOU MUST RESPOND BY SERVING A COPY OF THE ANSWER ON THE ATTORNEY FOR THE PLAINTIFF (MORTGAGE COMPANY) AND FILING THE ANSWER WITH THE COURT. DATED: April 13, 2010 Steven J. Baum, P.C., Attorney(s) For Plaintiff(s), 220 Northpointe Parkway, Suite G, Amherst, NY 14228 The law firm of Steven J. Baum, P.C. and the attorneys whom it employs are debt collectors who are attempting to collect a debt. Any information obtained by them will be used for that purpose. 16-4b

Mrs. Nevins, who served since 1971 as the university's director of office services, was best known for her encyclopedic knowledge of Alfred alumni lore. She played a key role in organizing campus reunions of graduates, and for many years compiled and edited the class notes section of The Alfred Reporter, the alumni newspaper. Alfred State College has become the first college in Western New York to offer students, faculty, and staff the option of wireless computing—that is, it has become "unplugged!" This new technology allows users to roam the campus with their laptop computers, find the perfect location, and surf the 'net, communicate via e-mail, or research their latest project without the necessity of modem hook-ups or unwieldy wires. It is the advent of a new age in computing at Alfred State College...

Sunbeam--Mary Trouslet had occasion to meet Jean Hallenbeck Coward of Schenectady, who was in town to attend the Riley Lecture at Alfred University. Jean's grandmother, Bertha Langworthy, was born in the Octagon house at 57 S. Main Street, Alfred, in 1876. Mary previously owned the Octagon, now owned by Phil and Carol Prigmore.

'Volunteer Choir Company' to celebrate piano

ALFRED--On Sunday, May 2 at 4 pm, Alfred 21st Century Group will hold the first celebration of the recently restored 1900 Strick and Zeidler baby grand piano with a concert of music provided by a group of singers directed by Laurel Buckwalter.

The group got together this semester to sing just for the fun of it while there was no AU Chorus. The members are working on a group name for this event, their first and last public performance.

Possibilities are the Alfred Volunteer Choir Company (best pronounced with a Southern accent), the Saxon Singers or the Jewel Tones (in reference to our vocal quality and our color scheme). The singers include Cecilia Beach, Janna Buckwalter, Dot Martelle, Charlotte Maubert, Susan Mayberry, Linda Staiger, Zoe Coombs, Mary McGee, Marie Snoreck, Maggie Thomas, Sandrine Touzet, Marion Weaver, John Buckwalter, Nancy Furlong, Tim Cox, Steve Crandall, Tom McDowell, and Dave Toot. Accompanist is Patricia Wiggers.

The program includes a wide variety of styles from a Kyrie by

1900 Strick and Zeidler Baby Grand Piano.

Mozart to Route 66, a French chanson to a medley of the Beach Boys.

Steve Crandall will perform "Embraceable You" by Gershwin. Nancy Furlong and Maggie Thomas will sing the Josh Groban hit "You Are Loved."

All are invited to enjoy an hour of great music followed by refreshments.

Retired AU professor and former Alfred resident William B. Crandall donated the red ma-

hogany piano which had belonged to his first wife Mary to the 1890 Firemen's Hall Theatre.

Contributions of about 50 people from Alfred or with Alfred connections including a large sum from Bill Crandall raised the \$16,000 needed for the restoration in about two and a half years time, quite an achievement for a small town like Alfred!

The very handsome piano is

perfectly suited for this historic space. Laurel Buckwalter was the chair of the Piano Project.

The second celebration of the restored piano will be Sunday, June 13 at 4 pm. At that time, the official commemorative wall display will be unveiled with William Crandall in attendance.

Pianists of all levels and styles from the area are asked to volunteer to help celebrate the occasion. Please contact Laurel Buckwalter at 607-587-8090 or fbuckwal@alfred.edu to be on the program or ask any questions you may have.

Methodist Church celebrates 'raising roof'

By ADAM GAYHART

Special to the Alfred Sun

ALFRED—The work was done; the guests had begun to file inside the building. The nervous anticipation of the congregation seemed to float in the air. People flitted around as food was placed on the table, the video equipment was tended to, and the singers fine-tuned their sound system. All around the room the tables were set, beautiful flowers in purple, red, or pink adorning each. At four o'clock pm everyone found a seat in the sanctuary. The Alfred United Methodist Church "Raise the Roof" Dedication and Celebration had officially begun.

The event, which celebrated the new red steel roof on the church, took place on March 14. The dedication service, followed by dinner and a concert, was attended by eighty people. The guests included Pastor Daniel Knopf, the current pastor of Troupsburg and South Canisteo United Methodist Churches and previous pastor of Alfred; his wife Pastor Peggy Knopf of Andover and Greenwood United Methodist Churches; and Pastor Steven Wiggers of Panama United Methodist Church.

Also in attendance were The Mountain View District Superintendent, Reverend Dr. Cathy Hall Stengel (Alfred is in The Mountain View District); The Cornerstone District Superintendent, Reverend Doctor Larry Baird and his wife Brenda; and The Mountain View District Lay Leader, Leslie Haggstrom. Robert Love, one of the original members of the Alfred Church; Jeanette Horan, whose husband laid the bricks for the church building when it was originally built; Patrick Curran, the owner of PTC Construction, the company that built the new roof; and several members of the congregation of the Angelica United Methodist Church were there as well.

Pastor Timothy Middleton, Alfred's and Angelica's pastor, began with the Declaration of Purpose, a short speech in which he stated that the roof is a gift and that it is an example or reminder to the people of the "obligation" they have to teach about God's gifts to the next generation. Later, Bob Love spoke about the origins of the church. He explained that in 1963 a group of 12 people from Alfred decided that a Methodist Church was needed in Alfred. In 1964 the hierarchy of the United Methodist Church made the group an official church. The building was built soon after that.

After Mr. Love's speech, complete with his patented dry wit and charm, The Alfred choir, called The Joyful Noise, sang

"My Redeemer" touching the hearts of those in attendance. Reverend Doctor Stengel then provided some words of encouragement using the acronym RROOFF, which stands for Respite, Responsibility, Opportunity, Offering, Friends, and Faith. Pastor Knopf reminisced about his time as the pastor of Alfred and his part in the new roof. After describing the old roof's leaking and flooding troubles, he concluded the speech by using the pun "The Church of the Living Waters". He also asked the congregation to take the "The Living Waters" out into the world with them.

Next Pastor Middleton, who was also in the mood for reminiscing, talked about his major transition from Panama, New York to Alfred in which he went from Associate Pastor of Youth and Music in Panama United Methodist Church to a Full Pastor in charge of two churches. He went on to explain the miracle of the fact that the church managed to pay for the new roof in full and that it was finished before winter.

The last part of the service involved the Dedication and Consecration of the roof, which was a presentation, by the Trustees of the church, of a plaque dedicated to those who helped to finish the

project, and a reading by Pastors Middleton and Knopf.

The members of the church, relieved that the service had gone so well, moved on to their next task, the service of a large variety of soups including lasagna, taco, and bean; sandwiches including egg salad, ham salad, and tuna salad; and tin roof sundaes and excellent church building shaped cookies, made by Mary Jane Reid of Almond, for dessert.

The place was buzzing with conversation and the sounds of happy laughter. Now full, everyone filed into the sanctuary for the concert featuring The Maple City Barbershop Chorus, from the Hornell area, and Saved By Grace and The Panama Praise Team, both from Panama, New York. For the next hour or so the church was filled with the sweet sounds of praise music.

In the end, the whole event was a time of thankfulness and fellowship with praise to God for his great gifts. As the final Dedication and Consecration of the roof brings this chapter of the church to a close, the people of the Alfred United Methodist Church look to the future with anticipation and a renewed faith. In all that we do, God pulls us together to make our dreams a reality; in Him all things are possible.

Angel Food Ministries available in Almond

By LINDA STAIGER

ALMOND—"Wow, all that food for only how much?"

The volunteers at the Almond Union of Churches have heard that often since participating in the Angel Food Ministries program.

If you have never heard about it, it is a wonderful program for helping anyone pay less for groceries, but still get a good deal. The \$30 Signature Box includes 3-4 kinds of meats, frozen vegetables, pasta, sauce, eggs, shelf stable milk and dessert--each

month is different, but the box always has this sort of collection.

Then there are the fresh fruit and vegetable boxes not to mention the special Allergen Free packages available. Now we have "Just 4 Me" boxes for children--after school snacks including fruit, veggies, chicken fingers, etc. For those with lighter appetites we have the Senior Boxes (can be purchased by anyone, though) and we also have special meat boxes as well.

Each month the menu is announced and orders are taken by a specific date. The orders will then be available on the Saturday of that week. You absolutely can NOT go wrong with this offer--if you find that some of the items are not something you want ask a friend to share the box with you and split the cost. This program is open to all who would like help with groceries.

'The 7 Last Words of Jesus' sermon

By PASTOR KEN CHRONIGER

ALFRED STATION—Your friends and neighbors at the Alfred Station Seventh Baptist Church, A 3 C church-connect-care- Community invite you to join them this Sabbath April 24 to Worship, Fellowship, and Celebrate our Heavenly Father for His gift of love and grace.

The 11 a.m. Sabbath Worship Hour is a time for Worship, Fellowship and Celebration. Pastor Ken finishes his sermon series on "The 7 Last Words of Jesus" from the cross. This week's Sabbath sermon is the 7th expression of Jesus, "Father into Thy hands I commit my Spirit". Theologian Jurgen Moltman suggests the Son was not abandoned by the Father as the Father suffered with Him even in the agony of the cross. It is this relationship that is brought into

focus through this saying of Jesus.

Sabbath School precedes the Sabbath Worship Hour at 9:45 a.m. What is Sabbath School about? It is a place to teach children the stories of the Bible and values that are meaningful for living life to the fullest. It is a place for youth to understand that in their desire to live a life that is righteous they are not alone. It is a place for those who call themselves Adult to gain the strength that will allow a focus on a Faith that is more than while they are at "church" but is a for 7 days.

The Alfred Station Seventh Day Baptist church meeting house is the big white building at 587 route 244 Alfred Station. If you would like further information on the Sabbath, Salvation or Seventh Day Baptists call the church at 607-587-9176.

THE GLORY OF AMERICA

Thursday, April 22

Somehow, it was easier for public figures to speak of their faith a century ago. Said poet John Greenleaf Whittier:

"My ground of hope--for myself and for humanity--is in that Divine fullness which was manifested in the life, teachings, and self-sacrifice of Christ. In the infinite mercy of God so revealed, and not in any work or merit of my own nature, I humbly, yet very hopefully, trust."

'Anne of Green Gables' to be staged

BATH—An imaginative story loved by millions, Family Life will present the family classic, Anne of Green Gables, as a musical adaptation of Montgomery's famous novel. Three musical performances will be given on April 30, and May 1 and 2 by young actors between the ages of 8 and 13. The cast and crew consist of children, teens, and parent volunteers from Bath, Hornell, Corning, Elmira, and other surrounding communities.

An evening performance of Anne of Green Gables will be held on Friday, April 30 at 7 pm. Matinee performances are Saturday, May 1 and Sunday, May 2 at 2:30 pm. Tickets are on sale now and can be purchased by calling 1-800-927-9083 or by visiting www.fln.org. Tickets are \$8 for adults, \$6 for students and \$4 for children.

Family Life is located at 7634 Campbell Creek Road, off Route 415 in Bath.

Directed by Darren Litz, Anne of Green Gables is a story about Anne Shirley, a spunky, red-headed orphan who comes to Prince Edward Island hoping to find a happy home. In a fated mix-up, Anne is mistakenly sent

to Marilla and Matthew Cuthbert, an elderly brother and sister who had wanted to adopt a boy. To the Cuthbert's disappointment, Anne was there to stay, but as the story unfolds, the little girl's active imagination and loving heart unexpectedly wins their affections.

To enhance the storyline and build audience participation, Family Life created Anne's World, an online extension of the play. Anne's World starts with an interactive map of Prince Edward Island. Once "inside" Anne's World, visitors can explore her home at Green Gables, her community, and other places and things related to the story. Anne's World is full of interactive elements such as character videos, trivia, moving animations, and updated letters from Anne. To visit Anne's World, visit www.fln.org/anne.

Litz has been director of performing arts at Family Life since 2002. A music educator for 16 years, Litz previously was director of the Vocal and Music Theatre Studies program at Bradford High School in Pennsylvania.

Alfred State Pioneer Sports Round-up

Baseball: 14-11, 1-1 Region III Division II

ALFRED--The Alfred State Pioneer baseball team split a pair of doubleheaders this past week with Lakeland (OH) CC (W 11-4, L 3-2) and Genesee CC (W 6-5, L 7-4).

ASC scored seven runs in the 2nd inning to take full control of the opener versus Lakeland. Joe Wallace (Avoca) was 3 for 3 with a solo homer and a double, Brian Zimmermann (Frontier) was 2 for 2 with three runs scored, and JP Frey (Erie, PA/McDowell) was 2 for 3 with a RBI. Alex Lopez (Brooklyn/Juan Morel Compas) earned the victory of the mound with a complete game seven hitter. He allowed four runs while walking four and striking out two.

In the nightcap, ASC committed a throwing error with one out in the bottom of the 7th that allowed the Lakers to break a 2-2 tie and walk-off with the victory.

The Pioneers led throughout game one and held off a late Genesee rally stranding the tying and winning runners on base when they recorded the game's final out. Jake Dale (Keshequa) led the way with a 2 for 2 day with three runs scored while Kyle Barkley (Penn Yan) was 2 for 3. Wallace drove in two runs and finished 1 for 3. Mark Ciccotti (Horsheads) allowed four earned runs in a complete game victory. He walked three and struck out seven.

Eitan Maoz broke a 4-4 tie with no outs in the 7th inning with a three-run homer to lift Genesee to the victory in the nightcap.

Softball: 8-10 (5-6 Region III Division III)

The Lady Pioneers swept a home doubleheader from Niagara CCC (5-4 & 10-1) but fell in both halves of a road doubleheader at Genesee CC (8-4 & 16-8).

Angela Depew (Wellsville) capped a four-run 7th inning with a game ending two out single to lift the Lady Pioneers to the victory in game one versus Niagara. Amber Harding (Fillmore) singled home a run to start the rally and Kate Bailey (West Valley) connected on a two-run single to tie the game. Stephanie White (Wantagh) and Heather Gerace (Avon) were each 2 for 3 on the day while Depew finished 2 for 4. Charise Nankivell (Hornell) earned the win allowing seven hits and four walks while striking out nine.

In game two, ASC broke open the contest with a seven run 2nd inning. Nankivell earned the win on the mound with three shutout innings and finished 2 for 3 with a three RBI triple. Depew was 2 for 3 with her 4th homer of the season while Bailey finished 2

for 2 with two runs scored.

GCC jumped out to a 6-0 lead in the first two innings and held off the Pioneers attempts of a rally in the opener on Thursday. Jackie Dresser (South Seneca) led the team with a 2 for 4, 2 RBI day. She collected two doubles on the day.

In the nightcap, Genesee broke an 8-8 tie with two runs in the 5th and put the game out of reach with six runs in the 6th.

Lacrosse: 4-7 (4-5 Region III)

The blue & gold were 2-1 this past week bouncing back from a 23-5 loss to Monroe CC on Tuesday with a 20-5 victory over Finger Lakes CC and a 23-10 victory over Niagara CCC.

Ryan Speciale (Corning West) scored with 10:03 remaining in the 2nd quarter to close the Monroe lead to 8-5 but the Pioneers were unable to find the back of the net the rest of the way. Speciale led ASC with two goals while Tyler Baird (Corning West), Tony Micelotta (Irondequoit), and Chase Bailey (Corning West) all tallied once. James Moss (Hilton) picked up an assist. Jon Shumway (Oneonta) made nine saves in net while Randy Kryszak (Orchard Park) made five.

Micelotta tallied six points on two goals and four assists to lead the Pioneers offense over Finger Lakes CC while Anthony Amoroso (Jamestown) finished with three assists and two assists. Kryszak made nine saves in the first three quarters to earn the victory while Shumway made two saves in the fourth. Josh Apenowich (Corning West) was 11 for 13 in the faceoff circle while Mike Harris (Maine Endwell) was 11 for 14.

Versus Niagara, ASC broke open a 5-4 game by scoring the next thirteen goals of the game. Bailey and Speciale led all scorers with eight points each.

AU softball team rolls to 18-4 mark

ALFRED--The Alfred University softball team shut out Keuka in a doubleheader sweep Thursday at Hornell to improve their record to 18-4, 5-1 in the Empire 8 Conference.

AU won the opener, 7-0, with sophomore pitcher Nicole Hedrick (Albany/Catholic Central) tossing a two-hit shutout. Hedrick also earned the victory in the Saxons' 1-0 win in the nightcap, throwing 2 2/3 innings in relief to improve her record to 8-3 on the season.

Hedrick helped herself in the first game, leading off with her team-leading seventh homerun. Sophomore third baseman Molly Shepherd (Camillus/West Genesee) followed with a double and came around to score on a sacrifice fly by junior first baseman Ashley Passaro (Long Beach) and AU led 2-0 after one. The Saxons added an insurance run in the fifth on Passaro's RBI single, and put the game out of reach with four in the sixth. Senior third baseman Jesika LeBaron (Campbell/Corning West) led off the sixth with her first homerun of the year and two batters later, with runners on first and second and two outs, Shepherd hit a ground-rule double to drive in a run. Sophomore designated hitter Shanna Ewoldt (Tuscon, AZ/Waubansie Valley) followed with a two-run triple to give AU the 7-0 lead. Shepherd finished 3-for-4 with a pair of doubles and two runs and Ewoldt and Passaro each drove in a pair. Hedrick, who scored two runs, struck out six and walked one to earn her second shutout of the year.

In the second game, freshman catcher Emily Fenton (Thorofare, NJ/West Deptford) broke a scoreless tie in the bottom of the sixth with a two-out RBI double, scoring Shepherd from second base. Hedrick relieved junior Chelsey Cary (Corfu/Pembroke) with one out in the fifth and runners on first and second. She got out of the jam with a strikeout and a groundout and held the Storm hitless the rest of the way,

striking out three and walking none.

Tobin had an assist, giving her 71 for her career, which ties an AU school career record. Junior attack Elyse Caldwell (Maine-Endwell) and freshman midfielder Tracie McGinnity (Rochester/Gates-Chili) each scored for Alfred. Baughman made seven saves.

At the Empire 8 championships, the men finished fourth of six teams competing, while the Alfred women placed fifth of six teams.

AU going to Penn Relays

By LEE CONSOLO

PHILADELPHIA, PA - On April 22nd several Alfred University track and field athletes will compete at the Penn Relays Carnival, the oldest and largest track and field meet in the United States.

Started in 1895 by the University of Pennsylvania, the Penn Relays is an annual event that brings 15,000 participants (high school, college, and track club) from all across the country to Philadelphia to compete in front of a crowd of 39,000 people at Franklin Field. Alfred University's men's and women's 4x400 meter relay teams along with the men's 4x100 meter relay team will compete at this year's competition.

Seniors Lee Consolo, Matt Phillips and sophomore Richard Scott will team up once again for the event along with newcomer freshmen Jeremy Weaver for the 4x400 meter relay. "This is my third year going and I just get more excited every time," says Weaver. "There's so many amazing athletes who come from all over the world to run there."

The men's team placed third at this year's indoor NYSCTC Championships with a school record time of 3:25.22 and placed 11th at the indoor ECAC Championships. The relay team, along side with current grad-student Erik Jezek, qualified Alfred University to compete at last year's competition.

"Penn was extremely intimidating," says Scott who ran at last years Penn Relays competition. "Warming up next to teams

like LSU and Auburn doesn't get any more surreal."

The women's 4x400 team will consist of freshmen Amy Morrissey, junior Melissa Haahr, and seniors Rachel Gaylord and Megan Crimmins. "I am really psyched about Penn relays," says Gaylord. "I know there is going to be some tough competition but I think it will just help us to run faster."

The men's 4x100 meter relay team will consist of freshmen Chris Lopez and sophomores Justin Shardlow, Randy Brito and Scott. This will be the first time AU has had a 4x100 meter team and a women's 4x400 meter team compete at Penn in quite some time.

Also competing at the Penn Relays this year is three-time Olympic champion and current record holder of the 100m, 200m, and 4x100 meter relay: Usain Bolt. Bolt will compete on Saturday during the USA vs. The World event. Having dominated the Olympics in 2008 in Beijing and the World Championships in Berlin last year, Bolt will be planning on dominating the competition at Penn.

Although the AU athletes are only competing Thursday and Friday, they may get a glimpse of the track super star. Alfred University's relay teams will be able to relax the Saturday of Hot Dog Day weekend but will be back in action with the rest of the team to compete at the Cornell Big Red Invitational--just two days later on April 25th in Ithaca.

**HITS AND MISSES:**

Alfred University softball is in the midst of another banner season with a couple of key, "double dippers" on the slate for this weekend in E8 league action. The Saxons travel to Rochester on Saturday to take on RIT and return home to host SJ Fisher from Rochester the very next day! Slightly screwy schedule. Anyhow, AU is currently in second play in the conference behind perennial champ, Ithaca but even with the Bombers in the loss column. Figure Alfred must win 3-of-4, Saturday-Sunday, to keep in the conference race for first. The first four teams will tangle in the post season Empire Eight tourney with the winner receiving the automatic NCAA Division III tournament bid. Nazareth and Fisher are currently 3-4 in the E8. Alfred and Ithaca have one loss each in league play, splitting their DH.

In Division III lacrosse news New York State schools dot the landscape in the latest USILA poll after #1 Salisbury. The Gulls who are always there, it seems! Cortland, Geneseo, 'Naz, SJ Fisher, RPI and RIT all in the top twenty. Honorable mention nods to Skidmore, St. Lawrence and Plattsburgh. That many programs and no Ithaca. Very "odd" not seeing Coach Jeff Long's squad listed. Stevens of the E8 is also in the honorable mention category and Ohio Wesleyan is in a #20. OW used to be a big-time power but not so much the past 5-10 years. Ithaca visits Alfred the 28th.

The Salisbury women were ranked #2 in the D3 lax poll, down from the first slot, so pretty decent lax from one school. Cortland is on top of the SUNYAC's and #8 in the nation while Union comes in at #11. Buffalo State and Ithaca were on the honorable mention list heading into action this past weekend.

In Division I women's lax action, Northwestern's 41-game winning streak ended in an 18-16 home loss against North Carolina. The Tar Heels were ranked #2. Northwestern lax is like, well, North Carolina is in women's soccer.

In the pro NLL circuit the Rochester Knighthawks were still alive for a playoff berth ... barely. After getting drilled in Toronto by the Rock (Korn), the K-Hawks were at (7-8) as were the Bandits of Buffalo. Rochester is at Washington this weekend to take on the West Division leading Stealth. Minnesota at (5-10) has "clinched" a playoff berth from the West while everyone in the East has a record equal to or better than that! Teams with (5-10) marks shouldn't be in a playoff.

A-A grad Jeff Ryan, Bryce and Brett, took in a Division I lax game over the weekend past as #6 Duke was at #1 Virginia in ACC play. The Ryan's were at an AAU basketball tournament that Raegan was playing in at nearby Richmond. The Blue Devils topped the Cavs, 13-9. Mike Catalino from Webster Schroeder plays for Duke. The game was at Charlottesville, Va.

Coach Skip Sherman's (A-A) baseball team at Genesee CC split a pair of games with Alfred State College last week and had two more cancelled by rain. GCC stood at 11-11 after the games versus ASC.

Coach Tim Mead's (Andover) baseball squad at Walsh University in Ohio is on a roll of late as the Cavs have won 10-of-14. Overall they stand at (16-21) on the season.

Coach Joe Q. French's UMBC softball program is at 21-18 in Maryland as the Retrievers have had numerous rainouts this season. French formerly coached at Alfred State and Geneseo.

Going into the Allegany County Sports Hall of Fame recently with Obie were a couple of names I knew, Ken Glass from Scio and Jason Amore from Friendship. Glass teamed with brother Dave "Plex" Glass on the strong Tiger b-ball squads of Coach Roger Rigby and Amore later was a cager at AU. Hard to believe there are so few athletes from A-A in this particular hall! Not sure when the Allegany-Steuben County "split" was but John Tuttle definitely belongs. "Only" an Olympian! Coach Paul Powers, Leo Johnson, Big Dale, perhaps Fran Schwartz, Don Schwartz, Denny Allen ... and others! Yikes.

A-A softball rolls to 5-2 road record

ALMOND--The sun shone on the second week of the high school softball season, and on the fortunes of the A-A Eagles, as well. Incredibly, the team heads for a much anticipated spring break having played all seven of its scheduled early April games! That alone is an achievement in a typical Allegany County spring, but the real excitement for Eagle sports fans is the enviable 5-2 record that they have already established.

Monday's outing at Avoca put Megan Murray on the mound against yet another of the athletic Robords sisters from Avoca, and both did some damage against the batters they faced, with Murray retiring seven and Robords eight on the afternoon. For A-A, it was Cassie Ingalls and Eva Shardlow that led the offensive charge, accounting for four of the Eagles' five hits and all three of the runs scored. The defense did the rest, holding the Tigers to a single run for a 3-1 victory.

Wednesday's outing to Bradford saw the bats get hot early, as the Eagles scored five runs on three hits in the first inning, and were aided by a pair of errors by the Braves. The second inning was even more punishing, with twelve runs scored on five hits and four more errors. The Braves also used their bats against Ingalls, however, striking for a hit-error-hit combination in the top of the second to score two runs, and another hit-error sequence to score again in the third. But Ingalls and the A-A defense got stingy after that and continued to round the bases for a 21-3 final score after just five innings. Ingalls improved her record to 2-1 with six strikeouts and only one walk, while allowing only three base hits. Rena Henry flexed her batting muscles for her finest outing of the year, going four for five at the plate with three singles and a triple. McKenzie Mills also had a banner day with three base hits, and Courtney Cook chipped in two more.

The most exciting game of the week came on Thursday, when the Eagles faced winless Prattsburgh, hoping for another easy afternoon, but the Vikings gave A-A all it could handle, coming up just one run short with runners on second and third as Murray recorded the final strikeout of the game and the entire bench heaved a collective sigh of relief.

Continuing where they had left off the day before, the top of the Eagle order scored four runs on four hits in the top of the first inning, and one more in the top of the second, while Murray retired four Prattsburgh batters on strikes and the defense handled the rest.

After that, however, the Eagle bats went to sleep, while the Viking bats woke up, and three quick runs on three base hits and an error in the top of the fifth definitely got everyone's attention. A pair of Eagle errors allowed the first two Vikings on base in the bottom of the seventh, followed by a pair of fielder's choices that left everybody safe with only one out. The Vikings pulled within one on a routine ground ball to second, which second baseman Jean Thompson flipped to Ingalls for out number two, leaving one final batter standing between

victory and the possibility of defeat. Hats off to eighth grader Murray for keeping her cool in a highly pressured situation, as she brought the heat and sealed the deal, leaving the last two hopeful Vikings on base. On the day, Murray struck out 11, walked three and allowed five hits, while contributing a double and two singles at the plate and scoring two runs. Mills and Cook both had strong outings with a pair of hits and a run scored apiece.

Rumor has it that the field is at last ready to use, so after a week of rest and one more road game against perennial powerhouse Bolivar-Richburg after break, the Eagles will finally host a game on their home turf. Be sure to come out and cheer on this exciting group of athletes and their new coach during the last week in April, weather permitting.

Derrick Coleman of Syracuse made \$87-million bucks in the NBA and he is now broke. Huh?

Ben Roethlisberger of the Steelers ... slimeball.

Look alike: golfer Ricky Barnes and the previously mentioned John Tuttle.

Alfred State College Hall of Famer Barb (Nelson) Lorow was in Hilton Head last weekend on vacation and spotted CBS golf analyst, Nick Faldo in a restaurant.

Freddie "The Hammer" Taft did not take in the Champions Tour Outback Steakhouse event last weekend in the Tampa area as Mike "Mac" was busy waiting tables Saturday and rain washed out action Sunday.

The never-ending NHL and NBA playoffs are underway and am going with Washington to win on the ice and the LA Lakers (over Orlando) in hoops. Coach Bob W. Beyer off to the finals again!

Two teams looking old: the Boston Red Sox and the Boston Celtics.

One team ready for "AAA" play ... the Baltimore Orioles.

A very busy weekend on tap and hoping the weather cooperates. Off to Alfred on Saturday to take in the Hot Dog Day festivities. Will head to Geneseo first, get 3L and others. Steph Bergin from soccer team for sure. Maybe one more. No Jess Herbst with us this year as she is away at college (Vermont). On Sunday the Geneseo women's soccer team plays at Fredonia versus the host school and Mercyhurst. Division I Canisius backed out of this spring tourney, for whatever reason? Maybe they saw the UB score from last year and said, "no thanks." Geneseo-I, UB-0. Looking forward to weekend and seeing soccer team back together again!
