Linda’s current work in clay will be presented in a sugar shed at the end of a path that winds through their flower and vegetable garden. (See www.lindaluwell.com) Throwing on a potter’s wheel will be demonstrated by Tara Quigley throughout the day. Follow a path through the woods to the Galie’s next door at 1516 Randolph Road to see the “Do-It-Yourself Master Gardener Project” organized by three members of the Cornell Cooperative Extension Master Gardeners of Allegany County. Local plants are chosen for people interested in learning more about gardening. Participants planted, and are caring for, flower beds and vegetable gardens and have learned many basic and advanced gardening techniques. You are welcome to browse and enjoy the variety and creativity that have gone into these projects.

Mary Lu Wells’ garden. The entire MacCrea family is involved in the care, breeding and marketing of their Scottish Highland Beef cattle, selling registered breeding stock and offering feeder beef for sale year round. Information will be available to those interested.

Debbie MacCrea, proprietress of Locustbrae Perennial Plants, loves to share her passion for perennial gardens. Perennial plants will be available in a dug-up-the-spot fashion (choose from 56 to 75 varieties of flowering and foliage plants) as well as generous pick-your-own fresh flower bouquets. Debbie will give a talk on balancing color in your garden from spring through fall at 12 pm. Children will enjoy playing in the magical Scarlet Runner Bean Teepee, while visitors of all ages will be fascinated by a goat milking demo by daughter-in-law Kim MacCrea at 3 pm. Then demonstrate the beautiful simplicity of making goat’s milk cheese from “Cornish” goats.

From the Earth, Saturday, July 6, comes a garden, “From the Earth” grows throughout the day. Each in both local and Scottish history. Locustbrae Farm at 1664 Wa
to Tory, operating fiber mill located at 493 Clark Road Extension on the other side of Alfred. Natural fibers, including wool and alpaca, are washed and processed into roving, batting, yarn or felt. Mill tours will be conducted throughout the day. Meet the alpaca, sheep and llamas on the farm and learn about spinning and weaving. Perennial plants will be available at two farmer’s markets and to CSA members throughout the growing season.

Also new this year, East Valley Alpacas/The Fiber Factory is an operating fiber mill located at 493 Clark Road Extension on the other side of Alfred. Natural fibers, including wool and alpaca, are washed and processed into roving, batting, yarn or felt. Mill tours will be conducted throughout the day. OBITUARIES

MARYLOU JACKSON A-A grad, Stearns Poultry cook 1938, daughter of James and Mary (Lyon) Jackson, was born September 16, 1922, in Hornell, and passed away Tuesday (July 5, 2011) at the Hornell Memorial Hospital. She was the former wife of Walter M. Jackson. Mary Lou was a graduate of Alfred-Almond Central School and was employed as a cook for Stearns Poultry in Hornell. She enjoyed knitting, crocheting and spending time with her family.

MARYLOU JACKSON was preceded in death by her parents; as well as two brothers, Dick and Bob Davis.

She is survived by one son, Jason Jackson of Savona; two brothers, John Davis of Illinois, and Larry (Marcia) Davis of Corning; one sister, Carol (Ward) Neely of Bath; two grandchildren, Ryan and Bob Davis; several nieces and nephews.

To send a remembrance please visit www.browndayfuneralhome.com.

LARRY JAY WELLES "Happy Man," ASC grad and dental, was born in Westmoreland, NY on July 14, 1944, the son of William and Carol Welles. He was a graduate of Canisteo Central School, Class of 1962, and the State University of New York at Alfred in 1973. Larry was known as the "Happy Man" because he whistled while walking down the street and always had a joke ready for those he met.

He was predeceased by his parents. Survivors in addition to his wife are two children, Debra (Welles) O'Shields and Amy Welles, both of Orlando, FL; his son, David Welles of Seattle, WA; his brother, Ronald (Carol) Welles of Canisteo; two grandchildren, Ryan and Robert O'Shields; and several nieces and nephews.

Send a remembrance to the family, please visit www.browndayfuneralhome.com.

LARRY JAY WELLES was an active member in the community, residing in the Hornell area all his life. Marylou was a graduate of Alfred-Almond Central School and was employed as a cook for Stearns Poultry in Hornell. She enjoyed knitting, crocheting and spending time with her family.

She was predeceased by her parents, as well as two brothers, Dick and Bob Davis.

She is survived by one son, Jason Jackson of Savona; two brothers, John Davis of Illinois, and Larry (Marcia) Davis of Corning; one sister, Carol (Ward) Neely of Bath; two grandchildren, Ryan and Bob Davis; several nieces and nephews.

BP, ASC today announce plans for Sinclair site

WELLSVILLE—A Atlantic Richfield Company (AR), a BP- affiliated company, will mark the completion of its project to construct a sustainable environmental cleanup project at the site of the former Sinclair refinery in Wellsville today (Thursday, July 14). AR has built and is operating a wetland treatment system that is protecting the Genesee River, cleaning up groundwater on the site and enhancing the natural environment of the area. Today’s activities begin with a major announcement by AR and Alfred State College regarding the future of the site at 10 a.m. outside of the College’s administration building at its Wellsville campus. The rain alternative site will be inside the Culinary Arts building.

For this announcement, there will be a ribbon-cutting ceremony to officially re-open the upper Genesee Trail owned by Allegany Trails, Inc. (a 50(c)(3) not-for-profit corporation), that runs through Atlantic Richfield’s wetland system site. The reopened trail will include education signage about and views of the wetland system.

The ribbon cutting will be held at Allegany Trails, Inc.’s north trailhead along the river behind Alfred State College and will include representatives from BP, Allegany Trails, Inc., local officials, and state and federal agencies. Bus transportation will be provided from Alfred State College’s parking lot to the ribbon cutting. The BP hot air balloon will be tethered at the site for photo opportunities.

More information on the wetland treatment system is available at www.arwellsville.com.

Legislators plan annual Clambake

WELLSVILLE—The Allegany County Board of Legislators’ Annual Clambake will be held at 1 p.m. Friday, July 29 at Wellsville City Park. Tickets are $35 each and checks at the door may be payable to Brenda Rigby Riehle, Clerk of the Board.

Tentative menu includes raw and steamed clams, peel-and-eat shrimp, Manhattan and New England Clam Chowders, Clams Rockefeller, Steebruffed Clams, Crawfish (Louisiana style), Mesquite Grill, BBQ Ribs, Polish Sausage & Sauer kraut, Italian Sausage Sandwiches with green peppers and onions, pasta with sauces, meatball pastries, homemade tacos, make-your-own tacos, fresh fruit wedges, Italian Pasta Salad, Bruschetta, Tomato Cucumber Salad. French bread, Wine on ‘Weck, Baked Beans, German Potato Salad, Chocolate Fudge and Sundae Bar, Coffee, Tea, Ice Tea and Ice Bar will be available. Tickets will NOT be available at the gate this year. All tickets MUST be prepaid and all requests for refunds are due by July 15, 2011. To order tickets, send check payable to Brenda Rigby Riehle, Clerk of the Board to Allegany County Board of Legislators Office, 7 Court Street, Belmont, NY 14813 to Attn: Steven N. Wills. For further information, call 585-268-9352.

A favorite sign, seen on a recent trip to Niagara-on-the-Lake, Ontario, Canada.
It was serendipity, plain and simple. I was at Yankee Stadium Saturday when Derek Jeter made history in becoming the lone New York Yankee to enter the 3000-hit club.

In my 30-year-plus career as editor and publisher of this pretty good newspaper, I've had some comparable moments. I rate it right up there with the Alfred Sun being represented by Earl Johnson at Shea Stadium in August 1998 when Mark McGwire made history by hitting Home Run No. 70 for a record fifth consecutive season. Or perhaps five at-bats, would have a good chance of hitting #3000.

But on Saturday, July 9, 2011, with me in the bleachers in Section 201 and the jam-packed Yankee Stadium crowd on their feet chanting "Derek Jeter, clap-clap, clap-clap-clap," Jeter knocked a 3-2 Dave Price curve ball into the left field bleachers and the place erupted into delirium.

I didn't see it. I couldn't see the left field wall from my Section 201, Row 21, Seat 15 obstructed view. It was $14.40 an at-bat. Didn't see much. I was there. I knew what had happened. It was surreal.

Back in April, I had mentioned to friend and Yankee season ticket holder Peter McClain (Happy Birthday this week, Pete!) that if he ever had spare tickets to let me know. I had never been to the new Yankee Stadium, following the move from the old stadium to the new one in 2009.

But the captain, thinking always of the team, gathered Hit #2999 in the 8th for Hit #3000, going 5-for-5 and a triple shy of batting cycle. Perhaps five at-bats, would have a good chance of hitting #3000.

But the captain, thinking always of the team, gathered Hit #2999 in the 8th for Hit #3000, going 5-for-5 and a triple shy of batting cycle.

While enroute to the city, we got word that Friday night's game had been postponed because of rain. We knew then that Jeter, with perhaps five at-bats, would have a good chance of hitting #3000.

But the captain, thinking always of the team, gathered Hit #2999 in the 8th for Hit #3000, going 5-for-5 and a triple shy of batting cycle.
ACT offers a gift to this supportive community

ALFRED—Violinist Lisa Lantz of Alfred, associate professor of music at Alfred University, will perform an all-Brahms program on Saturday, July 16 with guest professor David Snyder and husband Clayton Morgan.

ACT raised nearly $15,000 by publishing and selling a community cookbook that features recipes written by ACT board member and Piano, and the “Trio in E-flat Major, Op. 40, for Violin, Piano, and Violad.”

Carillon recitals continue Tues.

ALFRED—The 2011 Wingate Memorial Summer Carillon Recitals in historic 1890 Firemen’s Hall on Tuesdays in July and early August continue at the Davis Memorial Library. Admission is free and the recitals will begin at 7 p.m.

The recitals will open with the program of the complete works of William Shakespeare’s sonnets—most recently last summer in Rome, Italy—and performances of various “informances” on masters. In recent times, he has given various “informances” on the vast repertoire of transcriptions written for the piano, comparing them to the original pieces written for various instruments and the voice.

Lantz has performed solo recitals both here and overseas—most recently last summer in Rome, Italy—and has performed with a festival orchestra in Budapest, Bratals, and the Vatican. She is a specialist in music performance and chamber music, having performed with many regional orchestras in Michigan including Flint, Saginaw, Battle Creek, Ashland, Ann Arbor Chamber Players and has performed under Robert Shaw in Columbus, Ohio. She is currently a member of the Finger Lakes Symphony Orchestra. As a conductor, Lantz is experienced with various instrumental and vocal ensembles and as choral literature. Her performances include, Carl Orff’s “Carmina Burana,” Vivaldi’s “Gloria,” Handel’s “Messiah,” and more, shortly after her “Requiem.” In June 2005, she participated in a International Conductor’s Workshop, in Varna, Bulgaria. Since 1979, Dr. Lantz has spent extensive time traveling and studying throughout Europe and has lived in Rome, Italy. During this period, she studied Italian through the Vatican and at the San Tomasso d’Aquino (Dominican College) in Rome. Prior to coming to Alfred University, Lantz was a visiting Professor of Italian at Ohio University, Athens, Ohio, and then serving as a Visiting Professor of Italian at The Ohio State University. She is greatly interested in Italian and has spent a remarkable amount of time living and studying in Italy. She has given various “informances” on the vast repertoire of transcriptions written for the piano, comparing them to the original pieces written for various instruments and the voice.

The Margaret Merrill and Taffetas” and “Radio Gals” and enjoyed a two-hour whirlwind. The actor plays-plus the sonnets-into a sin-}

And, summer theater has been a real hit, providing an outlet for local residents who have caught “the theatre bug” to the delight of local residents who have caught “the theatre bug” to the delight of local residents who have caught “the theatre bug” to the delight of local residents who have caught “the theatre bug” to the delight of

The Alfred Sun

The Board of Trustees has granted building permits to four residents for new homes in the Sayles Street Extension area. The permits were issued Monday night in approving the four permits, the trustees were moved by a green light for the four buildings in the southwest corner of the village even though final plans for village streets and service connections have not been definitely drawn. A tentative plan for roads and service con- nections in a portion of the Sayles Street area was pre- sented at the meeting. The village expects to begin work on two of the four building lots in 2003, and service connections could be added as needed by the village public works department. Those granted permits were: Richard West, Daniel Clancy, Mrs. Alice Septon and A.W. Matison.

Miss Lyn Riker, daughter of Mrs. Donald D. Riker of Phoenix, Arizona, and Paul G. Gignac, son of Mr. and Mrs. Paul Gignac of Largo, Florida, were united in marriage at 10 a.m. Saturday, July 8, 1961 by the Rev. Fr. Horner Nuzew at St. Brendan’s Church, Almond. The double ring ceremony was performed before a few members of the families of the bride and groom. Mrs. Robert G. Deal and Mrs. Robert E. Homer were matrons of honor for Mrs. Donald D. Riker and Miss Loretta Gignac as best man for his brother. The guests at the Alfred-Almond Central District School approved a 1961-62 budget of $672,942.75 and returned incumbent Richard Bracken of Amond to a five-year term on the board of education, last year’s budget was $62,942.75. The board voted two and a quarter acre site adjacent to the school grounds for $2,500 and a provision for $12,500.00 for a new school bus.

Sixty teachers from secondary schools in 16 states are attending a General Science Teachers’ conference at Alfred University sponsored by the National Science Foundation and underwritten by a $55,000 grant. Among those attending are Dr. Clyde Efret at Adams Center…Pamela Powers and Ann Gustad of the world’s biggest sailing ship, the five-masted square- rigger “Royal Clipper,” to give passengers a better view of the Alfred Sun. Allen was voyaging in the West Indies.

James R. McCormick has been elected Vice Pres- ident for Key Bank of Western New York N.A. He serves as Vice President and Secretary of Key Bank of Wellsville area, including Andover, Alfred, and Whitesville. He graduated from Mercyville State Col- lege and joined the Key Bank in 1961. McCormick served with the United States Army. He is a member of the Board of Directors of Steuben Electric Inc., Andover Lions Club, and Welsh Mountainans. He lives with his wife Karen and two children in Alfred.

Mrs. Edward Crandall presented her piano stu- dents in two recitals June 13 and 14 at the Union Uni- versity Church Center. Participants were: Marsha and Beverly Andrews, Nicole and Kelly Fertitta, Danielle Brazeau with her husband John, Faith Nichols, Amanda and Amy Burns, Mary Ellen Hoffman, Kevin Stuart, Elizabeth and Timothy Ormsby, Corrie Burdick, Elizabeth Frasch, Catherine and spaghetti, Marauder, Jennifer and Allayson Haymes. Also Jessica Stearns, Kristin and Kevin Kelley, John Soothern, and Burt Conley. Performance of the week was by Miss Marguerite Rick of Harrisburg, PA spent two weeks in a cemetery, does it make any noise?

The Allegany County Fair begins its 157th straight year next week as the “Fair with a Country Smile” kicks off Monday at the fairgrounds in Angelica. The fair runs from July 16-21. The highlight of the grandstand this year is Monday night performances by recording artist Scotty McCreery and country sensation Lady Antebellum’s band. The fun continues with an evening of high drama and excitement in the form of the two day “sequence.” The action continues in the square dance area under the tent.

Former Alderman resident and author Carol Fenner Williams, who just signed a contract with Disney to make her Newberry Honor novel, “Yolonda’s Genius,” into a feature-length animated movie on July 15. The Disney deal will be announced at the upcoming July 2 re-organizational meeting of the Alfred-Al- mond in the English and Social Studies Department. Mrs. Williams taught at the college for 33 years, has maintained an ex- cellent reputation for her work in the field of education.

The Village of Alfred, after some hesitation, has joined the Town of Alfred, the Town of Almond and three other Allegany County municipalities in applying for funding of improvements in the Village’s Square Zone.

The Angela County Fair this year is the hundredth anniversary of the town, and the fair will run from Thursday through Saturday at the home of Miss Betty Littell. The fair will feature a parade, a 4-H exhibit, and many other attractions.

The question of where to locate the new home for the Alfred Sun Editor and Publisher, D.L. Snyder, and family is still under consideration. Mr. Snyder and family spent last week at Bass Lake, Canada…Carolyn and Connie Shaw, Edward and Jim Kelleher were Mon- day night picnic guests of Mary Kay and Phillip Rawleigh. Miss Pamela Powers and Ann Gustad of the Board of Education, last year’s budget was $62,942.75. The board voted two and a quarter acre site adjacent to the school grounds for $2,500 and a provision for $12,500.00 for a new school bus.

If it does, a century-old pine tree felled by either light- ning or high winds during a July 5 thunderstorm may have recovered at the Alfred United Methodist Church, Rt. 244 just outside the Village of Alfred. The tree, whose trunk measures 13 feet in circumference, stood about 90 feet above the convertible seat…Miss Marguerite Rick of Harrisburg, PA spent two weeks in a cemetary, does it make any noise?

On this day in 1894, William McKinley, 25th President of the United States, in a speech before the Christian Endeavor's International Convention in Cleveland, stated: "There is no currency in this world that passes at such a premium as the currency of love. Money will die by the young man or the young woman in the United States has to apologize for being a follower of Christ... but cause no one could have brought together so many people, and that is the cause of our Master."

Sparklers spark pleasant memories

Sparklers. The very word recalls memories of anticipating the lighting of the slender, gold-colored sticks that resembled cardboard dogs and produced the sound of crackling wood when they were ignited. These little pastimes are thriving. Currently, a group of four satellites called the A-Train orbit the earth gathering data on climate change and a host of other environmental game-changers. A mission that has just been approved to visit an asteroid that can tell us more about the origin of our solar system and whether that asteroid will collide with Earth later on this century.

NASA has recently used two satellites orbiting the moon to find evidence of water ice, indicating the possibility of the moon once being a water cycle and opening doors for possible lunar habitats in the future. These are just a few of over a hundred current missions that are helping us answer questions about our past, present and future.

The reality of the Space Shuttle is that it can’t travel outside lower-Earth orbit. We can’t even take it to the moon. While spending millions of dollars to launch the Space Shuttle creates a beautiful sight on the east coast of Florida and delivers much needed supplies to the International Space Station, it is very costly. Plans are being laid out for the development of a more efficient manned vehicle that can travel further into space. At the same time, launches to aid the research working on the International Space Station will become era’s emphasis, voyeurs and stimulating our economy.

As the final Space Shuttle launch fades into our atmosphere one by one and the spacecraft are retired, the community of ALFRED is focused on NASA. The weather cooperated Friday, July 8, 2011, as space shuttle Atlantis rocketed towards the heavens, but what will our climate look like fifty years from now? Every day, the brightest minds in the world attack this and many other questions that affect the future. These are just a few of over a hundred current missions that are helping us answer questions about our past, present and future.

The Fourth of July was also recognized by parades and various other patriotic activities that proudly displayed the American Flag on the east coast of Florida and delivers much needed supplies to the International Space Station, it is very costly. Plans are being laid out for the development of a more efficient manned vehicle that can travel further into space. At the same time, launches to aid the research working on the International Space Station will become era’s emphasis, voyeurs and stimulating our economy.

ALAFRD—The Schein-Joseph International Museum of Ceramic Art at Alfred State University is hosting a new exhibition titled “Twenty,” now through Sept. 30, 2011. The exhibit is dedicated to people who have contributed to the museum’s 20th anniversary.

The museum, located on the top floor of Binns-Merrill Hall, is open Wednesdays through Fridays, 10:00 a.m. to 4:00 p.m.; the museum is closed some holidays.

“The premise for the exhibition was Leslie’s (Bella- vance, the dean of the School of Art & Design) idea, directed us to choose pieces from the collection that the museum acquired between 1991 through 2011 — two from each year that we have officially been a museum,” says Susan Kowalczyk, museum director. “She looked at more than 2,000 pieces. It was a great opportunity for a new dean to familiarize herself with the museum collection and in the process develop an exhibition from her aesthetic.”

The first piece is a cylindrical, spherical vase by Charles Binns, a sculpture by Eva Zeisel, a vase by Charles Binns, stacking vases by Eva Zeisel, a sculpture by Charles Binns, and a last piece, a stack of three vases by Chancey, a gift of the Fraser and Weinberg Families.

In Australia, Belgium, France, Greece, Italy, Japan, New Zealand, Switzerland, and the United States. His work was also featured in the Frank Lloyd Gallery in January 2006. On display in “Twenty” is Beginning Form — Spiral (2006), glazed stoneware, a gift of the artist, Vis- ing Art Collection. The Yangzhou culture utilized pottery for cooking vessels, bowls, cups, and jars. The pottery also played a role in funerary rituals and dates back almost 5,000 years. On display is a display jar from the collection of the Schein-Joseph Museum serve as an analogy for any and all museum visitors whose work with ceramics works of art reflects their own personal histories, their personal under- standing and pleasure in the ob- ject. A collection reception open to the public is planned for Thursday, Sept. 22 from 4:30-6 p.m. Please call or stop by the museum for information and announcements at 607-871-2421, or visit the museum Web site at www.ceramic- smus.eum.edu.

Tonight at 8 New York is different for us. Movie night! July 15th, 11 am Story Time with Kristen July 20th, 1 pm at Alfred State Orvis Center Gym; Bruce Weaver and friends.

Should be an entertaining event for all ages! All welcome! July 20th, 2-4pm eClass Training: How to Use StartCat July 21st, 2 pm Oriental Fan Decorating. Please register for this event!

An event to patrons, although it is not ideal to have to close a part of our already small library sometimes it is necessary. Please be aware that when eClass Trainings are occurring the Children’s wing will be inaccessible during the time of those trying to participate in the training. We apologize in advance for this inconvenience but appreciate your understanding.

—Eliza Ordway, Library Director

A one-hitter, the program will provide hands-on leadership training for interested 7th-12th grade students and high school graduates.

The program’s goal is to project-based learning with its undergraduates serves as a frame- work for this hands-on training program for young adults to recognize their leadership poten- tial, advocate for, and make use of the space in the future,” ex- plains Ashley Kehoe, director of Civic Engagement and Student Leadership programs at the college. “The students made a big im- pact on the garden space because of a space that has been relocated to the garden space because of construction on campus. They also helped restore the tranquility of the secret garden space.

“The garden is a gift to the students and the community to help people stay connected to the natural world,” according to Dr. Brian Bellavance, the dean of the School of Art & Design. “I understand that my travels through the collection of the Schein-Joseph Museum serve as an analogy for any and all museum visitors whose work with ceramics works of art reflects their own personal histories, their personal understanding and pleasure in the object. A closing reception open to the public is planned for Thursday, Sept. 22 from 4:30-6 p.m. Please call or stop by the museum for information and announcements at 607-871-2421, or visit the museum Web site at www.ceramic- smus.eum.edu.

The Alfred Community Garden is what civic engagement is all about: coming together around a shared cause or passion and making something beautiful. ‘You can often wait too long in a person’s experience before they come to the realization that my travels through the collection of the Schein-Joseph Museum serve as an analogy for any and all museum visitors whose work with ceramics works of art reflects their own personal histories, their personal understanding and pleasure in the object. A closing reception open to the public is planned for Thursday, Sept. 22 from 4:30-6 p.m. Please call or stop by the museum for information and announcements at 607-871-2421, or visit the museum Web site at www.ceramic-smus.eum.edu.

The unit of the program will provide hands-on leadership training for interested 7th-12th grade students and high school graduates.

The program’s goal is to recognize their leadership potential, advocate for, and make use of the space in the future,” explains Ashley Kehoe, director of Civic Engagement and Student Leadership programs at the college. “The students made a big impact on the garden space because of a space that has been relocated to the garden space because of construction on campus. They also helped restore the tranquility of the secret garden space.

It was about as busy a weekend as I have had in quite awhile as a variety of events were on the slate with travel galore involved. When it was all done Monday, Lauren and I left Alfred to head to Webster to nearby Aquinas in Rochester then onward to Geneseo- Alfred/Albright-Utica, over to New Hartford and back to Web- ster all before the Boilermaker race on Saturday-Sunday. A great weekend!

Friday evening 3L and I had decided to take in the last home game of the season for the Rochester Ravens women's soccer team with Aquinas as their home turf. An excellent facility. Former SUNY Geneseo player Sarah DeRoeck is in her sophomore campaign with the Ravens and we wanted to see her in action again. Original plans were to have Jess Herbst (Schoedel/UVM) riding with us and as we were near the field, I heard that Hallie Marks (Penfield/UVM) was also on the team and that Joe Herbst wanted to go to the game too. So, 3L and I hitched a ride with Joe and Jess in the back before stopping off on the way to the game. At halftime Hallie Marks (Penfield/UVM) was also on the team and that Joe Herbst wanted to go to the game too. So, 3L and I hitched a ride with Joe and Jess in the back before stopping off on the way to the game. At halftime.

Then head to a spot next to where she used to volunteer and it is a great location.

On Saturday Lauren and I took off for Utica with a couple of stops along the way... in Geneseo and Almond! Not exactly the most direct route to take but with plans made it was one we had to take. First stop was in Geneseo as they were having their annual Summer Graduation party. Tentative on that one. Next up was Almond and Courtney Cook’s town, my first visit back since 3L’s graduation in May and on a picture perfect day. The Geneseo Air Show was also taking place this day, yes I know that it is the Air Show. First stop was in Geneseo as they were having their annual Summer Festival. Quite the production as it is similar to the Webster and Al- mond festivals. Not as far away from home as we had to travel. We were going to be staying overnite in Whitesboro with Michelle Milkovich along the way, 3L’s running partner from Geneseo and we drop them off at the starting line area. I say “area” because this would be my first time taking in the race though. I asked her husband Bob to pass away this past April. I have stayed with the grad party as she is departing A-A and heading for Nazareth, her family is the brother of Alfred State, SID, Paul Welker.

The ride was about as busy a weekend as I have had in quite awhile as a variety of events were on the slate with travel galore involved. When it was all done Monday, Lauren and I left Alfred to head to Webster to nearby Aquinas in Rochester then onward to Geneseo-...
