

Chicago Heights - Ill

Nov. 24, 1905.

Dear Professor Burris,

I am just wind-  
ing up a term at taking  
care of my brother who  
has had typhoid fever.  
He is up and around again.

I will take a position  
with the Non-Craze  
people the 1<sup>st</sup> of the  
month. Duties rather  
fuzzy as yet in all our  
minds.

However I want an artist.  
Waltham won't go. I would  
like Miss Randolph if she

would begin now. Thomas  
would suit too. I think.  
It would mean a case of  
going in right-away, at  
any rate by the first  
of the year.

If you know of any sum-  
mer school people who are  
fit, let me have their  
names. It is not necessary  
that they know anything  
but the painting and some  
little modeling.

Yours very truly  
Paul C. Cox,  
St. Joseph Michigan,  
C. D. C. Cox.
