

June 12, 1908.

My dear Cox:-

Do not apologize for writing me of your affairs. I am glad to help you whenever I can although I regret the necessity. I am disappointed that you did not close with the Pacific coast people, but I am quite sure there is an opening waiting for you. You might write to Mr. H. E. McLain, Fulton Bldg., Pittsburg, Pa., saying that I advised you to do so and mentioning your qualifications. Mr. McLain is a young man who has a controlling interest in a good many plants and is "in the market for bright young men".

We broke ground for the new Agricultural School on Wednesday, Commencement Day and had a great time.

With kind regards, I am,

Sincerely yours,

CFB/B.
