Prof. Chas F. Busis

Alfred

Dear Friend.

I wrote Prof. Griffith today. I am greatly obliged to you and I want this to open up to me the chance to get into the doing of things.

I want this job.

I enclose you a letter which will interest you perhaps. Through you a year ago I got in touch with Mr. Oswald Spier a representative of their who made an appointment to meet me in Chicago. Mr. Spier wanted small glazes. I never heard any thing more from it, nor did he meet me. This letter is the last chapter.

Yours very truly

Paul E. Cox.

I am not yet started for Fishers but by our arrangement I can stop a reasonable notice at any time. I will get busy next week.
