Prof. Chas F. Binns

Alfred

Dear Friend,

I wrote Prof. Griffith today. I am greatly obliged to you and I want this to open up to me the chance to get into the doing of things. I want this job.

I enclose you a letter which will interest you perhaps. Through you a year ago I got in touch with Mr. Oswald Speir a representative of theirs who made an appointment to meet me in Chicago. Mr. Speir wanted matt glazes. I never heard anything more from it, nor did he meet me. This letter is the lost chapter.

Yours very truly

I am not yet started for Fulchers but by our arrangement I can stop or (?) notice at any time. I will get busy next week.
