Hazardous waste collection

A hazardous chemical waste removal will occur during the first week of July 2007. Please send me your current waste logs by Monday, June 18. Of course, you will/may continue to collect waste in your SAA until Friday, June 29.

Bring the waste to the proper Central Accumulation Area by June 29. A log of the additional waste collected after June 18 must accompany the waste to the CAA. Please use the attached waste log for all waste recording from now on.

Feel free to contact me with any questions.
