An AU Directory Again!

We are in the final stages of putting together the Faculty Staff Directory. The information contained in this directory will be pulled directly from Banner so please make sure that Human Resources has your campus phone, address and fax number. The information found in Outlook's global address list and the individual properties is also pulled directly from Banner, so you can check your information there and if it is not correct, use the Personnel Data form below to update HR. General Office Phone and Fax numbers are not stored in Banner and feedback from our employees has indicated that they would miss these pages if they were not included in the directory. Review the attachment below and if the numbers for your area are incorrect, contact Kathy Costello at costello@alfred.edu to make the necessary changes.
