Dear Professor;

Thinking that you may have a catalogue of the pottery exhibit as sent from the S. S. I write you. I have been awarded a bronze medal by the Exposition and am very anxious to know upon what piece or pieces the award was made.

The cat. number is 881 in group XIV given by the authorities.

Trusting that the S. S. has been honored otherwise by the St. Louis Exposition, and thanking you for your trouble, I am
most sincerely yours,

Fred E. Walrath,
