

Shenango Pottery Company

MANUFACTURERS OF

==== HIGH - GRADE ====

SEMI-VITREOUS CHINA

==== PLAIN AND DECORATED

Canonsburg
NEW CASTLE, PA.

Nov 26, 1907

My dear Professor, -

Enclosed you will find my completed paper.

I hope you will forgive me for being so lax in finishing it. I can plead nothing but hard work and very little time.

Sunday before last I spent in Pittsburg with M. S. He and I had a great talk about all sorts of things. I expect he will be up here soon.

The Shenango Pottery is practically shut down and I have been laid off indefinitely. I expect that this means until February at least, judging from the financial situation. If you hear of anything at all in the ceramic line, even if not in white ware, I wish you would let me know. I cannot afford to take a very long vacation.

It is very fortunate that my folks are now living

down here. I can have a good long visit with them
and at very little expense.

Hoping that school is going as you wish it,

I remain

Yours very respectfully

P. B. Cowan.
