### Outdoor Warning Siren/AU's e2campus System to be Tested Aug. 31

Alfred State College will activate their outdoor warning sirens on Friday, Aug. 31, 2012 at 10:10 am.

In conjunction with this activation, AU will run a test of its emergency alert system, which means if you have signed up for alerts, you will receive notification Friday morning just after the siren is activated.

In the event of "real" life-threatening emergencies, Alfred State will activate the outdoor warning siren. Any emergency that causes ASC to sound its alarm also has the potential to affect people on our campus. If and when you hear the siren, you should immediately return to a known safe, indoor location. Information about the emergency, including instructions about what to do, will be communicated via E2Campus .

If possible, other methods will be used including WALF broadcasts and postings on entrance doors to academic and residence hall buildings. Familiarize yourself with the siren by listening to the attached audio file. If you have any questions, please contact the Office of Public Safety at 607-871-2108.

### Toshiba Copier Contract Extended w/Savings

Alfred University has extended the current Toshiba MFP (photocopier) contract. The cost per copy has been reduced from \$0.0254 to \$0.022 beginning August 2012.

The extended contract has a minimum copy charge each month per machine. The minimum is based on 90% of each machine's usage over the past 18 months.

Every quarter Toshiba will review actual usage against the minimum established for each machine and will credit the department if the usage is less than the minimum. That is, while the monthly charges will be based on estimates, this will be adjusted quarterly to reflect actual usage. If a department exceeds the minimum established for their machine the cost per additional copy will be at an even lower rate of \$0.015 per copy.

NOTE: An email will be forthcoming with the minimum requirements for each machine.

How this works:

Minimum Established: 1,000 copies per month

At end of quarter: 3,000 copies at a cost of \$66.00

\* If the actual quarterly count is 2,500 copies, a credit will be posted  
o 500 copies at a rate of \$0.022 or (\$11.00)

\* If the actual quarterly count is 3,500 copies there will be an invoice for the additional copies  
o 500 copies at the reduced rate of \$0.015 or \$7.50

By extending the contract, the University could save nearly \$50,000 over the term of the agreement.
