2012 Swine Flu Update/Flu Shot Clinic

Recently, the Centers for Disease Control and Prevention issued a warning about a new strain of Swine Flu called H3N2v. While this current virus seems to be only infecting humans with direct contact with infected swine, there has been limited human-to-human transmission. See the CDC website for more information.

Use caution when attending the county and state fairs; take the time to wash your hands after you come in contact with swine. There is no hazard from eating pork that is properly handled and cooked.

It is recommended that at all people over the age of 6 months old get a flu vaccination every year. The 2011-12 vaccinations are gone now but, the 2012-13 vaccinations will become available this fall. Alfred University will host a vaccination clinic, Oct. 3 from 10-2 pm at Powell Campus Center in the McNamara Room. The vaccination will also be available at Health Services by appointment for students only.

The risk of infection and spread of influenza viruses between people, including H3N2v, can be reduced by taking a combination of actions. CDC recommends you take everyday preventive actions, including:

- o Cover your nose and mouth with a tissue when you cough or sneeze. (Throw the tissue in the trash after you use it.)
- o Wash your hands often with soap and water, especially after you cough or sneeze. If soap and water are not available, an alcohol-based hand rub may be used.
- o Avoid touching your eyes, nose or mouth. Germs spread that way.
- o Try to avoid close contact with sick people.
- o If you are sick, stay home from work or school until your illness is over.
- o Students can call AU Health Services if you have any symptoms or questions at 607.871.2400

Employees can contact EH&S for additional information or community clinic dates at 607.871.2190

Get Out and Register to Vote

Alfred University stands behind the idea that we all benefit when a greater share of Americans register and vote. This year there will be an important general election on Nov. 6, 2012. If you are not already registered to vote, please consider doing so now.

Alfred University students often have a choice of registering and voting right here in Allegany County (if you have been a resident in your present address for at least 30 days before the election) or voting by absentee ballot in your home county or state. The choice is yours, but please plan to register and vote on Nov. 6.

You can download the registration form and get more information about voting in New York State, including instructions on how to vote by absentee ballot, at this Web site maintained by the NYS Board of Elections: www.elections.ny.gov.

Please make sure that to register to vote, you must complete the form, print it out, sign it, and mail it to the county's Board of Election. If you do not want to print the form online. You can also pick up a paper copy of NYS Voter Registration forms at Special Academic Services, Herrick Library, Scholes Library, Powell Information Desk and the Office of Residence Life.

For information about other states' registration deadlines and absentee ballot request deadlines you can visit www.canivote.org or www.turbovote.org.
