Students' Rights under FERPA

Under the Family Educational Rights and Privacy Act (FERPA), students have certain rights with respect to their education record at AU. One of these is the right to block the release of "directory information."

Attached is a document that summarizes students' FERPA rights and provides a form that can be used to prevent release of directory information during the time you are enrolled at AU.

Please read the form carefully noting the consequences of blocking directory information and then, if you wish to keep the fact that you are enrolled at AU entirely confidential, sign the document and return it to the Student Service Center in Seidlin Hall.

If you have questions or would like more information, contact the SSC or email registrar@alfred.edu.

Visiting Artist Lecture in Painting: Trudy Benson

The Division of Drawing, Painting, and Photography has invited Trudy Benson to lecture on her work Thursday, Sept. 26 at 5:15 p.m. in Holmes Auditorium.

Trudy Benson (b.1985 Richmond, VA) lives and works in Brooklyn. She received an MFA from Pratt Institute, Brooklyn and a BFA from Virginia Commonwealth University, Richmond, VA. The artist is represented by Horton Gallery in New York, where she has been featured in a solo show and an art fair.

"A generation of artists who grew up using a mouse as comfortably as a paintbrush is now coming of age and bringing the giddiness of those formative computer art experiments to good old oil on canvas. This is exciting news, to judge from Trudy Benson's solo show at Horton. Many of her large, squarish canvases - the proportions bring to mind early Mac monitors - mimic the squiggly, uncontrollable lines and seemingly miraculous instant color-fills of 1980s graphics programs like MacPaint..." - Karen Rosenberg, The New York Times, May 10, 2013.

Ecology of the Bahamas

SECOND INFORMATION SESSION! (in case you couldn't make it to the first one)
The Environmental Studies Division is pleased to offer the course Ecology of the Bahamas for Spring 2014. This is a full semester, 3-credit course which includes a week-long field trip at the Gerace Research Center on San Salvador Island, Bahamas.

Through this course students will learn concepts that are central to ecology and biodiversity through the exploration of Bahamian plant and animal life. We will use a natural history approach to investigate coral reefs, seabird colonies, tidal channels, caves, and inland lakes.

An information session will be held Thursday Sept. 26, Science Center 326, 7:30 p.m.

Prerequisite: ENVS101 or BIOL201, plus instructor permission. To apply: <http://alfred.abroadoffic...>

'For the Bible Tells Me So' - Screening & Discussion

Screening:

Monday, Sept. 30 at 6 p.m. in Nevins Theater, Powell Campus Center

Film Description:

Through the experiences of five very normal, very Christian, very American families -- including those of former House Majority Leader Richard Gephardt and Episcopal Bishop Gene Robinson -- we discover how people of faith handle, or sometimes tragically fail to handle, having a gay child. Informed by such respected voices as Bishop Desmond Tutu, Harvard's Peter Gomes, Orthodox Rabbi Steve Greenberg and Reverend Jimmy Creech, "FOR THE BIBLE TELLS ME SO" offers healing, clarity and understanding to anyone caught in the crosshairs of scripture and sexual identity.

Discussion to follow the film regarding sexuality and religion facilitated by Wakoh Shannon Hickey, assistant professor of religious studies at Notre Dame University of Maryland.

Bishop Robinson will be on campus to present the Sibley Lecture the following evening, Oct. 1, at 7:30 p.m. in Nevins Theater.

Sibley Lecture - Bishop V. Gene Robinson

Bishop V. Gene Robinson will deliver the Sibley lecture this year - "Gay Rights: How We Got Here, Where We're Going and Why Religion Matters So Much!" We invite you to join us Tuesday, Oct. 1 at 7:30 p.m. in Nevins Theater, Powell Campus Center.

Bishop Robinson has been active particularly in the area of full civil rights for gays, lesbian, bisexual and transgendered people. Working at the state, national and international levels, he has spoken and lobbied for equal protection under the law and full civil marriage rights.

He has also done AIDS work in the United States and Africa as well as co-authoring three AIDS education curricula for youth and adults.

This lecture is sponsored by the Division of Human Studies, The College of Liberal Arts and Sciences, Spectrum, and the Institute of Cultural Unity.

Claydies

Visiting artists: Claydies

Sponsored by: The Dean's Office - School of Art and Design, the Division of Ceramic Art and the Alfred Clay Collective

Workshop: Thursday 3 October through Friday 4 October, 2013

Public lecture: Thursday 3 October

Location: BMH 106/ Room C

Time: 11:15 a.m. - 1:15 p.m.

The Division of Ceramic Art and the Alfred Clay Collective are pleased to welcome Claydies, the design partnership of Karen Kjldgrd-Larsen and Tine Broks. Both Karen and Tine graduated from the Danish Design School in 2000.

"Tine throws a lump of clay and Karen catches it. Karen throws it back to Tine but it falls to the ground. We try with a new lump. This time Tine catches it and starts shaping it. It is a ping pong process, in which we are always hunting good ideas. Sometimes we wear our bowls on a catwalk.

Sometimes we are inspired by horrors and murder our pots. And sometimes we set up dogma-rules and work blindfolded. We strive always to renew ourselves and make ceramic design that matters. That is to have fun and give fun..."

'Present Perfect: Alicia Eggert, Solo Exhibition'

Present Perfect: Alicia Eggert, Solo Exhibition

Date: Sept. 10 - Oct. 11

Location: Cohen Center

Open Reception: Friday, Sept. 13

Time: 5-7 p.m.

In Present Perfect, Alicia Eggert presents a body of work that serves as an ongoing investigation of time. Works including drawing, photography, neon, and kinetic sculpture, juxtapose cyclical, linear, finite, and infinite representations of time.

One kinetic sculpture repeatedly creates and destroys the word NOW, but just like time itself, it never quite comes to a complete stop. Another sculpture has been programmed to have a human lifespan, and to "die" after 78 years. A photograph of a man looking at his watch captures a dying gesture, and a 12-foot-long drawing measures time in feet and inches.

If time is a construct, Present Perfect seeks to figure out how, exactly, it's constructed. To view more work of Alicia's visit: www.aliciaeggert.com.
