### Washington Semester Program for Spring 2009.

Dr. Heineman of the Social Sciences Division is now taking applications for the Washington Semester Program for Spring 2009.

The Washington Semester Program is sponsored by American University and enables students to spend a semester in Washington, D.C., studying public policy in a variety of areas. Students who have participated in the program have used their experience and contacts to obtain excellent positions in Washington and elsewhere.

In addition to taking coursework, students will meet with government officials and political leaders in seminar sessions and will participate in an internship of their choosing. In addition to its major focus on American national government, the program also has a number of options utilizing non-governmental resources in the Washington area, including working with interest groups and art and cultural institutions. Some of these are: journalism, law enforcement, public law, economics, international business, international organizations, and women and politics.

Course credits and grades are fully transferable to the student's transcript. Students can obtain additional information on the program at [www.washingtonsemester.co...](http://www.washingtonsemester.co...) Juniors or seniors are

eligible to participate, and scholarships are available.

Last semester Kalyn Follmer attended the program and Kristin Rubisch is currently there. Those interested should contact Dr. Heineman in room 209 of the Olin Building. Applications should be completed by Wednesday, Nov. 5, 2008.

### **'In the Loop' at the Fosdick-Nelson Gallery**

Opening reception, Friday, Nov. 7, 7-9 p.m.  
Show runs through Dec. 3

"In the Loop" features an array of international artists currently working with video--all honoring, or to some degree inspired by, iconic 1970s performance art works. Like their predecessors, these artists are commenting on issues of the engendered and political body, as well as the weightiness of art historical pedigree. Yet, they contemporize the dialogue with wit, whimsy and satirical references to diverse popular culture.

Gallery hours: Monday to Friday 11 a.m.-4 p.m.; Saturday & Sunday 1-3 p.m.

### Collaborative Performance Artwork

On Friday, Oct. 24, at 7 p.m. in Holmes Auditorium, Alfred University students will present a collaborative performance artwork that will interpret "Heavyweight" with material, movement, and sound. This work was initiated by interaction and discussions with performance artist/educator Nick Cave during two residency visits to Alfred in September and further enhanced by a half-semester, cross-disciplinary course team-taught by Cave, D. Chase Angier, Marketa Fantova and Chris Miller.

The residency of Nick Cave was a collaboration between the Division of Performing Arts in the College of Liberal Arts and Sciences and the School of Art and Design. Funding was provided by the Miller Excellence in the Arts Fund, the Career Development Center, the Marlin and Ginger Miller Dance Residency Program, the David and Elizabeth Graves Miller Fund for Performing Arts, and the C. Duryea Smith III Memorial Fund.

Cave, a graduate of Kansas City Art Institute, earned his MFA from Cranbrook Academy of Art and studied with Alvin Ailey Dance Theatre. He has designed displays for Macy's Department Store and practiced professionally as a high fashion clothing designer, artist and dancer.

Currently on the faculty of the Art Institute of Chicago, Cave has built a reputation as an educator and performance artist, especially with his ritualistic "Soundsuits." These sculpted, full body "Soundsuits" are layered and textured in metal, plastic, fabric, hair, and found objects designed to rattle and resonate in concert with the movement of the wearer, usually Cave himself. The suits ritualize Cave's feelings about the isolation and insulation attendant to being a black male in America.

The student performance is free to the public.

### Mt. Morris Dam History Lecture

Everyone is invited to attend the next meeting of the Baker's Bridge Historical Association on Monday, October 20th to hear Ranger Tom Wenzel present the history of the Mt. Morris Dam. This concrete dam on the Genesee River was constructed between 1948 and 1952 at a cost of \$25 million and is an important structure that protects our regional environment. It's estimated that since its completion, it has prevented over \$1 billion in damage. During the 1972 flood alone, \$210 million in damages were averted.

The meeting begins at 7:30 p.m. and is held at the association's Meeting House (built in 1831) located on Hamilton Hill Road in Alfred Station, one-half mile from the post office/fire hall.

The meeting is free and open to all. Refreshments will be served immediately after.
