Monthly Fire Inspections in Residential Buildings

Just a quick reminder to all students that AU Custodial will be completing its monthly fire inspections for the month of April.

This includes dorms, RD apartments, Pine Hill Suites, Ford St. apartments, and specialty housing. The inspections will be starting Monday, April 25.

The Custodial Department would also like to inform students that we will be conducting Health and Safety inspections in preparation for the end-of-semester move-out. This will help us assess how well residents are maintaining their living areas and determine if remediation is necessary.

We apologize ahead of time for any intrusion and want to thank the student body for its help and cooperation throughout the year.

-AU Custodial

IEA Visiting Artist: Christopher Kaczmarek

Dates: April 18-22

Location: The Institute for Electronic Arts at the School of Art and Design of the College of Ceramics

Cost: N/A

Sponsored by: The Institute for Electronic Arts and the Division of Expanded Media

Christopher Kaczmarek of New York, NY, will be participating in an artist residency at the Institute for Electronic Arts over the week of April 18. Receiving his MFA from SUNY Purchase with a concentration in Sculpture and New Media, Christopher draws on his foundational knowledge of how materials communicate to explore the interactions of people with their physical and cerebral environments.

Through traditional and experimental practices, Christopher creates work designed to guide viewers towards a deeper contemplation about the environment they inhabit.

Christopher intends to work on creating a social and hardware/software structure for the collection and procedural remixing and presentation of audio and video that is produced by the participants as part of their travel to the event.

Participants will record their travel to the event by whatever means they have available to them and submit these to a collection which will be live to create a video mash-up of a collective narrative of everyone's individual journey to the event.

More information and work can be found on Klug's website: <http://www.chriskaczmarek...>

The Institute for Electronic Art's Visiting Artist Program is sponsored in part by the NYS Council on the Arts with the support of Gov. Andrew Cuomo and the NYS Legislature.
