Monthly Fire Inspections in Residential Buildings

Just a quick reminder to all students that AU Custodial will be completing its monthly fire inspections for the month of April.

This includes dorms, RD apartments, Pine Hill Suites, Ford St. apartments, and specialty housing. The inspections will be starting Monday, April 25.

The Custodial Department would also like to inform students that we will be conducting Health and Safety inspections in preparation for the end-of-semester move-out. This will help us assess how well residents are maintaining their living areas and determine if remediation is necessary.

We apologize ahead of time for any intrusion and want to thank the student body for its help and cooperation throughout the year.

House Plant Summer Camp!

Going home for the summer but can't take your house plants with you?

Instead of letting them end up in a landfill, let our AU Green thumb Dave Chamberlain take care of them until you return in the fall. Your plant(s) will enjoy fresh air and sunshine all summer long.

For a small care-taking donation, Dave will care for your plant(s) until you return next semester. He will also accept unwanted house plants looking for a forever home!

House Plant Summer Camp is sponsored by Cornell Cooperative Extension of Allegany County.

For plant drop-off information, email Dave at chamberlainjd@alfred.edu.

How Does Google Decide Who Makes the Cut as a Googler?

If these topics sound interesting, these undergraduate and graduate summer course offerings are for you! Courses are open to most students but may be subject to instructor permission.

MGMT 300 01/MBA 600 03: People Analytics - This course focuses on the tools, procedures, and analyses used to inform data-based human capital decisions in organizations.

The methods taught in this course will be applied to HR and OB policy in organizations including but not limited to staffing, training, and measuring employee performance and satisfaction. Identification of the appropriate tools and statistical procedures for analyzing human capital will be emphasized along with the ability to effectively interpret and communicate statistical analyses into organizational policy recommendations.

MBA 600 02: Modern Issues in HRM - This course emphasizes five contemporary HRM trends in the

workplace. The Society for Human Resource Management (SHRM) lists several of these trends as critical for HR professionals' success in the coming years. These trends include management of knowledge workers, contemporary hiring strategies, workforce training and gamification, work/life balance, and demographic issues in talent management. An evaluation of the utility of HR departments in the modern workforce is also examined.

If you're interested in learning more about these course offerings, contact Dr. Jennifer Griffith at griffith@alfred.edu. I look forward to hearing from you!

AU Photo Library Online - Gallery Server Pro

AU has a new searchable photo library, Gallery Server Pro (<http://gsp.alfred.edu>), accessible to AU faculty/staff. This library contains a wide variety of downloadable AU images ranging from seasonal campus scenics, to classrooms/labs, to selected campus events. To access, please go to our.alfred.edu and scroll down the left-hand side to Faculty/Staff. Click on Faculty/Staff and scroll down to Gallery Server Pro.

Gallery Server images are cataloged by semester, by month and by topic, and as new photo assignments are completed, additional images will be cataloged and posted on a regular basis. The photos are extensively tagged to assist in searches for specific subjects.

NOTE: The images have been carefully selected from more extensive photo sessions that include alternative views and formats (landscape vs portrait). Those images are archived separately and you will need to contact Rick McLay, director of Creative Services at 2736 (mclay@alfred.edu) to inquire about those additional images. There is also a separate folder dedicated to faculty/staff portraits, many of which were completed the week of Aug. 17, 2015.

BEFORE YOU DOWNLOAD

The primary use of many of these images is for Admissions and University Relations marketing efforts in both printed and web formats. In order to keep track of downloads (except for faculty/staff portraits), please contact Rick McLay (mclay@alfred.edu) or Judy Linza (linza@alfred.edu) with information on which images you are downloading, and where they are going to be used.

TO DOWNLOAD

Access to Gallery Server requires AU username/password to review images and to download in three formats: 1. Thumbnail (small image), 2. Web optimized (low resolution but full size), and 3. Original (high resolution). To download the image of your choice, use the download/share icon, which is the one on the left in the icon grouping above each image, and follow the directions.

ADDING PHOTOS TO THE AU PHOTO LIBRARY

We welcome the opportunity to obtain images from faculty and staff. Though much effort goes into documenting as many things as possible on campus, it is impossible to cover it all. When there are events such as art shows, or special lab/classroom activities that faculty/staff are photographing, we

would very much like to review those images so that the library is as comprehensive as possible. Please contact Rick McLay if you have images that you think should be considered for this.

ATHLETICS PHOTOS

Current images of athletics events are available at (<http://gosaxons.com>). By contractual arrangement with the professional photographer, there will be a charge for athletics images. Mark Whitehouse, AU's Sports Information director (whitehouse.alfred.edu), is the contact regarding usage.

If you have any questions or suggestions for photos you want cataloged and included, please contact Rick McLay at mclay@alfred.edu or Ext. 2736. If a student requests access, please contact Rick McLay.
