Carillon Recital on Hot Dog Day

The Hot Dog Day carillon recital on Saturday, April 30 will be played by Alfred native and AU alum from the Class of '74 Doris Burzycki Aman from Webster, NY.

While a student at AU, Doris learned to play the carillon under the guidance of Dr. Melvin LeMon and Frank P. Law of Valley Forge, PA. Now Doris teaches carillon at the U of R and serves as adviser to the UR Carillon Society, a student group that promotes the Hopeman Carillon and recruits and mentors students to play the bells for the campus.

Guests are welcome to climb the stairs to the top of the tower and watch the performer. The one-hour recital begins at 4 p.m.

Travel to Belize with the Tropical Ecology Class - Allen Term 2016

Interested in tropical ecology, evolution, and conservation biology?

Travel to Belize with the Tropical Biology course during Allen Term 2016 (January 2017). Emphasis will be on the structure, function, and conservation of rainforest and coral reef ecosystems and the species that comprise those systems.

Excursions on the trip include a canoe float on Sibun River, visit to Altun Ha and Community Baboon Sanctuary, jaguar reserve night hike, snorkeling in the South Water Caye Reserve, and more.

Come to an information session on Thursday, April 28 at 10 a.m. in Science Center 327 or Tuesday, May 2 at 3 p.m. in Science Center 303 for more information.

Contact Dr. ZD - zimbler@alfred.edu.

How Does Google Decide Who Makes the Cut as a Googler?

If these topics sound interesting, these undergraduate and graduate summer course offerings are for you! Courses are open to most students but may be subject to instructor permission.

MGMT 300 01/MBA 600 03: People Analytics - This course focuses on the tools, procedures, and analyses used to inform data-based human capital decisions in organizations.

The methods taught in this course will be applied to HR and OB policy in organizations including but not limited to staffing, training, and measuring employee performance and satisfaction. Identification of the appropriate tools and statistical procedures for analyzing human capital will be emphasized along with the ability to effectively interpret and communicate statistical analyses into organizational policy recommendations.

MBA 600 02: Modern Issues in HRM - This course emphasizes five contemporary HRM trends in the workplace. The Society for Human Resource Management (SHRM) lists several of these trends as critical for HR professionals' success in the coming years. These trends include management of knowledge workers, contemporary hiring strategies, workforce training and gamification, work/life balance, and demographic issues in talent management. An evaluation of the utility of HR departments in the modern workforce is also examined.

If you're interested in learning more about these course offerings, contact Dr. Jennifer Griffith at griffith@alfred.edu. I look forward to hearing from you!
