How Does Google Decide Who Makes the Cut as a Googler?

If these topics sound interesting, these undergraduate and graduate summer course offerings are for you! Courses are open to most students but may be subject to instructor permission.

MGMT 300 01/MBA 600 03: People Analytics - This course focuses on the tools, procedures, and analyses used to inform data-based human capital decisions in organizations.

The methods taught in this course will be applied to HR and OB policy in organizations including but not limited to staffing, training, and measuring employee performance and satisfaction. Identification of the appropriate tools and statistical procedures for analyzing human capital will be emphasized along with the ability to effectively interpret and communicate statistical analyses into organizational policy recommendations.

MBA 600 02: Modern Issues in HRM - This course emphasizes five contemporary HRM trends in the workplace. The Society for Human Resource Management (SHRM) lists several of these trends as critical for HR professionals' success in the coming years. These trends include management of knowledge workers, contemporary hiring strategies, workforce training and gamification, work/life balance, and demographic issues in talent management. An evaluation of the utility of HR departments in the modern workforce is also examined.

If you're interested in learning more about these course offerings, contact Dr. Jennifer Griffith at griffith@alfred.edu. I look forward to hearing from you!

House Plant Summer Camp!

Going home for the summer but can't take your house plants with you?

Instead of letting them end up in a landfill, let our AU Green thumb Dave Chamberlain take care of them until you return in the fall. Your plant(s) will enjoy fresh air and sunshine all summer long.

For a small care-taking donation, Dave will care for your plant(s) until you return next semester. He will also accept unwanted house plants looking for a forever home!

House Plant Summer Camp is sponsored by Cornell Cooperative Extension of Allegany County.

For plant drop-off information, email Dave at chamberlainjd@alfred.edu.
