### Be Wise - Lock Rooms, Offices, Vehicles

The year-end exodus from campus is generally the time of year when belongings seem to disappear from rooms, offices, and cars that are not locked. Please take an extra moment to lock all rooms, offices, and vehicles.

If you see an suspicious activity please report it immediately to the Office of Public Safety at

607.871.2108 or 911.

### Fun with Number Theory - Math Talk with Sterling Campbell!

Sterling Campbell will give a talk that will count as divisional honors. It will be on Wednesday, May 4, from 12:20-1:10 p.m in Myers 228.

Number theory is the branch of mathematics devoted to the study of the integers. The great mathematician, Carl Gauss, referred to number theory as the "Queen of Mathematics" due to its beauty and elegance. In this talk, we will explore a few interesting results that were encountered in an independent study this semester.

This talk is in partial fulfillment of divisional honors in mathematics.

Pizza will be served. Everyone is welcome!

### Canvas LMS Training

ITS will offer trainings for the Canvas LMS beginning Thursday, May 5. AU will begin using Canvas in fall 2016; Blackboard will be discontinued at that time.

Canvas trainings will be available throughout the summer and fall. The training will cover general navigation, commonly used features, and tips for setting up your courses. Trainings are available at the following times:

Thursday 5/5, 2 - 3:30 p.m.

Monday 5/9, 1 - 2:30 p.m.

Both sessions will be held in the Training Center on the first floor of Howell Hall (side entrance, facing the CDC). Seating is limited.

If you would like to attend, please contact Meghanne Freivald at 607.871.2363 or via email to sign up.

For anyone who cannot attend training, all Canvas instructions are publicly available on the Canvas Instructor Guide website. Existing Blackboard course content can be exported and imported into Canvas using the attached instructions.

### How Does Google Decide Who Makes the Cut as a Googler?

If these topics sound interesting, these undergraduate and graduate summer course offerings are for you! Courses are open to most students but may be subject to instructor permission.

MGMT 300 01/MBA 600 03: People Analytics - This course focuses on the tools, procedures, and analyses used to inform data-based human capital decisions in organizations.

The methods taught in this course will be applied to HR and OB policy in organizations including but not limited to staffing, training, and measuring employee performance and satisfaction. Identification of the appropriate tools and statistical procedures for analyzing human capital will be emphasized along with the ability to effectively interpret and communicate statistical analyses into organizational policy recommendations.

MBA 600 02: Modern Issues in HRM - This course emphasizes five contemporary HRM trends in the workplace. The Society for Human Resource Management (SHRM) lists several of these trends as critical for HR professionals' success in the coming years. These trends include management of knowledge workers, contemporary hiring strategies, workforce training and gamification, work/life balance, and demographic issues in talent management. An evaluation of the utility of HR departments in the modern workforce is also examined.

If you're interested in learning more about these course offerings, contact Dr. Jennifer Griffith at

[griffith@alfred.edu](mailto:griffith@alfred.edu). I look forward to hearing from you!
