Calling All Engineers

Want an inside view into world-class manufacturing? How humans and robots can work together? How lean manufacturing/lean engineering works?

We have a unique opportunity to go "behind the scenes" and see BMW, Mercedes and other German industries. Plus, absorb German culture and go to a German university and compete with German students in a manufacturing simulation.

All this and more will take place Allen Term 2017. If you are interested, come to an information session Tuesday, September 6 at 4:45 p.m. in Olin 310.
