## 'Business as usual at Alfred-Almond C.S.'

ALMOND--Alfred-Almond Central School Superintendent Rich Calkins attended his first meeting serving in that capacity when the A-A Board of Education held its reorganizational meeting at 6 p.m. Tuesday, July 6 in the high school auditorium.

Calkins succeeds long-time Superintendent Rich Nicol of Alfred, who retired effective July 1, 2010.

But there weren't a lot of changes with Calkins sitting in the superintendent's seat.

School Board President Earl Pierce and Vice-President Nadine Shardlow were each re-elected during the reorganizational meeting that was immediately followed by the board's regular monthly meeting.

Following the administration of the oath of office to Pierce and Shardlow, and the signing of the oath of office by Calkins, it was pretty much "business as

usual" as the school board made annual appointments as follows:

Athletic Director--Kert Decker  
 Audit Committee Members--Nadine Shardlow, Gary Acker, Licio Pennisi and Ly Kesse, and BOE President as ex officio member.  
 Board of Election Members - - Arlene McMahon, Elva Owlett.  
 Board of Election Member - Alternate--Nancy Zeliff.  
 Election Inspector--Crystal Drumm and Kay Chapman.  
 Extracurricular Accounts Director--Craig Mix  
 District Clerk--Joanne Demetreu  
 District Treasurer--Sally Dieter  
 Emergency Disaster Director--Lewis Snyder  
 Health Coordinator--Keith Holmok  
 Independent Auditor--Brock, Schechter & Polakoff  
 Internal Auditor--TST BOCES  
 Claims Auditor--Susan Benjamin  
 Claims Auditor/Alternate--GST BOCES CBO  
 School Attorney--O'Hara, O'Connell & Ciotoli  
 School Physician--Virginia Shephard, MD  
 Census Taker--Bryan Burdick  
 Tax Collector--Rebecca Graves  
 Records Access/Management Officer--Joanne Demetreu

Title IX/Section 504/ADA Compliance Officer--Richard Calkins  
 Liaison for Homeless Children & Youth--Matt McAnaney  
 Chief Information Officer--Peter Bryant  
 LEA Asbestos Designee--Lewis Snyder

The school board authorized that school district funds be deposited in either a bank or trust company located and authorized to do business in New York State.

Likewise, the school board voted to designate *The Alfred Sun* and the *Hornell Evening Tribune* as the official newspapers for the 2010-11 fiscal year.

The school board voted the following authorizations for the 2010-11 school year:

...Superintendent Calkins to certify the official payroll for all professional and support staff personnel for the 2010-11 year.  
 ...Superintendent Calkins as the official school purchasing agent for the 2010-11 fiscal year.  
 ...Superintendent Calkins to approve staff attendance at work-

shops, conferences and conventions which may be held during the 2010-11 fiscal year.

...Approved the facsimile signature of the District Treasurer as the authorized signature to appear on checks drawn on Alfred-Almond Central School District accounts.

...Superintendent Calkins was authorized to make budget transfers during the 2010-11 fiscal year. It is understood that such authorization will include the responsibility that the Superintendent make full disclosure of all transfers at the next regularly scheduled Board of Education meeting.

...Authorized the District Treasurer and Board of Education Clerk to sign renewal and monthly reports for participation in the National School Lunch Program and the Superintendent be authorized to sign all forms relevant to Federal Funds.

...Authorized the District Treasurer, District Tax Collector and Central Treasurer be bonded as to form in sufficiency as prescribed by the State of New York Education Law.

...approved the continuance of the Petty Cash fund in the amount of: \$50 for Business Office, \$100 for Cafeteria start-up, \$50 for Sport Ticket Sales. These funds will be kept in the Business Office for the 2010-11 fiscal year. The Board designated the Superintendent as the person responsible for such funds through the respective secondary and elementary principals, cafeteria manager and athletic director.

...authorized that school district funds be deposited in the following depositories not to exceed the associated maximum balance: Steuben Trust Company - \$4,000,000; Community Bank - \$500,000; and JP Morgan Chase - \$10,000,000.

## Alfred State College sets Community Action Day

ALFRED—Alfred State College is partnering with several Allegany County human services agencies to conduct an Allegany County Community Action Day, Saturday, Aug. 28, from 9 a.m. – 5 p.m. The day is intended to coordinate volunteer groups and individuals to engage in meaningful, high-impact service projects in the Alfred and Wellsville communities; connect with neighbors, students, and fellow community members while making a difference; and build relationships with local non-profit agencies while actively supporting their missions.

The Community Action Day will kick-off in the Alfred and Wellsville communities in the morning and then groups will depart for project sites to engage in a full day of service. The day will culminate in a community-wide celebration and picnic on the Alfred State College campus at 5 p.m.

ASC welcomes any agency, its employees and volunteers, to participate in this action-packed, rewarding experience. We also welcome suggestions for service projects in the Alfred and Wellsville communities. If your organization has a project that needs completing – painting, gardening, minor building repair, sorting donations, etc. – organizers want to hear about it! As many suggested projects as possible will be included, but inclusion will depend on the availability of volunteers. Thus, not all projects are guaranteed to be selected.

To suggest a project or to volunteer your time and enthusiasm, please visit the Alfred State College Web site at: <http://www.alfred-state.edu/events/allegany-county-community-action-day> or contact Ashley Kehoe, director, Civic Engagement and Student Leadership Programs at Alfred State College, at (607) 587-4077, or via e-mail at [kehoeal@alfredstate.edu](mailto:kehoeal@alfredstate.edu).

## Workshop on organic approach to lawns, gardens set for July 19

ALFRED--Area residents can learn about an organic approach to lawncare and gardening at a workshop set for 7 p.m. Monday, July 19 in Alfred Village Hall.

New York recently enacted The Child Safe Playing Field Act which bans the use of pesticides on public and private school playing fields and playgrounds in order to minimize the harmful effects of pesticides on children.

Additionally, the NYS Department of Environmental Conservation has initiated the "Be Green Organic Yards NY" which registers landscape businesses that adhere to an organic approach as a way of reducing their risk of exposure to pesticides while decreasing potential hazards for families, pets and the environment.

Whether you use a landscape business or care for your lawn and garden yourself, you can have a beautiful lawn and grow a bountiful garden without the use of pesticides and synthetic fertilizers.

If you want to learn about an organic approach to lawn care

and gardening, come join an Organic Lawn and Garden Workshop at 7 p.m. Monday, July 19 at the Alfred Village Hall.

Kasey Klingensmith, with more than 30 years of organic growing experience and certified in Organic Land Care by the Northeast Organic Farming Association, will lead the workshop as part of Alfred Alive's Sustainability Group.

Bring a soil sample and we will measure your soil pH and recommend any necessary amendments. Soil pH is one of the most basic soil measurements and the first step to great lawns and gardens. Call 607-587-9523 to find out how to collect and prepare a soil sample for pH measurement.

## County group to meet July 20 in Belmont

# A-A Alumni Association to celebrate jubilee year

ALMOND---The Alfred Almond Alumni Association will celebrate its Golden Jubilee – 50 years – at their annual banquet Saturday, July 24, at Alfred State College’s Central Dining Hall.

Carl Leathersich, ’60, banquet chairman, is planning creative decorations and exhibits that depict the five decades that the Alumni Association has been active.

The Class of 1960 will be recognized as the 50-year class. Plans have been made for several weekend events by committee members Don Jefferds, Carl Leathersich, Louise Newman Schwartz, and Amanda Stevens Snyder.

The 25-year class events (1985) are being organized by Bonnie McMahon Wilkins and Porter Hanks.

Other classes who are planning picnics and luncheons, as well as attending the banquet, include 1945, 1950, 1955, 1965, 1970, 1975, 1980, 1990, 1995 and 2000.

The annual newsletter, *The Blue and Gold*, contains banquet and reservation information, as well as contact names for the honored classes. The deadline

for reservations is July 5, after which date an additional \$5 will be charged per meal.

Those who have not received their newsletter may contact Donna B. Ryan in Almond, or may go online at [www.aacs.wnyric.org/](http://www.aacs.wnyric.org/) (and tab to alumni page) where the newsletter and reservation forms may be found.

Lee A. Ryan is president of the Alfred Almond alumni board, with the following officers assisting: Don Jefferds, vice president; Kathy Curran Snyder, treasurer; Donna B. Ryan, secretary; and board members Bob Baker, Carl Leathersich, Becky Schwartz Comer, Kay Snyder Chapman, Cathy Dobson Lorow, Richard (Butch) Lorow, Ervillla Dungan Crandall, Kate Crandall Palmer, and Lucinda Snyder.

Ryan thanked the AACs alumni for their continued support of the organization. The alumni group recently awarded \$32,000 in scholarships to AACs graduating seniors. Also, nearly 20 undergraduate students were awarded more than \$4000 in sports and fine arts camp summer scholarships.

The Alfred Village Band was back after a one year holiday. The band, revived by Nancy Luger and conducted by Mike Shoales, played for a small but enthusiastic crowd. Amanda Snyder performed some vocals and lead the Mickey Mouse march under her mouse ears and in front of some jovial Alfredians. Guest conductor for the evening was Owen Dombert. The band needs administrative help to keep it going and get it growing. During July, stop by the Andover School band room on Tuesdays at 6:30 or the bandstand in Alfred on Wednesdays at 7:15 p.m. (Elaine Hardman Photo)

### Alfred Grange recipe from Mrs. Laverne Kenyon

Aurora Palmer, mother of one of my favorite “theater kids”, brought me a 1921 cookbook entitled Choice Recipes, Alfred Grange. It has a handy page headed Tables which includes such measurements as a speck equals ¼ saltspoon, 4 saltspoons equal 1 teaspoon and 2 gills equal 1 cup. This page also gives cooking times such as for dandelions greens, 1½ hours, and cabbage, 1-3 hours.

The recipes give somewhat cursory directions such as this one for drop cookies submitted by Mrs. Laverne Kenyon.

#### Curley Peter’s

Two eggs, 1 cup sour cream or ½ cup butter and 2-3 cup sour milk, 1½ cups sugar, 1 teaspoon nutmeg, 1 teaspoon soda, 1 cup currants, 2½ cups flour. Drop by spoonfuls on buttered pans and bake in moderate.

## Scene About Alfred

By SHERRY VOLK

An occasional column inviting readers to identify the scene and appear at Tinkertown Hardware with the correct answer, the first of whom will receive a monster cookie. The identity of the event or scene will appear in the next edition of the ALFRED SUN.

When I prepared to take this photo, this tire at Mike Kenyon Children's Park had six children on it. As you can see, Erin Sanborn went flat out on the gravel and refused to get back on the tire. Her cousin, Claire Volk, is second from the left in this photo. The other children enjoying this great local playground are unidentified.

(Aunt) Kay Chapman captured the last (I gotta' bake more!) monster cookie for correctly identifying the buttressing timbers under the railroad bridge on Hamilton Hill Road in Alfred Station.

# Quite frankly, we want to keep the Dream Alive!

Back in 1884, a simple item appeared in the Alfred Sun that said, “Wanted, one thousand subscribers to the Sun.”

That goal suggested by Sun co-founder and legendary Editor and Publisher Frank A. Crumb, was met before the new millennium. But now we’d like to keep the dream alive. So we’ve set a goal of 125 new subscribers to mark the SUN’s 125th anniversary.

During Frank Crumb’s Dream Campaign, we offer new subscribers 13 months for the year’s subscription price of \$27 (\$30 outside of Allegany County). That’s \$25 off the news stand price. And you’ll read hometown news and interesting stories found nowhere else!

If you would like to help keep Frank Crumb’s Dream alive, send your name and address or that of a loved one with check payable to “Alfred Sun” to: Frank Crumb’s Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802. We thank you and Frank thanks you!

# Allegany County Youth Court thanks student members

BELMONT—The Allegany County Youth Court recently held a celebration to thank its student members for their dedication to the court. The students were addressed by Jessica Jennings, the Youth Court Coordinator.

Jennings thanked them for their dedication, and commended them saying, “If it weren’t for you, there wouldn’t be a youth court; and if there wasn’t a youth court, there would be more youth in the county not getting a second chance, and not getting the opportunity to take responsibility for their actions and learn from their mistakes.”

Students who contributed the most hours to the youth court were also recognized. Tad Johnson (11th grade) finished this past year in the lead with 25 hours while Mackenzie Ward (8th grade) finished off the year with 23 hours. Chaz James, a graduating senior, is leaving the Youth Court after

contributing over 250 hours in the past six years. From June 2009 to June 2010, 32 students gave a

combined 390 hours of their time.

Students (grade 7-12, from all around Allegany County) become

Youth Court members by completing a 20-hour training on the Justice System and roles of the

Court. After completion of training the students perform the roles of the Court (Judge, Prosecuting and Defense Attorneys, Bailiff, Jury Foreperson and Jury) during hearings in which their peers are tried for real crimes and offenses.

Members are quite often already involved with sports, band/choir, drama club, and other extra-curricular clubs and activities, but take the time out of their schedules to participate in the training and hearings. The students believe in the program and the positive influence it has on their peers; the time and dedication they put into it is a testament of that.

For more information on the Youth Court, or how to become a member, please contact Jessica Jennings by phone (585) 268-7900 x2142, or by email [jjennings@gvcs.wnyric.org](mailto:jjennings@gvcs.wnyric.org).

## Days Gone By

Remembering Alfred in the 1940s

By DAVID A. CRUMP

I lived in Alfred from September 1939 until I graduated from Alfred University’s Class of 1950. I have jotted down memories of people and events to share them with readers of the Alfred Sun.

\*\*\*

Sandy Luce stabled horses in a small barn and yard across from the old Kappa Nu. Up the hill to the southwest was a fairly long informal ski run, used by a few students who owned very fancy skis.

\*\*\*

Long-time math Professor Varick Nevins was so enamored

with movies that he made them available to the public four nights a week in the Alumni Hall Auditorium. Lillian Nevins managed the tickets at a hallway table.

\*\*\*

Alfred was noted for its Saturday night football games, played after sundown in keeping with Seventh Day Baptist tradition. The University played good football and in the 1940s had an undefeated season. About 1942, the Kanakadea overflowed from a heavy rainstorm and the gridiron was completely washed away.

Back in 1884, a simple item appeared in the Sun that said, “Wanted, one thousand subscribers to the *Alfred Sun*.” It’s been 125 years since legendary *Sun* Editor Frank A. Crumb, with the *Sun* from 1883 to 1951, set the millenary goal.

Not knowing of Frank Crumb’s Dream, I, too, had set a goal of 1000 subscribers when I joined the paper in 1976. That goal was finally reached in January 1999. But we want to keep Frank’s dream alive.

The late Eugene T. Van Horn, who owned the newspaper from 1951 until 1973, told us one time that circulation peaked in the 1960s at 700. It’s now over 900. We’ve added **79 new subscribers** since Jan. 1, 2009.

We think the *Alfred Sun* is like a weekly letter from home. If you would like to contribute to Frank Crumb’s Dream, send your name and address or that of a loved one together with your check payable to “Alfred Sun” to: Frank Crumb’s Dream, c/o Alfred Sun, P.O. Box 811, Alfred, NY 14802.

### GIVERS AND TAKERS

A friend of mine recently noted that most people fall into two categories. We are primarily either “givers” or “takers.” After giving considerable thought to that comment I believe it has considerable merit. I would like to explore what makes a person either a “giver” or a “taker,” and what that means to our society and culture. No one is exclusively a “giver” or “taker.” We all inter-relate and interact with one another to varying degrees. However, it does accurately describe the dominant mode in which people operate.

“Takers” are primarily out for themselves. They are self-centered and selfish. In most interactions and dealings they focus on “what’s in it for me.” They emphasize their own needs and desires, as though everyone else is insignificant by comparison. They use other people to achieve their own goals and objectives. They emphasize their own “rights” and “entitlements” without a reciprocal emphasis upon their responsibilities to society and to others. Unfortunately, our government is encouraging this mind-set and worldview. There seem to be more and more “takers” all the time.

“Givers” primarily look out for others. They focus on others and on the “greater good” that can come out of every situation. They seek to meet the needs and desires of others. They tend to see other people as equally important, or more important, than themselves. They help other people achieve their goals and objectives. They emphasize their responsibilities rather than their “rights” or “entitlements.” Our society and culture tend to ridicule them or question their true motives. Unfortunately, there seem to be fewer and fewer “givers” every year. Our government penalizes those who are successful and generous, while emphasizing the “rights” of those who fail to take responsibility for themselves or others.

Those whom I describe as “givers” tend to be energetic, diligent and conscientious. As a result they frequently (but not always) become financially successful. They tend to start and run their own businesses. Those businesses are successful because they seek to give their customers value and benefit, rather than to simply take advantage of them. They frequently become the social, financial and political leaders of their communities, especially at the local level. I believe that the world needs more “givers.”

Those whom I describe as “takers” tend to be dependent upon others, disorganized, and unrealistic. They frequently see themselves as victims of circumstances, conspiracy or bad luck. They look for opportunities, but do not take responsibility for making things happen in their own lives. They blame others for their lack of success. Our culture and government encourage this perspective. New programs are announced almost daily to help the “disadvantaged” overcome their problems. Unfortunately, this creates dependency rather than independence.

These categories are not exclusive. There are selfish people who are successful, and poor people who are hard working and diligent. Some leaders have gotten their positions by taking advantage of others, rather than by helping others. It is a matter of emphasis and prevalence.

Traditional American values lauded “givers” while disparaging “takers.” My parents taught me that it was “more blessed to give than to receive.” They also taught that we had a responsibility to leave things better than we found them. We were taught to help those who were less fortunate than we were. We were told that poverty was a state of mind, not a financial condition. Our failures were our own responsibility, while our successes represented the grace and mercy of God.

Our government is spending billions of dollars on programs to help people overcome their circumstances. That is not the proper role of government. It is doomed to failure, as evidenced by the pathetic results of our numerous social programs. I believe that we need to return to our traditional values. Givers helped make America great. We need more “givers” and fewer “takers.” What are you? I trust you are a “giver.”

# Mueller Mullings

By **MATT MUELLER**  
*Alfred Sun Columnist*

**D. S.**

It is far too late for two local gentlemen whose nicknames begin with “D” and whose surnames begin with “S” to escape my grip now. They have learned, doubtless to their consternation, the cost of unavoidably making the acquaintance of the writer of this column.

One is Dave, who publishes and edits a local newspaper, among other occupations, such as working at the Herrick Library at Alfred University. When I retired from being a librarian at the Scholes Library at the New York State College of Ceramics at Alfred University, I asked him a question. Why had he stopped covering Alfred Village Board of Trustees and Alfred Village Planning Board meetings for “*The Alfred Sun*?”

It was because he needed more evening family time. As I had the hours to give to the task, I offered to take it on. I did not reveal all to him. I had studied neither journalism nor shorthand, and sometimes I cannot read my own notes. My hearing is especially deficient in high-ceilinged, large meeting rooms, such as the downstairs one then used in the Alfred Village Hall.

Unaware of these limitations, Dave listed me among “Contributors” in the “*Sun*.” Along with Village officials and newspaper readers, he soon learned that I have a keen interest in local government affairs and a warped sense of humor concerning them.

Eventually, my poor hearing forced me out of the “government” job. During prolonged remodeling, Board meetings had been shifted to a room even worse acoustically for me. I feared that my requests for our ever patient Village Clerk, Linda Burlingame, to audibly repeat the entire content of the meetings to me later went far beyond her job description.

Being a participant in the Alfred Community Theatre, which puts on performances locally each July, has long been one of Dave’s self assigned tasks. Once when I was asked to write a short play for reading there, I assigned parts to both him and Alfred’s highest mountain. Set in a future when global warming had taken place, Jericho Hill became an oasis replete with camels for use as local taxis. Dave recently recalled this and made hay of Jericho Hill as fodder for a future use himself. He reaped a bale of mail when his too believable description of a theme park to be built there appeared on the front page of his newspaper on April Fool’s Day, 2010.

And then there is Dick who, invisibly to me, knows about information technology and telecommunications, and presumably satellite dishes. But I take shameless advantage of his visible talents. Over the years he has served me flavorful meat, beans, and most recently BIG DIPPERS of ice cream. He definitely knows how to dish it out.

For reasons unclear to me, he has allowed himself to become the local Dog Control Officer. I have never seen the job advertised, but presume that it requires a person possessing some animal instincts pertaining to all domesticated and wild beasts.

Back in 2002 I had my sister’s already aged cat thrust upon me when Jeanne moved to Alfred from New York City. She never made space in her apartment for the feline. I am somewhat allergic to cats and kept him in a restricted area in my dwelling.

After more than three years, he ceased to comb his own hair. I took him to a groomer and then to visit Jeanne while looking good. He died soon thereafter, perhaps from shock at the two unexpected human confrontations. With snowy ground too frozen for burial, naturally I contacted Dick. He discreetly removed the wrapped corpse from my porch.

Recently I asked Dick for help in dealing with a woodchuck intent on breaking down my basement wall. He forthwith provided a live trap and marshmallows. Four days later he took away a successfully caught and controlled critter. It was not a dog. I do not know what bait he uses for dogs, but I am sure that it is good enough to eat.

Around a year ago Dave suggested to me that I should write a column for the “*Sun*.” I asked for specifics and was told, “About once a month, maybe 300 words, on any topic.” So twice a month I use around 750 words mulling over subjects such as Dave Snyder and Dick Stuart. Herewith I say “thanks” to them for doing far more than psychiatrists could have done to make me the animatedly controlled contributor that I am today.

# Carillon recital series continues

ALFRED—Alfred University continues the summer series of carillon performances during the month of July. The 2010 Wingate Memorial Summer Carillon Recital Series will run on Tuesdays from 7-8 p.m. at the Davis Memorial Carillon on campus.

Admission is free and the performances go on rain or shine. Guests may sit on the lawn adjacent to the carillon. Feel free to bring along chairs and blankets to enhance your listening pleasure.

The next performance will be offered by Lee Cobb, organist, choirmaster, carillonneur of the Episcopal Church of the Ascension, Clearwater, FL, on Tuesday, July 20.

Final performance of the series will be offered by John Lehrer, carillonneur, member of the Guild of Carillonneurs of North America (GCNA), on Tuesday, July 27.

The Wingate Memorial Carillon Recital Series honors Dr. Ray Winthrop Wingate (1886-1968), who was a professor of music at Alfred University for 56 years. After the installation of

the bells in 1937, he was appointed the University carillonneur and continued in the position until his death. He arranged more than 5,000 selections for the carillon and composed nine suites. The Margaret Merrill and Ray W. Wingate Memorial Carillon Foundation funds the series.

The carillon at Alfred Univer-

sity is made of a double row of rounded oak levers, called batons (which are struck with loosely clenched fists), with a pedal board (octave and a fifth). The ground-floor display by the carillon has information on its history. Guests are welcome to climb the 69 steps to the top to enjoy the view and watch the guest artists at work.

# From the Earth features gardens, farm, crafts

By LINDA HUEY  
Special to the Alfred Sun

ALFRED--Many of us long to experience our connection to the land in meaningful, healthy, and creative ways. From the Earth, an event to be held from 11 a.m. to 6 p.m. Saturday, July 31, will celebrate the bounties of the earth. Organized by four neighbors on the outskirts of Alfred, From the Earth will offer a variety of attractions, including flower and vegetable gardens, tours of an organic dairy farm, creations from wood and clay, craft demonstrations, a guided bird walk, garden talks, children's activities, and more.

Your tour can begin at the MacCrea family's Locustbrae Farm at 1664 Waterwells Road. Debbie MacCrea's extensive and bountiful gardens contain several hundred varieties of perennial and annual flowers, herbs, and vegetables. Many will be available for sale in a "dug-on-the-spot" fashion, ready to be taken home to your garden.

Rich in local history, Locustbrae Farm is also the home of a family woodworking shop which serves as gallery and woodworking studio for Alec MacCrea and his Celtic Woodcraft. Alec creates one-of-a-kind pieces of beautifully carved wood, tooled copper and brass, decorated ceramic vessels (in collaboration with local art potter Richard Lang), and limited edition prints. (See [www.celtic-woodcraft.com](http://www.celtic-woodcraft.com).) Alec will demonstrate old style wood carving throughout the day, using both hand carving techniques and a mallet (without the use of machines). Come watch a skilled carver working within the vast world of Celtic design, and see knotwork come to life!

Sean Hyland, a fine furniture maker, will also show at the MacCrea location. Sean will offer an all day demonstration of timber framing. As a building is raised, he will talk about age old tools and techniques used in this ancient building method. Discover the path that timber framing has made across history and the unique place it holds in the future of environmentally responsible construction.

A children's activity involving making paper using flowers and herbs will be led by Mary Harris. Other fun attractions for children can be found at the MacCrea farm all day as well.

Linda Huey at 1530 Randolph Road has worked with clay since the "Back to the Earth" movement. After earning her graduate degree from Alfred University in 1993, she and her husband liked the natural beauty of the area so much that they became "rooted" and stayed. Inspired by natural leaf and flower motifs, Linda's current pottery and sculpture will be presented in a sugar shed at the end of a path that winds through their flower and vegetable garden. (See [www.lindahuey.com](http://www.lindahuey.com)) Throwing on a potter's wheel will be demonstrated by Tara Quigley during the day.

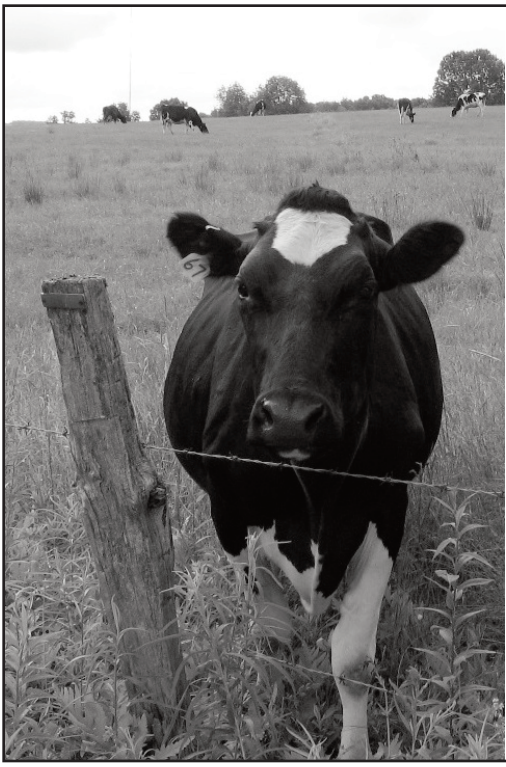

The Snyder family farm at 1444 Randolph Road is just down the hill from there. "Sunny Cove Farm" is a small dairy farm, certified by the Northeast Organic Farming Association of New York for organic milk and organic beef, with seasonal products including all organic maple syrup, apples, and walnuts. Exceptional quality raw milk produced by grass fed cows is sold directly to customers or shipped to Organic Valley. During the event, the Snyder family will be leading tours of the farm throughout the day; one hour each, \$5 for adults, \$3 for children, and under 5 free. (The number of participants may be limited.) This will be an exciting opportunity to learn about local sustainable organic dairy farming. (See [www.sunnycovefarm.com](http://www.sunnycovefarm.com)) A dairy related children's activity will be led by Dottie Snyder at 11 a.m.

To continue on the tour, visit the gardens of Mary Lu Wells at 4981 McAndrews Road. "Winter Hill Gardens" will be the site of two talks this year. At noon, gather to observe butterflies fluttering about in a tall grass prairie garden. See little blue stem coneflowers, yarrow, and gay feather seducing the fritillaries, monarchs, painted ladies, and humming bird moths. At 3:00 pm a group will retreat to the cool of the forest to study ferns- those 350,000,000 year old plants of everlasting intrigue. A dozen northeastern varieties have been added to four local species. Folks are welcome anytime during tour hours to see the many other gardens and some rare perennials will be for sale.

Don't miss the 4:00 pm bird walk with Betsy Brooks at Foster Lake, 5471 Lake Road. [This location is only open during the bird walk.] Meet in the parking lot. You will see breeding birds still actively engaged in nesting and feeding their young, as well as post-breeding birds beginning to disperse before moving south. Certain birds will be unique to the Foster Lake area, a high-elevation, mature conifer, 'Adirondack-like' habitat. Betsy will also have handouts with information about plantings for birds, bird feeders, nest boxes, and more.

FROM THE EARTH--The Saturday, July 31 event includes visits to four neighbors outside of Alfred, including the home of Linda Huey (left) at 1530 Randolph Road and the organic Sunny Cove Dairy Farm at 1444 Randolph Road among others.

## Here are directions to 'From the Earth' Saturday, July 31st

ALFRED--All four neighbors involved in "From the Earth" are located within a 2 mile radius of each other in the rolling hills just outside of Alfred. Maps will be available at all locations.

To go to MacCrea's first, from Main Street in the center of Alfred, turn onto Church Street. (It changes to West University Street, and then to Waterwells Road). Follow 1.4 miles out of town. Look for MacCrea's large green house on the right. From there, to go to Huey and Sunny Cove Farm, turn left onto Lake Road, go 0.6 miles and take the first left onto Randolph Road. Huey is 0.3 miles on the left, then the farm soon after down the hill. To continue to Mary Lu Wells' house and garden, return to Lake Road, turn left and go 1 mile to County Route 12. Turn left onto County Route 12 and travel 0.1 miles to McAndrews Road, where you will turn right and go 0.5 miles. For the 4:00 pm bird walk with Betsy Brooks at Foster Lake, return to Lake Road. Foster Lake will be about 1 mile down on the left. (You will also be close to where you started the tour!)

### Event for entire family

**Artist Knot.** 36 Main Street, Andover. "Cut Flowers," its newest exhibit, runs now thru June 18th. Upon entering the exhibition room you are struck by the big, bold paintings of various flowers, cropped very closely (hence "cut flowers"). However, according to Gallery Director Amy Brown, "The paintings are more about composition and color than the subject of flowers." When you consider that all of the works are very large, the largest measuring nearly 7 feet, the impact of the color is almost felt rather than simply seen. Tuesday - Saturday 10am-5pm and until 8pm on Thursdays. Closed Sundays & Mondays FREE ADMISSION. (607) 478-5100.

**Fountain Arts Center,** 48 Schuyler St., Belmont.

**Wellsville Art Association** meets 7 pm on the last Friday of each month at Wellsville Community Center. For information on meetings or classes, call 585-593-3579.

## Art by emerging artists in new venue

### 'Fountain' art flows into hospital

WELLSVILLE--Jones Memorial Hospital, in conjunction with The Fountain Arts Center in Belmont, is hosting art by local emerging artists in an effort to introduce art to the public in a new venue. The program, titled "Exposed," is funded in part by the New York State Council for the Arts, and offers exhibition opportunities for artists in non-traditional venues.

Eva Benedict, CEO of JMH, said that the hospital is honored to be selected as a venue, and to be able to give exposure to area artists. "For over one hundred years, science has had the medical arts; now we are seeing the value of art therapy in medicine. This is a wonderful opportunity to bring science and art together."

Commenting on the art at hand, Benedict added, "These are special pieces of art for me. They depict places right here in our area, in all the different seasons; and the work is exceptional."

The exhibit was organized by Wendy Skinner, president of The Fountain Arts Center, and Julie Hart, Vice President of Practice Management at JMH. Julie Hart brought the proposition for the "Exposed" program before the administrative board, and was instrumental in selecting the exhibit space. The exhibit is displayed in the JMH cafeteria, where people are sitting down for a meal or beverage.

"Here they have the opportunity to sit and enjoy the artwork around them, rather than simply walk by it in a hallway," said Hart.

"We have a captive audience here. It is a wonderful opportunity for the artists and the hospital," she added. "We have recently made some changes in our cafeteria, and this artwork really adds a lot to the area. It is a nicely arranged exhibit."

Richard Monroe, the featured artist at JMH, is delighted to have this venue for his work.

He is a Bolivar resident who graduated from the R.I.T. School of Design in 1952. After a short career as a painting contractor, he joined the Olean Tile Plant as

the Architectural Designer, working with architects and mosaicists to design and install tile murals all over the world from New York City to California, and Panama to the Egypt and Kuwait.

Since retiring from the American Olean Tile Company, Monroe has painted portraits of 28 local servicemen who were killed or died while on active duty in the armed forces or our country. In addition to his amazing portraiture, Monroe, using pastels, oils, and mixed media, has painted stunning scenes from around the county he loves. Working from hundreds of photographs he takes as he hikes through the region, he depicts Allegany County in all its splendor in each of the four seasons. As an award-winning artist, Monroe is sought after as an art instructor, exhibitor in other

local venues, and for private commissions.

Wendy Skinner described the "Exposed" program as an extension of the mission of The Fountain Arts Center to introduce artists to the public, and the audience to the artists. One way to achieve this is to bring art where the audiences are.

"We don't always take the time to drive to the museums and galleries in Buffalo, Rochester, and New York City, but there are opportunities to view art in places where people are waiting for appointments, shopping, dining, or learning, Skinner said.

There are five other host sites and artists involved in this program. We intend to feature a new site and artist each month, as the exhibits travel from one location to another.

FILLMORE--"The Hills Are Alive" with a perennial favorite at Fillmore Central School.

The "Sound of Music" will be presented by The Town Theatre of Short Tract at 7 p.m. Thursday, Friday and Saturday, July 15, 16, and 17 at the new air-conditioned Fillmore Central School auditorium.

This beloved musical has been beautifully redone with a cast of over forty, including Amanda Cox as Maria and Ethan Stowell as Captain Von Trapp. Members of the cast are drawn from all over the area, including Hornell, Wellsville, Mt. Morris, Perry,

Angelica, Rushford, Houghton, Belfast, and Fillmore.

"We are very excited by the quality of talent that has come out for this production. I think that the audience would have to travel to one of the major cities to equal the caliber of this production," enthused the director, Dr. Dawn Bennett. "Don't miss this one!"

Tickets and Family Passes are available for pre-sale from Wide Awake Club Library in Fillmore and by contacting Carolyn Ricketts (585-567-8661). Tickets at the door are \$9 for adults and \$7 for students.

What started as a routine experiment has turned into a revolutionary project, henceforth known as The Hickory Project. The band features hard-driving traditional and original acoustic music with the expert licks of National Mandolin Champion Anthony Hannigan Steve Belcher, David Cavage and Dan Shipe, Coleman Smith, Mark Morris, Craig Vance and Billy Gilmore.

The Hickory Project is globally acclaimed. They have captivated audiences throughout Europe, both the main land and Celtic Isles, Australia and all through the US. As musical ambassadors Hickory Project is taking their music worldwide.

The Hickory Project has now produced 1 DVD and 6 CDs

under their own label, Hickory Productions. The Hickory Project has captured that youthful/soul-felt hunger to please their audiences worldwide. Whether it is straight-forward traditional or a flare for the new realm in acoustic music, the Hickory Project is gaining ground.

"This is exciting, adventurous stuff! You'll be hearing a lot more about The Hickory Project."

-Joe Ross, BLUEGRASS NOW

**Saxons conquer Normandy.** Sounds like a page out of an old world history book. After all, the province of Normandy in northwest France has had its share of historic moments marked by battles among various forces. In 1066, William the Conqueror, Duke of Normandy, defeated England in the Battle of Hastings. Of course, D-Day on the beaches of Normandy has gone down as a day of infamy. In a somewhat different way, the Alfred University Saxons football team will now go down in history as the first American football team to play in Normandy. And play they did, defeating the Caen Conquerants 47-6 in front of a curious crowd in the seaside village of Douvre la Deliverande...

# Alfred State professor has article published in Paperback Parade

ALFRED--Dr. Richard Kellogg, professor of psychology at Alfred State College, is the author of an article appearing in the most recent issue of PAPERBACK PARADE, a quarterly magazine published by Gryphon Books of New York.

Titled "Philip Wylie's Nuclear Nightmare," the article states that writer Philip Wylie (1902-1971) was an expert on nuclear energy who wrote extensively about the perils of a global atomic war. Wylie's astute observations on the cold war and the atomic era are as relevant today as they were 50 years ago.

The author notes that Philip Wylie had a "Q" clearance for access to classified information, observed the atomic bomb tests in Nevada, and served as a special consultant to the Federal Civil Defense Administration.

This scientific expertise enabled Wylie to become the chief oracle of the atomic age, and he wrote numerous books and articles about the causes and consequences of nuclear conflict.

Wylie concluded that no nation at war can ever be victorious when massive quantities of nuclear weapons are employed. The mutual destruction of both countries is assured in such a confrontation.

Kellogg joined the Alfred State faculty in 1970 after completing graduate studies at Alfred University and the University of Rochester. He is the author of three books dealing with legendary detective Sherlock Holmes and his articles frequently appear in popular magazines and professional journals.

# ‘What if we fail?’ Galatians 6:1-10

**By LINDA STAIGER**

ALMOND--This is the last of Pastor Steve's messages on the book of Galatians. We have looked at Paul's original response to the Galatians, after they had been led away from Paul's teaching by some who were teaching that they had to become Jews and follow the law, before they could become Christians and follow Christ. Keep this next comment in mind as you continue to read: Jesus did not come to establish a new religion. He came to fulfill the law, to fulfill all that the Jews hold to.

Paul was very firm in his response. The purpose of the law is to convict us of sin. Jesus came to provide salvation to those convicted of sin. After we turn to Jesus, then the law has done its part. We are freed from the law by our faith in Jesus Christ. Ok, so know this: the law doesn't mean just the Jewish law--it means any law which tells you what you must do for salvation. Paul doesn't say you have to have communion weekly. He doesn't say you have

to come to confession and tell pastor all that you have done wrong since last you spoke. He doesn't say you have to have final rites.

He does say that you have to have faith in Jesus Christ. Jesus provides our salvation and it is not available anywhere else-- Acts 4:12. Reading Galatians 6:1-10 will show you that Paul knew that, even while living in the Spirit, we will slip and fail once in a while. Paul was writing to all people--ALL fall short. We all do.

So...what if we fail? Let's look at what we can do for others: first, if you know someone caught up in sin, those who are spiritual should restore them gently. Be there. Are you properly motivated and connected with God? And beware of being tempted yourselves. Second, we are to carry each other's burdens. Be strong to bear the failings of the weak and to please ourselves. Care for each other so we're all better able to stand against sin.

Also, be not boastful and think more of yourself in the process...like the song says "Live a-Humble". Let each other know that we won't reject them because of sin. Last, we need to be gentle. Deal with someone stuck in sin in much the same way 'we' would set a broken bone--with tenderness and care, with a view toward healing.

So, what if you fail? What if you can't live up to God's expectations? Know that you're in good company. Everyone that's ever tried has failed at one time or another. John says in 2:1-2 "My dear children, I write this to you so that you will not sin. But if anybody does sin, we have one who speaks to the Father in our defense--Jesus Christ, the Righteous One. He is the atoning sacrifice for our sins."

Don't flee from God. Ask for forgiveness sincerely. And if you cannot seem to overcome the behavior, find a spiritual mentor--one who can stand with you and help--"We 'can' overcome".

So...what if we fail? Let's look at what we can do for others: first, if you know someone caught up in sin, those who are spiritual should restore them gently. Be there. Are you properly motivated and connected with God? And beware of being tempted yourselves. Second, we are to carry each other's burdens. Be strong to bear the failings of the weak and to please ourselves. Care for each other so we're all better able to stand against sin.

Also, be not boastful and think more of yourself in the process...like the song says "Live a-Humble". Let each other know that we won't reject them because of sin. Last, we need to be gentle. Deal with someone stuck in sin in much the same way 'we' would set a broken bone--with tenderness and care, with a view toward healing.

So, what if you fail? What if you can't live up to God's expectations? Know that you're in good company. Everyone that's ever tried has failed at one time or another. John says in 2:1-2 "My dear children, I write this to you so that you will not sin. But if anybody does sin, we have one who speaks to the Father in our defense--Jesus Christ, the Righteous One. He is the atoning sacrifice for our sins."

Don't flee from God. Ask for forgiveness sincerely. And if you cannot seem to overcome the behavior, find a spiritual mentor--one who can stand with you and help--"We 'can' overcome".

## Alfred State senior wins Bright Future Scholarship

ALFRED—Lisa Meaney, Victor, a senior in the health information technology program at Alfred State College, was recently awarded a \$1,000 Bright Future Scholarship by the AHIMA (American Health Information Management Association) Foundation.

This award, established by gifts from past scholarship recipients, is one of 35 distinct merit scholarships awarded by the organization to students currently enrolled in health information management programs accredited by the Commission on Accreditation for Health Informatics and Information Management (CAHIIM). Three levels of scholarships are offered: \$1,000 for an HIT AA degree student; \$1,200 for an HIA BA/BS degree student; and \$2,500 for a credentialed professional pursuing a master or doctoral degree in an area related to HIM practice.

In 2010, 146 students submitted applications; out of that pool, 72 qualified candidates received scholarships for an award total of \$94,650. The 2010 award recipients included two PhD candidates, nine master degree students, 23 bachelor degree students, and 38 associate degree students. The GPAs (grade point average) of those awarded scholarships ranged from 3.25 to 4.0, with an average GPA of 3.8 (out of a possible 4.0).

The AHIMA Foundation is the philanthropic and charitable affiliate of AHIMA (the American Health Information Management Association). The Foundation was established in 1962 as the nonprofit entity of AHIMA as its sole corporation. Initially dedicated to procuring books for the AHIMA library and to providing loans to health information management (HIM) students, today, the AHIMA Foundation strives to be the premiere resource for HIM profes-

sionals and the leader in advancing the field for the betterment of the HIM profession and the healthcare consumers they ultimately serve.

One of the major initiatives of the AHIMA Foundation is to attract and support new talent in the HIM (health information management) industry by improving the educational opportunities for future HIM professionals through scholarships.

The American Health Information Management Association, founded in 1928 to improve the quality of medical records, is the premier association of health information management (HIM) professionals. AHIMA's more than 57,000 members are dedicated to the effective management of personal health information required to deliver quality healthcare to the public. AHIMA is committed to advancing the HIM profession in an increasingly electronic and global environment through leadership in advocacy, education, certification, and lifelong learning.

Quality health information management is essential to all aspects of today's healthcare system, ensuring the availability of health information to facilitate real-time healthcare delivery and critical health-related decision making for multiple purposes across diverse organizations, settings, and disciplines.

## A-A students can keep track of summer reading online

By KIM DONIUS  
Alfred-Almond Central School  
Library Media Specialist

ALMOND--Students need good literature. They need materials with rich vocabularies in order to deepen their experience with language. Through literature students learn about life. Literature is a door through which students can move to other times and places. Quality literature provides the focus for meaningful dialogue; which in turn gives children insights into themselves as human beings. Surrounding students with good literature allows them to see themselves as readers and encourages them to attempt to read books far beyond their "grade level" simply because their interest and motivation are so high.

The following are a few authors which have been successful with (K-3) children: Alik, Harry Allard, Frank Asch, Byrd Baylor, Judy Blume, Marc Brown, Betsy Byers, Beverly Cleary, Roald Dahl, Tomie dePaola, Kate diCamillo, Lillian and Russell Hoban, James Howe, Ezra Jack Keats, Steven Kellogg, Robert Kraus, Ruth Krauss, Bill Martin, Jr. Robert McCloskey, Gerald McDermott, David McPhail, Peggy Parrish, Daniel Pinkwater, Amy Schwartz, Maurice Sendak, Uri Shulevitz, Peter Spier, William Steig (librarian's personal favorite), James Stevenson, Judith Viorst, Rosemary Wells, Laura Ingalls, Wilder, E.B. White, Vera B. Williams, Jane Yolen and Charlotte Zolotow, to name a few....Taken from Glover, Mary Kenner. A Community of learners: an insider's view of whole language. **Need a Recommendation?** If you want to add to a list of 'Books I Recommend' they will appear on our Alfred Elementary group's page. On the group page you can add your favorites for others to try by searching for the book and adding it to the page! Please don't add the same books numerous times.

Parents can offer rewards. As

an additional incentive, there is an ability to set up game time or TV time earned with every minute or book read by your child.

By the way, it is a little tricky getting set up if you rush through the registration, so take your time! If you cannot get registered, please send me an email and I will send an electronic email inviting you! Contact [kdonius@aacs.wnyric.org](mailto:kdonius@aacs.wnyric.org) And Happy Reading! HITS AND MISSES:

**Whew, am beyond** relieved that "The Decision" with LeBron James is finally over! The ex-Cavs star from Cleveland is off to Miami where he will join Olympic teammates, Dwayne Wade and Chris Bosh (ex-Raptors) in a quest for an NBA title. As a free agent James was able to go to any team in the pro hoops circuit that had the cap space to afford him. He chose the Heat for a chance to win a title and to hook-up with Wade and Bosh. Neither would've happened in Cleveland so certainly not faulting him for that move. Personally think Chicago and the Bulls would've been a better choice, a squad with more depth, but guessing James didn't want to live in the shadow of MJ ... Michael Jordan the rest of his NBA career. While formidable, the Heat doesn't automatically become the favorite to grab the trophy next season. Still like depth of Boston although they are aging, the Magic in Orlando should only get stronger, Chicago will be tough with the addition of Carlos Boozer and Atlanta will still be decent. Not a breeze thru the East for the Heat by any means.

**NBA finalist coaches**, Phil Jackson of the LA Lakers and Doc Rivers of the Celts are returning for the 2010-11 campaign. Both had issues where they contemplated stepping away. Jackson for health reasons and Rivers to see his son (perhaps headed to Duke) play high school b-ball. Two of the better coaches in the league with talent that could land them back in a championship rematch.

**The New York Knicks** saved cap space for two years running to land ... Amare Stoudemire? Wow. A five-year deal for \$100 million. Yikes. Not an Olympian, not a first-team All-NBA player, not one who makes others around him better. His best years are probably left behind in Phoenix and he gets \$100 million? Just crazy.

**Two weeks ago** American Cristie Kerr won the LPGA Championship in Rochester. This past weekend Paula Creamer grabbed the U.S. Women's Open in golf! Good to see Team USA members winning the "majors" from the LPGA circuit.

**The men will take** to the links at the British Open this week as they compete at the Old Course at St. Andrews. Time for Tiger Woods to secure a major? If his putting stroke comes back I would take him to win it all. If not, wide open Open.

**A-A grads Jake Taft** and Our Man Frank took in a Tampa Bay Rays baseball game last week on Taft's birthday at Tropicana Field in St. Pete's. The surging Rays trail only the veteran NY Yankees team for best record in the entire A.L.

**The MLB All-Star** game was this past Tuesday nite in Anaheim with injuries galore keeping some of the stars out of action. Like the N.L. starting staff and if they were to all pitch 2-innings each, might just take them to win this contest. That doesn't happen anymore so sticking with the A.L. to prevail, once more. Remember watching these games as a kid and seeing pitchers go 2-3 innings all the time. Marichal, Drysdale, Carlton, Palmer, Hunter and many more. Thing of the past. The "regular" players were also in there longer! Aaron, Mays, Clemente, Robinson and others were still playing in the 6-7-8th inning. Now the game is decided by a pinch hitter for the KC Royals in the 9th inning. Yikes.

**Still think Stephen** Strasburg of the Washington Nationals should be pitching in this game. It is an exhibition game! He is the hottest young hurler in the league. And one of the best already. No room for him for one inning?

**Josh Rabe** is the new baseball coach for the Quincy University Hawks in Illinois. Rabe played his college ball for the QU Hawks under Pat Atwell (Andover), was MVP of the GLVC one season and then played pro baseball in the Twins organization. Saw Rabe play a number of times for the Rochester Red Wings at Frontier Field. A solid selection by the Division II Hawks.

**The All Greater Rochester (AGR)** softball team was announced last week in the *Democrat and Chronicle* with Hornell native Maureen Kempksi (Pittsford Mendon) named co-Coach of the Year. "Honorable mention" names included Rena Henry, Kali Muhleisen, Megan Murray and Eva Shardlow from Alfred-Almond in Steuben County II. Vicki Switzer and Alissa Dixon of Webster Schroeder were first-team all AGR picks. Switzer the sectional MVP in 2007 and Dixon as a soph hurler, who has been in the circle for WS for four-years now!

**The AGR baseball team** was also announced with "honorable" mention nods to Tyler Bossard, Seth Cornell and Jacob Kenney of A-A. Kenney the son of ASC baseball coach, Tom. For Andover it was Devon Connell, Adam and Greg Starks plus Cory Waters. Also, Jordan Schwartz (Hornell) and Scott Schuster (Livonia). Schwartz the son of A-A-A Hall of Famer, Don.

**Tom Whalen** aced the 8th hole at Durand Eastman golf course in Rochester using a 9-wood for the 127-yard hole. Tommy "Red" Whalen of AU basketball fame? Back during the time Smitty, Byrne, Conk played?

**A bunch of NYS** vanity plates spotted of late: XRAYVISN ...

## AU hosts young football players

ALFRED—For the 13th year, Alfred University welcomes several hundred high school football players and coaches at “The Gridiron Champions Football Camp.”

The July camp acts like a mini-camp for the high school teams, allowing the teams to get a jump-start on their season and a chance to compete against other quality programs. Nine high schools teams from New York and New Jersey will participate in the camp during two weeks, with more than 350 players and coaches attending.

The first week, July 11-15, will include Central Square (Syracuse area), Chautauqua (Jamestown area), Corning, Marlboro (New Jersey), Raritan (New Jersey) and Victor (Rochester area) high schools.

The second week, July 18-22, will include, Maple Grove (Jamestown area), Matawan (New Jersey) and Webster-Thomas (Rochester area) high schools. Approximately 300 players and 50 coaches will participate in the camp.

In 1998, the first year of the camp, 35 players attended; the number of players has increased each year since.

Players are housed on campus in residence halls. AU football coaches as well as the coaching staffs of the attending high school teams serve as camp instructors. A typical camp day consists of meetings, practices, pool and weight room sessions, guest speaker presentations and film sessions.

Alfred University Head Football coach Dave Murray says the camp provides the opportunity for some of the best high school players in New York and New Jersey to spend time on campus with their coaching staff.

“The camp has received tremendous feedback,” Murray says. “High school coaches find it very effective and many of the same schools return every year.”

was unusable for much of the spring, the club travelled across New York State and played “friendly” matches against the Rochester Colonials, Colgate, Fredonia, Geneseo, Niagara and finished strong at home by hosting the University of Rochester on April 17 and the Elmira Men’s Team with alumni on Hot Dog Day on April 24, 2010.

One of the highlights for the season was to play against a men’s club (The Rochester Colonials – www.rochestercolonials.com) at Marina Dodge Stadium in Rochester (formerly Pae Tech Park) on March 26, 2010. The wind chill was 15 degrees above zero but the field, the lighting and the stadium were a beautiful venue for the club, their first time in a real stadium.

Another highlight was to participate in the historic move of the Collegiate Restaurant from its 80+ year location on Alfred’s main block to its new location next to Community Bank. At the time of the move on the last day of the Collegiate lease at its old

location, the owner, John Ninos told the club and the public, “I don’t know what I would have done without the Alfred Rugby Club”. It was a great day in the proud history of this re-constituted community friendly and community oriented team.

The fall season begins for the club the last week in August, 2010 on Jericho Hill. The NYRC (www.nysrugby.org) fall season is attached. For further information, contact Coach Bill Pulos at wpulos@stny.rr.com.

Clark Kent, WWW MAN ... Sumo, SMYLONME, TRY WAIT, RD-FIELD2, S CUSE ... former team Stubbs rooted for and THE BEAN (Pa.).

**JaMarcus Russell**, ex-QB of the Raiders ... real smooth.  
**Michael Vick**, part-time QB of the Eagles ... about as swift.  
**Some leftover "tidbits"** from recent trip by 3L and I to Virginia-DC-Maryland: Saw a kid in DC on the 4th wearing a Buffalo Gus Macker basketball t-shirt 2010 ... excellent time seeing "Mixer Crew" again in Fairfax. Kelsey-Jessica-Josh-Abby-Samantha-Maddie! ... The "cage man" up from JMU with an impressive ring ... Mixer getting a bowling report from neighbor Tim (UC-Santa Barbara) as I chimed in ... chatting with guy on rooftop in Frederick (Md.) and he telling me about family lineage that went back to Red Creek ... no breakfast at Lowe's restaurant in Liverpool (Pa.) but an excellent one down-the-road at Baker's. Solid weekend, most enjoyable seeing completed WWII monuments in DC ... spotting a van on highway with Apex HS on it (NC), where kids of Kaz go to school.

**A very sad note** this week with the recent passing of Denny Johnson of Almond. In a small town where everyone knows your name, where virtually everyone is on a first-name basis, "Magic" was "good people." My thoughts go out to the entire family.

**Busy week, busy** month continues here. Had a chance to golf for first time this summer as it was Livingston CC in Geneseo on Sunday past with 3L's boyfriend, T.J. and his dad, Jim. Complete with nearby Geneseo Air Show! Was headed to Hornell Monday evening to pay my respects to Johnson family, Tuesday past Lauren had a women's soccer game, Wednesday was a Raven's soccer game to see former Geneseo player, Eileen Coyle play. Bunch of her ex-teammates expected to watch. Perhaps headed there with Beale (Penfield). Dinner at Muhleisen's in Almond Friday as my mom is in town, 3L and soccer Saturday am, then a Red Wings game on Sunday. Whew.

**Looming: the A-A Alumni** banquet, the Hornell Gus Macker hoops tournament and a trip to Indian Lake in the ADK's!
