Student Organizations E-mail Account Renewal

Each fall we ask Student Organizations and Clubs to update their e-mail account with the current year's information by completing the online application at the following link:

<http://my.alfred.edu/its/...>

Student Leaders and Advisors please note that if you have not taken the steps to complete this process by the end of September, the student organization e-mail account will expire.

If you need additional assistance with this process, please contact the ITS Helpdesk at 607.871.2222 or by e-mail at itshelpdesk@alfred.edu.

Student Club Business Office package

The Business Office in Carnegie Hall has put together a Student Club package to help the Clubs with any Business Office forms, hoping this information would be helpful and less confusing regarding our procedures.

Please do not hesitate to contact the Business Office with any questions.

If you are a Student Group representative, please have a signing rights information sheet filled out ASAP, with signatures, so that we may have the updated information on file for our records.

Student Print Management This Semester

To better prevent waste and foster greater environmental awareness on campus, ITS will implement Student Print Management beginning fall semester 2011.

Through the print management program, undergraduate students will be able to print 350 pages and graduate students will be able to print 800 pages/semester. After students have exceeded their print limits, they will be able to buy additional printed pages through a secure Web page that is linked to their Banner student accounts. The cost per page will be 3 cents (for both single-sided and duplex printing).

To monitor your printing balance and purchase additional printed pages, you can go to <http://my.alfred.edu/> and click on "My Printing" on the left navigation menu.

To learn more about the print management program and how you can decrease the number of pages

you print, please visit the ITS Print Management page:

<http://my.alfred.edu/its/...>

ITS will offer a course on environmental printing practices which will be open to students and employees. Watch Alfred Today for a schedule of dates and times.

ITS will also offer individual instruction to classes and faculty on technology-based tips to conserve paper printing.

For additional details about this individualized instruction, contact Meghanne Freivald, at freivald@alfred.edu.

AU's 911 Memorial -Instructions

Throughout the week, you will notice a replica of the Twin Towers on campus. This community-art project, created by Performing Arts and Drawn to Diversity, is intended to represent the connections between our community and the victims of the 911 attacks.

Please take a moment to stop by the sculpture and contribute "your connection." Silver links can be placed on the towers representing your closeness to a victim and names of those lost can be written on one wall.

The project will move each day from Powell Campus Center toward Miller Performing Arts Center, where a powerful reading of "9/10:The Night Before" by Richard Willett will conclude the week's remembrance (Saturday night at 8 p.m. in CD Smith Theater).

AU Dance Theater Choreographers Audition

If you are interested in choreographing for the AU Dance Theater Concert in February, please come to the audition Tuesday, Sept. 6 at 6 p.m. in Miller room 300.

Fill out a concept sheet located outside of room 300 and be ready to communicate your basic idea to the curating panel. A small, 1-2-minute movement demonstration is always helpful but not required.

If you are chosen, you will receive 2 credits in the spring. Questions? E-mail angierc@alfred.edu

50 Short Stories of Poverty Needed for Project (25 Words or Less)

The students of Drawn to Diversity are creating a community-based art project for the Hornell Poverty Walk on Saturday, Sept. 10. The project writes short-stories of poverty, displayed on panels along the walk. This is an attempt to give participants a stronger reality of poverty in the area.

Members of the Alfred community either have been impacted or know someone impacted by poverty. Please consider writing a short (25 words or less) description of the financial challenge that you (or someone you know) is facing and a short description of the cause of that challenge. No proper names will be including in the stories.

Please send your story to Erick Selzo at ES12@alfred.edu by Wednesday, 9/7/11. Thank you for your contribution.

Former AU Engineering Professor Dies

Robert L. Snyder, a member of the Alfred University faculty for 26 years, died Thursday, Sept. 1, 2011, in Atlanta, GA, after a long battle with cancer. Snyder was 70 and at the time of his death was a professor and co-chair of the School of Materials Science and Engineering at Georgia Tech.

While he left Alfred University in 1996, Snyder never truly "left" Alfred; he retained his ties to the faculty, to his former students, and to the University itself. "Bob Snyder was truly a legendary figure whose sense of humor was exceeded only by his scientific prowess," said AU President Charles M. Edmondson. "I often asked Bob for guidance, and he never failed to offer it in terms that were clear, humane, and wise. Alfred has lost a dear friend."

Updated: Memorial information and message from Bob Snyder's family:

The family of Professor Robert L. Snyder invites you to a Memorial Service
Saturday, October 1st, 1:00pm - 4:00pm
Gordy Room of the William C. Wardlaw Jr. Center
177 North Ave, Atlanta, GA, Georgia Tech campus.

Bob was a brilliant man who loved people, loved the world, and the world loved him back. This will be a time to celebrate his life and to remember him through stories, laughter and wine. The service will be followed with a wine reception and a time for all to share fond memories.

Donations can be made in his honor to the Georgia Tech Foundation with 'Snyder Scholarship' in the memo line, and sent to Mary McEneaney, School of Materials Science and Engineering Georgia Institute of Technology, 801 Ferst Drive, Atlanta, GA 30332-0295

In order to assist the family with planning the reception, please be so kind as to acknowledge your intent to attend this celebration of Bob's life at the link below. This link also includes a guest book and directions to the reception.

Internet Connection Concerns

ITS is aware that the available Internet bandwidth has become saturated and that students are having great difficulty connecting to resources off campus. As a result, we are fast-tracking the deployment of a new server that will allocate bandwidth in a highly efficient manner.

We do not believe that this will entirely solve our issues, but we believe that it will somewhat alleviate the problem.

For the last 18 months, Alfred University has been working with ION (Independent Optical Network) which is currently building a state-wide network that will bring new and great connectivity to All of Western New York, including Alfred University. We anticipate that ION will be online and providing service to Alfred University sometime in December or January. This new connectivity will triple our current bandwidth and provide a much better environment for cost-effective broadband in the coming decades.

We appreciate your patience as we work through this challenge.

Help define the future of Western New York

The Western New York Regional Economic Development Council has been charged by Gov. Andrew Cuomo and Lt. Gov. Robert Duffy with developing a development plan for the Western New York region, which includes Allegany, Cattaraugus, Chautauqua, Erie, and Niagara counties.

President Edmondson, who is a member of the Council, will host a community meeting at 6 p.m. Thursday, Sept. 8, in Nevins Theater, Powell Campus Center. The public is invited to make suggestions about the elements of the regional development plan being prepared by the Council.

The Council is also conducting an on-line public participation survey to obtain residents' opinions about how we want to define the course of economic recovery in the region. If you wish to offer your opinion, please fill out the survey. (Link below.)

It is important for the Council to hear from a wide cross-section of the region, so your participation in the meeting and/or the survey is important.

'Healthy' Changes Everything

The Human Resources Department in conjunction with BCBS of Western NY wants to gauge the interest in a "Walking Challenge" program to promote better health. With Fall weather just around the corner there is not much time left before it is too cold to walk out side but with about 6 weeks of good weather you and your friends can get into a habit that can be taken indoors when the weather turns.

Please take the attached survey so that we can judge the interest in sponsoring this program. I can promise it will be fun and good for you too!
