

Alfred University sponsors Business and Engineering Career Fair

3/05/04

The Alfred University Business and Engineering Career Fair, sponsored by the AU Center for Career Development, is open to area residents as well as AU students. The fair is scheduled for noon to 3 p.m. Thursday, March 18, in the Knight Club, Powell Campus Center on the Alfred University campus. "This is an opportunity for our students, as well as residents of the surrounding area, to meet with prospective employers who are looking for people with backgrounds in business, engineering, technology and the sciences," said Kathy Woughter, director of the Career Development Center. Woughter advises those planning to attend the Business and Engineering Career Fair to bring several copies of their resume to hand out to prospective employers. Information about how to prepare a resume, how to work a career fair, and a full list of participating companies and the jobs they are seeking to fill is available on the CDC website: <http://www.alfred.edu/cdc> A link on the right side of the page will take viewers to the Business and Engineering Career Fair information. A partial list of employers who have registered to date includes: AXA Advisors, Corning, Inc., Dresser-Rand, Enterprise Rent-A-Car, the Federal Bureau of Investigation, Ferro Corporation, First Investors Corporation, Gunlocke, Internal Revenue Service, Mass Mutual, Metal Casting Technology, Inc., and Micro Automated Systems Group. Also: NanoDynamics Inc., New Venture Gear, Northern Lights Enterprises, Northwestern Mutual Financial Network, Osram Sylvania, Paychex, the Peace Corps, PPG Industries, Inc, Progressive Insurance, Saint-Gobain High Performance Materials, Schott Corporation, United States Air Force, United States Marine Corps, United States Navy, the U.S. Department of Agriculture and Walgreens. The list of employers on the website will be updated regularly.
