Dr. Norwood Addresses County Teacher Group

One hundred twenty-five of the Allegany County Schoolmasters' Association were entertained by Alfred University, Wednesday night at a dinner held at the Brick. Superintendents, principals and teachers from Olean, Hornell and Bath were also present.

Dr. G. W. Campbell, Prof. Harold Boraas and Prof. R. W. Wingate were in charge of the arrangements.

Pres. J. Nelson Norwood spoke on the topic "What Shall We Teach?" He advocated that "The best thing teachers can do is to give their students a well-rounded picture of the social order, pointing out the various possibilities for the future. The students should be furnished enough facts so that they can detect the flaws in any existing order and from their own ideas for the future."

During the dinner music was furnished by the University Male Quartet. The Association members were guests at the German movie, "Madchen In Uniform," following a business session and election of officers, conducted by the president of the organization, Principal C. H. Pocock of Rushford High School.

Chain Letters Another 'Racket', Show Instability, Seidlin Says

"Chain letters are completely fraudulent, although mathematically correct," said Dr. Joseph Seidlin, twiddling his thumbs and smiling a scientific smile at the reporter's question.

"The letter idea—each sender adding his name at the bottom of a list, sending money to the top address, scratching it off and mailing it to five others—is being used by criminals as just another 'racket,'" he continued. "Most of the letters are sold by professionals, who, putting their name at the top of the list, receive their money first, and make a quick get-away, leaving the others whose addresses are given, with no compensation."

"It's just another example of our present instability. Cities have gone

To Hold Dinner For Fiat Staff Thursday Night

M. V. Atwood Of Rochester, Associate Editor Of Gannett Newspapers Chain, To Speak

Delta Society Sponsors

Expect To Serve Nearly 100 Of Staff, Faculty And Vicinity Newspaper Guests And Members

With M. V. Atwood of Rochester, associate editor of The Gannett Newspapers chain, as the principal speaker and more than a score of publishers and editors from vicinity newspapers invited, the tenth annual dinner of The Fiat Lux staff will be held in Susan Howell Social Hall at 6:30 o'clock, Thursday night.

Fraternity Sponsors

For the past few weeks, Delta Honorary Journalism Fraternity under its president, Charles S. Hopkins, has been formulating plans for the dinner, which gives promise of being one of the most auspicious held in recent years. The dinner will be a formal one and it is expected that from 85 to 100 guests will be entertained.

Twelve staff members are to be awarded with keys for service to the Fiat Lux. These include nine retired staff members and three, who will continue to serve the college journal next year. Mr. Atwood will be made an honorary editor of the paper, thus establishing a precedent in the 22 year history of the paper. Another honorary award also will be made, but this is to be kept a secret, Mr. Hopkins said.

Mr. Atwood will speak on "The Making of a Newspaper". The program also includes brief addresses by President J. Nelson Norwood; Dean A. E. Whitford, chairman of the newspaper faculty committee; Charles D. Henderson, co-business manager and Miss Dorothy L. Saunders, editor, for the coming year and Charles S. Hopkins, editor, retired. The University Glee Club Male Quartet under the direction of Prof. Ray W. Wingate will sing.

Many Staff Members

It is expected that some 60 to 70 staff members will be the guests of the newspaper at the dinner. This constitutes the largest number of staff workers ever entertained, since the staff is by far the largest in the annals of the journal.

Mr. Hopkins, who is general chairman, announced Sunday that he has another added surprise planned for staff members. As yet, however, he is not definitely sure that the surprise will be possible, but promises that if events materialize before Thursday evening, that it will be both a distinct pleasure, privilege and honor for the staff and paper.

Frosh-Soph Tangle Hectic Affair; Both Sexes Stage Hot Skirmishes

Alfred's picturesque campus was thrown into a veritable no man's land last week, when the war-like forces of the freshmen and the sophomores met in mortal combat.

The Battle of the Marne was a tea party and the Defense of Liege was like playing ring around a rosy compared to the brutal wrangling of our two lower classes.

The Freshmen took the offensive last Monday night, when, with a heavily armed force they organized and swooped down on the unsuspecting sophs. The ammunition of the yearlings consisted of eggs, which smelled as if they were from the age of the dinosaur, and long, business-like paddles. In a mass, they swarmed down from their headquarters at Bartlett Dorm, and with their blood curdling war cries pounded on their adversaries. Little opposition was offered, and they tasted the sweet satisfaction of victory.

The following night found a large group of revengeful sophomores organized and waiting at Bartlett for the foe. A barrage of apple cores met them but relentlessly they waited. Out came the frosh, and the proverbial fur began to fly. Perhaps there was more clothes than fur flying, but that

Student Life Group Has New Dance Rules

Beginning in 1935-36, all requests for dances after the spring vacation shall be presented to the Social Committee before that recess. This decision was made at the regular meeting of the Student Life Committee Wednesday afternoon.

Sororities and fraternities held their annual spring formal in May and June. Requests for dances by other organizations necessitate either a crowding of the calendar or a refusal. The last few weeks of school should not be so crowded with extracurricular activities that the main purpose for attending college is neglected.

The presentation of requests before the spring recess will make it possible to appoint the dances more evenly for the last half of the semester.

Elmira College May Festival Described For Alfred Women

"May Day is one of the oldest and nicest traditions of Elmira College," said Miss Catherine Finter when she addressed the Alfred women at the first annual Women's Athletic Dinner held in the Seventh Day Baptist Parish House last Tuesday evening.

The history of Elmira's May Day goes back to 1902 when for the first time the women staged a May Day dance pantomime down by the lake on their own campus. Following this first May Day the freshmen served a picnic supper, so food has grown to be a part of the day's ceremony.

Each year since 1902 May Day has been held either on the Elmira campus or some picturesque spot nearby. For the past few years it has been held at Watkins Glen. The classes are dismissed on that day and the students and faculty, each with a lunch under his arm, are transported to Watkins by busses.

After lunch which is over at 1:30, several pages circulate in the crowd and select a queen who is always a member of the sophomore class. The queen is dressed in regal garments and escorted to her throne where she views the activities of the afternoon.

Usually the dance pantomime takes the form of a classical myth, but this year they are presenting parts from "Alice In Wonderland." The freshmen women are the dancers and characters. They spend most of the year in training for this event, dancing being a gym requisite for all freshmen.

This year's May Day will be held at Watkins Glen this coming Friday and Miss Finter cordially invited Alfred women to be spectators.

Perhaps next year Alfred women will try a May Day of their own on a smaller scale.

Senior Chapel Service

Special arrangements are being made for a Senior Chapel Service Thursday morning at 10 o'clock in Kenyon Hall. For the last time friends of four year's standing will meet with a common purpose.

This program marks the sixth consecutive year that the service has been observed. All students are invited to lay aside the routine of the day to participate in this last chapel of the college year.

Affording for seniors the last opportunity of uniting with their classmates and friends in a few minutes of quiet thought and worship, the service is a tradition at Alfred which students will want to maintain.

The navies of both forces were put into action and the sea battle was started. First one side then the other gained the advantage, with both sides getting extremely wet, but neither willing to give in. Finally with everyone too wet and tired to continue, the men decided to quit in favor of the supposedly "weaker sex".

Viciously kicking, biting and scratching the women put up a vigorous battle. Mud, bags of flour and rotten eggs were brought to play. They asked no quarter and certainly gave none. It was a battle to the finish, and before it was over three or four women were finished, and it was necessary to carry their limp forms into the Brick.

OPINIONS

—ONLY THROUGH THE OPEN AND UNHAMPERED CLASH OF CONTRARY OPINIONS CAN TRUTH BE FOUND.—Glenn Frank

Dear Editor:—

Every campus has its stooges; every campus has its chislers, but every campus should not have its "crammers".

There are always with us those individuals who brag about letting their work go until the last day or two before the exams, and then when an announced quiz or final exam comes along they spend one or several nights "cramming" and "knock down" an "A" on it. Any psychologist knows that their retention of this knowledge is for only a short period, and that they derive little benefit from it.

Every professor knows that even the most thorough comprehensive, and least of all any factual exam, lasting from one to three hours, can not act as a true criterion of students grasp of his subject. Since our classes here at Alfred are limited in size, each professor is more easily able to discover how much knowledge each student has acquired. His merits could then be graded without the exam. Therefore it seems only just and equitable that the student who does his daily work faithfully should be given the benefit of the doubt over the "crammer" for announced examinations.

It is surely true that some students who use their texts and loyally study each daily lesson do not believe it very necessary to make an concentrative review before finals. These students expect to continue their work in their studies long after college days are over. Others become nervous or flustered and do not do well on final exams. These facts should be taken into consideration in grading the pupil.

Our marking system has degenerated until it has become only an incentive to work for examinations,—not for knowledge!

A Regretting Crammer.

The Woman's Student Government is parallel to Campus Court for men, in that it controls women's behavior on the campus. It however affects all women, not only the freshmen.
