

VARSITY TRACK TEAM LOSES IN TWO MEETS

St. Bona and Allegheny Win Victories Over Purple

Relay Decides St. Bona Allegheny's Fast Squad Meet in their Favor 53 1-2 to 50 1-2

The relay race decided Alfred's first collegiate meet of the season in favor of St. Bona, when the rival teams met at St. Bonaventure, May 13th.

At 2 o'clock the next morning the purple squad, 26 strong, arrived in Alfred, having made the trip by bus. The memory of the close defeat still stings, although tempered by the good treatment received.

St. Bona had the lead at first, due to superiority in the dashes and the broad jump. After Alfred's distance and middle-distance men showed their heels to all the St. Bona runners, the purple went into the lead. The final event, the relay race, brought the "saints" again to the top 53½-50½.

Result of meet:

100 Yards—First, Murphy (B); second, Dougherty (B); third, Ahern (A) Time, 10 2-5.

220 Yards—First, Murphy (B); second, Dougherty (B); third, Campbell (A). Time 23 2-5.

440 Yards—First, Navin (A); second, Miller (A); third, Martineau (B). Time 57.

880 Yards—First, Cole (A); second, Witter (A); third, Stamp (A). Time 2 minutes, 7 seconds.

One Mile—First, Witter (A); second, Smith (A); third, Lyons (A). Time, 5 minutes 1-5 seconds.

Two Mile—First, Clark (A); second, Smith (A); third, Perry (A). Time 11 minutes, 34 seconds.

Broad Jump—First, Eppolite (B); second, Green (B); third, King (B); 19 feet, 2 inches.

High Jump—First, Smith (A); second, Regan (B); third, Rogers (A). McCarthy (B); 5 feet, 3 inches.

Pole Vault—First Drummond (A); second, Feeney (B); third, Campbell (A); 9 feet, 8 inches.

Shot Put—First, Green (B); second, Lanco (B); third, Holley (A); 33 feet, 3 inches.

Discus—First, McLaughlin (B); second, Prendergast (B); third, Barron (A); 105 feet, 7 inches.

Relay won by Saint Bonaventure, time, 2 minutes, 18 seconds.

THREE NEW PLAYS TO BE NEXT OFFERING

WEE PLAYHOUSE GIVES ORIGINAL BILL

A program of three original one-act plays will be presented by the Wee Playhouse at the Academy theatre next Tuesday afternoon.

These plays are entirely the product of the Wee Playhouse, being written, coached, and played by the amateur dramatists. The program will include: "The Furnace," by Director C. F. Binns; "The Professor Stubs His Toe," by Dean P. E. Tittsworth; and "The Election," by Prof. M. E. Mix.

The initial presentation of these plays will start at four o'clock on Tuesday, May 30th, and the Commencement performance will be given on Monday, June 12th, from two to four.

BARRON AGAIN BREAKS DISCUS RECORD

Amidst a steady downpour of rain, which rendered the track soft and the field slippery, Allegheny College romped easily away with the dual track meet held on the Alfred field Friday afternoon, the final score being 87-30. Due to weather conditions, only a small crowd appeared on the field to witness the contest.

Allegheny brought with her a strong aggregation, and from the first, when she snatched all three places in the 100 yard dash from the purple team, found no difficulty in holding her lead. Alfred was allowed only three first places, while in both the century sprint and the shot put she was entirely shut out.

"Kidder" Witter proved to be the Purple star of the day, winning first place in both the mile and half-mile runs. The latter was one of the spectacular races of the meet, Witter on the last lap passing four other runners, and winning first place by an easy ten yards.

Barron easily took first in the discus throw, breaking his own record of this season by 4 feet 2 in.

One of the best performances seen this season on the Alfred cinders was the two-mile run taken by Bliss of Allegheny. Clark, his foremost opponent, set the pace for eleven laps, but lacked the final sprint needed to break the ribbon.

Due to the condition of both track and field and the inclemency of the weather, the cinder events were for the most part rather slow. The dashes, however, were run in good time.

BANQUETS AGAIN?

Students Vote Tomorrow On Revisions

CAMPUS RULES TO BE CHANGED?

The committee on revision of campus rules submitted the following proposed changes at the last student body meeting.

These revisions will be voted on tomorrow morning. The first proposal specifies the track meets at which Freshman caps are to be worn, and provides for proper covering for tardy yearlings. If the second revision is adopted, the college authorities will not have to put up "grass" signs. Section 4 of article 2, has been changed to make even the dumbest Freshman realize that he can be bossed by nearly everybody. Other changes are suggested in the underclass challenges, banquets, procs, and the wearing of the Varsity sweater.

The most interesting suggestion of the committee is a timid proposal to bring underclass banquets back to life in a modified form. It is hoped that banquet season can take its place as one of the dozen keen underclass contests, instead of being a wild week of harmful "hooky" (as it was once branded).

Suggested Revision of Campus Rules Art II. Sec. 1

All Freshmen are required to wear either a green cap with a short visor and large gold button or a green toque with a short gold tassel, through the period covering the first two terms of the college year, and for all Collegiate Track Meets and the Interscholastic Track Meet. Freshmen, entering the second term, shall wear their caps that term and the first term the following year. Freshmen, entering the third term shall wear their cap the first two terms the following year. Moving-up-day shall be set by the Freshmen with the approval of the Student Senate.

These caps are.....
First year specials shall.....
in regard to Freshmen.

Art. II, Sec. 12
All Freshmen shall keep off the grass on the campus west of Kanakadea.

Art. II. Sec. 4
All freshmen and freshmen specials shall report for duty when called upon by upper classmen and those in authority, to assist in all duties pertaining to college activities, such as social functions. Fiat Lux, work on athletic field, tennis court, etc.

FINE PROGRAM BY '25 SATURDAY NIGHT

Two brilliant and spectacular productions will be seen at Firemens Hall Saturday evening, May 27th, when the Freshmen present "The Man Who Married a Dumb Wife," a two-act comedy by Anatole France, and "The Birthday of the Infanta," by Oscar Wilde.

The costumes and scenery of these plays will take the spectators back with the actors to the 15th Century. The adaptation from Wilde's story of the Infanta is staged in the court of Spain during Queen Isabella's reign. The action in "The Man Who Married a Dumb Wife" takes place in France during the 15th century.

'24 PRESENTS "ROMIE OWED WHILE JULIET"

Play Will Feature Soph "Crazy" Day

Next Monday night, as a fitting climax for sophomore "Crazy" day, the Sophomore class will stage a new play written by Frank W. Gibson Jr., which he has named "And Romie Owed While Juliet." This is the first production of this young playwright to be staged in Alfred, and it promises to be something original and different.

Mr. Gibson has begun, as did Shakespeare, by remodeling old plays. His fancy has lighted upon one of that famous author's own tragedies, "Romeo and Juliet." Mr. Gibson has spent a great deal of time in remodeling and improving the plot, and has, as he says, brought it "up-to-date." There is no doubt in the mind of the author, who is also directing the production, that his version contains that snap and pep which will enhance its value in the mind of the present-day audience.

The cast of characters is as follows:

Juliet	Edith B. Teal
LaCapulet	Mildred Allen
La Montague	Betty Houghtaling
Ladies in Waiting	Anna Martin
	Constance Spaulding
Capulet	Ralph Smith

JUNIOR PROM IS COMPLETELY PLANNED

ANNUAL SOCIAL EVENT THURSDAY NIGHT

The Junior Prom, which promises to be the most brilliant event of the year, will be held at the Academy Thursday night.

The Juniors are making extensive plans to insure the complete success of their Prom. The students will not need a special invitation to attend in large numbers. All others can secure the former bids from Eugene Eagle.

THREE SPEAKERS AT Y. M. MEETING

ECHO OF CORNELL CONFERENCE

Both the president and the vice president being absent on a deputation trip, Walter Preische had charge of the regular weekly meeting of the Y. M. C. A. held Sunday night at Burdick Hall.

Three speakers gave short talks, based on reports of the Cornell conference. Muzzicato told about the purpose of the association; Walker gave the objectives of Christ, enlarging on the topic of meeting real need, and Preische gave a short account of the state field council and its duties. Following these talks, there was a general discussion concerning some of the problems to be faced on the campus.

The Y. M., through its new cabinet, promises to be a steadily growing force in the lives of Alfred men. All college men should try to attend the meeting next Sunday, for Mr. Liu, the speaker, will have the viewpoints of both sides of the globe.

DR. A. L. IDE LEAVES FOR POCANO MTS.

Seeks Health and Rest

Dr. A. L. Ide, professor of psychology, left Alfred this morning for a health resort at Swiftwater, Pa., a rest center in the Pocano Mts.

Since February, when a severe case of "flu" forced Dr. Ide to leave his college work, he has not been able to meet his classes regularly. He returned to Alfred from his Philadelphia home two months ago, but a persistent attack of asthma kept him from regaining his former vigor.

"I'm gaining in health here," said Dr. Ide yesterday, "but not fast enough to suit me. The climate agrees with me, and after four months of rest I expect to be back in Kanakadea Hall. In the middle of exam week, think of me settled comfortably on a lofty porch, listening to the whisper of the trees and the gurgling of the creek."

WELL-ARRANGED PROGRAM OF MUSIC ENJOYED

MRS. SEIDLIN'S PUPILS IN RECITAL

A well arranged program of piano selections was given by the pupils of Mrs. Ada Becker Seidlin at Agricultural Hall, Wednesday evening, May 10th.

The annual recital proved to be a complete success. The auditorium was filled, and the enjoyment of all those present was shown by the hearty applause. The recital consisted mostly of varied selections of piano solos, with a few duets. Every number showed the result of careful and complete training.

ANNUAL APPEARANCE OF GLEE CLUB

Small Crowd Attends Splendid Concert

"A prophet is not without honor save in his own country," remarked an auditor at the concert given last Thursday evening in Firemens Hall by the Alfred College Glee Club. This remark was prompted by the small audience which listened to the Club's meritorious program. The concert was apparently patronized more liberally by the townspeople than by the students.

The glee numbers were characterized by snap, vigor, and good team work; the boys themselves good to look upon and watch in action. Now and then there was a slight indication of nervousness, natural before the home crowd. The program contained a fair variety of chorus numbers, including, of course, college songs, and one selection from grand opera.

Perhaps Mr. Volk's most appreciated work on the violin was the "Liebesfreud."

In his first reading Mr. Conroe was somewhat stiff, but at his second appearance he got self-forgetfully into the game and scored roundly.

The entire program was a comfortable performance, the applause indicating the approval of the audience. Alfredians—at least those who were present—can well understand how the Club makes a hit wherever it goes. The work of the boys Thursday evening testified to their own patient effort, to the quality of the training Director Wingate has given them, and to their ability to offer a delightful entertainment.

This year the Club has appeared—and with success—in nine different places as follows:

Belmont, Jan. 25; Fillmore, Feb. 27; Hornell, March 8; Boonton, N. J., March 23; New York Alumni Banquet, March 25; Paterson, N. J., March 28; Silver Springs, April 25; Delevan, Apr. 26; Angelica, Apr. 27.

The football team of Mechanics Institute has been added to the Varsity schedule for 1922. The game will be played on the local field, Friday, Sept. 22d. Nine games are now on the list, and another is pending.
George W. Burdick died very suddenly at his home in Nile Sunday from acute indigestion. Mr. Burdick spent the week-end a week ago with his son Mark of the college, and seemed to be as well as usual. The funeral service was held Tuesday afternoon.

ALFRED!

Alfred is one great little old place. In all the world there is not a town or college like Alfred. Most of the residents forget the charms of this favored spot, and only after graduation do the students realize its distinctive appeal.

Let us recall some of the features of Alfred which, as alumni, the present college generation will hold fast in memory:

Alfred! Where more religious services are held and more plays and concerts are given, per capita of population, than anywhere else on the globe! The usual week-end schedule at Alfred includes eleven religious meetings, besides a home-talent play or a naughty movie. Thing of it! Eleven different Christian gatherings, in spite of having only one church and a chapel.

Alfred! The sheltered place tucked away in the Allegany hills, where the people are so righteous that many of the good townfolk and students are kept busy inventing scandal. Imaginative hypocrisy, when married to a ready tongue, brings forth a numerous progeny of stories about the wickedness of other folks. People must have something to whisper about, of course.

Alfred! The one village where every inhabitant is loyal to everyone else. Most of Alfred's people would gladly walk twenty miles to help a friend, an acquaintance, or even a stranger. Seventy-nine "Hello's" and forty-three "Good-mornings" are spoken at Alfred, for every single cold "How-de-do" uttered.

Alfred's paths and by-ways are lit—night and day—by gas street-lamps, until boisterous swains jar the mantles. Half the natives refuse to install electricity, because they couldn't afford to keep the lights on all day. Think of the bother! Imagine turning out a light when one was no longer needed! And the few residents who desire Franklin's powerful "juice" wish to see it first in operation along the streets. (It's difficult to discern who is walking out with who, when smashed gas lamps are the only illumination).

It's a great little town, sure enough.

The worst two-mile stretch of "improved" road in the state is the only connecting link with the outside world, yet Alfred attracts an increasing number of students, residents, and summer dwellers each year. The annual Interscholastic Meet gathers more athletes than any similar track contest in the state.

Finally, the most distinctive feature of Alfred is her people. A college graduate sells you a jack-knife or a collar-button, or dusts your room, or perhaps a painter of landscapes serves you an egg sandwich. The college man keeps watch for such honorable work as lawn-mowing or ash-dumping. The girl student will wash dishes or manicure nails for you. Money and remunerative work seem to be Alfred's rarest blessings, but a quiet spirit of contentment, industry and happiness

broods over the little village.

In this issue of the Fiat Lux, the first of a series of "human studies" is given. Alfred's "folks" are her richest possession.

M. LOU VOSSLER ATTENDS Y. W. CONFERENCE

M. Lou Vossler represented the local Y. W. at an inspiring conference held last week-end at Olcott on the Ontario.

The speakers were exceptionally good. Mrs. Weaver, the president of the Lockport Y. W. C. A., a woman of wide and interesting experience, delivered an address on the round peg in the square hole. The enormous war wages caused a serious maladjustment for young people—especially in the industrial world. The big educational problems today is to bring out the best that is in boys and girls so that they will love their work and so that their work will be as truly their avocation as their vocation. Character building and spiritual growth should be taught by precept. Our duty is to help young people to find themselves, to help them to know what they want and for what they are fitted. Service to others is what counts most and gives the greatest happiness.

Miss Mary Hunting, Girls' Work Secretary of the Lockport Y. W. C. A. and an alumna of A. U., spoke on the history of the Girl Reserve Movement. Although girls' work began as early as 1909, not until 1918 did the Girls' Reserve movement become initiated and the work take on any form of unity. Since then it has made a rapid advance. In this country alone there are today 120,000 Girl Reserves and the movement is spreading. The deep underlying purpose of the girls' work as exemplified in the Girl Reserve movement is the same purpose as that of the National Y. W. C. A.

The talk on "Girl Psychology" by Miss Harbough was an eye-opener for those who had forgotten their younger girlhood days.

Miss Anna Baird, Girls' Work Secretary at Niagara Falls Y. W. C. A., gave an informative talk on program planning for the Girl Reserves and led a lively discussion on the same subject.

GRIFFITH IS BASKETBALL MANAGER

At the last meeting of the Athletic Council, it was voted to award the basketball letters at the Glee Club concert. The managers of the Jump Fund were authorized to sell soft drinks on Interscholastic day.

A mistake was made in the last issue of the Fiat Lux, in regard to Howard Griffith. The Council elected him next year's manager of basketball. B. M. Volk '23, is the 1922 manager of football, which, as incorrectly reported, Griffith was chosen to manage.

The Council has recently reviewed the college records in track and field events. Those made before 1900 have been placed in a separate list. The complete records, including new marks, will be printed next week.

LARRY BEANE, THE INDISPENSABLE

I sing the praises of Larry Beane, As industrious a man as ever was seen. You'll see him on the campus green, as you go by; Long, lithe, and lean with a merry eye Is our illustrious Larry Beane.

Thus ends our song. It is too much a strain on our poetical abilities. We agree with Poe that the object, truth . . . although attainable to a certain extent in poetry, is far more readily attainable in prose. Thus we explain ourselves and proceed on grand serieux!

No college is a college without a Larry Beane. He is the guardian of the institution's welfare and comfort. Only certain kinds of Beane's are qualified. We must have jolly, robust, nonchalant policemen; little, wiry, bobbing bakers, and tall, genial, Beane's with rakish brown hats and ancient, loose-fitting, gray sweaters.

It is a queer thing about these sweaters people wear; they look like a splendid fit for everybody—except for the owners. Perhaps that explains this social habit we have of borrowing. Larry Beane told me quite confidentially but frankly, the other day that he borrowed his sweater five years ago from the Dean's immaculate stock of wearing apparel. Ma foi!

Larry's duties are manifold: if a chair weakly collapses, call Larry; if a bell goes on strike, call Larry; if the fish need water, again call Larry. (We wish to call attention to the climatic style of this last sentence,—we caught it in the history department). Larry's sublime aim is the beautification of the campus. Here we have tireless toil, the results of which are such beauty of form, colors, and outlines as to delight any artistic eye.

Then what strange secrets are stored in a Larry Beane's mind. Just at dawn, when the first light bars the east, making familiar objects stand like gray-robed ghosts, what is that singular figure that passes among the trees? In what mysterious ways do those evidences of some midnight escapade vanish before morning? One night, after an assembly of spooky apparitions held a solemn funeral and laid beneath a solitary pine a tombstone for all time in enduring cement, in some miraculous way cement and tombstone entirely disappeared before the light of day. The truth dawned slowly and forcibly: "L'homme propose, el Beane dispose." So be it.

FIRST CALL FOR ANNUAL GATHERING

Alumni at Alfred for Commencement?

LETS GO

A lot of people are going to be disappointed if you do not come back to Commencement this year.

Perhaps you are so unfortunate as not to have been back since that memorable day when you tucked your sheepskin under your gown and started out to set the world on fire.

If so, the number of friends disappointed is going to be greater than you can imagine unless you decide right now—this minute—to wipe the dust off the old suit case and come back with the rest of us.

Say, come to think of it, can't you feel an irresistible urge in the air when you stop long enough to remember Alfred at this time of the year?

It will set the old calendar back a good five years for an "old grad" like you to pack up your Gillett and one spare and come back.

Don't miss this chance of making a lot of your old friends happy.

Come on the tenth of June and stay until the night of the fourteenth. We're not going to take away any of your money.

What ever you do, be there for the banquet on the 13th and alumni day on the 14th, for that's going to be your day—"old grad."

Yes, yours.

FERDINAND L. TITSWORTH.
Pres. of the Alumni Association.

WHITFORD-COTTRELL

One of the most attractive weddings of the early summer was that of Miss

Celia Cottrell, daughter of Mr. and Mrs. John Boardman Cottrell, and Paul A. Whitford, son of Mr. and Mrs. Abert Whitford, which took place at 8 P. M., Wednesday, May 10th, in the Seventh-Day Baptist Church. Rev. Edwin Shaw, former pastor of the Church, performed the ceremony in the presence of a large gathering of relatives and friends from New York, Boston, Philadelphia, Rhode Island and Alfred.

The above paragraph, taken from the Plainfield Courier, is especially interesting to the younger alumni, who remember the new Mrs. Whitford as Celia Cottrell '18.

AN ALFRED BOY'S ENGAGEMENT ANNOUNCED

According to the "Spokesman-Review" of Spokane, Washington, in its issue of May 4th, Mr. and Mrs. Charles Partridge Oudin, of that city, have announced the engagement of their daughter, Marie Monell Oudin, to Edward Earl Saunders. Miss Oudin is said to be a charming and popular young lady, coming from a prominent French family on her father's side and from a prominent New York family on her mother's side.

Mr. Saunders is a native of Alfred, a young man of whom we are proud. He graduated from Alfred University in 1917 with honors, and then took a course in electrical engineering in Massachusetts Institute of Technology. In the mean time he took naval training in steam engineering and was graduated from the Stevens Institute naval training school, and commissioned an Ensign. He is now with the Inland Empire Paper Company of Spokane, Washington. The wedding is to occur in October.

Congratulations, Ted.

Y. W. HOLDS TWO EFFECTIVE MEETINGS

Y. W. C. A. LED BY ANNA CROFOOT

"Happy Memories" was the topic discussed by Anna Crofoot in Sunday evening's Y. W. meeting.

One's happiest memories and truest friends are made in college. All should, therefore, try to make memories as happy as possible. By doing for others, happy memories and true friends are unconsciously gained. The ideas of the speaker were good, and everyone enjoyed the talk and the songs.

The meeting Sunday, May 14, was a "Spring Meeting," led by Evelyn Tenyson. The meaning of Spring as an expression of God's handiwork and the source of inspiration for a new beginning was spoken of. Four beautiful poems were read with appropriate bearing on the topic. In our beautiful surroundings among the hills we can see God's manifestation through Nature. We should take in with a deepening sense of the power of our Creator the expressions of Spring-time—the new leaves, the apple blossoms unfolding, the grass growing greener day by day, and feel that for us, too, it is a time for putting behind us our mistakes of the past and beginning anew. Mildred Babcock rendered a piano solo, "To Spring" with effectiveness. The room was prettily decorated with apple blossoms making the atmosphere blend nicely with the thoughts expressed.

ENGLISH CLUB DISCUSSES RECENT BOOK

At the regular meeting of the English Club Saturday evening Hazel Gamble gave a paper on the recent book, "Civilization in the United States," stressing the general spirit of these thirty radical young American writers and offering an estimate of the volume as a whole.

Representative essays, illustrating the different phases of American life, were reviewed by Miss Gamble, and she also gave some interesting biographical material regarding the lives of several of the authors of the essays which she reviewed in her paper. The meeting was one of the most interesting of the year and it did not fail to provoke an enlightening discussion of the book.

NEW ATHLETIC FIELD?

The surveying class gave the careful double O to the site of the terra cotta plant last week.

This level spot would provide a much better athletic field than the present grounds. Considerable refuse and dirt would have to be used to fill up the low spot at the northern end of the factory site. With this done, a space large enough for a level quarter-mile track would be provided. The proposed field is much closer the campus than the present one. If A. U. only had a million to spend!

RAIN PREVENTS TENNIS TRIP

Two days of rain prevented the trip which the tennis squad had planned to take to Hornell last week-end. If the weather is agreeable this week-end, the squad will journey to the Huguet court in Hornell or to Corning.

"Shel" Bassett, who has volunteered to coach tennis this year, and Coach Wesbecher, have picked the following men for the tennis squad: Gibson, Volk, Larrabee, Openhym, Drummond, Banks, Errington and Johnson. These men can be displaced by any one winning two out of three matches played at different times. The captain will be elected tonight.

The tennis team will play at least two intercollegiate matches on the local court. St. Lawrence sends her racquet stars here on June 2d, and the team from Southern California meets the Varsity on June 12th.

BRICKETTES

Mrs. Spaulding is now at the Brick. Mrs. Middaugh has gone to Plainfield, N. J., to attend the wedding of her niece.

Lucretia Vossler spent the week-end at a Y. W. Conference at Olcott Beach on Lake Ontario.

Beatrice Hunt was the guest of Susan Hiscox at her home in Bolivar for the week-end.

Elizabeth Richardson spent Saturday in Hornell.

Misses Bonnie Wilson and Lois Tulley from Elmira College were the guests of Marian Woodward last week.

Miss Fosdick has returned, after a short but enjoyable vacation.

Charlotte Kershaw spent the week-end with her aunt in Warsaw.

Mrs. C. L. McCrary of Fillmore was the guest of Ada Mills last week.

Mrs. Fred Boyd and Miss Crittenden of Wellsville were the guests of Hilda and Dorothy Boyd, Sunday.

Constance Spaulding and Anna Martin spent the week-end in Hornell.

INTERFRATERNITY BASEBALL

Two more baseball games were played in the interfraternity league during the past week.

Burdick Hall's team won over the Klan Alpine 12-8 last Wednesday. Batteries: Burdick Hall—Ahern and Stannard, Burns.

Klan Alpine—Eagle, Griffith and Ingoldsby.

The Eta Phi nine landed on the ball hard in the first three innings of Monday's game, collecting eight runs while the Delta Sig team gained none. Near the end of the game, the Castle boys came back strong, the final score being 13-9.

Batteries: Delta Sig—Stryker and Witter, Eta Phi—Gardner and Coffin.

BARN TO BE WRECKED

President Davis has announced that the college trustees have decided to raze the livery barn, instead of trying to remodel it, as the first step toward providing A. U. with a laboratory building.

According to the new plans, 60 feet of the barn's foundations will be the only part of the old landmark's structure to be used in the science building. The eastern end of the cellar will be filled in, and seeded. This will bring the western end of the laboratory forty feet nearer the Library. The architect's plans remain unchanged, except that new material will be used throughout, instead of old beams and planks. The main entrance of the new two-story building will be in the middle of the southern side, and cement walks from the Library and Burdick Hall will meet at that point.
