Stay Safe. Respond to Outdoor Warning Siren

Alfred State College will be testing its outdoor warning sirens today, Friday, Aug. 30, 2013 at 10:10 a.m.

In the event of life threatening emergencies, Alfred State will activate the outdoor warning siren. Any emergency that causes ASC to sound their alarm also has the potential to affect people on our campus. If and when you hear the siren, you should immediately return to a known safe, indoor location. Information about the emergency, including instructions about what to do, will be

communicated via E2Campus. If possible, other methods will be used including WALF broadcasts and postings on entrance doors to academic and residence hall buildings. Familiarize yourself with the siren by listening to the attached audio file.

If you have any questions, please contact the Office of Public Safety at 607-871-2108.

Befriend an International Student

The Office of International Programs is looking for community members who are willing to befriend an international student for the year. We will match you with an international student and get you together at a reception. You take it from there.

We ask that you commit to inviting the student to dinner at your house once during the semester. Beyond that, it is up to you and the student how much contact you want to have.

This is a great way to get to know more about a foreign country (great for your kids, too!).

If you are interested, please send an email to Vicky Westacott at fcobb@alfred.edu and put "community friends" in the subject line. If you know any community members outside the University who might be interested, please let them know about the program. Thanks for your help!
