[back to top](#)[Send Email Reminder](#)**Chemical Waste Removal**

A chemical waste removal will occur during the week of 05/25/09. Both hazardous (regulated by EPA, DEC, or other government agency) and non-regulated (not regulated by said agencies but not approved for local landfill or drain disposal) waste will be accepted for removal.

In order to obtain TSDF approvals and estimate the cost for removal I will need a waste log sheet(s) of your waste sent to EH&S no later than Friday 5/15/09.

Waste may still be accumulated until 5/20/09. Notify EHS of the additional waste by faxing or e-

mailing a new waste log sheet adding the word "Amended" to the title no later than 05/21/09. Waste log sheets can be faxed to the attention of Dean Perry at x2086 or e-mailed to perrydr@alfred.edu. Hazardous Waste Log Forms are available at <http://our.alfred.edu/ind...> under the heading "AU EH&S Forms".

All Satellite Accumulation Areas must be emptied and waste received in your respective Central Accumulation Area no later than Wednesday 05/20/09. NYSCC contact EH&S x2190 or Shanti x2497 (Harder and McMahon CAA's); non-statutory AU contact EH&S x2190 (Myers CAA) to arrange for receipt of your waste in Central Accumulation. DO NOT LEAVE WASTE OUTSIDE THE DOOR OF THE CAA!

Note: Inspections must continue if hazardous waste is to remain in a SAA over the summer months; please ensure arrangements have been made within the department to maintain compliance with this law.

All Satellite Accumulation Area labels must be filled-out completely with EPA# for respective college, building name, Room # or area name, start date, full/fill date, initials, chemical name(s) of constituents in the accumulation container with volume or weight, and waste characteristics prior to receipt in Central Accumulation. SAA containers must be capped, have clean exteriors, and SAA label easily legible.
