S.S. To Discuss Budget At Meeting Tomorrow

Senate Discusses Thanksgiving Recess At Last Meeting; Linhoff, Starr Sworn In As Senators

The Student Senate will discuss the budget for the year 1942-43 at its meeting tomorrow night in Physics Hall. All organizations in need of financial aid must have a representative present at this meeting. Any group not doing so will fail to receive aid as there will be no other opportunity to apply.

Lee Linhoff '43, and Robert Starr '43, were sworn in as new Student Senators at the Senate meeting held last Wednesday. Miss Linhoff will replace Ruth Woefel, Theta Theta Chi, and Starr will replace Winston Reper, Klan Alpine. Miss Linhoff was also elected secretary.

Discusses Thanksgiving Holiday

As the college calendar now stands, there is only a one-day recess at Thanksgiving, instead of the customary week-end. A suggestion was made at this meeting that the two review days before examinations be exchanged for the Friday following Thanksgiving. A campus poll will probably be held in the near future to determine student opinion.

The athletic contests to be held between the freshmen and sophomores in four or five weeks were discussed. If the freshmen are victorious, caps and buttons will be removed as in previous years. Otherwise, they will be worn until further notice.

Seven Alfred Graduates Get Teaching Jobs

Seven of Alfred's former students are now employed as teachers in various schools and universities.

Two of these people have been appointed to assistantships. Douglas Beals '42, ceramic engineer, from Perry has been appointed at Penn State to work in the ceramic department. George La Seuer, '42 of Friendship is now in the department of mathematics at the University of Syracuse. He took advanced courses in mechanics at Brown University during this summer.

The rest of the group are now teaching in high schools. Doris E. Simpson of Freedom, N. Y. will teach Latin and French in Gainesville High School. Barbara Hill '42 is in charge of the commercial department in Penfield High School in Little Genesee. Stanton Langworthy '42, is teaching social studies at Canisteo. Harriet Klees '42 of Hornell is teaching business and commercial subjects at Avoca Central School.

Elizabeth Cosby '42, from Terrace Park, Ohio has a fellowship at the University of Chicago in the School of Social Service.

C.A.A. Course Now Training Navy Cadets

The Alfred C. A. A. Flying course is now training navy aviation cadets.

There are twenty of the navy cadets on the campus at present who are remaining for a period of eight weeks at the end of which they will go to Chapel Hill, North Carolina, or a secondary training school for further instruction.

Enlisted Reserve men at Alfred are not eligible for this flight training because the institution does not have the required quota of V-I enlistees necessary for extra-curricular enrollment.

Genne Attends Meeting

Chaplain William Genne was in Syracuse Thursday, September 17, attending a meeting of the Westminster Foundation of New York State, the organization which assists all of the Presbyterian Student work in this state.

Thirty new short courses in fields considered essential by the government are being offered by the University of Texas.

Forum Series To Have Many Noted Artists

"We have a highly relevant and exciting Forum Program this year," said Prof. C. D. Smith III chairman of the third year's Forum Series. "It should have something of interest for every student on campus. It is well balanced in its concern for international affairs and cultural topics," he added.

October 5, marking the first in a series of five programs will be a lecture-forum by Mlle. Eve Curie, daughter of the discoverer of radium, musician, biographer, and noted war correspondent, who has just returned to this country from a five months visit to the principal battlefronts of the world.

Don Cossacks Return

The Don Cossacks need no introduction to Alfred. Many who heard them two years ago will be thrilled again Nov. 21 by a new program of stirring Russian music.

Of great interest to the whole campus and to social science students in particular will be the December 1 program when Louis Fischer, author, editor, and war correspondent, will conduct a lecture-forum. Mr. Fischer was one of the last newsmen to leave Germany and has recently returned from a visit to India. His lecture should be especially significant because of his unusual closeness to Gandhi.

Peterson to Discuss Ethics of Reading

Dr. Houston Peterson, philosopher, psychologist, man of letters, formerly of Columbia University, now on the staff of Rutgers, and head of the Division of Social Philosophy at the Cooper Union, is widely known as a lecturer. In his lecture-discussion on "The Ethics of Reading", to be heard February 8th, Dr. Peterson will present a challenging and relevant cultural perspective necessary to a responsible and imaginative way of life both within and outside a university.

American Pianist Concludes Series

This unusual series of programs is concluded on April 7 by Harold Bauer, pianist. Mr. Bauer, master pianist is not only one of the great virtuosos of his generation, he is a musician whose personality and life are interwoven with the musical structure of this country. His interest in young orchestras, chamber music societies, musical schools and colleges has made him renowned in this field. To the larger general public, as evidenced by the great crowds which annually hear him at the New York Stadium, the Philadelphia Dell, and the Hollywood Bowl, he is an acknowledged peer.

Several Teaching Changes Made In Alfred's Faculty

Mr. A. Burdette Crofoot, of the English department, is now assisting Professor C. M. Potter in the Physics laboratory. Dr. K. O. Myrvaagnes is at present teaching one of the sections of Freshman English which was formerly taught by Mr. Crofoot.

This change in departments had to be made because 105 freshmen have enrolled in the Physics department. It has been necessary for many students to do this in conjunction with their trig work due to probable drafting.

This program will remain in effect for the whole year.

Cuba has one of the oldest universities in the Americas, founded in 1728.

Hollywood's Bondmobile To Be Here

Hollywood's Bondmobile will be in Alfred on Thursday at ten p. m. A huge bonfire on the hill east of Davis gym will celebrate its arrival.

Sponsored by the moving picture industry, the Bondmobile is on its way from New York to Niagara Falls, where it will be pushed over the falls. Thus, its occupants, Hitler, Mussolini and Hiriho will meet their doom.

The Bondmobile is completely furnished with stenographers and equipment for the sale of War Bonds. Each Bond purchaser will be allowed to push the Bondmobile one foot.

The effigies of Hitler, made by Theta Theta Chi, Hirohito by Pi Alpha Pi, and Mussolini, made by Sigma Chi Nu, will be burned at the bonfire.

The University Band, under the direction of Fred Kaplowitz, will play patriotic songs in honor of the occasion.

Dean Degen has announced that women will have late permissions.

Dean Drake Announces Men's Status

An announcement as to the War Service Status of the students of Alfred University has been issued by Dean M. E. Drake. The figures are correct as of the opening of college on September 10, 1942.

Those not yet registered for Selective Service, or registered but unclassified, 190.

Among those registered for Selective Service, and classified are:

Class 1A (subject to call)	2
Class 2A (occupational deferment)	45
Class 3A (dependency deferment)	1
Class 4D (Minister of religion or Divinity student)	8
Class 4E (Conscientious Objector)	1
Class 4F (physically unfit)	4
Class 1C (member of land and naval forces, as follows:	
Army Enlisted Reserve Corps	15
Army Air Force Enlisted Reserve deferred	11
Army Air Force Enlisted Reserve not deferred	3
Marine Corps Reserve Candidates' Class for Commission	3
Naval Reserves—Class V1	4
Naval Reserves—Class V7	5

Social Hall Hours Listed

Social Hall will be open Tuesday, Wednesday and Thursday evenings from seven to eight and Friday from eight to eleven for dancing and ping-pong. Notice will be given later in regard to Monday and Saturday evenings. All campus people are invited.

The Friday night hours do not apply to Freshmen women. They must be in their place of residence at ten o'clock and late permissions will not be granted on these nights.

Brent Fellowship Holds First Vespers

The Brent Fellowship held its first Vesper Service of the school year last Sunday evening at the home of Prof. H. G. Schurecht. The service was conducted by Rev. Morell from Hornell. Supper was served after the service by Mrs. Schurecht. The Fellowship planned to elect officers and outline a program for the year at a business meeting which will follow Vespers next Sunday evening.

Mrs. Schurecht extends an invitation to all Episcopal students and any others who may be interested to attend these Vesper services at her home 5:00 o'clock Sunday evenings. Holy Communion will be held at 9:00 a. m. on the second Sunday of each month.

Walter Kreutz was elected most popular, most handsome and most active man at Loyola University of New Orleans.

Ex-Student Dies In Army Plane Crash

Many Alfred students mourned the death of Donald W. Hoefler ex-'43, who was a second lieutenant in the Army Air Corps.

"Whitey", as he was known on campus, met his death Tuesday afternoon at 4 o'clock at the Hills Grove Airport in Rhode Island when his fighter plane crashed during a take-off.

Hoefler was a member of Lambda Chi Alpha fraternity. He left school at the end of his sophomore year to join the Army Air Corps. While attending Alfred he took the C.A.A. course. He received his wings at Spence Field, Georgia, on August 5, 1942.

On August 10, 1942 he married Miss Dorothy Huyck of Buffalo. Since then the couple had made their home at Warwick, Rhode Island.

Pall bearers at his funeral, which was held in Buffalo, were his fraternity brothers, Roger Marks '43, Robert Sinclair '43, Robert Timke '43, James Starkweather '43, Robert Moebus '43, and Ellsworth Hauth '43. Several other Alfred students who were his classmates attended the last rites.

He is survived by his wife, Dorothy Elizabeth, his parents, Mr. and Mrs. Frank Hoefler; a sister, Nancy, and a brother, Frank, who is now stationed in Australia.

"Dad" Elliott To Speak At Next Assembly

Dr. Arthur James Elliott, known more familiarly as "Dad" Elliott to his numerous friends in the American University system, will speak Thursday, September 24, in assembly at Alumni Hall at 11:00 a. m.

All Around Athlete

Dr. Elliott is a graduate of Northwestern University, where he was captain of the track team and baseball

Assembly Speaker

Dr. Arthur James Elliott

team, and played four full years of varsity football, being named All-Conference End for the Big Ten Conference. He was also active in oratory and debate. In 1924, Dr. Elliott was sent by the students of America on a pilgrimage of friendship to the students of Japan, China and the Philippines. In 1927 he became a member of the National Staff of the College Christian Association and served in that capacity until his retirement in 1935.

Upon his retirement a group of college presidents, pastors and other influential leaders organized a committee to continue Dr. Elliott's services to college students. In recognition of his services he was sent on an around the world trip where he visited sixteen nations just shortly before the outbreak of World War II.

To Speak at Chapel and Church Dr. Elliott's topic at assembly on Thursday will be "What Will We Become?" He will also speak at chapel on Friday and at the University Church on Sunday.

Daniel M. Pearce, Jr., who recently was graduated from Harvard University with a degree in mechanical engineering, paid part of his tuition by performing as a clown at private parties.

Blue Key Appoints Seniors To Fill High Tribunal Posts

Soldano Named Chief Justice; Juniors, Seniors To Report Frosh Infractions

Seven seniors were selected by the Blue Key at their meeting Sunday to be justices of the Frosh Court for the 1942 open season on freshmen.

Freshman Rules

1. All freshman men shall be required to wear the regulation green cap with yellow button, and all freshman women shall wear the green beret from Freshman Week in September until a five weeks' period is up. The cap shall be worn without alteration in any way, from six a. m. to six p. m., Monday through Friday, and at all home athletic contests. Freshman court shall be held for 5 weeks, beginning with Freshman Week and carrying through Thanksgiving unless Freshmen shall be victorious in a contest held in October when they shall also remove their caps.

2. All freshmen shall be forbidden to use tobacco in any form on the campus, i. e., east of Main Street, between Terrace and Pine streets, except in private dwellings and Burdick Hall.

3. Freshmen shall be strictly required to observe all the rules of common courtesy, and shall show due respect to university faculty and upperclassmen by touching caps, giving preference in entering and leaving buildings, etc.

4. Freshmen shall greet all faculty members, students, and campus guests with the customary "hello" or a similar greeting.

5. All freshmen shall keep off the grass on the campus as defined above.

6. The regulation frosh buttons shall be worn conspicuously from the time of registration until four weeks after classes begin.

7. Freshmen are prohibited from wearing monograms of any athletic association except that of Alfred.

8. Freshmen shall learn the Alma Mater and all Freshman Rules, and shall be required to pass an examination on the same on or about October 15, at the discretion of the Senate.

9. Men of the Freshman Class who violate such Rules as set forth above shall be tried and sentenced by the Freshman Court, whose members shall execute, or cause to be executed all decisions rendered by that body. Women of the Freshman Class who violate these rules shall be tried and sentenced by the Women's Student Government.

Blue Key Meets With Social Comm.

The All-Campus Social committee which met with the Blue Key Sunday afternoon in Social Hall has decided to change its name to that of the Campus Recreation Committee to avoid confusion with other social committees on campus.

Representation at the first meeting of this committee was not as complete as was expected. There was no delegate present from Klan Alpine fraternity, Sigma Chi sorority, the Brick or the Independent organization. Those present on the committee were Frank Klein '44 from Kappa Nu, Lester Herzog '46, Bartlett Dormitory, Robert Moebus '43, Lambda Chi Alpha, Constance Koegler '43, Green Gables, Guy Hartman '43, Kappa Psi Upsilon, Lee Linhoff '43, Theta Theta Chi, Clifford Clay '43, who heads the committee as Vice-President of Blue Key represented Delta Sigma Phi. Dean M. Ellis Drake is the faculty member on the committee.

Duties of Committee

At the first meeting of the committee it was made more clear what the duties of this new committee would be. Roger Marks '43, president of Blue Key made it clear that the new committee did not intend to take over any duties now assigned to any other social committees on campus. Their purpose was to find new ideas for campus social life. With football missing this year, President Marks stated that there would have to be some fresh ideas to supplement the social calendar. He said that a pro-

(Continued on page four)

Benny Soldano will act as chief justice and six other seniors will help mete out the justice to the erring frosh. They are: Reginald Miner, Paul Kopko, William Kopko, John Ledin, William Hurley and Robert Timke.

The frosh court will enforce the frosh rules for the men. Freshmen violators of the rules are to be reported to the court and their cases will be tried at the weekly meetings of the court. Punishments will be dealt out to the offenders to suit the crime. Juniors and seniors are to report all infractions of the rules to the court. Sophomores are not eligible to turn in names of violators but they may report violators to an upperclassman and he will report the violation.

Women violators of the frosh rules will be dealt with by the W. S. G. as they have been in the past.

Chief Justice Benny Soldano announced the first meeting of the court for next Sunday evening at 7:30 in Alumni Hall. All complaints should be left in the box which will be placed on the porch of Burdick Hall.

Kanakadea Has First Meeting Of School Year

"Welcome back to the grind; I hope that you are all ready for work," spoke Co-Editor Murray Schwartz at the first organization meeting of the Kanakadea staff held last Thursday night in the New Ceramic Building.

In his welcome address, Schwartz stated that it was a privilege to be able to work on such a book as Alfred's and that everyone looks forward to the finished product. Acknowledgment was also given to the fine work of the faculty advisers, Dean M. Ellis Drake and Professor Don Schreckengost.

Mention was made of the problems that were confronting the editors this year in both time and finances. For the first time a credit system for recognition of work is to be employed which will stress attendance, willingness, promptness and ability. Appointments to the various staffs were made at this time.

Schwartz also spoke to the members about the new honorary journalism fraternity, Pi Delta Epsilon, which was founded on this campus last year. He explained that the members of the Kanakadea staff are eligible to become members of the organization after meeting certain requirements.

Next Thursday night at 7:30 in the Kanakadea Office located in Burdick Hall, the various staffs will have another meeting. At this time anyone who was not able to attend the previous meeting is invited to attend.

"We Can't Loaf" Says President At First Assembly

"We can't loaf in these times," said President J. Nelson Norwood in his opening convocation talk at opening assembly Thursday in Alumni Hall. "Our enemies are on their toes; we must be on ours," he added.

"We need a common mind to bridge over the areas of our specialization," he stated, and suggested that it would be well if every American regularly read during 10 to 20 minutes daily on "This America of Ours". History and political science departments, he suggested, must furnish such a reading list.

"How about a half dozen forums on America?" he was asked.

Discussing "What Should You Get Here?" President Norwood advised that beyond the customary skills, facts, and friends gained at college, students should learn to meet people with ease and dignity, to appear on the speaker's platform, and to know what makes large-souled persons,

TUESDAY, SEPTEMBER 22, 1942, ALFRED, N. Y.

Don't Get Stale

The war effort must keep its vitality. At the time of Pearl Harbor there was almost fanatical zeal to do everything possible to "help lick the Axis."

Today, with the war well started on its fourth year, we must continue to be just as zealous in our efforts to help Uncle Sam. We must not let ourselves get stale or lapse into a state of complacency. We who haven't been rationed on gas must save it. We must not forget the scrap metal drives. Continue to save paper and scraps that will be essential. There will be many more collections before we get a pile big enough to top that which Hirohito is returning to us in his ships and shells.

There is still a definite need for more first aid and nursing courses. We should begin producing some instructors from our first-aiders on campus.

The Victory Bond sale is still going on; Alfred hasn't come close to its mark set in the last war.

Stop and think. What are you doing to help the war effort? Don't get stale. Get in there and "pitch". As President Norwood said in assembly, "We can't loaf in these times."

* * * * *

Frosh-Soph Fights

Frosh-soph rivalry has started rather early this year. Over the week-end the two classes had fun tossing each other into prexy's pool, dislocating arm wrists, and enjoyed other more obvious amusements.

It's fine to see such a spirited class even if they are a few months early. Maybe we can blame that on the war. That's what they do with everything else these days.

Freshmen and sophomores, it's all right if you want to break each other's arms off and hit one another on the head with them; that's good clean sport, but please don't damage any property. Seriously though, last year considerable property damage was inflicted, as the sophs will remember, and no one wants any more bills to pay. Be careful what you paint and don't build any bonfires on asphalt pavements; they burn.

It might be a good idea to collect any rags that you run across in your class get-togethers and save them for the scrap campaigns. Rags for paper are vital to national interests these days.

Remember you have a head. Use it.

* * * * *

Rubber Situation

"We find the existing situation to be so dangerous that unless corrective measures are taken immediately this country will face both military and civilian collapse," said Bernard M. Baruch, head of a special committee to investigate the rubber situation. The United States will have only 631,000 tons of natural rubber to last until Jan. 1, 1944. Our essential needs for that period total 842,000 tons.

William M. Jeffers, president of the Union Pacific Railroad, has been appointed by Donald Nelson to find a way to make up that deficit of 211,000 tons. He proposes to do this with our production of synthetic rubber. Present rubber supplies for civilian usage is to be conserved by enforcing nation-wide gasoline rationing, setting a national speed limit of 35 miles per hour, restricting average car mileage to 5,000 miles a year or less.

If rationing of gasoline is done on a nation-wide scale it will have far-reaching effects. 29,500,000 car owners and their families will no longer use their cars for anything but most necessary driving. The \$3,000,000,000 a year road-side-stand-tourist camp business will become extinct. The already tottering filling station business, which once had 240,000 outlets and 625,000 employees, will be kayoed. One of the great sources of state revenue—taxes on autos and gasoline, will be out.

These figures are significant. They are going to make big changes in the economic life of this country.

If these sacrifices and drastic changes are not made now, the sacrifices demanded in the future will be even greater. Many of these things are so important that they cannot even wait for government red-tape to be untangled. Jeffers has the right idea when he demands gasoline rationing for the nation at once.

And this is only the beginning of the things which are to come, we are told.

Letters From Servicemen

A letter received recently by Chaplain William Genne from Carl Hagerberg, Kappa Psi ex-'43, follows: Carl, who was drafted last January, has completed basic training at Fort Belvoir, Va., and officers' training at the same post. He is now a second lieutenant in the Engineers' Corps at Camp Claiborne, Louisiana.

Sept. 1, 1942.

Dear Bill:

It won't be long now until Alfred will be opening again for the new term. How I'll miss that; it sure was fun to be there and see the students come in, drink coffee in the Collegiate and discuss the summer with old friends. I hear that football has been dropped for the duration. That sure made me sad, because the football team seems to add more to the fall than anything else. I hope that after the duration I can come back and see new teams in action.

How is the Sunday school coming? Is the class I had still active and if it is give them my greetings. I often think of them. Are you planning any more of those fall hikes? I'll never forget the gang there eating cookies and drinking cider in your back yard.

We're trying to activate a new regiment here, no recruits as yet, just some of the officers and non-coms. However, we expect the soldiers to arrive in a short time, then things will really get under way. We'll have a three months' training period before moving out. Our section of the camp is fairly new. We all live in tents and are visited frequently by cows, horses or pigs. What's more fun than to be awakened by a cow sticking her head inside the tent, then half knocking the tent down as she trips over the ropes. The climate isn't too bad except that it's hot in the daytime and rains every day. We're a long way from town and nothing there, so I amuse myself by going to a camp movie, writing letters or arguing with my tent-mate.

I'll be looking for a letter sometime in the next three months, so please don't disappoint me. I know there are a lot of fellows that would like to hear from you, maybe you could make carbon copies so we'd all get one.

As ever, Carl.

Frosh Diary

I shouldn't be wasting time writing in you, because I have too much homework, but I'll forget all the things that happened to me if I don't.

I went to chapel on Monday to hear Chaplain Genne speak and Dr. Wingate play a hymn on the piano. I had to laugh when I remembered Dr. Wingate playing "Sweet Adeline" and "Roll Out the Barrel" at the Frosh meeting last week.

Tuesday I was walking on the campus when I came to a group of girls barring my way on the sidewalk. They were all upperclassmen, too. I couldn't walk on the grass, so I had to ask them to get out of the way. I hope they didn't think me fresh.

Wednesday I had my first calisthenics drill, and I am still limping around. I had a chance to admire the surrounding scenery, especially Pine Hill. I can't understand why everybody tells me to keep away from there, since I'm not allergic to poison ivy or oak.

Thursday I was wearing my Frosh cap to assembly and, on the way, I could hear Dr. Wingate playing the Star Spangled Banner on the carillon. Should I take off my cap and risk Frosh court, or should I leave it on and risk the firing squad? I took it off. I can't understand why everyone gave me a queer look. If I had gone to Frosh court I would have been a martyr!

Friday I went down to the library. Everybody in there is so nice and quiet. They talk so low that I've started a course in lip-reading. Why don't they bring it up to a whisper? In the evening I was settled down to an evening of homework when the gang came in. I followed the boys down to the pool hall and learned the art of billiards. I had a soda at the Collegiate, although they didn't seem to know how to make my favorite soda, which is double vanilla with tutti-frutti ice cream. The waitress got mad when I asked her why she wasn't on the menu.

By Saturday I finally got my combination lock to work in the post office and had quite a bundle of mail. My parents had written one of the letters a week ago, inviting me to come home this week-end, but of course it's too late now. I guess I'll go down to Hornell. It won't take me long if I hitch. They say the movie houses and the parks are very nice and that the railroad yards are fascinating. I can't understand why everybody tells me to keep away from there, though, even if it is a sooty town. I wear glasses, and they'll keep the cinders out of my eyes.

HECTOR FUDDLE.

Death

"Death stalked the dingy corridors of the ancient structure."

But in this case the structure was not ancient—it was only erected in 1912. There are no dingy corridors—only two large, well-lighted rooms. Consequently the only similarity to the above quotation is the fact that Death did visit the library last Friday morning, claiming one of the oldest patrons of book learning as its own.

The library's mascot was found on its back on the stairs with its mouse paws folded peacefully on its mouse chest, its mouse feet sticking naively above its mouse tail, and its mouse face smiling as though satisfied at having enjoyed a well rounded life in the midst of such an abundance of good reading material.

YOU can die with such a smile of contentment on your face if you take advantage of the wealth of books that the Alfred University Library has to offer you.

Three current war books highly recommended to the student body are "Gas Warfare" by Colonel A. H. Waitt, "Strategic Materials in Hemisphere Defense" by M. S. Hessel, and "Propaganda by Short Wave" edited by H. L. Childs.

You have to watch for these but for recreational reading one or more of the following new fiction selections should interest you: "Drivin' Women" by E. P. Chevalier, "Assignment in Brittany" by Helen MacInnes, "The Uninvited" by Dorothy Macardie, and "The Just and the Unjust" by James Gould Cozzens.

The head librarian, now Mrs. Bradstetter, extends a cordial invitation to you to visit her domain in order to express your sympathies and lose your grief in the world of books.

Survival of the Fittest

With the draft taking most of the eligible men between the ages of 18 and 45, and defense plants attracting the rest with promises of monetary returns, the male situation around Alfred threatens to become serious. In fact, it is pretty quickly being replaced by the "mail situation". But a bird in the hand is still worth more than two in the bush, and the women are really getting worried, although try to get any of them to admit it. Of course they don't care one bit about any old dates, and they don't give two hoots about men in general. Not much.

Miner Releases Social Calendar

A partial social calendar for the first trimester has been released by Reginald Miner, president of the Student Life committee. All additional dates for this trimester must be turned in at Dean Degen's office by Thursday, October 1st, in order that the calendar may be completed. Those who have their lists in first will be given first choice.

The calendar as it now stands follows:

Sept. 25—Klan Alpine House Dance
Lambda Chi Open House
Sept. 26—Delta Sig House Dance
Kappa Psi House Dance
Oct. 2—Kappa Nu Open House
Oct. 3—Blue Key Dance
Oct. 4—Brick Faculty Tea
Oct. 10—Blue Key Dance
Oct. 24—Sigma Chi Fall Informal
Oct. 31—Non Fraternity-Non Sorority All College Dance
Nov. 7—Brick Semi-Formal

Adopted English Child Writes To Chaplain Genne

John Clewly, thirteen-year-old British child who has been adopted by the Union University Church, has been writing regularly to Chaplain William Genne, and these letters will be published in a series in the Fiat.

The first of these, received in April, follows:

20 April 1942

Dear Foster Parent

I hope you had a very happy easter. I went home to London for nearly three weeks. I had a very good time. The weather here is lovely and sunny, and most of the flowers are out. I have still got a weeks holiday, we start next term on the 28 of April. We also start cricket next term, and in June we have sports day. I saw a very good (picturer) picture when I was in London called "Dive Bomber", also I saw "Tarzan's secret treasure" that also was very good. I will close now.

Yours Truly

John.

The adjoining town houses of President Roosevelt and his mother, the late Sara Delano Roosevelt, have been purchased by a committee of citizens for use as a community house by Hunter college students.

IN THE SOCIAL SWIM

By Jeanne Sherman

The social life of Alfred takes a turn to the outdoors as Indian Summer finds upperclassmen lolling on the grass, and "Spring" fever making a late appearance in the classrooms.

American Morale Is High--Student

Polling a representative ten per cent. cross section of the Cornell student body, Prof. Leonard S. Cottrell, Jr., of the department of psychology has ascertained that the undergraduates feel morale of the nation is high.

Only 9 per cent. felt that the nation's morale was low or very low, while 24 per cent. felt that morale among Cornell students was in that category.

About 43 per cent. of the students indicated that they were studying harder as a result of the war, while 35 per cent. indicated they are working at about the same rate; only 5 per cent. believed in "having a good time while you can."

The students expressed the opinion generally that "the war is unfortunate, but being in it, we'll fight to a finish because we have to."

Eighty-three per cent. thought that "victory in this war is worth any personal sacrifice on your part, no matter how great."

Ninety-two per cent. thought that victory in this war is absolutely essential.

An unpublished manuscript of Lord Byron, in which he presents his impressions of Madame de Stael, has been presented to the University of Texas library.

Ten cent defense stamp booklets with one stamp enclosed took the place of programs at the Blue Key dance which was held last Saturday evening from 8 until 12 o'clock. The faculty guests were Prof. and Mrs. R. W. Wingate, Dr. and Mrs. K. O. Myrvaagnes, Mr. and Mrs. Wm. Crandall, Mr. and Mrs. J. R. Spicer, and Dr. and Mrs. Tobias Dunkelberger. Cokes and cookies were served to exhausted dancers. Arthur Powell '43, was in charge.

* * * * *

Sparkling music will be the feature attraction at the informal dance to be held at Kappa Psi this Saturday evening from 8 'til 12 o'clock. Prof. Wendell M. Bauditt and Dr. and Mrs. K. O. Myrvaagnes will be faculty guests.

* * * * *

In a formal initiation ceremony held last Sunday afternoon, Sigma Chi Nu took on as new members Eileen Hannel '44, Joyce Soyars '45, Ann Buschor '45, and a new honorary member, Mrs. Harold Reid.

* * * * *

The Delta Sig House Dance to be held this Saturday, will be one of the week's attractions where lads and lassies will swing and sway to the varied rhythms of the house sound system. The dance will last from 8 until 12 o'clock, and the faculty guests will be Dean and Mrs. M. Ellis Drake, and Prof. and Mrs. J. E. Whitcraft, Chaplain and Mrs. William H. Genne, and Prof. and Mrs. Charles D. Buchanan.

* * * * *

Revelry will be the keynote at Lambda Chi's open house this Friday evening. Dancing will continue from 8 until 11 o'clock.

* * * * *

Miss Grace Bell was a dinner guest at Pi Alpha last Wednesday evening.

* * * * *

Colorful dance music of the house sound system will provide entertainment for Klan's fall informal, to be held this Friday evening from 8 until 12 o'clock.

* * * * *

Mr. Robert Gragman of New York City was a week-end guest at Kappa Nu.

* * * * *

Charles Rosenberg '41, of Kappa Nu, and Florence Rich of New York City announced their engagement this summer.

* * * * *

Beulah Erdel '42, and Joseph Kruson of Frostburg, Md., were married on August 25 in Florida.

* * * * *

Eloise Bassett '42, of Pi Alpha Pi, and Pvt. James Scholes of Ft. Belvoir, have announced their engagement.

* * * * *

Announcement has been made of the engagement of Hettie Jean Garsh of Rochester and Arthur H. Crapsey '42, of Kappa Psi Upsilon.

* * * * *

Paul Bruce Pettit '42, was a guest at Lambda Chi Sunday.

* * * * *

Harlan Reiter '32, and Ross Dawson '37, William Watkins and Robert Ruger, both of University of Michigan, were week-end guests at Kappa Psi.

Notice to Servicemen

Men in the armed services who are now receiving the Fiat Lux and wish to continue to do so should send a letter to this paper indicating that they wish to continue receiving it.

The subscription form in this issue may be filled out to give correct addresses. The Fiat will be mailed to men in the service free if they ask for it. Anyone who knows an Alfred man in the service should advise them of this offer.

The papers will be sent only to those who request it in the future because many papers are now being returned by postoffice as undelivered. A new mailing list must be compiled and this can be done if interested men send in their addresses. Service men who do receive the Fiat will please keep this paper advised of their correct addresses.

Merle Evans, for 24 years circus band director for Ringling Brothers and Barnum and Bailey, has been chosen leader of the Hardin Simmons University cowboy band.

last survivor has bit the dust. The next Fiat bears the announcement that it is now the student publication of the Alfred Seminary for Winsome Women, (soldiers, sailors and Marines may be accepted as special students for periods of from five to ten days, unless longer furloughs are in order by then.)

Cross Country Harriers Still Shaping Up

Cross country settled down to serious training this week with a slow rounding into shape of the small but determined group of would-be harriers. A week of really warm weather has helped no end in the loosening up of aching muscles.

Coach McLane refrained from making any predictions regarding the coming season, but lest there seem too much cause for gloom, it may be pointed out that other schools, too are suffering from a dearth of athletic material this year.

Roger Marks, newly elected captain of the team, Hal Breckon, Larry March, and Ed Mooney, among others, may be counted upon to give a good account of themselves in the opening meet against Buffalo State October 10th. With the help of a few likely-looking prospects from the Frosh, who this year are eligible for varsity competition, State may yet be given a rather unpleasant surprise.

Twelve upperclassmen and ten Greenies make the squad.

Upperclassmen: Breckon '44, Cooper '45, Heebner '44, Ludwig '44, March '45, Mooney '43, Reisman '43, Frost '45, Wilson '45, Kent '44, Berger '44.

Frosh: Breitenman, Dole, Eisenberg, Fos, Kessler, Kleinman, Rodies, Pangborn, Traskas, Price.

On the Ball

By Muriel Strong

With a women's tennis tournament in the near offing, it would seem feasible to give you women a little idea on how we run off tennis matches here, and to perhaps make a plea for participants in this coming tournament.

Tennis Set-up

First of all, tiny "Bobby" Large '44 is the tennis manager. With the help of Miss Creighton, "Bobbie" decides first of all when the tournaments are to be held—there is usually a fall and a spring one. Next she posts several signs requesting that all persons interested in getting some W.A.A. credit, having some good tennis competition, and competing in a tournament, "please sign below."

The job of making the "ladder" comes next, and for this fall tournament this will really be a job, for not only may the ability of the upperclassmen have changed over the summer, but also the kind of tennis which the different freshmen may play is a complete mystery to "Bobbie".

Arranging Matches

After the ladder is made comes the difficult task of getting the potential participants to play off their matches, for much as many young co-eds insist that they "just love to play tennis," they always seem to be lacking in either the time or the energy (or perhaps the courage) to play off their tournament matches. When this is done, and the winner is resting proudly on her laurels, "Bobbie" may also do likewise, but in the meantime she's expecting a lot of work to do.

Hockey Organized

The prospects for a good hockey team this season seem promising. The Frosh girls are being "broken in" thoroughly in gym classes twice a week, and the upperclassmen too are getting back into form. The convenience of the new field next to South Hall will probably encourage more participants.

Class Games Planned

Plans are being made to continue the class team games. Saturday morning from 10 to 12 has been set aside for try-outs, and the Frosh should have a big turn-out to show the upperclassmen how it should be done. (This, of course, is the opinion of the Freshmen only. The majority of upperclassmen hockey veterans are back and raring to go.)

No Play Day

Last year an All-Alfred team was chosen and sent to Cornell University for a play day. Although it was a wonderful experience for all those who participated, it won't be possible to do it again this year because of gas rationing, tires, etc.

However, the bruised shins, sore muscles, tired backs, and the feeling of rivalry between classes should be enough to encourage any hardy soul to be in there pitching next Saturday morning.

Fencing Open To University Women
Fencing will be taught to the University women by Professor Harold G. Schurecht every Tuesday evening at eight and nine o'clock in Room 6 of South Hall.

Women to Get W. A. A. Credit for Sports

Women desiring W. A. A. credit for participation in sports outside of gym classes may get it by previously making arrangements with Miss Creighton.

Marks Elected To Head Cross Country Team

Roger Marks '43, was elected captain of the cross country team Tuesday night, a fitting tribute to one of Alfred's leading runners. Marks, from Hornell, is a pre-med student, president of Blue Key, and active socially in many other ways. He has compiled an enviable track, as well as cross country, record at Alfred. Undoubtedly, barring injury, he will add to both before hanging up his spikes.

In his cross country career, Roger has been dogged by injuries. These have retarded him each fall thus far, although he has done very well nevertheless, winning his numerals as a Frosh in '39.

Turning to track, Marks won his numerals as a Frosh in '40, and a varsity letter in '41 and '42. His specialty in track is the 440, with a few attempts at the 880.

Marks record is as follows:

440—1st place, Ithaca '41; Ithaca '42; Interclass '41. 2nd place, Rochester (triang. meet) '41; Interclass '42; Cortland '42. 3rd place (tie), Rochester '42. 5th place, Mid-Atlantic '41.

880—2nd place, Interclass '42. 4 times winning leg in varsity relay.

Faculty Launches First of Firesides

The Faculty Firesides were launched Sunday evening, September 20, by the campus relations commission of the A. C. F., under the chairmanship of Margaret Lord, '45. The hosts at that time were Dean and Mrs. M. Ellis Drake and Dr. and Mrs. Willard Sutton.

Twelve students are included in each of these firesides, to which members of every class are invited. Over thirty students signed up for the firesides last week, and if this interest continues, additional groups will be arranged.

German Club To Hold First Meeting Tonight

An organization meeting of the German Club will be held tonight at 8:00 in The Brick lounge.

President Robert Young will preside over the meeting and plans for a future picnic or hike will be discussed. Plans for continuing their record collection will also be made.

The reasons for continuing the German Club despite the present international situation will be explained by the Vice President, Ruth Rogers.

All Freshmen interested in German are urged to attend the meeting.

Radio Trainees Complete Courses In Alfred A.T.I.

Mr. G. E. Craig of the Radio Department of the Ag-Tech Institute at Alfred University is directing a new war industries program for various cities of southwestern New York.

Commencement exercises are being held this week for about one hundred radio trainees under the engineering, science and managing divisions of the program. This program is being carried on in Olean, Jamestown, Salamanca, Wellsville, Bath and Corning.

New courses in the same field will be opened in these cities and in three new localities—Hornell, Dansville, and Penn Yan by the first week of October.

These new courses will all be operated in cooperation with the Signal Corps of the United States Army. About 450 men will be training in this program by October 10. These men will complete their training by June 1, 1943 and then will be assigned to active duty.

Interfraternity Council Elects New Officers

Robert Golden '43 was elected vice president of the Interfraternity Council at a meeting of that group last Tuesday night. Robert Burgess '43 of Kappa Psi Upsilon was elected treasurer, and Ted DiLaura '43 of Klan Alpine was elected secretary. These new officers replace those elected last spring who did not return to school this fall.

The council also discussed plans for the annual Interfraternity ball. No definite arrangements were made but the date may be set for the last week end before Thanksgiving vacation.

William Woods Receives Injuries In Line Of Duty, Expects To Visit Alfred

William Woods ex-'43, is in the Walter Reed General Hospital, Ward B-10, Washington, D. C., recovering from injuries suffered in line of duty, according to a letter received by Chaplain William Genné recently. He was formerly stationed at Camp Croft, S. C., and Mitchell Field, L. I.

Woods, who was active in student affairs at Alfred, especially the A.C.F. and the Footlight Club, hopes to visit Alfred if he receives a furlough after leaving the hospital. He is a member of Lambda Chi Alpha.

Elmer Davis, head of the office of war information, was graduated from Franklin college in 1910.

Esquire Gives Score Sheet For Fiancee

She may be a honey at a prom or the races, God's gift to a stymied senior, a week-end wonder. But how will she rate when the chips are down and you can't go back to the boys and books? Every college man should ask himself this question; it's important as the quantum theory, vital as Mendel's law. For him Ed. S. Woodhead has prepared a matrimonial scoring table and all you need to do is answer the questions and draw your own conclusions.

Naturally it's best not to have the little woman back seat drive while you're checking off her plusses and minuses on this Esquire chart. If certain parts of her personality are address unknown to you, score 'em zero till time writes the figures. Above all, be personal. This table is adjusted for you and you alone, so don't let the boys in the back room befuddle you. After the bells, you'll be paying the bills, so the goods had better be worth 'em.

"Esquire" rates companionship 105 points out of a possible 500. But if you go for other values, re-adjust the scale accordingly—knock it down. Under the companionship heading come the qualities of consideration, fun, loyalty, tolerance, good cheer, etc. Here especially you want to play down the Casanova in you. Be clinical. Don't give the gal top rating for consideration if she only turns it on for you. If she beats her little brother or nags the dog, drop her—but quick.

Then, of course, there's intelligence, which the author rates 90; but if you believe in bird brains, skip this. Sub-heads allocate 10 points for such virtues as talent, bookiness, and critical aptitude. You can adjust these according to your own grades in college. Or perhaps throw the points to the disposition category which includes such points as: can she bake a cherry pie, and has she discovered what a really great man you are. Breeding, beauty and health total 135, though again you may go all out for the Babe Didrickson type or prestige a la Vanderbilt. Be your own adding machine.

According to "Esquire" the gentle art of Juking comes in for its share of consideration. And if you're unwilling to scuttle your scotch, file the office stories or stay on the home beat, consider this carefully. It includes such amusements as dancing, sex, manners, drink, and a flare for the risqué. All of which just about sums up your brief on the lassie except for the final categories of amusement and conversation which total to a flat fifty.

But even if she's scored a royal 500, don't call the jeweler yet. Now come the deductions. Is she nagging, ailing, selfish, bossy, lazy, vain, untidy, catty? Does she smoke and does she chew? Plus, of course, your own pet aversions like breeding orchids or keeping a spittoon in the parlor. These all have their individual pointage and you can't be really sure until they've been subtracted. Now that you do know: forget gals under 350, linger longer from 350 to 400, anything over 400 rates a trip to the church and if she's over 475 RUSH her there by wire, plane or long distance phone. But naturally, if she tops 495, forget her; she's either married, Myrna Loy, or a pipe dream. Your luck doesn't run to that. You may shoot yourself if you wish.

Co-eds Hold Annual Big, Little Sister Breakfast Saturday

Spirits ran high at the annual big, little sister breakfast which took place last Saturday in Lover's Lane.

The hike and breakfast, which were sponsored by the A.C.F. and the W.A.G.B., began at The Brick where the Freshmen girls assembled to meet their big sisters.

After arriving at the picnic area, the girls found several upperclassmen preparing a breakfast of grapefruit juice, toast, fried apples, bacon and cocoa.

When everybody's appetites were completely satisfied, songs were begun by different members of the group. The old tunes were very much in favor with most of the girls as were the very popular college songs.

The committee which drew up the plans for the hike was made up of Mary Lou Jeffery '44, chairman of the Women's Activities Committee of the A.C.F.; Muriel Strong '43, president of the W.A.G.B.; Mary Johnston '43, president of the A.C.F., and Miss Lavinia Creighton of the physical education department.

Those assisting the committee were Margaret Lord '44, Rhoda Large '44, Helen Sims '45, Jeanne Heckman '45, Doris Thompson '43, Isabel Riggs '43, Mary McCarthy '43, Dorothy Robbins '45, Helen Dreher '45, Gena Jagger '43, Doris Cunningham '45 and Ann Mitchell '45.

Ag-Tech Trains Men For War Industries

W. C. Hinkle of the Rural Engineering department of the Ag-Tech Institute of Alfred is supervising an extended training program for war industries.

Included in the program is foremanship training which is being offered at various industrial plants. This training has been expanded during the last week by the addition of three new foremanship courses. These courses are being held at the Porcelain Insulator Co. in Lima, the Acme Electric Co. in Cuba, and the Victor Insulation Co. in Victor.

These courses are intended to train the employees of industrial plants to be future foremen. About 150 men are enrolled in the program.

Arc welding is also being carried on extensively at Alfred since Alfred is the only state-approved arc-welding center in southwestern New York.

Regular Summer Session Held Here June 15 to Aug. 14

The regular sessions of Summer School were held at Alfred University this past summer for a period extending from June 15 to August 14. The session was divided into two periods, the first from June 15 to July 3 and the second from July 6 to August 14.

The total registration of 122 represented a decline of 23, as compared to the 1941 session. This decrease was due principally to War Service demand and industrial opportunities. The emphasis this past summer was largely on science and mathematics. Registration in the School of Pottery and the Graduate Courses in Education were considerably lower but not as low as had been anticipated. Reasons for attendance in summer school were for accelerating schedules, removing deficiencies and special work.

Since the summer session is supported entirely from the income derived from student tuition fees, it was necessary to effect a reduction in the teaching staff through the elimination of certain courses and consolidations in some departments. Through these and other economies it was possible to end the session with a small profit. Attendance was as follows:

	Men	Women	Total
Graduate Students	9	11	20
Undergraduates	45	16	61
Specials	9	28	37
Freshmen	2	2	4
Totals	65	57	122

FOR VICTORY

BUY UNITED STATES WAR BONDS AND STAMPS

INVEST IN VICTORY!

Our boys can take the War to the enemy, if we back them up with ships and tanks and guns! But that takes money! Help your Government to put the tools of war into the hands of our soldiers by purchasing War Savings Bonds and Stamps. And remember . . . just one Bond can't lick the Axis any more than just one gun! It takes millions of Americans buying War Savings Bonds and Stamps every pay day!

Bonds cost \$18.75 and up . . . and they pay you back one-third more in only 10 years! Stamps cost 10¢, 25¢, and up . . . soon total the price of a Bond if bought regularly.

Help our boys on the fighting fronts wherever they may be! Buy War Savings Bonds as an investment for yourself and your country.

... For Servicemen and Fiat Fans Everywhere ...

SUBSCRIPTION BLANK

I am enclosing a (check - money order) for \$2.50 in subscribing to the Fiat for the year '42-'43.

name

street address

town, state, county

Important Notice to Servicemen—The Fiat will be mailed to Alfred Alumni and students in the service FREE OF CHARGE, but even if you are now receiving the paper the above blank with your name and service address must be mailed to us as indication of your desire. Please notify us of changes of address as soon as possible.

Mr. Justice of Peace

Must Change His Actions

Mr. Justice of Peace, the man who runs his court from his living room, must change his ways, says the Committee on Minor Judiciary in a report to the Pennsylvania Bar association.

Who is Mr. Justice of Peace? The committee says that this public officer has served one six-year term on the average, had grammar school education, is 50 years old, is either a farmer or skilled or unskilled laborer, and tries only 19.4 cases per year.

Your local squire has about 5,471 fellow officers in the state and deals with more than 300 kinds of offenses. He collects fines, divided between county and state, most frequently for assault and battery, disorderly conduct, desertion and non-support, trespassing, and motor vehicle code violations.

Most of the criticism leveled against him is that 95 per cent of his cases are in favor of the plaintiff. Other charges include no qualifications required except legal residence and age, lack of court supervision, and absence of docket book furnished for records of cases.

However, Mr. Justice of Peace is not as much at fault as the system, the committee reports. This home-town judge offers the best example of democracy by the people, and gives a speedy trial with low operating cost.

How can Mr. Justice of Peace be improved? The committee suggests that he be more capable and competent, the fee system be abolished, a new plan be established for a unified, centralized system of courts, that the cost of bringing action be low, and procedure be simple and informal for those who cannot afford legal counsel.

Former Small Russian

Colliery Now 'Magnificent'

Not far northwest of Rostov is the town, Nikitovka, which, according to a National Geographic society bulletin, "rocketed from a small colliery community to industrial magnificence" during the operation of the first and second Soviet Five-Year plans. It is part of the densely populated Stalino administrative region on the eastern edge of the Ukraine.

Nikitovka became the Ukraine spigot for Caucasus oil. Pipe lines totaling 850 miles stretch from Grozny and Maikop, second and third largest oil-producing fields of the Caucasus, to Rostov. They continue northwestward into the teeming industrial region of the Donets coal basin, terminating at refining centers in and near Nikitovka.

Three miles west of Nikitovka quicksilver deposits have provided enormous quantities of this metal—more than enough for the many demands of Soviet war industries. Collieries near the city are known to have employed 1,300 people and are typical of many towns in this Pennsylvania of Sovietland, extending 130 miles eastward from Nikitovka, to and across the Don river.

India Striving for Unity

Invasion-threatened India, striving for unity against great odds, faces problems never encountered by American Revolutionists in their struggle for independence and union, says a bulletin from the National Geographic society.

An idea of the magnitude of India's problem may be gained by imagining the difficulties the 13 American colonies would have faced in seeking independence if: (1) they had had a polygot population of 39,000,000 like India's, compressed into an area little larger than half the present United States; (2) instead of a common tongue, Americans had spoke 220 languages, and scarcely 10 per cent could read; (3) instead of a mild rivalry among Christians, there had been two dominant, dissimilar religions embittered by almost 1,000 years of struggle; and (4) in place of the colonies, there had been 11 provinces and 526 states governed by native princes.

W. S. G. Makes New Ruling

All girls who have late show permission or expect to be in the movies after ten o'clock are requested by the W. S. G. to sign the book at the ticket desk. This new ruling does not eliminate the necessity of getting a blue time slip to be turned in at the place of residence.

Teachers Do Not Follow Nazi Ideals

Washington (ACP) — School teachers in Nazi-occupied Europe are showing marked inability to learn and teach the "philosophy" of Hitler's New Order. This fact is made evident by articles which recently appeared in the daily press of these countries and which have just reached Washington from private sources.

On the basis of these reports teachers appear to be the most widely persecuted professional group in the occupied countries. At the same time the teachers seem to be the most persistent in their refusal to cooperate with occupation authorities and their own Quislings.

Official decrees and news stories appearing in local newspapers from Greece to Norway, and from eastern Poland to France reflect the teachers' determined resistance to Nazi educational principles and school politics.

Mass arrests of college professors have been made, and some of Europe's leading universities have been closed in an effort to stamp out this intellectual opposition to Nazism.

After continual strife between faculty leaders of the University of Brussels and Nazi occupation authorities in Belgium, the university is reported to have been closed. The Brussels newspaper Le Soir said that "incidents" at the university could have been avoided if its officials had "better understood the intention of the military administration."

Before the closing of the University of Brussels, stories in Belgian papers disclosed that 20 university departments were without faculty heads as a result of "retirements, deaths or other reasons." A Swedish correspondent in Brussels reported the university had been closed because its board had turned down a Nazi ultimatum to transfer authority to a committee from which its own president had been excluded. Ten faculty members arrested at the time of the closing were the latest of a number of Brussels professors to be purged.

Several Norwegian newspapers recently carried accounts of the imprisonment of Rector Seip and several well-known professors of the University of Oslo. They were held under a new decree calling for the arrest, without trial, of Norwegians jeopardizing their country's "peaceful development."

In Yugoslavia, 25 faculty members described as "freemasonry and left elements" were recently dismissed from the University of Belgrade.

The press of the occupied countries also reported recently the purge of many professors in France and Luxembourg. These include Professor Langevin and other world-famous members of the Paris Academy of Sciences.

5 New Residents At Green Gables

Green Gables, the girls' co-operative house, has five new residents this year. Three were recruited from last year's Ceramic School freshmen class, and two are junior transfer students from the Alfred Extension school in Jamestown.

The new members of the co-op are Isobel Dobson '45, Virginia Harley '45 and Beatrice Jackson '45 of the Ceramic Arts College, and Elaine Beckstrand '44 and Nellie Haehn '44 of the Liberal Arts College.

These new members replace five girls who did not return this year, Ruth Dorsey '42, Alice Lundy '42, Frances Polan '42, Dorothy Schilz '42, and Lura Polan '44.

The University of Missouri was located in Boone county because that county offered the largest cash inducement in 1839.

College Men Return From U. of Mexico

Mexico City, Mexico (ACP) — Six American college men have returned home after completing courses at the University of Mexico summer school, where they were guest scholars at the expense of the university and the co-ordinator of inter-American affairs in Washington.

The six won a nation-wide speaking contest last spring which was sponsored by the co-ordinator's office. More than 25,000 students in 352 colleges and universities competed.

At the end of the summer term they were congratulated by the head of the school, Sr. Don Pablo Martinez del Rio, who said, in part, "We feel that the contest which you won, particularly the knowledge of Central and South America which you have acquired, will tend to cement the relations of the countries of this hemisphere."

Blue Key

(Continued from page one)

gram of nothing but dances would get monotonous and it was hoped that this new committee which was to represent all the social groups on campus would get some real ideas.

In all probability these new ideas will be put in the hands of Blue Key who will turn them over to the Student Life committee to execute.

The next meeting of this committee is set for Tuesday evening at 8:30 in Social Hall. All groups are asked to have their delegates there.

Blue Key Elects New Vice-President

Clifford Clay '43, of Delta Sigma Phi was elected vice-president of the Blue Key at a meeting held Sunday in Social Hall. He was elected to replace Win Repert of Klan Alpine who did not return to school.

LIBERTY LIMERICKS

Said an office boy, Danny McMaster,

"We'd oughta buy War Bonds much faster—

Shoot one buck in ten At Adolph, and then

He'll wish he'd 'a stuck to his plaster!"

Be on the job for Uncle Sam every pay day. Bonds or Stamps—it doesn't matter so long as you invest to your limit—regularly!
