We, the Upperclassmen, dedicate this handbook to you, the Frosh. We hereby welcome you to Alfred and hope that soon you will feel as much a part of it as we do. At first, the new "college" way of life will seem strange to many of you. Therefore, in this little book, we have presented what might be considered the introduction to Alfred life. After a short time, with increased participation in the various campus activities, the strangeness will pass and you will become one of us.

Throughout this book, there are many things you will need to know in becoming a part of Alfred. There are rules and regulations with which you should become familiar as well as much other information to help in your new campus relationships.

You will have cause to refer to this handbook often but if you feel that there are still things you do not understand do not hesitate to ask about them.

College, as you know, is the place to gain knowledge, and it is the purpose of the university to see that you do so. However, we also consider college as a place which will round out your personality, where you will become a more integrated, thinking individual.

Alfred is here to help you become this sort of person, but you must realize that the final responsibility rests with you. This is your challenge, Freshman Class. Go to it, and make us proud of you.

# WELCOME

## PRESIDENT'S WELCOME

To the Class of 1955:

It is always a great pleasure for me to welcome new students as they enroll in Alfred University, and I am delighted to extend personal and official greetings to those of you who are the members of the Class of 1955. You have been selected for admission not only because of a good scholastic record in high school and preparatory school but also because we believe that you possess those qualities of character which will enable you to become good campus citizens and loyal Alfredians.

College years are vitally important years in the life experience of each student. They are years of growth and of constantly widening horizons. You will discover that your Alfred years will be filled with opportunities for cultural and professional development.

Alfred's main objective is that of promoting the fullest possible development of its students as individuals and of preparing them to become intelligent, well-adjusted and responsible members of our present day democratic society. The work in classrooms and laboratories, participation in extra curricular activities and informal contacts between faculty members and fellow students are all important elements in the accomplishment of our objective.

Alfred has much to offer you, but what you get out of college will be largely up to you. The opportunities are here, but yours will be the responsibility of deciding what you will do with them.

You will discover that your Alfred professors will take a personal interest in your progress and that

they will be ready to do everything possible in helping you to get the most out of your college course.

I know that you are coming to Alfred with high hopes. You may be sure that we will do everything within our power to assist you in the realization of these hopes.

M. ELLIS DRAKE  
President

## TRADITIONS

## HOMECOMING

Homecoming is usually the first big social event of the year. This is the time when all the grads return for a "big weekend", which includes an alumni banquet, a football game, fraternity and sorority open houses, and maybe a dance. The campus is flooded with strange beaming faces, and everywhere you look people are shaking hands and reminiscing. Their excitement is contagious, and soon the whole campus is buzzing!

## FALL FESTIVAL

(Nov. 15-16)

One of the main events on the Alfred Campus is the Ag-Tech Fall Festival, sponsored by the Student Council. The object of the Festival is an interpretation of the school to parents, educators, prospective employers, and future students.

Events for the festival include a special assembly program, an open house of the various girls' houses and fraternities, a tea dance, luncheons and exhibits of work done in various departments. The program is culminated with the Harvest Ball.

Each student enrolled in Ag-Tech is expected to take an active part in the week end festivities.

## MOVING-UP DAY

(May 8)

Moving-Up Day comes just about three weeks before finals. It marks the moving-up of one class to

the next, and the entire campus honors the out-going senior class.

In the University, a special assembly is held. The seniors appear in cap and gown, honorary fraternities tap new members, and the new class officers are introduced. A trophy is also awarded to the residence unit winning a step-sing contest, which is held on the steps of Kenyon Hall before the assembly. The day's events also include a pushball contest between Frosh and Soph men, a softball game between Frosh and Soph women, and a dance on the tennis courts.

The program differs for Ag-Tech students. After the step-singing contest, a special assembly is held at the Ag-Tech Gym. Outstanding students are recognized and appropriate awards are given. Following the assembly, a buffet luncheon is served. The afternoon features informal games and contests for men and women students, with cash awards given to winners.

## ST. PAT'S FESTIVAL

(Mar. 20 - 21)

Every year for 18 years the campus has celebrated the birthday of St. Pat, the patron saint of engineers, with the fabulous St. Pat's Festival. The celebration begins with a parade of floats entered by various campus organizations and includes a tea dance, a Ceramic College open house, ceramic exhibits, and a play presented by the Footlight Club. A ceramic senior is chosen by the St. Pat's Board, which sponsors the festivities, to represent St. Pat himself. The high point of the weekend is the crowning of the St. Pat's Queen at the all-campus Ball, which always features a leading name band.

## WINTER CARNIVAL

The Winter Carnival, sponsored by the Alfred Outing Club, is usually held in February. With the cooperation of the weather man, skiing and skating contests, snow sculpture, a barbecue, and a Sno-Ball are planned. A queen is chosen each year, and she presents trophies to the various contest winners.

## OTHER DANCES

The Interfraternity and Intersorority Councils sponsor formal dances during the year. Interfrat is held just before Christmas, and the Intersorority Ball comes after rushing in the spring.

The various social groups on the campus plan closed and all-campus parties throughout the year. One organization in particular which sponsors social activities for the whole campus is the Union Board.

## THE BELLS

Whenever an Alfredian thinks of his campus, one of his first recollections is usually the bells. The Carillon, the only old world one in this country, was brought to Alfred from Belgium in June, 1937, and at the present time the collection includes thirty-five bells. It is hoped that the derrick-like structure which now houses the bells will soon be replaced by a stone tower. Carillonneur Dr. Ray W. Wingate gives Friday and Sunday afternoon concerts.

## THE "HELLO" COMMUNITY

Alfred prides itself on its friendly spirit. It has long been a custom to say "hello" to everyone, stu-

dents or townspeople, whether or not you actually know them. This tradition does a great deal towards increasing friendliness among students and between students, townspeople, and faculty members.

One situation which often confuses newcomers to Alfred is the fact that all stores, the Post Office, and the Bank are closed on Saturdays and open on Sundays. In no time at all, however, you will become accustomed to this.

## FORUM

Alfred University, realizing the value to be derived from a well-balanced series of cultural and entertaining programs, presents each year several Forum attractions.

All regularly matriculated students may attend these splendid programs without cost. The Forum committee is under the chairmanship of Prof. C. Duryea Smith III, head of the department of speech and dramatic production.

## SONGS and YELLS

## COLLEGE SONGS

### ALMA MATER

Nestled away 'mid the Empire State hills,  
    'Neath the watch-care of sentinel pines,  
Where the murmuring song of the brook hums along.  
    And a favoring sun ever shines;  
In a valley so fair where the forest trees share  
    Dominion o'er hillside and glen,  
Stands the pioneer college of Western New York—  
    Alfred, the mother of men.

— Chorus —

Hail to thee Alfred, thou guide of our youth,  
    Sweet, benign mother, all hail!  
Sing out thy anthems of duty and truth;  
    May thy clear ringing music ne'er fail.

She was founded in toil, cemented with blood,  
    And nurtured thro' yearnings and tears,  
Her treasure the hearts of brave heroes who stood  
    Undaunted throughout trying years:  
Each stone was a prayer and her battlements there  
    Have mem'ries of purposes strong,  
Staunch daughters and sons are her monuments fair,  
    And they lift up the grateful song.

— Chorus —

### SONG OF THE BELL

By the roaring, roaring banks  
Of the old Kanakadea,  
    Oft I've lingered in the springtime long ago;  
While the waters rushed along,  
And the hills took up the song;  
    And a gentle voice was calling sweet and low.

— Chorus —

O, I hear the echoes ringing from the belfry on the  
    hill,  
And the song inspires my heart to do and dare;  
Calling me to love and duty, calling me to faith  
    and prayer,  
For the bell is ringing, ringing, ringing still.

### ON SAXON WARRIORS

On Saxon warriors,  
    The Purple and the Gold defend;  
On Saxon warriors,  
    Ever on like men.  
Crash thru the opponent's line  
    And victory will come our way  
Fight, fight for Alfred.  
    And she will win the day.

## OH, HERE WE ARE

Oh, here we are! Oh, here we are!  
You see us marching down the street,  
You hear our cry: "To do or die,  
We have the team that can't be beat.  
We have!" (shouted)  
So give a cheer, a lusty cheer,  
And let the echoes carry true,  
With a tramp, tramp, tramp,  
And a stamp, stamp, stamp,  
For the team of old A. U.

## RAY RAY SONG

Way up in Allegany  
'Neath the shade of sheltering pines,  
There stands a little college  
That's for training noble minds,  
And when they get together  
On the gridiron, field or track,  
You hear the students give their yell  
And bring the victory back.

— Chorus —

Oh! Ray! Ray! Ray! Ray! Ray! Ray!  
Hear the students yell,  
Ray! Ray! Ray! Ray! Ray!  
Notes of victory tell.  
Oh! Ray! Ray! Ray! Ray! Ray!  
Better move along  
When you hear the students  
Sing their Ray! Ray! song.

### RELIGIOUS LIFE

All student religious activity at Alfred is voluntary. This does not mean that the University Administration is indifferent toward religion. The University employs a full-time Chaplain and Director of

Religious Activities, and Alfred's united religious program in which all denominations cooperate has been so successful that other colleges have studied or copied the Alfred plan.

## SOCIAL CODE OF ALFRED UNIVERSITY

It is expected that men and women of Alfred University will conduct themselves at all times in a manner that will not bring discredit upon themselves

or the University and of the best traditions of moral and social behavior.

### A. Conduct

1. The University interprets its policy specifically to prohibit (a) the serving or use of any intoxicating beverage in any University operated building. (b) the misuse of any intoxicating beverage and (c) any conduct in violation of the law.
2. The penalty for individual violation of any of the above may be indefinite suspension from the University.
3. Responsibility for the conduct of any social affair is assumed by the organization sponsoring it. The penalty for failure in the responsibility may be indefinite suspension of the social privileges of the organization.

## UNIVERSITY ABSENCE REGULATIONS

1. Regular class attendance is expected of every student. Instructors will promptly report to the Dean of Men or the Dean of Women, students who are absent three or more times consecutively.

2. Students are, in general, allowed to exercise a personal discretion in regulating their attendance at classes. This discretion involves a consideration on the part of the student of the effect of his absence from the classroom not only upon his own work but also upon the group as a whole. Furthermore, whenever a student cuts a class he should realize that the instructor shall not be expected to aid the student in making up the work he has thus missed.

3. Absence from University exercises two days before or after a vacation is regarded as interfering with the collective interests of the University. Un-

excused absences will cause either an hour's reduction in credit or a lowering of a grade by one letter, the exact penalty to be applied at the discretion of the Absence Committee. Excuses before or after the vacations may be granted only by the personnel deans, only for urgent reasons.

4. All unexcused absences beyond the three permitted each semester in Physical Education should be made up by arrangement with the instructors. The Department of Physical Education has special regulations governing required attendance and excuses for men and women.

5. There will be no unexcused absences from assembly. All requests for excuses must be submitted to the Personnel Deans.

#### AG-TECH ATTENDANCE REGULATIONS

All students shall be expected to be in attendance at all classes at all times. No faculty member has the authority to excuse absences for any reason.

No honor points are to be deducted for cuts before or after holidays. Attendance is compulsory at assemblies and is a prerequisite for graduation. One unexcused absence will be allowed. While honor points will not be deducted for assembly absences, a student will not be eligible for a diploma who has not completed two full years of assembly attendance.

If the instructor is not in attendance within 15 minutes after a class period begins, the student is free to leave.

of any student will subject him to the following overdue charges: 10 cents for the first hour (or fraction thereof) and 5 cents for each additional hour, including hours the library is closed.

### CERAMIC COLLEGE LIBRARY

The Library of the New York State College of Ceramics, located on State Street on the second floor of Merrill Hall, is a reference library. No books may be withdrawn on loan. ### INFIRMARY

The Clawson Infirmary, located on State Street south of the Brick, provides facilities for the treatment of student illness. The staff consists of the two University physicians, who are assisted by registered nurses. It is equipped for minor X-ray examinations, infra-red and short wave therapy and ordinary clinical laboratory examinations. The regulations of the infirmary are:

1. It is the responsibility of the student to report immediately, night or day, to the Infirmary in the event of illness.

2. Except for emergencies, Infirmary hours are 10:00 a.m. to 12:00 noon, 3 p.m. to 4:00 p.m., and 7:00 p.m. to 8:00 p.m., Monday through Friday. The

doctor will be at the Infirmary from 3:30 p.m. to 5:30 p.m. Monday through Friday.

3. Student fees provide for a maximum of 14 days of Infirmary care per year. Beyond this number of days, a charge of \$4 a day is made.

4. The Infirmary is prepared to provide the following services:

- a. Ordinary nursing care.
- b. Certain common drugs and medicines.
- c. Treatment for minor ailments and injuries.
- d. Ordinary clinical laboratory examinations.

- g. Treatment of chronic illnesses within the limits of facilities. The University, however, can assume no responsibility for illnesses which existed prior to admission.

5. Any medical, hospital, or medical service which the Infirmary is not equipped to provide must be paid for by the student. When a student is transported to a hospital, he becomes a private patient with a freedom of choice concerning a physician and must assume liability for all debts. House calls are chargeable to the student.

6. If a student wishes to be treated by physician of his own choice, he must

- a. assume responsibility for payment of all medical bills.
- b. inform the physician that he is an Alfred student.
- c. inform the Infirmary of his action.
- d. request the attending physician to notify the infirmary.

7. Absence from class because of illness may be excused by the doctor directly or by the doctor through the agency of a housemother or other authorized person.

8. All permanent and temporary excuses from Physical Education will be issued at the Infirmary and must be filed at the Registrar's office.

9. Students' visiting hours at the Infirmary are from 3 to 4 p.m. and 7 to 8 p.m.

10. After being admitted to the Infirmary, students are not allowed visitors for the first 24 hours without special permission.

No student suffering from an infectious ailment will be allowed visitors until he is past the stage of transmission.

11. In the event of an emergency, the Infirmary must be notified and instructions obtained.

## FINANCIAL ASSISTANCE AND SCHOLARSHIPS

University students desiring financial assistance or scholarships should see Mr. William J. O'Connor, Chairman of the Committee on Student Financial Assistance.

## PART-TIME EMPLOYMENT

Part-time employment is available to students in both the University and the Ag-Tech Institute.

University students interested in work should contact either Dean of Men Fred H. Gertz or Dean of Women Cecile A. Beeman. Ag-Tech students should see either Dean of Men T. A. Parish or Mr. VanHall, Director of Student Personnel.

## COUNSELING

Every student has a faculty advisor from whom he receives his mid-semester's grades and with whom he meets during the school year in conference. Academic, social, financial, and other personal problems are discussed individually and solutions are sought if necessary with the help of interested faculty members. In addition, the personnel deans, the academic deans, and the chaplain are available as skilled counselors.

## TO AG-TECH FRESHMEN STUDENTS

### THINGS TO REMEMBER

#### STUDENT COUNSELING

Each freshman student is assigned to a faculty counselor, with whom he meets at various intervals during his first term. Academic, social, financial and other personal problems are discussed in individual conferences and satisfactory solutions to the student's problems are sought with the help of the faculty member. Students should pick up their quarterly grades from the faculty counselor.

#### FIELD TRIPS

Because the work at the Institute is closely related to the work of industry, it is the policy of the school to take field trips to outstanding establish-

ments closely related to the student on-campus studies. The students are required to pay their own expenses of these trips.

#### LANDIS LOAN FUND

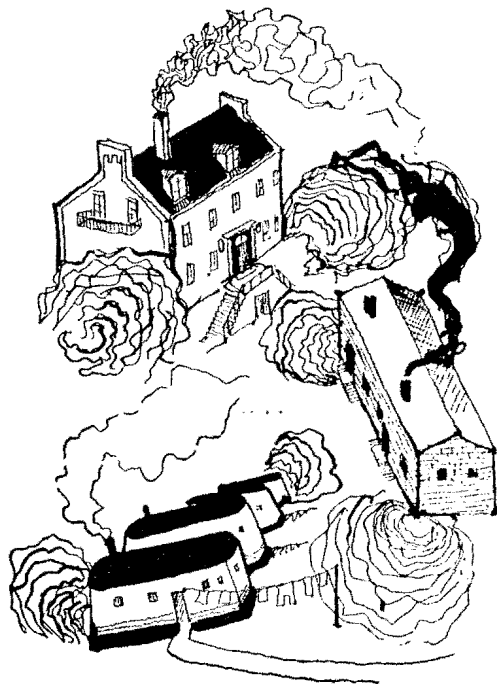

A limited loan fund is available for needy students who have been in attendance at the Institute for one or more quarters. Such students may submit application for loan to the faculty committee for approval. They should contact the Dean of Men, Mr. T. A. Parish.

#### DROPPING OF COURSES

After the first two weeks of instruction have elapsed and the student wishes to drop a course, he must use the Course Change Permit blanks.

No course may be dropped after a four week lapse from the time instruction begins without loss of credit. **Exception:** A course may be dropped without loss of credit at any time provided the student is passing the course at the time and upon recommendation of the instructor and faculty counselor. If the student is failing the course at the time it is dropped, such a grade will be designated on the permanent record; otherwise, a grade of "X" is to be entered as evidence of no penalty.

# SCHOOLS and COLLEGES

## SCHOOLS AND COLLEGES

Alfred University had its beginnings in a select school which opened in the village of Alfred on December 5, 1836. This school was chartered in 1843 as "Alfred Academy" and in 1857 the New York State Legislature passed an act creating Alfred University. Courses in liberal arts and theology were instituted from which have evolved the present College of Liberal Arts and the School of Theology.

Near the opening of the present century the State of New York established two schools affiliated with the University. The school which is now the State College of Ceramics was established in 1900. This College is a unit of the State University of New York but is administered by the Alfred University Board of Trustees and is an integral part of Alfred University.

A second State school, now the New York State Agricultural and Technical Institute at Alfred University, was established in 1908. The Institute offers two-year terminal courses in agricultural and technical fields and is a unit of the State University of New York.

In 1947 a Graduate School was organized which coordinates all instruction in the University on the graduate level.
