Updated Procurement Policy - All Sectors

The Procurement Policy has been updated to simplify Alfred University's policies (both sectors). Please take a minute to review it before your next purchase.

The critical update is the "Adding Additional Items to a Purchase Order." After a Purchase Order has been completed and sent to the vendor, additional needs require a new requisition. See Procurement Policy for additional information.

If you have any questions please feel free to contact the Procurement Office at x2698.

Wash Your Hands!

Scientists at the University of California at Berkley counted how many times students using keyboards touched their faces (eyes, nose, lips). The average number of face-touches was 47 times, once every four minutes, over a three-hour time period. Remember germs can enter the body through the membranes of the eyes, mouth, and nose. Wow, better go wash or sanitize your hands (and keyboard)!
