

# Pan-Americanism To Be Theme of Spanish Week

Spanish Week, under the auspices of El Centro Iberoamericano, will be held from Sunday, April 7 to Thursday, April 11. These dates have been chosen because of the proximity to Pan American Day, which this year falls on April 14.

Festivities will begin on Sunday afternoon at 3:30 p.m., when Dr. Ray Wingate, carillonneur, will give a program of Spanish and Spanish-American music. Later, that afternoon, radio station WWHG will present a broadcast entitled "Impressions of Student Life." Trudy Hoehner will interview Herbert Greenberg, who will give his impressions as an American student who studied in Mexico City, and Jorge Romero, who will give his impressions as a Mexican student studying in America.

At 8:30 p.m. Monday, April 8, Mr. Pedro M. Rincones, a representative of the Creole Petroleum Corporation of Caracas, Venezuela, and New York City, will give a talk and show slides on Venezuela. At 7:15 p.m. on Tuesday, April 9, Dr. Charles Greene, of the school of Ceramics, will also give a talk and show slides of his recent trip through Spain.

On Wednesday, social entertainment will take over with a pinata party for the second and third grade children of the Alfred-Almond Central School at 4 p.m., and an informal Open House from 7-9 p.m. The children's party will feature movies, and a special surprise will be given to all those attending. The Open House will provide

an evening of dancing to Spanish music, and a special treat will be served—"chocolate con churros." At this time the Spanish club will be saying "adios" to Mrs. Lyman Judson, an honorary member.

The festivities will be concluded on a more academic plane on Thursday morning when Professor David Leach, of the department of history and political science, will address the University Assembly on "The Pan American Idea".

While Spanish Week is in progress, the first ten minutes of all Spanish classes will be devoted to discussing Hispanic civilization. During the week, there will be exhibitions on display in the library and in the store windows in town. The Spanish Club cordially invites all members of the student body, faculty and administration to take part in the celebration.

## SPANISH WEEK CALENDAR

**Sunday**  
Carillon concert, 3:30 p.m.  
Radio Program, "Impressions of Student Life"

**Monday**  
Illustrated talk, "Venezuela," 8:30 p.m., Physics Hall

**Tuesday**  
Illustrated talk, "Spain," 7:15 p.m., Kenyon Hall

**Wednesday**  
Pinata Party, 4:00 p.m., Kenyon Hall  
Open House, 7-9 p.m., Howell Hall

**Thursday**  
Assembly, "The Pan American Idea," 11:00 a.m., Alumni Hall

# McWilliams to Leave Alfred; Will Join Trinity College Staff

by Johnny Allen

Jay McWilliams, coach at Alfred for the past ten years, has announced his resignation from the staff with the conclusion of the present semester.

Coach McWilliams has accepted a position with the physical education department at Trinity College in Hartford, Conn. At Trinity he will be an assistant coach in football as well as a scout, while assuming the position of freshman track mentor.

At AU, McWilliams served as line coach and scout with the football squad in addition to being varsity basketball and tennis coach. He is also director of the men's intramural sports program for the University.

Coming from Ebensburg, Pa., McWilliams starred in basketball, football and track at the local high school, and then moved on to Penn State where he was a three sport star in his freshmen year, staying with basketball for the next three.

McWilliams was team captain of the Nittany Lions during his senior campaign, as he led the club in the rebounding department.

His first two years with the varsity were played under Spike Leslie, while the State coach during his final campaign was John Lawther, inventor of the sliding zone defense.

Two years of coaching at Indiana High School (Pa.) preceded a two year Army career, where Coach McWilliams was an officer in charge of a physical fitness program.

Upon completing his military service, he became coach at Virginia Military Institute at Lexington, for two years, before coming to Alfred with the fall semester of 1947.

His ten year record while handling the Saxon cagers is 78-96, with almost all of the Warrior hoop marks being established during this decade.

Best years for the cagers were 1951-52 and '52-'53 when the squad posted 13-7 and 12-9 slates, including a second place finish in the Hofstra Invitational Tournament, when the team was just nipped by the Seahawks of Wagner College.

Coach McWilliams

Millard Evak, a graduate of '56, probably was the top cager under McWilliams, as he now holds the mark for scoring at the University with 871 points. He also holds the mark of 17.5 points per game average.

Among the other top performers to have played during this period were Bob Corbin, number two man

(Continued on page eight)

# Dance and Supper Proceeds Aid Alfred Ambulance Drive

Proceeds from two campus events, Lambda Chi Alpha's pancake and waffle supper last Wednesday, and the Interfraternity Council's dance to be held on Friday, April 5, will be turned over to the A. E. Crandall Hook and Ladder Company's ambulance drive. Contributions and pledges totaling \$2,700, or 54% of the necessary \$5,000 have already been received by Mr. Brownson Martin, chairman of the drive.

The Interfraternity dance will be held at the University Gym from 9 to 11:30 and will feature music by the Alfred Allstars. The ROTC Eyes Right Club has donated the cost of this six-piece combo. Tickets, which will be sold at the door, cost \$1.50 per couple.

Following the dance there will be open houses at several fraternities. Klan Alpine and Psi Delta Omega will hold a joint open house at Klan Alpine, and Kappa Psi Upsilon and Gamma Theta Gamma will combine theirs at Kappa Psi Upsilon. Kappa Nu and Lambda Chi Alpha will hold theirs at their individual houses. University

Charlie Marvin, president of Kappa Psi Upsilon Fraternity, presents a check for \$65 to Brownson Martin, chairman of the ambulance drive. The donation was collected from fraternity members who pledged to buy tickets to the Interfraternity Council-sponsored dance for the same fund.

freshman women will be given a special one o'clock to attend these open houses.

Lambda Chi's pancake and waffle supper at the Parish House last Wednesday was termed "very successful," by Stan Harris, chairman of the affair. In two sittings, approximately 300 people were

served, thus grossing \$160 for the ambulance drive.

The supper was a joint project of the brothers and pledges of Lambda Chi and constituted a part of their help week. The menu included pancakes and/or waffles, sausage patties, apple sauce, and coffee or milk.

## Vets Form Club; Plans Announced

The Veteran's Club of Alfred University held an organizational meeting on March 27, at 8 p.m., in the Union.

The meeting was started with a statement of the aims of the club: achievement of representation in the Student Senate, to gain the recognition of the University, to provide information about veteran's benefits and privileges, to be represented in University intramural sports, to seek an affiliation with the Ag-Tech's Vet's Club and to sponsor social functions for the members.

The question of Senate representation was discussed. An affiliation with the American Legion or the Veterans of Foreign Wars of Hornell was deemed possible. A committee was formed to draw up a constitution, which will be submitted at the next meeting of the club.

Plans were suggested concerning the procurement of information from the Veteran's Administration. It is hoped that a speaker can be obtained who will provide information on veteran's benefits. This will be helpful for those students who have not yet satisfied their military obligations.

"The attendance at our first meeting shows that there is a genuine interest in, and a desire for an organization of this type," said one member. There are 181 veterans on our campus.

All veterans, both students and faculty, are invited to attend the next meeting of the Veterans Club, on April 3 at 7 p.m. at the Union.

Donations for the Hungarian Student Fund may be given to any Student Senate member, or mailed to Phil Baker, Box 901. The Fund needs \$130 more.

## Review Manuscripts

Manuscripts for the Alfred Review are being accepted by the Review Board until April 11. Address Box 754.

A man's wrist watch was found in the Men's Gym Tuesday night, after the track meet. The owner should contact Warren Wagner, Bartlett, Room 213.

## Workshop Tonight

"The Role of the Head Resident on the Alfred University Campus" will be the topic of discussion at the Social Workshop, to be held in Howell Hall tonight at 8 p.m.

The Alfred Outing Club will hold elections for next year's officers tonight, at 7 p.m., in Kenyon Hall.

# Eta Mu Alpha Taps Six For Scholastic Records

The Alfred University Chapter of Eta Mu Alpha, national scholastic honor fraternity, held initiation services and a dinner Thursday evening, March 28 at Howell Hall.

This year, four seniors and two juniors were elected to membership in this honor society. The seniors are Raja Ajluni, Sylvia Johnson, Trudy Wolkenberg and Pat Kirk Wolverton. The juniors are Camille Crofoot and Carole Silver.

The Alfred Eta Mu Alpha chapter was founded in 1924 and was active until 1943, when due to the war, all activities on campus were suspended. Last year, the chapter was reestablished.

Eta Mu Alpha is comprised of senior students in the top five percent of their class and juniors in the top two percent. Students are elected to membership by the Alumni Council of Eta Mu Alpha.

Because of the existence of Keramos, the ceramic honor society, only liberal arts students are eligible for membership in Eta Mu Alpha.

Raja Ajluni is a pre-med biology major who plans to attend Syracuse Medical School this coming September. He is also vice-presi-

dent of the political science club. Sylvia Johnson is a psychology major from Jamestown, and a member of the Footlight Club.

Trudy Wolkenberg is a history and political science major and a Student Senator. Pat Kirk Wolverton, the only nurse among the group, is a member of Alpha Lambda Delta.

Camille Crofoot, W.S.G. president, is also president of Alpha Lambda Delta. She is a biology major and a native Alfredian. Carole Silver, one of Alfred's Washington semester students is a history and political science major and is also a member of the Footlight Club.

Dr. Finch, professor of English, guest speaker for the occasion, talked on the subject of "Making Up Your Mind." He stressed two main factors: the making of choices and the honoring of the identity of those with whom one deals.

At a business meeting, Carole Silver was elected president and Camille Crofoot, vice-president. Only juniors may hold office in this fraternity. Dr. Frederick C. Engelmann, of the history and political science department, is secretary of Eta Mu Alpha.

# From the Editor . . .

## "Leaders" and Leaders . . .

Campus elections have come and gone, and it might now be wise to consider the potential of student leaders. Very few group presidents are ever leaders, whether the group is a college one or one centered away from a campus; most never rise above the role of administrator. Instead of leading, they get pushed along, drift with the situation, or even lag behind it. They ignore their potential.

A student government leader, for example, can utilize co-operating forces and existing sources not open to most students. When a situation arises wherein the organization he presides over is in a position to act, he must be able to recognize it and report it. The issue is then open for discussion.

But even this is no easy task, nor is it a complete one for those who would be above-average leaders. It is far easier for the president of an organization to focus his attention on creating problems and work than it is to observe and relate.

Issues are not created; they are discovered. And any elected "leader," if he is to remove the quotation marks from his title, must do this: he must observe, relate, report and comment . . . Then, depending on group sentiment, he must initiate action.

The life span of a student-as-leader does not usually exceed one or two years. Too many "leaders" come and go without ever seeing the relationship of an issue to themselves or the groups they preside over. Events taking place on another continent hold no meaning for these people. The chance to initiate worthwhile action slips by unnoticed.

We would like to extend good wishes to the new slate of campus officers, and offer the facilities of the FIAT for worthwhile projects.

## Help Wanted . . .

The end of the school year is rapidly approaching, and the Hungarian Student Fund still lacks \$130.

We suggested that certain groups donate stagnant portions of treasury funds to the Cause, and that the other groups on campus consider taking positive action to obtain funds. This was quite a while ago.

A scholarship for some Hungarian person hangs in the balance, and all that is needed to close the issue is \$130, not a very large amount on a university campus.

And the amount needed seems even smaller when considered in relation to the efforts taken these past two weeks on the parts of the Interfraternity Council and Lambda Chi Alpha to raise money for a new town ambulance.

It has been suggested to the FIAT that we once again place donation receptacles around the campus. We replied that it might not be necessary, that surely the Fund would no longer be lacking at this week's end, that student leaders would initiate action, that Alfred groups and individual students would approach Senate members with donations or mail them to Phil Baker, Box 901 and remove the caustic taste of needless procrastination.

We are looking forward to a report from the Senate, totaling up many small and some big contributions, and officially closing the Drive.

### Calendar

**Wednesday**  
Business Club Movies

**Thursday**  
American Ceramics Society  
Newman Club, 7 p.m., Howell Hall

# Health Facilities Probed by Student Senate; Report Is Submitted to Personnel Committee

The Student Senate has been investigating the facilities of Clawson Health Center. The following report was submitted to a meeting of the personnel committee last Thursday. Discussion followed, concerning University plans for new health facilities.

(It was hoped that we would have a written summary of the proceedings and University plans for this issue of the FIAT. However, the administration was unable to meet our deadline last week. Here's hoping that the report is forthcoming in next week's issue. —Ed.)

In recent months it has been apparent that Clawson Health Center is not adequate to meet the needs of our growing campus. This fact has led the Student Senate to form a committee to investigate the problem. The findings of this committee are as follows:

1. Under the present conditions the doctor and nurses have done a creditable job. The problem relates to the lack of certain necessary facilities and services.
2. Of the fifteen schools investigated by the committee, each comparable in size to Alfred, thirteen had more infirmary beds per student than Alfred (the minimum being one bed per hundred students) and the remaining two had

(FIAT photo by Lew Marks)

Clawson Health Center

contracts with near-by city hospitals. All fifteen had affiliations with the nearest hospital, with a complete consulting staff in contact with the college physician. The physician in a majority of schools was available for emergency calls at any hour.

The solution to our problems is then clear. We need more space for beds (only seven beds for nearly 2,000 students). Our physician should have the aid, when neces-

sary, of a consulting staff. Provisions should be made for reaching a doctor over weekends and at any time of the day or night. Finally, laboratory facilities should be available for immediate testing and analysis of specimens.

We are expanding our campus at a rapid rate to keep abreast of the times; it would be wise to expand our health facilities at the same rate.

## Senatorially Speaking

by Carole Silver

### A NEW EXPERIENCE

It's a little strange when you walk in as an "outsider". You see about twenty kids, some of them friends of yours, sitting in straight backed chairs, talking, smoking and laughing.

You take a seat in the rear of the room and wait. You notice when the role is called, that the only people present are the delegates. No other "outsiders" botherer to come. Maybe you feel a little guilty about that. You've been busy, sure, but there's been time and you haven't bothered either.

The meeting is short. The officers are new and things must be organized before the body can start to work. But there are a few things hanging around to be cleaned up, and after the initial business they are raised.

A vote must be taken on a "skit night" to raise funds for the local ambulance drive. It's been brought back to the houses and once again the role is called. The first "no report" doesn't mean too much. You figure, well the guy just didn't get to bring it up at house meeting. Or maybe he forgot. But after four of them you begin to wonder. You remember that another vote had been attempted the week before and that the measure had been brought back twice.

And when the total vote turns out to be 300, you ask what happened to the other 600 Alfred students, when the measure is passed by a mere 30 votes, you try to interpret the 600 silences. Do they mean "no," or "I don't care." You think of how they'll plan the event and if it can succeed. When the measure is sent to the executive committee for further consideration, you think about that too. What is this committee? What are its powers? Does it use them? If so, how?

The meeting goes on. The officers elected by the Senate delegates are to be nominated. There

are three of them, treasurer, recording secretary and corresponding secretary. Three people are nominated . . . one for each office. In each case a hand or two goes up. In each case the second person whose name is raised, declines. Like clockwork, a voice from the rear calls, "I move that we unanimously elect blth blah for flurbble."

You've got a lot of questions. And you know that the answers will come from asking, watching and reading. So you pick up a copy of the constitution and look through it for a while. There are things in it you like, and some you don't. You see pros and cons and strengths and weaknesses. Most important of all, you've gotten interested . . . and if you make

the mistake of mentioning the fact, you're through.

Before you know it, you're writing a column.

And oddly enough, it's Senatorially Speaking.

Internal elections were held at the last Student Senate meeting. The following were elected to office: Georgia Jones, treasurer; Dorothy Ormsby, recording secretary; Barbara Miller, corresponding secretary.

### Movie Fee to Fund

The Methodist Student Fellowship will show a film, "John Wesley," at the next meeting of the organization. Admission fee will be donated to the Hungarian Relief Fund.

## Rhodes Cops Art Award Summer School Data Released

Daniel Rhodes, Associate Professor of Design at Alfred University, won the second award for sculpture in the Exhibition of Western New York Artists which opened this month at the Albright Art Gallery in Buffalo.

Professor Rhodes' prize winning piece is made of ceramic and welded metal and stands five feet high. Called "Standing Figure," the piece is a textured plane of clay, pierced with metal rods which also support the figure on a steel base.

Professor Rhodes' wife, Lillyan, also received one of the four top awards in sculpture for her ceramic sculpture, "Bird."

Other Alfred University artists whose work was exhibited include John Wood, Assistant Professor of Design, Judith Lerner, a senior design student from Fresh Meadows, and Hal Metzger of Alfred Station.

Lillyan Rhodes' piece is a simplified bird form done in high-fired ceramic. It is mounted on a grey wood base and metal rod.

She won the top award in sculpture at the same show last year. Mrs. Rhodes gave a one-man show of her work last fall at the Ber-

Professor Rhodes

tha Schaefer Gallery in New York and recently had her work exhibited by the Museum of Modern Art in New York.

Director of Summer School, Dean Gertz, has released information concerning the year's summer session:

The 1957 summer session is the 44th summer school. It will be divided into three periods: intersession, June 11-28; regular session, July 1-August 9; postsession, August 12-30. During intersession, structural clay products symposium will be given. Certain courses in the fields of the humanities, mathematics, social sciences, and psychology will also be offered at this time.

During the regular session, courses in ceramics, humanities, sciences, mathematics, social sciences, education, speech and dramatic production, and physical education will be offered. Only specialized courses in engineering and science will be offered during the postsession period.

The Summer Theatre will continue this year. It is sponsored by the Summer School, but staffed by faculty and students from the department of speech and dramatic

production. Visiting faculty will include Lewis C. Obourn, Superintendent of Schools, East Rochester, New York and Dexter G. Tilroe, Bureau of Secondary School Supervision, New York State Education Department. Both of these men will teach courses in the field of education.

It is expected that enrollment for the three summer sessions will total approximately 350-400 students. Our dormitories and dining halls will be open as well as the Campus Union.

The Summer School catalog is available in Dean Gertz's office. If you are interested in signing up for any summer school courses, go to Dean Gertz's office.

## Book Drive Here; Texts Go to Asia

The International Club is sponsoring its annual collection of books for the World University Service. Each year, this organization collects text books that are usable, for the students in Asia.

All types of text books are welcome, and the members of the International Club will be picking them up within the next few weeks. After the books are picked up, they will be packed by the World University Service, who distributes them to places of need.

Persons with questions to ask or books to donate should call Doctor W. Sutton, 2481 or Jo-Ann Totten, 8923.

## Staff Bids Outgoing Editor Farewell

Barbara Strauss and Maxine Davis look on as Nathan Lyons, outgoing editor of the FIAT, accepts an inscribed watch from the staff. The occasion was the annual FIAT dinner, held at Dean Gertz's house, March 24.

### Lost

A silver bracelet with an inscription inside was lost by Carolyn Ashley. Will the finder please return it to her or call Kruson-8874.

A gold metal evening bag was lost at the St. Pat's dance by Stephanie Cange. Please return it to her or call the Brick 8965.

### FIAT Openings

Positions are now open in all phases of FIAT operation. Interested persons should stop in at the office Wednesday or Thursday evenings, or write to Box 754.

## University Church Group Meets Students Discuss World Religions

On Tuesday evening, March 26, at the Church Center, a group of four students presented talks on the great religions of the world.

Abdul Ahmeed, sent to this country by his government to study refrigeration at Ag-Tech, spoke on Islamism. Abdul is a native of Iraq. His father and a brother live in the small village of Baji; his two other brothers live with his aunt in Baghdad and attend high school there. He will be in Alfred two more years.

Mr. Ahmeed's talk, presented in Arabic, was translated by Raja Ajluni, a senior pre-med in the University.

Joseph Baim, a sophomore English major from Great Neck, Long Island, spoke on Judaism. He is co-religious chairman of the Hillel organization on campus and was brought up in the Conservative Jewish tradition.

Lu Gywe of Rangoon, Burma, spoke on Buddhism. Lu was sent to Alfred by his government to study Ceramic Technology. He is a senior and will return to Burma in September.

Hinduism was discussed by C. J. Patel of Bombay, India. Mr. Patel is studying Ceramic Engineering.

Make friends with Winston!

**WINSTON** TASTES GOOD!

LIKE A CIGARETTE SHOULD!

**WINSTON** is in a class by itself for flavor!

It's fun to share a good thing! That's why you see so many Winstons being passed around these days. Try 'em. You'll like their rich, full flavor, too. And you'll like the way the Winston filter, *snowy-white and pure*, lets that rich flavor come through. Smoke America's best-selling, *best-tasting* filter cigarette! Find out for yourself: Winston tastes good — like a cigarette should!

Smoke **WINSTON**...enjoy the snow-white filter in the cork-smooth tip!

## Campus Movie Is Celebrating Its Twenty-fifth Anniversary

The Campus Theatre is now celebrating its twenty-fifth year of continuous operation. Gilbert W. Campbell, one of the faculty in 1932, started the ball rolling by selling books of tickets in advance to make a down payment on some second hand booth equipment. The show has literally pulled itself up by its bootstraps in all these years. It has always been operated as a non-profit organization (which has not been hard to do). Whatever is gained in the winter above operating and upkeep costs goes down the drain when the college is closed.

In order to call attention to this significant anniversary, Campus Theatre passes have been scattered about the locality. Some have already been found but there are still some undiscovered ones.

The main aims of the Campus Theatre are:

1. To run the best of all types of pictures, both foreign and domestic.
2. To keep the admission price as low as "feesable." (pun intended).
3. To keep the equipment as up-to-date as possible.
4. To replace seats regularly.

We think we are reasonably successful in the first three and as long as new students keep arriving and old ones leaving, we think that there could be no more regular replacements of seats than that.

There are three things you could do to keep things going smoothly. Firstly: if you are in the mood for horseplay, go to one of those and leave the ones who want to look at the picture alone. Secondly: for gosh sakes, remember not to smoke in the building as the continuation of shows depends greatly on that. Thirdly: spend money madly on tickets. Whether you ever use them or not is immaterial.

In closing, we would like to compliment Mr. Nevins who has

done such a wonderful job all these years in keeping the show off the road, in being such a conscientious operator and manager, in having such a wonderful wife to sell tickets, and in sometimes holding his temper when mentioning NO SMOKING to some of the innocent looking sweet souls who drive him to distraction.

Reely yours,  
W. V. Nevins

P.S. If you have some new humorous ways of saying NO SMOKING, let's see them. A pair of passes is offered for each one used.

### KOREA TO MINNESOTA

(ACP) — Students at University of Minnesota, Duluth Branch, are viewing Korean art, courtesy of the National University of Seoul, according to the Duluth campus STATESMAN.

Minnesota and Seoul have been designated "sister universities," and for some time have been exchanging faculty members and ideas, chiefly in agriculture and home economic areas.

The art exhibit is the beginning of a purely cultural exchange. Minnesota students and faculty members are preparing an art collection to be sent to Korea.

### DOWN BEAT SELECTIONS

Here are the top five best-selling jazz albums in the nation, based on a biweekly survey of 225 retail record outlets, as reported to Down Beat:

- (1) Erroll Garner, "Concert by the Sea" (Columbia 883)
- (2) "Metronome All-Stars" (Clef MGC-748)
- (3) Ella Fitzgerald-Louis Armstrong, "Ella and Louis" (Verve 4003)
- (4) Shelly Manne and his Friends, "My Fair Lady" (Contemporary 3527)
- (5) Ella Fitzgerald, "Cole Porter Song Book" (Verve MG 4001-2)

## Model UN Meets; Alfred-Indonesia

This year's Middle Atlantic Model United Nations Assembly will take place the weekend of April 5-7 in Princeton, New Jersey.

The purpose of these model United Nations assemblies is to stimulate student interest in the United Nations. The sponsor of these meetings is the American Association for the United Nations, which has groups throughout the United States. This organization was in existence prior to the founding of the United Nations and was an instigator for the creation of the U.N.

Alfred University has been a participant in this model General Assembly for the past five years. This year Alfred will represent the Far Eastern nation of Indonesia.

The agenda for these assemblies is decided upon by the Continuation Committee which meets twice in the fall to plan the next assembly meeting. Each of the committees—political, economic and social Trusteeship, and Ad hoc—discuss two issues, drawn, if possible, from discussion topics currently before the United Nations. Present members on this Continuation Committee include Prof. David Leach and Raja Ajluni, who was elected as student representative at last year's assembly.

The Alfred University representatives to this year's model assembly are Raja Ajluni, Phil Baker, Sherry Fine, Pat Giess, Maxene Gorewitz, Bob Jackson, Avonne Montanye and Carole Silver. Prof. Leach will also attend as faculty advisor and member of the Continuation Committee.

### Pizza Party

The Alfred Student Christian Fellowship will sponsor a pizza party at Howell Hall, on April 27 at 5:45 p.m. The cost will be 50 cents per person. A Lenten meditation service will follow the party.

## Student Outlook

by M. Ronda Shaner

Six fellowships are available to American graduate students for study in Spain during the academic year 1957-58. These awards each include \$2000 which covers tuition, maintenance, and travel. The eligibility requirements are: Bachelor's or Master's degree at time of departure; under thirty years of age; a good knowledge of Spanish; and academic ability for advanced study or research. Applications may be obtained from the Institute of International Education, 1 East 67th Street, New York 21, N. Y.

### SUMMER STUDY ABROAD

"Summer Study Abroad" is the title of a publication which has recently been issued by the Institute of International Education. This leaflet will be of particular interest to the summer traveler who wishes to obtain information about language requirements, credits, living arrangements and cost, transportation, passports, visas, and scholarships. The leaflet includes information about study in Latin America as well as European countries. Copies of this publication may be obtained free from the Institute of International Education, 1 East 67th St., New York 21, N. Y.

### INSTITUTIONAL ATTENDANTS

Summer positions for institutional attendants are available at the New Jersey State Hospital. The weekly salary is \$46.15 payable every two weeks. The work of the institutional attendant includes practical nursing for the mentally ill and cleaning operations relative to the ward areas. The shift involves a five day, forty hour week with occasional two day leaves. Assignments might

possibly include working in the tuberculosis unit. Students interested in applying for these jobs should send requests to the Personnel Department, Attention: Summer Work, New Jersey State Hospital, Greystone Park, New Jersey, prior to June 1, 1957.

### STUDENT TRAVEL

The United States National Student Association has announced various tours to Europe for 1957. These tours are especially designed for college students. The prices range from \$800 to \$1000 per trip. The tours include travel to eight European countries and last approximately two months. Information, and applications for these tours may be obtained at the FIAT office or by writing the United States National Student Association Education Travel, Inc., 701 7th Avenue, New York 36, N. Y.

## Sweet Briar Takes First AU Students

Next September, for the first time, Alfred will be sending two undergraduates to the University of Paris on the Sweet Briar Junior Year in France plan. They are Maxine Davis and Georgia Machotka, both French majors, Miss Machotka was also awarded a \$500 scholarship.

Since its inauguration in 1948, 722 students from 110 American colleges and universities have attended the University of Paris on this program.

The objective of the plan is to offer a comprehensive program of foreign study to qualified college students, and at the same time extend a spirit of good will.

## Alfred ROTC Team Tops in its Class

Results of the First Army Intercollegiate and Interscholastic Small Bore Rifle Match have been released, showing Alfred's ROTC rifle team first in its class.

Firing at a bullseye .15 inches in diameter from a distance of fifty feet, the Alfred team competed against Middlebury, Boston, Sienna and Dartmouth Colleges; New Hampshire, Princeton, Yale and Harvard Universities; RPI and Pratt Institute. As a result of the match, the team qualified to fire in the First Army Small Bore Rifle Championship for Regular Army, Reserve and selected ROTC teams, held last Wednesday and Thursday. Results of the contest will be available in early May.

Pictured above, from left to right, are: (standing) Sergeant First Class Thomas coach, Doug Klosen, Dick Sturzebecher, Dave Klein, Mark Bohanan, Dave Schuler and Roger Woodruff; (kneeling) Wade Watkins, George Hoffner, Bill Housman, George Hirvo-nen and Harvey Adler.

## Myers Honored by AU Alumni

Kenneth N. Myers was honored Sunday by the Niagara Frontier Alfred Alumni Association as the area's most outstanding member of the senior class at Alfred. The award was presented at the group's annual alumni dinner, held at the Hotel Westbrook in Buffalo.

On the AU campus, Ken is co-chairman of the Business Club, head counselor in Bartlett Dormitory and a representative in the Student Senate. He also holds membership in Blue Key honorary fraternity and Delta Sigma Phi social fraternity.

In addition to honoring Myers, AU alumni from the Buffalo area heard head football coach Alex Yunevich discuss "Athletic Programs at Alfred University."

Kenneth Myers

## Editor to Speak At Soc Meeting

Mr. John H. Lycette, Assistant Managing Editor for the Buffalo Evening News, will be the main speaker at the next meeting of the Sociology Club.

Mr. Lycette will speak on the topic, "News Behind the News." The meeting will be held April 4, in room 6 of South Hall. Starting time will be 8:00 p.m. All interested persons are welcome to attend.

The Latin Club is sponsoring the movie "Ulysses" Tuesday night, April 9, at Alumni Hall. A portion of the receipts will go to the Hungarian Relief Fund. Movie time and admission will be as usual.

## Cortland Host to Political Meeting

Saturday, April 6, a delegation from Alfred University will attend an Institute of Politics at Cortland State Teachers College. The meeting is sponsored by the Citizenship Clearing House.

The purpose of this particular conference is to discuss political life in Cortland and Auburn. Talks on the national political scene will be given by Professors Stuart Gerry Brown of Syracuse and Andrew Hacker of Cornell. An evaluation of the Harriman administration is also on the agenda.

Alfredians who will attend this meeting are Professor Engelmann of the history and political science department and students Ann Bergman, Trudy Wolkenberg, Phil Meriam, Warren Mintz, and Bob Tompkins.

## Hobo Party

The Couples Club will sponsor a hobo party at the Church Center, this Saturday at 7:30 p.m. All married folks are invited and prizes will be awarded for the best costumes.

## Review Articles Needed; April 11 Deadline Nears

Around 1947, a group of AU students got together to form the Alfred Workshop, a literary group.

Among their projects was the publication of an annual magazine called "Integral." It was made up of forty pages of stories, poetry, essays, cartoons and illustrations, ranging from an essay on Saint Francis to a fable on an amoeba. It was hand printed and held together with paper clips. In later issues, traditions were established, such as offering the magazine as a part of the May Arts Festival.

"Integral" lasted but a few years; Workshop members graduated and fewer students took their place. About 1953, however, interest was again stimulated. The name of the magazine became the "Alfred Review," and along with the new title came several changes: it was decided to print a more professional type magazine, to circulate more copies and to add a faculty advisor to the staff.

To raise the necessary funds, it

became necessary to include advertising within the body of the publication. Each year the magazine increased in size, and such innovations as photography, the use of faculty contributions, and the addition of graphics were instituted. In 1956, with the publication and sale of a 70 page magazine, the "Review" had reached a new height.

This year's review is handicapped due to a lack of manuscripts. To facilitate submitting materials, a new system has been developed: manuscripts are to be sent to Post Office Box 754 on or before April 11. They are not to include the name of the author, which should appear with his address on a stamped, self-addressed envelope.

This procedure is designed to guarantee the impartial consideration of manuscripts and insure their return.

Donations for the Hungarian Student Fund may be given to any Student Senate member, or mailed to Phil Baker, Box 901.

### WSG

Camille Crofoot, the new president of the Women's Student Government, took over the meeting on Tuesday, March 26.

The following additional officers were elected: Joyce Jividen, vice president; Mickey McDowell, secretary; Sue Meredith, treasurer; Judy Alsberg, file clerk.

A committee for organization and a committee for reclarification were set up to make revisions of the WSG Handbook.

### NORTON ELECTED

Dr. Joseph L. Norton, Associate Professor of Education, has been elected by the Allegany County Mental Health Association to serve on the Board of Directors of the New York State Society for Mental Health.

Dr. Norton, who is president of the Allegany County Mental Health Association, was elected to represent the group at the state level. He has been extensively active in Allegany County mental health programs for several years.

His first meeting with the Board of Directors of the state society is scheduled for April 4-5. The meeting will be held in the George Washington Hotel in New York City.

### SENIOR NURSES

Six senior nurses met with the sophomores in Corning, Thursday, March 28, to orient them on the coming affiliations at Mount Morris Tuberculosis Hospital, Willard State, Scranton Memorial Hospital and the Visiting Nurses' Association in Scranton, Pennsylvania. The first group of sophomores will leave Corning on June 6 for Syracuse.

On Tuesday, April 9, another group of seniors will assist at the immunization clinic at Alfred-Almond Central School. They will help inoculate the pre-school children at a community service.

Several more seniors will attend the Cardiac Teaching Day in Rochester, April 4, sponsored by the Heart Committee of the Rochester and Monroe County Health Association in cooperation with

the Genesee Valley League for Nurses. The group will listen to speeches on the relationships of cardiac cases and nursing throughout the afternoon and evening.

### ALUMNI OFFICE

Mr. Harold Reid, of the Alumni Association, announces the following meetings of the Alfred alumni to be held in the future.

April 6, Rochester, New York, Carriage House; April 13, New York City, Hotel Shelbourne.

On February 19, the freshman nurses filled out a questionnaire which was sent to the Nursing Department by Cornell University. This was done in connection with the Cornell Study of Nursing and Women's Occupations.

Next, Cornell University conducted interviews with college students, practicing nurses and various educators. These interviews laid the groundwork for the final questionnaire which was sent to more than 97 per cent of all the New York nursing schools, plus eleven colleges, universities and technical schools which had agreed to cooperate in the study.

About 8,000 questionnaires are now being analyzed. A preliminary analysis outline is expected to be ready in May and finished by the end of the summer of 1957.

## Visit to Kodak Taken by ACS

On Friday March 29, a group of thirty-six students and five professors visited Kodak Park in Rochester. The trip was sponsored by the newly formed Student Affiliate Chapter of the American Chemical Society. It was open to any member of the club and to members of the organic and general chemistry classes.

The trip entailed visits to several of the buildings located on Kodak's 960 acres. The group first visited the Sundries building. It is here that the spools, cassettes and cans, hobby kits, safe lights, and film packs are produced.

After this they saw Kodak's Sulfuric Acid Plant which produces all the sulfuric acid needed at Kodak Park. The process for the recovery of silver and celluloseacetate was demonstrated before the group. Within the building was a three day supply of silver worth over a million dollars. The group learned that Kodak is the largest user of silver in the world, second only to the United States Government.

Throughout the whole tour the safety features of the different plants were emphasized. Also stressed were the facilities offered to the employees, such as recreation centers and modern cafeterias.

## A Lack of Political Awareness Is Today's Basic Issue: Cohen

by Maxene Gorewitz

Alfred alumnus Dave Cohen, a '56 graduate, was a guest speaker on campus last Tuesday afternoon and evening.

During the afternoon, Mr. Cohen spoke on education, especially as it relates to college intellectual life. Tuesday evening, the former Alfred student spoke in Howell Hall on "Democracy and its Critics."

The theme of democracy during the past few decades has been one of social justice, according to the speaker. Before World War I, material well-being had been stressed. But since the war, there has been an increase in those anti-materialists who believe that democracy doesn't provide any real answer to the essential core of liberalism. A negation of democratic values was a result of this synthesis.

In the field of values, Mr. Cohen stressed Walter Lippmann's philosophy of politics. In the discussion of this field, the speaker made his most pertinent remarks. For the subject matter is of a relevant and important nature to any person considering himself a true citizen.

As Mr. Cohen brought out, Lippmann is not at all sure that democracy can work in the mass. This is not for any inherent rea-

son, but arises rather out of the fact that Americans are not politically aware. They do not make meaningful choices when they vote and they are not interested in the valid issues of an election campaign.

There is implied here a questioning of the ability of people to use their freedom, to make meaningful choices in a democracy. But Lippmann is optimistic: he suggests a return to naturalism and unity.

The loss of faith in the way democracy is practiced today is expressed by many political thinkers who wonder if people in the mass really hold any political values. Perhaps, it was voiced, now that people have more leisure time, they will think about such matters as political obligations. But then again, will they?

It was apparent by the ensuing discussion among the audience that this issue of political awareness is one of clear proximity to members of a college community. The question then becomes: is it inevitable that we should only talk about this matter of political awareness — can not we show by actions how important a matter it is?

# Two Records Set in Interclass

Record breakers Frank Finnerty and Bill Clark are seen flanked by Frank Gilbert on the left and Dave Wilcox at the right. The two varsity trackmen established new standards in the mile run and the 40 yard high hurdles in the annual Interclass track meet Tuesday.

Frank Finnerty and Will Clark turned in record performances in the annual Indoor Interclass Track meet, as the sophomores turned back strong junior and freshman teams.

Finnerty established a new Men's Gym mark of 4:27.6 in breezing to firstplace in the mile event. The new record cuts 1.6 seconds from the previous best time turned in by Per Anderson. The soph captain came back to pick up an easy win in the two mile run.

Clark ran a 5.7 40 high hurdle event, to eclipse his own indoor mark of 5.8 set last year. The junior trackman placed a decisive first in the 40 lows as well.

The final score showed the sophomores edging out the juniors and freshmen by less than two points. The juniors kept within striking distance of the lead all the way, but in the featured four-man medley run the talented frosh team pulled first place to close out the night's scoring.

Junior captain Dave Wilcox registered near-record time in taking the 600. His 1:18 was one second shy of the Alfred record. He also won the 1000 yard run, fighting off classmate Doug Smith in the gun lap.

Ed DeChristopher started the day's scoring by taking first in the shot put with a 38' 5 3-4" toss on Terra Cotta in the afternoon before the rest of the proceedings got under way.

## Frosh Figures Released; Bresnick Leads Scorers

Freshman basketball statistics for the 1956-57 season have been released. The Junior cagers, coached by Lenny Rapkin, compiled a 7-7 record against collegiate and intramural competition.

The Warriors went on to pick up decisions over RIT and Buffalo State.

Individual statistics point up the great play of Art Bresnick, who totaled 234 points for 16.7 game average.

	FG	FT	TP
Bresnick	87	60	234
Gaffey	35	36	106
Kluwe	30	29	89
Wadsworth	25	23	73
Thrasher	28	12	68
Bentley	20	24	64
Preston	15	21	51
Casper	15	15	45
Cechini	16	10	42
Kelley	16	8	40
Tuzeeo	10	6	26
Sardisla	5	6	16
Garrity	5	4	14
Guffrida	0	1	1
Ecker	0	0	0

Ollie Winch took the pole vault, crossing the bar at 10'0". The final field event was left without a champion, as four entrants tied for first in the high jump.

The results and time:  
Sophomores 37 1-2, Juniors 35 3-4, Freshmen 35 1-4, Seniors 5 1-2  
Mile—Finnerty (So), Sweet (Fr), DiCamillo (Fr), Williams (Fr), 4:27.6  
35—Kappus (So), Rouse (Fr), R. Clark (So), Ulmer (So), 4.2  
600—Wilcox (Jr), Gilbert (Sr), Bates (So), Glaess (Fr), 1:18  
40 High Hurdles—W. Clark (Jr), Cechini (Fr), Kapner Jr., 5.7  
2 Mile—Finnerty (So), Blanchard (Fr), Williams (Fr), Eaton (So), 11:27.3  
1000—Wilcox (Jr), Smith (Jr), Glaess (So), Connor (So), 2:34.7  
40 Low Hurdles—W. Clark (Jr), Cechini (Fr), Ulmer (So), Ryan (Jr), 5.6  
Shot Put—DeChristopher (Jr), DiGangi (So), Pierce (Jr), Parke (Fr), 38' 5 3-4"  
Pole Vault—Winch (So), Kelly (Fr), and Battista (Sr) tie for second, Cechini (Fr), 10' 0"  
High Jump—(Four way tie for first) Kelly (Fr), Fidlów (Jr), R. Clark (So), Cohen (So), 5' 8"  
Relay—Freshmen (DiCamillo, Matucci, Rouse, Sweet), 10:06.6

## Volleyball to DS; KN in Ping-Pong

Thursday night was all Delta Sig as they turned back Klan Alpine to gain their second consecutive volleyball championship.

Delta Sig wound up as the only undefeated team in the "A" League, having previously triumphed over Kappa Psi, Kappa Nu and the ats.

Klan dropped their opener to the Rats, and then went on to turn back Tau Delt, Lambda Chi, Kappa Psi and the Rats to gain their position in the final bracket.

Delta Sig took the final in two straight games to take the crown. The final scores were 15-7 and 15-9. Klan finished as the runner-up in the tournament, with the Rats coming in third.

The men's table tennis competition was held Saturday. Each house entered two singles and a doubles team. The tournament was run off as a single elimination, the nod going to the house taking two of those three events.

In the final, Marty Schiff and Howie Jarolman playing for Kappa Nu won their singles matches against Kappa Psi. This clinched the title for Kappa Nu, 2-0. The doubles match already under way was called off when the two singles exhibitions went to KN.

A good marriage would be between a blind wife and a deaf husband.  
—Montaigne

## Japanese Artist Visits AU Campus

by Barbara Broudy

Yosinori N. Sinoto, a young industrial designer from Japan, visited the Alfred campus from March 24 to March 28. Mr. Sinoto, who was born in Tokyo in 1926, is the son of an internationally known geneticist. Mr. Sinoto has been in America for the past three months on an Exchange Visitor Program of the Japan Society and is, at present, living in New York City.

During his short time at Alfred, Mr. Sinoto demonstrated his unique paper sculpture in the design classes, talked informally with the students, and delivered two lectures on Japanese design on March 26 and 27. Though Mr. Sinoto speaks a little English, he delivered his lectures with the aid of an interpreter, George Yokoi.

At his first lecture, Mr. Sinoto showed strikingly colorful slides depicting various modes of Japanese life. Essentially, they stressed food, clothing, architecture, and objects found in the Japanese home. Each slide was arranged beautifully with respect to balance, focus and color. The appetizing dishes, the floral arrangements, the ancient festival costumes, the gardens and temples all seemed to be a melioration of ancient and contemporary art.

The next group of slides showed a number of objects that Mr. Sinoto had designed at the Yanagio Industrial Design Company in Japan. Here Mr. Sinoto's versatility is really demonstrated, as he has created different types of furniture, lamps, glassware, and ceramic tile sinks.

## Don't Read This But...

... football scrimmage has nothing over the Kruson lunch lines.  
... nicest day of the year was April Fool's.  
... breakfast lines are getting shorter. Is the midnight oil being burned or drunk?  
... Oh, for some senior pre-med's program.  
... Patience, "Pot-shoppers," you'll soon be able to get back to work unhampered by visitors.  
... Union milkshakes are good.  
... the Union needs more salt shakers, bigger napkins, and cleaner coffee spoons.  
... there are still some bearded die-hards running around.  
... where's Elvis?  
... frosh gals have but one more one o'clock to ponder over before Moving-Up Day.  
... Matty's one dollar "haircut" special becoming more and more and more popular with girls.

## And I'm Paying Money for This???

by Diana Graessle

(Each year at this time, Alfredians look for some reading matter consistent with the atmosphere of April Fool's Day. Our feature editor preferred to present a serious problem, but in the end, conventionality will satisfy expectation. —Ed.)

Every one thinks something ludicrous or ridiculous has to happen on April Fool's Day. Well, this bit isn't ridiculous, nor is it funny, but, it IS about April's Fools.

To begin, (ouch—darn finger got caught in the blasted keys), a . . . a, as I was saying, to begin with . . . wonder how that coffee spot got on my sleeve? Where was I? Oh, yes, this article is to be very serious and for Pete's Sakes, look at the burn in my bermudas! To start at the beginning, it appears that Hey, who's the new guy? MAN! Oops, pardon me, but it's so seldom you see a new face around. Hmmm, blue eyes, blond crew . . . So, to get away from the usual slapstick and pranks, I want to tell you about WHAT? You say Steinheim time has finally come? Well, really . . . yes, this is definitely going to be a serious expose on a current problem which just recently arose.

It seems that, for the . . . say, you know, I can't see why I can't have a car. Boy, a black '57 job with white sidewalls and a . . . It has been brought to my attention that University students are not . . . well, even a '37 with tires would do.

As I was saying, the student's seem to think that HUH?, you say you just spent your last dime for

your girl's coffee and now she wants a donut to go with it? Is that what's . . . Yes, this is something which a number of students seem to ignore, hoping that it will never be brought up. But, it has finally been called to my attention that the students of this University have, for a number of weeks, been . . . Yeah, no kidding? He called her up and asked her for a date Saturday? You know, I thought he would from the way he was . . . Certain parties think that a few responsible parties are responsible for all that goes on . . . Got a light? By the way, got a cigarette? Now, don't get me wrong, I'm not trying to put my finger on any one party in particular, but it seems to me that . . . You got a test tomorrow! . . . listen to this: five-term papers, test on Monday, one Wednesday, 291 pages in psych to read . . . Naturally, my place in this situation can only be that of commentator, and I therefore feel it my duty to make a number of comments. First, if more students would stop . . . Coffee break? But I haven't started studying yet. Who are you calling a square? I made minus last semester.

Yes, the University's policy has always been . . . Beethoven's Fifth? Show a little class, man. Take Fats, for instance . . .

Because it is the beginning of April and because it is April Fool's Day, I, nonetheless, must refrain from the ludicrous and the ridiculous and confront you with a serious . . . you're going where?

by Judy Dryer

Delt Sig went Jamaican Saturday night at their Calypso party at the house.

Kappa Nu had a party Saturday night. The house is planning a party featuring Jimmy Ellis' band for next weekend after the Ambulance Benefit Dance.

Kappa Psi entertained a prospective house mother at Sunday dinner.

Klan had a "quite" party Friday night to celebrate the completion of their new sewer line, and "a good time was had by all." Dr. and Mrs. Russell, Dr. and Mrs.

ic tile sinks.

At the following afternoon's lecture, Mr. Sinoto discussed calligraphy as it originated in China and evolved to its present day status. This art of abstract paper design is one which fascinates him, as much as it fascinates a student to watch Mr. Sinoto create unusual objects by folding paper.

Mr. Sinoto's visit proved invaluable to the ceramic design students and enlightening to all who were fortunate enough to see him.

Rice, Sgt. and Mrs. Thomas, and a prospective house mother were Sunday dinner guests.

Lambda Chi sponsored a pancake supper at the Parish House Wednesday night.

Tau Delt had a hayride Saturday night.

Omicron's honoraries gave the girls a party at the house Monday evening. "Magoo" Mazourek was back for a visit last week.

Dean Gullette was a guest at dinner at Pi Alpha Wednesday. Brenda Kaufman, Judy Rosenberg, and Joyce Gallins were back at Pi for the weekend.

Barbara Reed, of Massachusetts, was a guest of Barb Scott at Sigma. Polly Viner, Jackie Monaghan, Bev Rothe, Nancy Arnold, and Diana Pinney were also at Sigma last weekend. Dick Thomas was in Alfred visiting Dorbie, and Jan Nohle's "Ab" was here.

Sandy Ballman, of Theta, was given a shower by the senior nurses Wednesday evening at Sigma. Sandy is to be married to Gus Lydahl (Klan, '56) this Saturday. Theta gave Carol Fisher a shower on Thursday night. The Seidlins were guests at dinner Sunday. A dessert hour is planned for this Thursday for the honoraries and their friends. Sandy Ballman and Mrs. Kelly went to Cuba last weekend for Mimi Scott's wedding.

## REAL DISCRIMINATION

(ACP) — "We cannot see the justice," says University of Kansas DAILY KANSAN editorial writer Jerry Dawson, in allowing married students to compete with unmarried students in 'Marriage and the Family.'

"Perhaps an arrangement could be made where the uningles would not be asked to come to class until the second half of the subject matter is taught."

## Familiar Face on Football Scene ...

Jay McWilliams gets together with head coach Alex Yunevich, right, and line coach Evert Pearcy, center, during football season. McWilliams served as line coach and scout for the undefeated Warriors.

## Disa and Data

by Al Siegel  
Former FIAT LUX Sports Editor

Four years of close association with the tightly knit athletic department of the University bring one close to the men who keep the Saxon athletic teams in action.

As a result of the resignation of Jay McWilliams there will be changes made which will not only affect the basketball squad, but the entire community as a whole.

In ten years at Alfred the McWilliams family has made a great many friends and associates in this town. When it comes to the members of his profession as well as the officials you will hear nothing but praise about him.

During the high school playoffs we had the pleasure of speaking to one of the collegiate officials from Rochester who has worked many Saxon games. This referee had heard a rumor that McWilliams was about to resign. The ensuing five minutes saw said official sing the plaudits of McWilliams, the likes of which any man would be proud to hear.

During the past decade Jay McWilliams and Alfred sports have gone hand in hand . . . Things will look strange next year with the McWilliams talents operating at Trinity College . . . The decision has been made . . . To Coach Jay McWilliams we can only extend the best of luck in the future.

NIGHT BEAT NOTES — The officials who were working the annual indoor interclass track meet did their usual very fine job. Every event went off on time and was well done . . .

Word has it of late that there is no apathy on this campus . . . Where were all of the people who usually attend this annual affair???

In answer to a query about the

## McWilliams

(Continued from Page 1)  
in the all time scoring books of the University and the hustling, driving Dave McCormick, a fireball on defense and offense. Dave is now coaching at Johnstown (Pa.) High School.

On the tennis scene the '52 club turned in a 5-1 record, which is also the top mark in the sport at the University. Coach McWilliams' outlook for this season in tennis is that of optimism, with five lettermen back.

His football scouting, as well as his work in pre-season, as line coach has been a big aid in the Saxons two big undefeated and untied grid campaigns.

At the football banquet last fall, Coach Yunevich summed up the scouting accomplishments of McWilliams, ". . . his scouting reports covered everything! The only thing missing was the half-time formations of the opposing bands."

Coach McWilliams is married and the father of three children, Kitty, 8, Peter, 5, and Barbara, 3. He received his masters degree in physical education from Springfield College.

When announcing the resignation of Coach McWilliams, Athletic director James McLane stated that no successor has been selected at the present time.

## Sigma Chi Takes Two; Remains in First Place; Table Tennis Played Off

The Sigma Chi basketball team strngthened its hold on first place in Women's play, defeating the Brick No. 2 team 58-24, and Brick 1, 2-0 on a forfeit.

In other action during the week, Theta Chi downed Brick-2, 20-13. Brick-1 handed the girls from Pi Alpha a 38-20 defeat. The two freshman teams tangled in the final game, with the Brick-2 girls taking the decision 21-13.

The women's intramural table tennis title went to Lennie Richman of the Brick, who downed Judy Kuntz of Theta Saturday morning.

However, in a previous run-off the individual player's title went to Judy when she defeated Dee Parker of Pi.

## Golf, Tennis Outlooks Viewed; Snow Hurts, But Veterans Help

by Pete Shapiro

Typical Alfred weather is playing a major role on the sports scene of two spring teams as the squads begin to form.

Jay McWilliams' netmen have been fighting snow-clogged courts for the past two weeks as they get into shape for their seven game schedule which starts right after spring recess.

The golfmen, under Alex Yunevich have had the same problem. As of yet they have been unable to start regular practices on their home course, the Wellsville Country Club.

The coaches look for good talent to make up what Old Man Winter has dealt them. Four lettermen return to their squads this year in both sports.

Ron Anderson, Bob Blackmer and Mike Tobias all turned in winning records last season as they led the golfers to a 5-1 mark. Spearheading the players this year will be Anderson, a senior from Wellsville, who suffered only one defeat in six matches in 1956.

Letterman Nick Teta, absent from last year's squad, will add some depth this year as he once again picks up his clubs.

Coach Yunevich has turned out a winning team every year since intercollegiate golf was revived at Alfred. The 1956 squad compiled the best record in the span, and remains basically intact this year. On the tennis scene, Tom Cur-

tin, Marty Schiff, Bob Good and Frank Phillips are all back for the season.

However, graduation has hurt prospects considerably this year. The number one and two men, Jay Friedenson and Jerry Slater, were among four seniors on last year's squad.

The netmen compiled a 3-5 record in 1956 on a nine game slate, the first Rochester match being rained out. Wins came over Cortland State, Rochester and Ithaca.

This year the racquet squad faces a schedule reduced by two games. Absent from the card is the University of Buffalo. The Bulls have consistently turned out one of the best teams in the area, and were always troublemakers for Alfred.

## IM Softball Meeting

All teams wishing to enter in either Intramural league must send a representative to the board meeting tonight at 7:00 P.M., at the Men's Gym. There is a \$10 entry fee for each team.

Low point on the Warrior grid history came during the twenties when the team won 19 and lost 57 while tying 8. During this time Alfred had four different coaches.

Careful drivers never know when they save their own lives.

IT'S FOR REAL! by Chester Field

SPRING

"I beg your pardon, pretty Miss,  
But would you give me one small kiss?"  
"And why should I do such a thing?"  
"Because, my dear, today it's spring  
Because there's romance in the air  
Because you are so very fair!"  
"There's a lot in what you've said.  
Okay, kiss me . . . go ahead."

**MORAL:** Faint heart never won  
real satisfaction in smoking. If you  
like your pleasure BIG, smoke for  
real—smoke Chesterfield. Packed  
more smoothly by ACCU-RAY,  
it's the smoothest tasting  
smoke today.

Smoke for real . . . smoke Chesterfield!
