Reminder of Alfred Today Policies

In the interest of Alfred Today's desire to continue to highlight community events which benefit our campus, its students, faculty, and staff, or the greater Alfred community, we remind readers of the following policies:

1. Alfred Today will accept ANNOUNCEMENTS of events/activities from non-profit organizations in Alfred and the surrounding community.
2. Alfred Today will run ANNOUNCEMENTS featuring AU students, faculty, staff, and alumni, e.g. art shows, concerts, performances, regardless of the venue. Thus, if AU students were to have an exhibition or perform at a for-profit business, the announcement could run in Alfred Today.
3. Alfred Today will not run notices of fund-raising events from off-campus organizations, unless an exception is granted by vice president for University Relations or designee.
4. Alfred Today, as the official e-mail communication vehicle for the University, will adhere to the University's e-mail policies.

ACT Bus Routes/Schedules

Some folks may be wondering whatever became of my attempt at "mass transit" for ASC and AU employees. Here is an update...

The new routes can be found at: www.accessallegany.org <<http://www.accessallegany.org>> - both Route 5 and Route A stop at the ASC Administration Building. They are now collecting input on the new route structure and anticipate some reworking to take place; so please share with Lawrence L. Kaminski, Mobility Management Planner with the Allegany/Western Steuben Rural Health Network,

any comments or suggestions you may have. You can contact him directly at (585) 593-5223 ext. 16 or kaminskil@awsrhn.org kaminskil@awsrhn.org> .

Note: Route 5 may offer a better a.m. service to Alfred with a pick-up time of 6:20 a.m. in Wellsville and an arrival in Alfred at approx. 7 a.m. Pick-up and drop-off times may be something they will consider when looking at further opportunities for improvement. However, two cautions remain: Are there individuals that need to get to Alfred prior to 8 a.m. (yes, a few)? Will we miss the connection for those traveling from Alfred to Wellsville and Olean with a later service?

They also point out that the availability of public transit is not limited to locations where a "fixed" stop has been established. An individual can create a "flag" stop location. This means an individual may flag a bus down anywhere where it is safe to do so along the path of travel to pick-up or drop-off passengers. For individuals wishing to arrange for a flag stop, it would be best for them to pre-arrange the stop by phoning the ACT call center at 585.593.1738.

If they adjust the routes at a later date, I will definitely pass along that information.
