

Bergren Forum speaker to explore depths of Florida Keys

9/13/06

Dr. Gordon D. Atlas, professor of psychology at Alfred University, will present "Snorkeling in Key West" at the Thursday, Sept. 21 Bergren Forum, at 12:10 p.m. in the Nevins Theater, Powell Campus Center. "Snorkeling in Key West" will focus on the experience of entering into the ocean world in the Florida Keys. The speaker has recently spent months exploring the "underwater world" of coral and fish and will be reporting on his own experience. Underwater photos will provide the backdrop for anecdotal stories of his adventures with parrot fish, sharks, stingrays, jellyfish, and tarpons. The Bergren Forum, sponsored by the Alfred University Division of Human Studies, meets Thursdays during each academic semester at the University. Participants are encouraged to bring a lunch; coffee and tea will be available.
