### Performance Review System

Faculty/Staff we need your participation and feedback!

Over the last several months Human Resources has been previewing different companies software for Performance Review systems. We have narrowed our choice down to one vendor, who really stuck out to us, because of their ability to customize the system for AU, the 1 on 1 support we would receive, and overall ease and use of the system.

The vendor is NeoGov and the platform is called Perform. Jake, from NeoGov, will be teleconferencing on campus on March 9th from 1pm-2pm, the session will be in Olin 307. This will be an open session for all employees who want to attend. There will be a demo of the system and time for employees to ask questions at the end.

If this system is implemented it will be used by all faculty/staff on campus. Please come to the session to help us gather feedback, before we make our final decision. No need to RSVP, just show up!

For more information about the Perform platform and model, please visit the link below.
