Dear Professor,

Your letter and statement at hand I enclose you stamps for the amount. I am greatly obliged to you. The express charges were \$1.05, by far the biggest end of the deal, yet I think it worthwhile under the circumstances.

I feel sure that Miss Kentner will gain much in experience anyhow. I am ready to say that in any case she will find these people pleasant to work for and honorable in their daily dealings with their employees. At least we find them so up to date.

Yours very truly

Paul E. Cox
