

White Hall Ill.

July 7, 1905.

Dear Professor;

I enclose a letter
of interest to you and
I have referred the writer
to you. Perhaps you might
find it worth while to
jog him up.

I thank you for the
interest you displayed
in your reply to my
former letter and I have
sent it to Theodore Hauke
and I think they will

send on the clay to you.
I pried a bit of it to cone
& and it certainly is
of excellent whiteness.

In regard to the Penn.
deal, would it not be
worth while for me to
communicate directly
with the interested party?

Time is flying and it is
not long till winter. I

can send in full figures
to talk on at any time now.

Yours very truly
Paul E. Cox.
