

## **Registration is still open for summer art workshops at Alfred University**

6/12/17

Registration is still open for summer workshops conducted by the School of Art & Design at Alfred University. In addition to the traditional summer ceramics workshops, this year's offerings will include programs in glass and digital arts as well.

The workshops are open to professionals and non-professionals at all levels.

Class size is limited, however, so all programs will be filled on a first-come, first-served basis. A waiting list will be used to fill last-minute vacancies.

Those wishing to enroll are asked to email [SummerCeramics@alfred.edu](mailto:SummerCeramics@alfred.edu) or to call 607.871.2413. Additional information is also available on the web site.
