### Traffic on Main Street on 8/23

On Thursday, Aug. 23, both AU and ASC will be welcoming new students to campus starting at 8 a.m. We suggest that faculty and staff avoid the traffic light on Main St. if at all possible, as there will almost certainly be a long line.

All faculty and staff are welcome to stop in to McLane Center between 8 a.m. and 1 p.m. to welcome our new students and their families as they get checked in. It's a great atmosphere as our incoming students prepare to start Orientation and become part of the AU community for the next several years.

### For Banner INB Users Only

We have recently deployed new Banner servers that will require Banner INB users to do some PC maintenance in order for your shortcut keys to work correctly.

You will need to clean out your JAVA cache as well as your browser cache.

To clean out Java Cache

Open the Java Control Panel (START -- Settings -- Control Panel (small icons) -- Java)

Click "Settings" button under Temporary Internet Files

Click "Delete Files"

Check Both

- "Applications and Applet"

- "Trace and Log Files"

Click OK

Click OK

Click OK

Then go to IE browser and click on Tools

- Internet Option

- Browsing History -> Make sure Temporary Internet Files and History are checked.

- Delete

- OK

Go to <http://alfred.edu/banner> - Login to Banner. The links will take you to the current URLs for Banner Web and Banner INB.

Please call the Help Desk at 2222 or myself at 2602 if you have any questions.

Thank you,

Denise

### **2012 Swine Flu Update/Flu Shot Clinic**

Recently, the Centers for Disease Control and Prevention issued a warning about a new strain of Swine Flu called H3N2v. While this current virus seems to be only infecting humans with direct contact with infected swine, there has been limited human-to-human transmission. See the CDC website for more information.

Use caution when attending the county and state fairs; take the time to wash your hands after you come in contact with swine. There is no hazard from eating pork that is properly handled and cooked.

It is recommended that all people over the age of 6 months old get a flu vaccination every year. The 2011-12 vaccinations are gone now but, the 2012-13 vaccinations will become available this fall. Alfred University will host a vaccination clinic, Oct. 3 from 10-2 pm at Powell Campus Center in the McNamara Room. The vaccination will also be available at Health Services by appointment for students only.

The risk of infection and spread of influenza viruses between people, including H3N2v, can be reduced by taking a combination of actions. CDC recommends you take everyday preventive actions, including:

- o Cover your nose and mouth with a tissue when you cough or sneeze. (Throw the tissue in the trash after you use it.)
- o Wash your hands often with soap and water, especially after you cough or sneeze. If soap and water are not available, an alcohol-based hand rub may be used.
- o Avoid touching your eyes, nose or mouth. Germs spread that way.
- o Try to avoid close contact with sick people.
- o If you are sick, stay home from work or school until your illness is over.
- o Students can call AU Health Services if you have any symptoms or questions at 607.871.2400

Employees can contact EH&S for additional information or community clinic dates at 607.871.2190
