Zoning issue 'back to the drawing (planning)board'

By DAVID L. SNYDER

Editor, Publisher and Janitor
ALFRED--Twice the Alfred Village Board of Trustees has tabled action on proposed amendments to the Village Zoning Law to permit "congregate housing" in the B-2 District.

According to Sherman Clarke of the Alfred Village Planning Board, if no action is taken by the Village Board within 62 days of a public hearing, the issue is "off the table."

So it's back to the drawing board as the Village Planning Board is expected to take a good long look at zoning in the Village of Alfred in the months to come.

At the Tuesday, June 12 "public forum" meeting (The Village Board annually holds a meeting to enlist citizens' input on issues of concern), Deputy Mayor Virginia Rasmussen unveiled some of the Village of Alfred's zoning history.

"In a zoning code box from

historical times, the first zoning code was done in Alfred in 1948," Rasmussen said, "It was updated in 1960 and then updated in 1972. In each case, the refinement of the zones became more detailed."

She said the first zoning map had two districts--business and residential, with the business district zoned from Pine Street to West University Street, 150 feet deep on each side.

Sharon Bouck Smith asked whether the village's comprehensive plan, which was updated in 2003-2004, would be revisited.

"I was struck by the comments from the 2003 survey," said Mrs. Smith, "The very same things we've been talking about at the last three meetings were the most expressed issues."

Rasmussen replied, "Our planning board discussed it last week and Anne (Planning Board Chair Anne Wenslow) suggested that we contact the NYS Planning

Federation to see if they could send some consultants to take a look at what we have."

Mrs. Wenslow, also in attendance at the meeting, suggested that a Comprehensive Plan should be revised every ten years "and it's time to take a look at it again."

During the 75-minute public forum meeting, residents Trustees updated residents on their respective departments.

Mayor Craig Clark opened the meeting by reviewing the year, during which "we didn't have a tax increase." He said the Village is maintaining infrastructure, balanced the budget, and is seeking additional funding from Alfred University and Alfred State College for public safety. A commercial water rate was introduced, which should generate an estimated \$60,000 in additional revenue for the village.

"We have one heck of a staff,"

Clark said, citing the work of Police Chief Tim O'Grady and Village Clerk-Treasurer Kathy Koegel, "They work very hard for the village and keep things running smoothly."

Trustee Brad Bowden updated citizens of the work at the waste water treatment plant which is in the closing aspects of a \$600,000 upgrade. He, too, cited the work of village employees, citing the WWTP staff for their "dedication to their job and keeping on top of it." He said a second bond of \$250,000 is possible for other upgrades.

Trustee Becky Prophet, in charge of Youth and Recreation, said that "we're continuing things that have we've been doing for a long time." She said that Dr. Christopher Foster has been hired to head up the Alfred Village Band, with concerts scheduled at 7:10 p.m. Wednesday evenings, July 11, 18, 25 and August 1.

Deputy Mayor Rasmussen, after having the twenty persons in attendance introduce themselves, said that the Village will be "more diligent in housing code enforcement." She said that any landlord living beyond 15 miles from the village will be required to have an "agent nearby" who can deal with issues related to the property "in a short time frame."

"We are asking landlords to assign a resident manager to head off problems and communicate effectively," she said.

Village Code Enforcement Officer Chuck Cagle of Avoca said that he has worked for the Village for two years and issued only three tickets and attended court once.

"I like to deal with things face-to-face," Cagle said, "It's hard to deal with people who don't live in the village. I want someone close at hand to call. (in the event

A-A to graduate 50 seniors Saturday, June 23

By DAVID L. SNYDER

Editor, Publisher and Janitor
ALMOND--There will be pomp and circumstance Saturday, June 23 at Alfred-Almond Central School where fifty seniors are expected to gather their diplomas in a 2 p.m. ceremony in the high school gymnasium.

Salutatorian Gina Surita will greet the audience of family and friends while Valedictorian Lara Karaaslan will offer the valedictory address.

Some thirteen members of the Class of 2012 achieved a grade point average of 90% or better, a remarkable feat.

Photos and plans of all the Alfred-Almond Central School graduating seniors will be published in the June 28 issue of *The Alfred Sun*.

While the graduates are making plans for their future, the A-A Board of Education was already making plans for the 2012-13 school year, at its Wednesday, June 13 meeting. The school board...

Alfred Lions Club inducts new members, installs officers

By BRAD BOWDEN
of the Alfred Lions Club

ALFRED--The Alfred Lions Club inducted Daryl and Jonnie Arroyo into membership at the Club's May 24th dinner meeting, and Kathy O'Connor Benzaquin into membership at the June 7th Club Steak Roast. The new members were introduced by their Club sponsor, after which Alfred Lions Jon LeGro, Phil Phillipson and Leo Lejeune (all past District Governors) conducted the induction ceremony. The Arroyos were sponsored by Sheila Foreman and Kathy Benzaquin by Brad Bowden.

During Daryl Arroyo's 21 years at Springfield College he was a wrestling coach, Assoc. Professor and Department Chair for three years. In fall 2011 he became Director of Athletics, Physical Education, Recreation and Intramurals at Alfred State College.

Arroyo's wife Jonnie earned a Jurist Doctoris law degree from Western New England College. While in the Springfield area she helped found and served on the Board of Directors for Greyhound Options, a western Massachusetts placement organization for retired racing greyhounds. She volunteers at the Hornell YMCA and daily walks two or three dogs

around the Sayles Street – Pine Hill area.

Kathy Benzaquin worked in the field of Education for 35 years in several colleges and universities in North Carolina until her retirement in 2009. She moved to Alfred in 2010 and accepted a position as an adjunct Instructor in the Department of Education at Alfred University.

Actually her move to Alfred was more of a 'return to Alfred' as she had earned a Bachelor of Fine Arts and Art Education, and a Masters in Education Guidance and Counseling from Alfred University in the 1970s, and worked briefly at Alfred State College.

Following the induction, the 2012-13 Club Officers were announced as follows: Brad Bowden – President, Bill Emrick – Immediate Past President and Lion Tail Twister, Harry Snoreck – First Vice President, Chuck Shultz – Second Vice President, Beth Plaisted – Third Vice President, Leo Lejeune – Secretary, Jon LeGro – Treasurer, Sheila Foreman – Membership Chair, and Keith Holmok – Lion Tamer.

The evening concluded with Brad Bowden and Sheila Foreman receiving Lion of the Year Awards for their contributions to the Club during the past year.

of a problem)."

Planning Board Member Justin Grigg, who chairs the NY Main Street Grant Advisory Committee, updated those in attendance of the "proactive work" being done for the Village.

He said that all of the projects, which include most of the downtown businesses and some residences, must begin soon.

"All of that work must have local permits, so we have a lot of applications," Grigg said, "There will be more on the main block with work to be done at 15 N. Main Street and 25 N. Main Street (Alex's)."

Trustee Joe Dosch reported that the village's water system upgrades are "pretty much completed." He said the Village is getting new water meters and rebuilt meters. He said the Terrace Street culvert is now finished up, with grass planted recently.

Alfred Police Chief Tim O'Grady reported, "We have two laws that deal with rental places, the noise law and disturbing the peace. Each carries a \$50 fine."

O'Grady noted, "We're still way behind other communities without that fine structure so we will

be talking about increasing the fines for those two sections of the law, not as a revenue generator, but more of a deterrent to repeated offenses."

He also reported the enactment of the Social Host Law, which deals with underage drinking.

Resident David Rossington asked, "What's happening about voting?"

Trustee Prophet answered, "The County Election Commissioners have allowed that the Fire Hall is an appropriate place...We have a five-year agreement." She said they "wouldn't sign anything less."

Following the forum, the regular Village Board began at 8:20 p.m.

Alfred to Host County Firemen's Convention

A.E. Crandall Hook & Ladder Fire Company President Bob Pipal reported that Alfred will host the Allegany County Firemen's Convention Wednesday, July 11 through Saturday, July 14.

Following discussion, the Village Board voted to close West University Street from Mill Street to Main Street from 5 to 10 p.m. Thursday and Friday, July 12-13 for the Firematics Competition. Also, Main Street will be closed from the traffic light to S. Main Street from 6:30 to 8 p.m. Saturday, July 14 to facilitate the Firemen's Convention Parade.

In other business, the Village Board...

...ACCEPTED the resignation of Charlotte Rice from the Village Planning Board; appointed Sherman Clarke to the Planning Board and Marc Agnello as an alternate on the Planning Board.

...VOTED 4-1 to declare the \$600,000 WWTP project completed. Bowden opposed, citing the fact the thermostat still does not function.

...APPROVED issuing a \$250,000 bond for further improvements at the WWTP.

...VOTED to hold a public hearing at 7:15 p.m. Tuesday, July 10 on a change in the fine structure of the noise law.

OBITUARIES

R. EUGENE "GENE" ALLEN, SR.

ALMOND--R. Eugene "Gene" Allen, Sr., 86, of Almond, passed away on Tuesday (June 12, 2012) at Wellsville Manor Care Center.

Mr. Allen was born on Dec. 6, 1925 in Hornell to John R. and Alpha (Brown) Allen. He was a 1944 graduate of Hornell High School. He served in the U.S. Navy aboard the USS Euryale during WWII from 1944 to 1946. On July 25, 1948, he married Edith Mae Barrett, who predeceased him on Oct. 19, 1983. On Dec. 30, 1984, in Alfred, he married Waneta Ann Perry Ormsby, who survives.

Gene worked as an elevator mechanic for Eastern Elevator Company in Miami, FL from 1957 until his retirement in 1982.

In addition to his second wife, Waneta, he is survived by two daughters, Deborah Allen (Duc) Button and Paula Allen (Andy) Erman, both of Everett, WA.; a son, Richard Eugene Allen, Jr. of Lake Wales, FL; two sisters, Barbara (Bob) Baker of Alfred and Beverly (Woody) Schmidt of Al-

mond; four step-sons, Arthur (Esther) Ormsby of Rochester, E. Allen (Mary) Ormsby of Andover, Gary (Janice) Ormsby of Ithaca and David Ormsby of Alfred Station; a step-daughter, Patricia (James) Brutsman of Cynthia, KY; numerous grandchildren and great grandchildren; and several nieces, nephews and cousins.

In addition to his first wife, Edith Mae, he was predeceased by a brother, John "Jack" Allen.

Gene enjoyed woodworking, especially marquetry. He liked to crochet afghans, make jewelry and square dance. He had a deep sense of patriotism and was blessed with a great sense of humor. But more than these, Gene was a wonderful husband, father and grandfather, who loved his family with great devotion.

Per his request, there was no prior visitation. A private memorial service was held at Baker-Swan Funeral Home in Andover at the convenience of the family. Online condolences may be offered at www.baker-swan.com.

This is a bit difficult to see, but there is a beak at 12:30, one at 6:00, one at 9:00, and a nice little spray of wing feathers at 3:00. Saturday morning, my sister, Becky Prophet, commented that she and Husband Craig, are no longer empty nesters. At my puzzled look, she carefully lifted down her hanging pot of fuchsias and we all delightedly peered in. These are three slate-colored juncos, nearly ready to fledge. Mama hovered anxiously, clicking vigorously, as we admired her babies.

Gardening workshops offered; ASWG to meet Wed., June 27

ALFRED--Local Master Gardeners have scheduled six summer workshops to help Alfred food and flower growers boost their know-how. They will be held on Thursday evenings from 7 to 8:30 pm. at the presenters' garden sites. Remaining dates, presenters, subjects and locations are:

- ♦ June 21, Debbie MacCrea on balancing color, Water Wells Rd.;
- ♦ July 12, Mary Lu Wells on summer garden maintenance, McAndrews Rd.;
- ♦ July 26, Rick Martin on dealing with good and bad bugs, TBA;
- ♦ August 9, Mary Lu Wells on fall planting, McAndrews Rd.;
- ♦ August 23, Chester Galle on composting, Randolph Rd.

Register for the workshops by contacting Colleen Cavagna at 585-268-7644, Ext. 12 or e-mail at cc746@cornell.edu. The cost for the series is \$20 or \$5 per session.

Watch for the July opening of the Alfred Farmers' Market, an outlet for local farmers and strictly local produce. Other area produced goods will also be available.

The ASWG invites community members to join us at our next general meeting on Wednesday June 27, 4:30 pm at the Terra Cotta Coffeehouse. Sign on to one of our activities or initiate something of your own. Our new website will be launched at summer's end along with a Task and Tool Share project that we hope will engage many in the community.

Jones Memorial gets \$1 mil grant

WELLSVILLE--Jones Memorial Hospital will receive a grant of \$1,067,258 through the Health Care Efficiency and Affordability Law for New Yorkers (HEAL NY) program.

The HEAL NY grants are awarded to help hospitals and nursing homes improve primary and community-based care, eliminate excess bed capacity and reduce over-reliance on inpatient care. Jones Memorial, which recently announced a formal Collaborating Institution Agreement with the University of Rochester Medical Center (URMC), will use the funds to strengthen and facilitate that agreement, which should be finalized in the next few months.

"These funds will be used to strengthen our cardiac outpatient diagnostic services, our telemedicine equipment, consulting and legal fee support and a variety of other projects to facilitate the partnership with University of Rochester Medical Center," explained Eva Benedict CEO at Jones Memorial.

Nothing better than potato salad

There's nothing better for a picnic lunch than good old-fashioned potato salad. But, if you are traveling to a picnic site or if the picnic lasts a few hours, it's never a good idea to take a salad with a mayonnaise dressing.

Here's an alternative. You'll still want to keep it cool, but the dressing doesn't have the problems that mayonnaise has. It also has a tiny touch of sweetness in the maple syrup.

This recipe is from 365 All-American Favorites by Sarah Reynolds-one of the many great cookbooks available at the Box of Books Library.

German Potato Salad

- | | |
|-----------------------|-----------------------------------|
| 4 lg. red potatoes | ¼ tsp. freshly ground pepper |
| 4 slices bacon, diced | 1 med. celery rib, finely chopped |
| 3 T. olive oil | 1 sm. carrot, peeled & shredded |
| 3 T. cider vinegar | ½ med. red onion, finely chopped |
| 2 tsp. Dijon mustard | ½ tsp. salt |
| 2 tsp. maple syrup | |

Boil potatoes until tender but not soft. Drain. Let stand until cool enough to handle but still warm. Cook bacon until crisp. With slotted spoon, remove to paper towels. Discard fat in skillet. Add oil, vinegar, mustard, maple syrup, salt, and pepper to skillet and set aside. Peel potatoes and cut in ¾ inch dice. Place in large bowl. Add celery and carrot and toss lightly to mix. Add red onion to dressing. Bring to a simmer over med. heat, whisking to scrape up brown bits. Simmer 1 min. Pour over potatoes. Toss gently to combine. Let stand until cool. Serve at room temperature. Stir in bacon just before serv-

Thanks to Charlotte

LETTER OF THANKS FOR CHARLOTTE RICE:

The Alfred Village Planning Board thanks Charlotte Rice for her years of enthusiastic service and contributions. Her caring for the Community was evident, as she eagerly gave extra volunteer time to be involved with the New York Main Street Grant, the Complete Streets project and Board adhoc committees.

Charlotte always had insightful, thoughtful suggestions as we reviewed applications. Her computer expertise and ‘archives’ have been extremely helpful.

Charlotte has resigned because the family is moving to another state. Thanks for everything—it was a pleasure serving with you.

Sincerely,
Village Planning Board

Not ready for fracking

Dear Editor,
I called Cathy Young's office today and reminded her that there are no enforced speed limits on country roads- only those yellow advisory speed signs that everybody ignores.

I reminded her that my neighbor, 17 year old Janet Stoltzfuss died instantly , hit by a speeder on a dirt road near mine in the summer of 9-11 many of us will

never forget her. There are 7 dead people killed by speeding cars or being inside speeding cars within one mile radius from my home all succumbed on small country roads.

Just this week I thanked the state police for locating one driver of a huge lumber truck that was speeding down the gully road and up the other side on a single lane road posted at 25 MPH advisory speed next to my home.

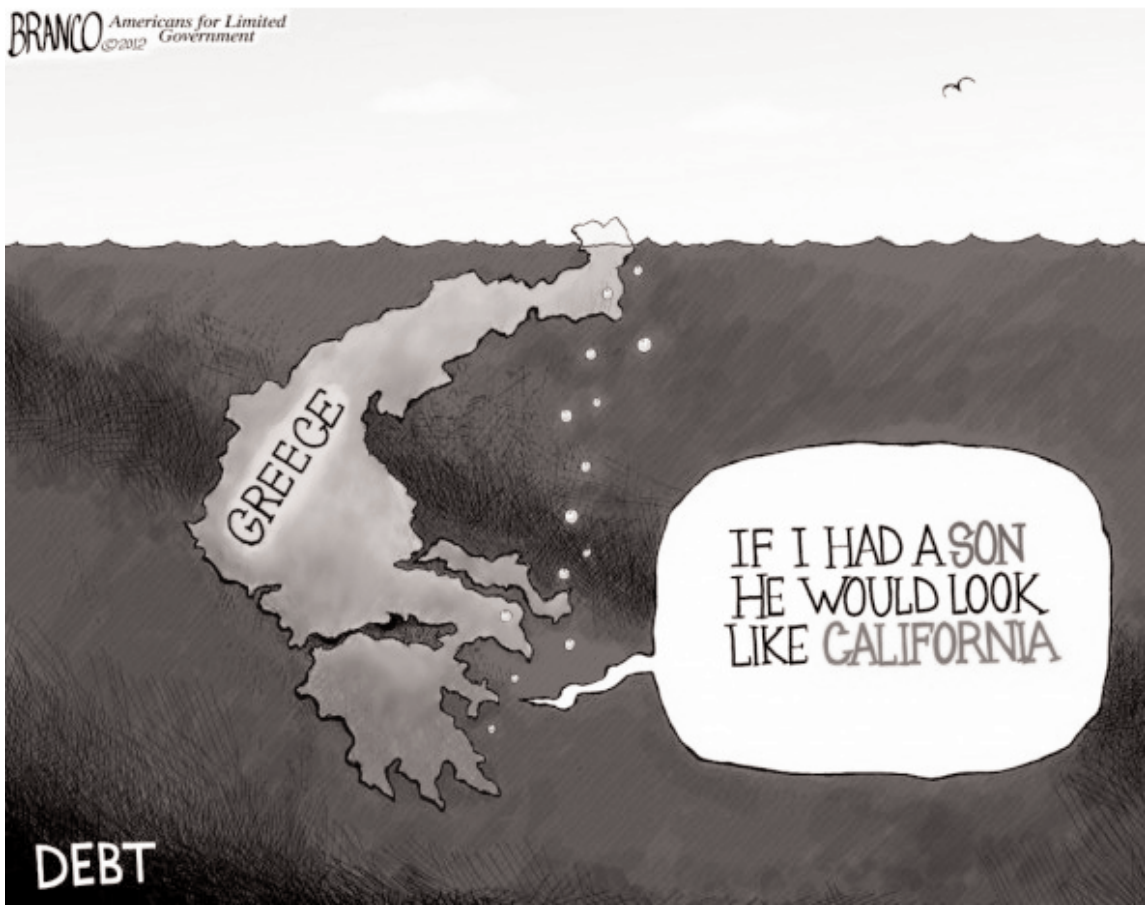

There are at least six vertical gas wells drilled in 2012 on 4 miles of road along route 22 north towards Andover from my home.

If any or all of these well owners get a permit to change those wells to horizontal hydrofracking wells then each frack requires up to 1000 truck trips.

For starters we need the speed limits to be meaningful in the countryside and that should be done regardless of hydrofracking. We have only a maximum 15 well inspectors at the DEC and Gov Cuomo was quoted to say that he will permit only 50 rather than 100 wells. Well it should the zero until some laws are passed or five instead of 50 considering the lack of trained staff. These numbers proposed by Cuomo only speak to how little the DEC is planning to oversee.

No laws regarding hauling hazardous wastes from oil or gas wells, no laws regarding keeping an inventory about hauling these wastes from origin to destination using the GPS to document the trip. This is done for most other truck trips that are operating across the nation delivering and receiving goods.

We are not ready for fracking and NY Senate should vote Yes on the extension of the moratorium bill proposed by NY Senator Greg Ball (R) that would extend the moratorium until summer 2013 and allow time for

meaningful legislation right after New Year 2013 begins another Albany legislation session.

We are not ready now after 4 years of waiting for the NY Senate to pass meaningful legislation regarding hydrofracking. They are not doing what the public pays them to do- to pass laws to do this lawfully and safe. I called NY Senate leader Tom Libous (R) 518-455-2677 and his alternate Senator Dean Skelos 518-455-3171 and Gov Cuomo 518-474-8390 and Cathy Young’s office.

I told them about a lawsuit filled recently May 25 2012 in Washington County PA. Haynes at al vs Range Resources available on the internet. There are three families suing in a complaint for seven individuals who tested benzene and other toxic chemicals in their urine -- the complaint contains a long list of lab reports and emails and it is addressed also to the 17 subcontractors - many doing lawless criminal acts that are often not seen by the public as the plaintiffs get paid a sum of money and must shut up about the case if they take the money-- here is a rare case of real damage done in this one case alone.

We need meaningful laws that are obeyed and meaningful regulations that the DEC is capable and willing to enforce. Neither of these are in place right now at all.

Over 100 villages and towns in NY have passed a moratorium on fracking for at least one year.

If any town wants to do that, they should do it right now because it will be useless after a permit is granted to then decide to get active. Be active now. Only one town in Allegany county, Alfred has passed a moratorium-- our county looks like they really are waiting to frack? I don't think that is factually the case if there was any meaningful survey taken.

Enclosed is a article quoting Gov. Cuomo who chooses to frack only those areas that are inviting frackers if there is such a place. The *NY Times* I understand did not print the story and only has it on the internet on July 13 so freedom of the press is dying too-- thank you local papers for printing this if you do.

MORE BUSINESS AS USUAL

The first session of the Board of Legislators for the month of June was held on June 11, 2012. All but one of the Legislators was present. The meeting opened with the Pledge of Allegiance led by former Army PFC Richard Monroe, of Bolivar. Richard has made it his mission to paint portraits of veterans who have given their lives in service to our nation. He brought several of those portraits to our meeting. These captivating portraits are a unique tribute to our servicemen and women. This is a demonstration of what one dedicated individual can do for his community.

Privilege of the Floor was given to Allegany County Dairy Princess Haley Dibble. She presented both sides of the debate whether chocolate milk is a health food or a junk food. We learned that there are good arguments on both sides of that issue. NYS Farm Bureau Field Advisor Timothy Bigham also gave a presentation on the contributions that farms make to our community. Agriculture remains a vibrant and crucial component of our county, state and national economies.

The Board considered six resolutions. Resolution 79-12 authorized a temporary local retirement incentive consisting of a reduced contribution towards health insurance coverage for qualified employees. I opposed this early retirement incentive plan when it was initially presented. There would have been some savings from paying lower salaries to new employees, but those savings would be insufficient to offset the health insurance costs for both the retirees and new replacement employees. However, we have determined that we may be able to abolish several positions that are left vacant through the retirement process. If we can eliminate more than 3 positions we will generate a net savings. If we can eliminate more positions the savings will be even greater. If those positions were eliminated through layoffs we would be forced to pay unemployment benefits, which would result in higher expenses, not savings. This incentive program appears to be the most cost effective way of cutting payroll expenses.

Resolution 80-12 established a new benefits package for part-time county employees. This policy has been developed under the guidance of Personnel Director Ellen Ruckle, and Personnel Committee Chair Timothy O’Grady, and was long overdue. It will remove any doubt about what benefits part-time employees receive. Over the long run it should generate significant savings through uniformity and consistency.

Resolution 81-12 transferred \$7,000 between accounts in the Public Safety Communication budget. This represents savings from a maintenance account, which can be used to pay for electricity at various towers serving the E-911 Dispatch system. Resolution 82-12 appointed Michael Johnson (from the Town of Grove) as a member of the County Industrial Development Agency. There was some controversy over whether the current vacancy should be filled by someone from Legislative District 2. I supported Michael Johnson because of his outstanding qualifications and proven record of community service. I am confident that he will actively represent all geographic areas of Allegany County, not just District 5, where he resides.

Resolution 83-12 approved agreements with providers of services for Preschoolers with Disabilities. I believe these services should be provided through our public schools, not the County. I supported these contracts as the most cost-effective response to this expensive State mandate. I see no viable alternative to these contracts. The final resolution considered was 84-12, which approved a lease between the County and the First Baptist Church of Belmont. It provides for payment of \$500.00 per month and can be canceled by the County by giving 60 days notice. It also provides for a “right of first refusal” should the church decide to sell the property.

The small steps taken by the Board, as evidenced by the various resolutions, may not seem very significant. However, when they are considered together, they represent a responsible approach to managing county business. They also represent significant savings, which should result in lower taxes.

Box of Books ePLACE offers June-July classes

ALFRED—Alfred Box of Books Library is offering the following ePLACE Classes in June and July:

Introduction to the Spreadsheet Program Excel

Thursday June 21, 4-6 p.m.

Learn the basic elements of this popular spreadsheet program, including: how to create, edit, and format a simple spreadsheet, creating and using basic formulae, and how to save and print your worksheet. There will be a second Excel class on July 24, 6:00 - 8:00 p.m. for advanced features.

Introduction to the Imaging Editor Photoshop

Monday June 25, 4-6 p.m.

Accomplished digital artist Jason Burns will teach the basics of Adobe's premier imaging editor program. For the purposes of this class, he will focus on photo restoration (basic color correction for photos), and the basics of how to add or remove a person or an object from a photo. However, students are encouraged to ask questions about any aspect of the program. While the library only has one license for Photoshop (which Mr. Burns will be using), if you have it on your own laptop feel free to bring it with you.

Fun and Funky Photo Editing for Kids (Ages 12 and up)

Thursday July 5, 2-4 p.m.

Learn to use GIMP, a free photo editing software, to modify and collage photos. Discover how to add borders and text, how to crop, and much much more!

Tuesday Tablet Training

Tuesday July 10, noon-2 p.m.
 Bring your iPad, Nook Tablet, Kindle Fire, or any other tablet

device, along with your questions about them, for a hands-on session that will enable you to get the most out of it! Format is casual and attendees are encouraged to share information with each other. No pre-registration required!

Intermediate Blurb.com: Creating Your Book Online

Tuesday July 10, 4-6 p.m.

This class is a follow-up to our first blurb.com class, which focused on the planning and preparation that goes into the creation of an online book, and the use of blurb.com's basic tools. Join us today to learn more about the process and to share project ideas! If you did not attend the introductory class, go to blurb.com and have a look around so you are familiar with it. Give us a call prior to this class if you need some help!

Free Resume Writing Class

Wednesday July 11, 4-6 p.m.

An excellent resume is the first step to the job of your dreams! Mark McFadden, Director of Alfred University's Career Development Center, will help you create a new resume or improve the one you have so that you are shown to your best advantage. Use one of our laptops, or bring your own.

Please contact us to preregister for a class (except the Tablet Training): you can call the Alfred Box of Books library at 607.587.9290, or email burns@stls.org, or stop by while we are open. THIS WAS THE SCENE at Old Fort Niagara in Youngstown, New York last weekend when Doug Lorow and Leo Nealon attended the War of 1812 event. Standing on a bluff above Lake Ontario not far from Niagara Falls, Old Fort Niagara has dominated the entrance to the Niagara River since 1726. The colorful history of the site began even earlier, and continues to the present day. The fort played an important role in the struggles of France, Great Britain, and the United States to control the Great Lakes region of North America, and also helped shape the destinies of the Iroquois (Six Nations) peoples and the nation of Canada. Black-Eyed Susan presents Pat Kane, Matt Durfee

ANGELICA—Black-Eyed Susan Acoustic Café (22 W. Main St., Angelica) is pleased to host fine touring musicians from across the country in the Music Room at 22 W. Main St., Angelica.

The café's musical guests this week include Irish fiddler and balladeer Pat Kane of Addison, on Friday, June 22 for an evening of traditional and contemporary Irish and American folk songs. On Saturday June 24 please welcome Matt Durfee of Albany, who writes and performs acoustic progressive folk

PAT KANE will perform at 7:30 p.m. Friday, June 22 in Angelica.

music. Each show begins at 7:30 p.m. There is no cover charge, but guests are expected to contribute to the musician's tip jar.

Friday, June 22: 7:30 p.m.

Come prepared to tap your feet and sing along with Pat Kane, also known as the "Balladeer of the Southern Tier." Kane is a hardworking full time soloist who may entertain for hours without a break or repeat. On fiddle, guitar, and bodhran, he plays jigs, reels, square dances, and hundreds of ballads from Ireland and America. He has written many fine songs and knows a host of modern selections as well. Pat is often called "the best there is" and has twice won first place for singing at the NYC Fleadh Cheoil (Festival of Music). He has produced a good number of albums and hosts a weekly Irish radio show in Elmira, New York. This is Pat's seventh appearance at Black-Eyed Susan - the audience just loves him! Learn more at www.westoclare.com.

Saturday June 23: 7:30 p.m.

Progressive folk singer-songwriter Matt Durfee credits guitarist / songwriter Leo Kottke as a great influence, encouraging him to make multiple guitar parts happen at one time instead

MATT DURFEE will perform at 7:30 p.m. Saturday, June 23 at the Black-Eyed Susan Acoustic Cafe in Angelica.

of just strumming chords. He plays in open tunings almost exclusively, and continues to hone his finger-picking technique. "When I find myself writing a song that seems impossible, I know I've stumbled onto something that can improve my technique, those are the moments I long for as a writer, to not only express myself musically, but to better myself while doing so." Preview his original music at www.mattdurfee.bandcamp.com

Coming Up:

Thursday, June 28: 6-8 p.m.

Angelica Cruise Night--Whether you own a vintage car, or just love to talk with others about them, pack family and friends in the car and head to Main Street Angelica. Find your dream car while enjoying juicy burgers, ice cream, flashback 50's music, "Driver's Choice prizes", and more. Fundraiser will benefit the Angelica Hose Company and the Angelica Free Library "Lift" project. Most

shops open late. Poodle skirts and saddle shoes encouraged!

Friday, June 29, 7:30 p.m.

Matt Borrello - Folk, Blues, and Rock 'n' Roll. "Smooth with a great sense of timing, plenty of energy and warm, full vocals to wrap it up in, with Johnny Cash 'cool' and Bob Dylan insight."

Saturday June 30, 7:30 p.m.

Angie Atkinson and Jason Waters -- Country-Politan. She's a girlie girl who likes to hang with the boys, and loves getting her heart broken and writing songs about it. Angie could be the love child of Bruce Springsteen and Madonna, as raised by Kenny Rogers.

Black-Eyed Susan Acoustic Café serves breakfast Wednesday through Sunday mornings, lunch seven days a week, and dinner with live music every Friday and Saturday evening. Located at 22 West Main Street in Angelica's Park Circle National Historic District, the café seats 65 and is fully handicap-accessible, making it a perfect place for luncheons, showers, private dinners and other events. Food and beverage menus, wine lists and music schedules are posted on-line. For more information call 585-466-3399 or visit www.black-eyed-susan.com.

THEN AND NOW

Some things never change. Take this example of childhood bad behavior. Long before I learned the alphabet and the process of filing, I began accumulating things, such as acorns, which others might find useless. My parents considered them so, especially as they were not kept in any order.

I knew that I did organize my possessions, however. Some went into heaps or drawers, but in categories obvious only to me. Frequently used essentials, such as my eyeglasses, were placed on furniture tops. Fortunately, one of my searching eyes was nearsighted, the other farsighted.

Still, my parents bemoaned my untidiness. They did not understand my systems. I was not neat. I still am not neat. However, now that I know the alphabet, my paper pile system has improved with my aging. Given an infinite amount of time, it might become quite efficient.

First, I create piles of papers. Next, I break them into categories such as letters, articles, programs, newsletters, etc. Then, over the years, I put them in labelled file folders, drawers, crates, or cartons. Unfortunately, life for me is shortening, and the distance to the finish line for this process keeps lengthening.

Fortunately, I also have a system for creating extra minutes. I deliberately live in a state of increasing obsolescence. That way I do not waste months learning how to use the latest things. I have no cell phone, no tablet computer, no digital camera.

I have never bought an unused motor vehicle, although my present one is often too modern for my convenience. The words for many of its functions are not in my vocabulary. Reading the instruction manual's alphabetical index forward, upside down, and backwards wears me out.

Not only are older items more to my liking, seemingly they know it. When I walk into a thrift store I find used jigsaw puzzles, books, and phonograph records being attracted to me as though I were a magnet. So is used clothing. "Frayed" instead of "Fashionable" appears under "F" in my apparel manual. I cannot resist petting dogs, even muddy and rambunctious ones.

My size is in a constant state of flux. Whether clothing is bought new or used, it may fit me only briefly. I stash it, often finding that we match up again years later. The ultimate parting with items which I cannot or should not be caught alive in nearly always brings sweet sorrow.

The other day I needed a specific file folder. Shockingly, it was in the first place I looked. Triumphantly turning with it in hand, I tripped over a thin, paperback book which I had no idea that I owned. Examining its cover and contents took me right out of "Now" and back to "Then."

Its title was "The Well-Stocked Bookcase; Sixty Enduring Novels by Americans Published Between 1926-1986." It was put out for its members by the Editorial Board of the "Book-of-the-Month Club."

A brief job taken after completing my bachelor's degree landed me in an apartment with an unfamiliar roommate in a small, Midwestern town. I was teaching junior high school English, and she taught Physical Education. College life had already presented me with nine different roommates. This tenth one was a newlywed, with a pet puppy left by an army husband as a gift when he was sent overseas.

The pup chewed on some of my book covers in her presence when I was out. Books meant nothing to her, and apparently neither did her husband. She had a boyfriend to keep her from feeling lonely. Her mother was suspicious, and had been trying to confirm her intuition through long distance telephone calls. One day I picked up the phone and lied as to my knowledge of her daughter's whereabouts. Ashamed of my duplicity, I quickly moved to a rented room in the house of a nearby family. We had few interests in common.

Fortunately, before I came to that town I had already met one person who lived there. Her daughter and I had inhabited the same college dormitory. She cordially invited me over for dinner on a couple of occasions.

Having an educated bent at variance with those of most local people, for stimulation she depended on the offerings of the Book-of-the-Month Club. I probably saw on her bookshelves all of the titles listed in my booklet published up to 1955. Among the authors: Capote, Cather, Dos Passos, Faulkner, Fitzgerald, Glasgow, Hemingway, Hersey, McCullers, Mailer, Mitchell, Steinbeck, Welty, Wilder, and Wolfe.

I know that those writers' stories endured. But I still wonder how my erstwhile roommate's plot worked out.

Six Alfred University students and their professor will travel to Turkey, thanks to assistance from the Turkish Coalition of America.

The students will each receive

Gas prices fall 5.6 cents/gallon during past week

ROCHESTER--Average retail gasoline prices in Rochester have fallen 5.6 cents per gallon in the past week, averaging \$3.63/g on Sunday, June 17. This compares with the national average that has fallen 3.2 cents per gallon in the last week to \$3.53/g, according to gasoline price website Rochester-GasPrices.com.

Including the change in gas prices in Rochester during the past week, prices yesterday were 22.2 cents per gallon lower than the same day one year ago and are 26.8 cents per gallon lower than a month ago. The national average has decreased 17.6 cents per gallon during the last month and stands 12.6 cents per gallon lower than this day one year ago.

"I have a sneaking suspicion that the election in Greece may stir up oil prices this week, and we could see oil prices gain as markets feel more upbeat about the economic situation," said GasBuddy.com Senior Petroleum Analyst Patrick DeHaan.

"While any gains in oil prices won't likely be immediately felt, the debt situation in Europe bears keeping a close eye on as it has far reaching global implications. Outside of that situation, West Coast wholesale gasoline prices are now among the lowest in the nation with California, Oregon, and Washington seeing their averages drop back under \$4/gallon, while the nation's midsection may see prices rising in the week ahead," DeHaan said.

\$500 from the Coalition to help defray the cost of the study tour.

"This assistance is very significant for our students," said Laura Greyson, professor of political science and study tour leader. "Trips such as this, which are so critical to students' understanding of the world in which they will live and work in the future, are beyond the means of some of our students without assistance from outside sources like the Turkish Coalition of America. We are so appreciative of the help they are providing."

More than 90 percent of the students at Alfred University require financial aid to meet the cost of their education.

Poised as it is between the Eastern and Western worlds, Turkey's importance in world politics "will only grow stronger in the years to come," said Greyson, underscoring why it is critical that students learn more about the country. "With its strong economy and democratic political culture, Turkey also serves as a model for other predominantly Muslim countries in the region and provides a critical bridge to the Middle East for the democracies of the West."

Students have already completed a semester-long course, "Istanbul 2012: Crossroads of Civilization," taught by Greyson and Jeffrey Sluyter-Beltrao, associate professor of political science. Through class discussions, readings and written assign-

ments, students explored modern Turkey and its historical roots.

While at Isik University, they will learn in more depth about Byzantine and Ottoman history, the early Turkish republic, Islam and its relationship to Turkish secularism, contemporary Turkish political culture, and Turkey's role in the Middle East, as well as international relations in general.

One day each week will be spent on guided tours in Istanbul and daylong excursions to the Bosphorus, Princes Islands, Bursa and the Dardanelles. There will also be two weekend-long trips. Students will be able to take a shuttle to Istanbul after classes end each afternoon, and they will have many opportunities to spend time with Turkish students and faculty while living on the Isik campus.

Mehmet Emin Karaaslan, professor and chair of economics at Isik, as well as a former tenured professor in the Alfred University College of Business, and Rabia Karakaya Polat, professor and chair of international relations, will direct the program on behalf of Isik University. Greyson will accompany the Alfred students.

Alfred University students will also receive assistance from the Bernstein Fund for Faculty and Student Development, created by Gene Bernstein '69 and Pamela Lavin Bernstein '71.

Chart shows Marcellus Shale and lists towns with positive resolutions for drilling.

Town Supervisors appeal for responsible gas drilling

ALBANY--Town supervisors from upstate New York on Thursday, June 14 appealed to state officials to allow drilling for natural gas in their communities. "Our message is simple: We believe drilling can be done in a way that protects the environment and provides tremendous economic benefits," said Tim Whitesell, Supervisor of the Town of Binghamton. "We want the ability to proceed responsibly."

Whitesell was joined by other supervisors from across the Southern Tier of the state. Each of the officials comes from a community that has recently approved a resolution in favor of responsible drilling. In addition, each hails from a community

where gas reserves actually exist and where drilling could be permitted according to current draft state guidelines. More than two dozen towns in a six-county region in the Southern Tier where natural gas reserves are most prevalent have now approved resolutions in favor of drilling. Jim Finch, Supervisor of the Town of Conklin, said: "We respect everyone's right to express their opinion, but so much of the opposition comes from people with no real stake in the matter. Their philosophical arguments should not trump our need to create jobs in our communities." Tom Axtell, Supervisor of the Town of Deposit, said: "We have analyzed all of the information

on drilling. We reviewed operations in Pennsylvania. Our conclusion is that with proper oversight by the state Department of Environmental Conservation this can provide a tremendous benefit." Dewey Decker, Supervisor of the Town of Sanford, said: "For too long, the debate has been dominated by people from places where drilling would never occur. In rural communities where it makes sense, there is strong support for responsible drilling and confidence that the state will properly regulate it." Sandy Rogers, Supervisor of the Town of Bradford, said: "Natural gas drilling is very important to rural towns upstate. It would provide an economic boost that would help revitalize our communities."

Also joining the news conference were representatives of the Joint Landowners Coalition of New York, which represents more than 77,000 landowners who want the ability to develop their property. JLC Counsel Scott Kurkoski said: "What is undeniable is that landowners in counties where natural gas is most abundant are growing increasingly vocal about the economic imperative of moving forward with responsible drilling. Elected officials in two dozen townships in the Marcellus Shale region have considered all the facts, they are voting in favor of responsible drilling, and their positions do indeed reflect the sentiments of their constituents."

NOTES from the BOX OF BOOKS

By ELIZA ORDWAY
Box of Books Library Director

Alfred Box of Books Library is kicking off its Summer Reading Program June 30 with a Family FUNdraiser. The money raised at this event will cover supplies and programs for the summer. Tickets are 25 cents apiece and will be used to purchase popcorn, drinks, face painting, and the games or activities. Each event will have its own ticket value. There will also be a bake sale with items donated by the library friends group, please contacted Eliza if you are interested in donating an item.

Registration for Summer Reading Program will begin Friday, June 22. Reading logs will begin tracking on Monday, June 25 and continue through August 17. LOTS of great events are being planned including two Patio Concerts; one on July 10 will be The Band of Brothers, and we are hoping to get The Tuesday Tuesdays here for a concert as well. The Band of Brothers website is http://www.theband-ofbrothers.net if you would like more information.

Coming Events at the Box of Books Library:
Tuesday, June 26 at 4 pm: Marshmallow Madness; Marshmallow fun for all ages.
Saturday, June 30, 10-2 pm: Family FUNdraiser at the Bandstand; games, crafts, snacks, facepainting and more for a small cost to support the Box of Books Library.

ALFRED—Seven students at Alfred State were inducted this Spring into the Psi Beta Honor Society, an organization which promotes interest in the study of psychology at two-year colleges. Students must have earned a 3.0 (out of a possible 4.0) grade point average, including 3.0 in at least one psychology course. The ceremony was conducted by Assistant Professor Jennifer Bremser, Social and Behavioral Sciences Department, faculty adviser to the club. Pictured here are, from left to right, Assistant Professor Jennifer Bremser, Social and Behavioral Sciences Department; Angela M. Berardi, Wellsville, liberal arts and sciences: social science; Sarah E. Hand, Dalton, human services; Louise R. Jordan, Belmont, human services; and John M.L. Albrecht, Alfred Station, human services management. Not pictured are Jessica L. Collins, Binghamton, human services management; Kristen M. Molina, Canajoharie, human services; and Joshua Bishop, Avon, human services.

Dr. Packard to read, score AP exams

ALFRED--Dr. Earl Packard, chair of the Alfred State Mathematics & Physics Department, has been selected to participate in the annual reading and scoring of the College Board's Advanced Placement Examinations in June. He will be reading the calculus exams for the 10th consecutive year.

The College Board's Advanced Placement Program® (AP®) enables willing and academically prepared students to pursue college-level studies while in high school. Based on their exam performance, students can receive credit and/or advanced placement when they enter college.

In 2011 more than 11,000 AP Readers evaluated more than 3.4 million AP Exams in 34 subjects. Representing many of the finest academic institutions in the world, both high school and collegiate, AP Readers are comprised of professional educators from the United States, Canada, and abroad.

The AP Reading is a unique forum in which an academic di-

DR. EARL PACKARD

ologue between high school and college educators is both fostered and encouraged.

"The Reading draws upon the talents of some of the finest teachers and professors that the world has to offer," said Trevor Packer, senior vice president, AP and College Readiness at the College Board. "It fosters professionalism, allows for the exchange of ideas, and strengthens the commitment to students and to teaching. We are very grateful for the contributions of talented

educators like Dr. Packard."

Packard, who joined the Alfred State faculty in 2003, holds a doctorate in mathematics from Tulane University, a Bachelor of Science of Education in mathematics from Mansfield University, and a Bachelor of Science degree in music education from Mansfield State College. Prior to coming to Alfred, Packard taught at Kutztown University (PA) and the University of Arkansas, Monticello.

AU offers fracture course

ALFRED—Alfred University's (AU) Inamori School of Engineering will offer a short course for glass and ceramic engineers, scientists, and technicians entitled Fracture Analysis and Failure Prevention of Glasses and Ceramics from Monday, July 30-Thursday, Aug. 2.

This hands-on course will cover the examination and interpretation of markings on fracture-exposed surfaces of glasses and polycrystalline ceramics and the analysis of crack systems (fractography). It will also explore the use of fractography in failure analysis, strength testing and fracture mechanics testing. The course will use discussions, case studies, and examples to analyze links between fractography and failure prevention.

The course will be limited to 18 students so early registration is encouraged. A course fee of \$1,395 will be charged, which includes the Fractography of Ceramics and Glasses practice guide. To find more detailed information and registration forms, please go to: <http://www.engineering.alfred.edu/shortcourses/fracture.cfm>.

Days 1 and 2 of the course, which will run from 8:30 a.m. – 4:30 p.m. on July 30 and 31, will cover the fundamentals of fractography, including its applications, markings and explanations and examining glass specimens. Day 3, which will run from 8:30 a.m. – 6 p.m. on Aug. 1, will explore the equipment and docu-

mentation used in fractography as well as elements of quantitative fractography. Day 4, which will run from 8:30 a.m. – 1 p.m. on Aug. 2, will cover origin flaw types in ceramics, single crystals, Weibull strength analysis and fractography, and case studies in glass and ceramics.

Fly-In Breakfast to aid Comfort House

WELLSVILLE--The Hart Comfort House, a non-profit home providing assistance to terminally ill residents and their families, will benefit from the proceeds of the "fly-in, walk-in, drive-in pancake breakfast" which will be held from 8 a.m. to 1 p.m. Sunday, June 24 at the Wellsville Airport.

The Catbird Griddle located in Angelica, will be serving up the all you can eat pancake breakfast with maple syrup provided by Cartwrights all for \$7.00. In addition, Cartwrights, located in Angelica, will display and sell their maple products, Hedgerow Farm Bakery from Alfred Station, will sell their artisan breads, and Vandermark Farms known for selling locally grown fruits and vegetables will set up a farmer's market.

No matter how you choose to arrive, fly, drive, or walk, the public is invited to come and enjoy a delicious pancake breakfast and check out the variety of goods for sale at the airport located at 2600 Tarantine Road, Wellsville.

FIFTY YEARS AGO, JUNE 21, 1962

Although the Allegany County Board of Supervisors had scheduled action on a proposed sales-use tax, tomorrow, the board may postpone action until July 25. A three and a half hour closed door meeting Monday night at Belmont, attended by most of the supervisors at the invitation of their Tax Committee, resulted in a statement issued from the board through the Clerk of the Supervisors, Manley Ackerman. Mr. Ackerman told the SUN, "as a result of the meeting, the Sales Tax Committee decided to recommend to the Board of Supervisors at the Friday, June 22 meeting, that board action on the sales tax be deferred until the meeting to be held July 25...Meanwhile opposition to the tax among Alfred and Almond merchants mounted as the SUN went to press. Petitions are being circulated by some Alfred merchants for presentation to Alfred Supervisor C. Richard Fenner. Mr. Fenner is a member of the Supervisors Tax Committee. Over 110 signatures have been collected by one business man..."

Alfred-Almond Central School's Forty-Eighth Annual Commencement Exercises, held at the school auditorium at 2 p.m. Saturday, June 20, 1987, will not soon be forgotten. It was a good time. The multi-talented Class of 1987 "showed its stuff" during the two-hour ceremony, from a piano quartet of Franz Liszt's "Hungarian Rhapsody" to a senior duet of John Denver's "Leavin' On A Jet Plane." It was apparent that the 65 Alfred-Almond seniors who received diplomas Saturday, had come to have a good time. And they did...

(Photo) Piano Quartet--Jennifer Haymes, Jeff Rausch, Amy Joyce and Corrie Burdick perform Franz Liszt's "Hungarian Rhapsody."

(Photo) Leavin' On A Jet Plane--Jason Connolly and Dan Cornell play their guitars and lead the commencement audience in the chorus of John Denver's hit.

Dr. David Szczerbaki, assistant professor of business and administration at Alfred University, and John Howard, associate professor of business and administration, Alfred University, have co-authored an article accepted by Health Care Management Review. S. Gene Odle, Alfred University provost, noting that the competition for publication in the journal is keen, said that the acceptance of the article indicates national recognition of the university's faculty members and their achievements...

Dr. David M. Kaplan, assistant director of career and counseling services at Alfred University, presented papers at two conferences in Chicago in May...

(Photo) Receive Recognition--Fred Lang of Lang Agency Gallery of Homes in Hornell and Sandra Ware of Ware Real Estate in Wellsville received special recognition for their contributions to RPAC from Sharon Burdick, president of the Steuben-Allegany Board of Realtors, at the regular meeting of the organization at the Coachlight Steakhouse in Hornell.

TEN YEARS AGO, JUNE 27, 2002

The Alfred-Almond Central School Alumni Association awarded a record \$10,000 in scholarships to the graduating Class of 2002 during the school's 63rd annual commencement exercises held at 2 p.m. Saturday, June 22 in the high school gymnasium. Alumni Association President Lee A. Ryan presented a \$2,000 scholarship each to Aaron Allen, Natalie Elzinga, Luke Harvey, John Montana and Sawyer VanHorn. In an emotional presentation, Larry Allen, speaking on behalf of the family of the late Dennis Allen, who died suddenly in March, presented the Dennis Allen Memorial Scholarship to Dennis' son, Aaron Allen...52 diplomas were awarded...In probably the shorest valedictory in A-A history, Kazumasa Takeuchi said that a graduation speech required writing skills and good oratory delivery. He said he didn't have writing skills and he was a bad speaker. So he simply thanked all of the teachers and parents and administrators who were responsible for their graduating...

A gala reopening of the Call Homestead Museum in Hartsville, formerly known as the Hartsville Museum and Historical Society, will be held from 1 to 4 p.m. Saturday, June 29. The Call Homestead Museum is a museum of 19th century farm life in rural Western New York. The public is invited to come celebrate its reopening and enjoy the theme-based displays, newly-landscaped grounds, and beautifully restored farmhouse...

For more than fifty years, the Alfred Village Band has brought music to Alfred and surrounding communities. If you play a musical instrument, the Alfred Village Band needs you to help it live and grow for another summer...

Sunny Side Up--My thanks to Evelyn Lobdell for providing this recipe from Harriet Saunders. Harriest was the daughter of Dr. Paul Saunders. She was known for her great sense of humor. A note on the recipe says this was her Uncle John Waterberry's recipe for an easy rice pudding. He was an old bachelor for a long time and learned to cook from his mother at the turn of the century. Harriest used his recipe for over 40 years. Easy Rice Pudding: ½ c. rice (not instant), 1 quart milk, 2 or 3 beaten eggs, ½ c. sugar, 1 tsp. vanilla. Place rice and milk in double boiler. Cook over hot water for 1 ½ hours. Add eggs and sugar. Cook 10 more minutes or until thickened. Add vanilla. Top with nutmeg. (This pudding is not dry.)

The Empire 8 athletic conference has announced the addition of Norwich University (VT) and Springfield College (MA) as affiliate members in the sport of football effective July 1, 2004...The addition of Norwich and Springfield will merit an NCAA automatic bid in the sport of football effective 2004...

"Believing in Miracles,' John 6:1-2

By LINDA STAIGER

ALMOND--Nine-year-old Danny came bursting out of Sunday school searching for Mom or Dad. Finally, he grabbed Daddy by the leg and yelled "Man, that story of Moses and all those people crossing the Red Sea was great!" His father smiled and asked him to tell the story.

"Well, the Israelites got out of Egypt, but Pharaoh and his army chased after them. So the Jews ran as fast as they could until the got to the Red Sea. The Egyptian Army was getting' closer and closer, so Moses got on his walkie-talkie and told the Israeli Air Force to bomb the Egyptians. While that was happening, the Israeli Navy built a pontoon bridge so the people could cross over. They made it!" Dad was shocked, "Is THAT the way they taught you the story?" Danny said, "Well, no, not exactly, but if I told it to you the way they told it to us, you'd never believe it, Dad."!!! LOL!

Do you sometimes have trouble believing in the miracles of the Bible? Believing with the expectation and assurance that they could happen? Many of us are like the man in Mark 9:24 when he told Jesus "I do believe, but help me not to doubt."

Miracles happen today..maybe you're skeptical, maybe you have walked right by, not noticing them? Looking for a logical explanation? There was a 19 year old girl from Cambodia trying to escape the dictatorship. The journey was difficult: jungle, canals, mountains, rivers, not to mention the Communist soldiers, difficult weather and a stretch of ground covered with thorns. Not too nice when you're wearing flimsy sandals or none at all. One night the darkness

was so complete that they could not see anything ahead. Suddenly hundreds of fireflies swarmed into view. The 'firefly light' led them to the next mountain and safety. Once there the girl went to a Christian meeting. "I know that old man" she claimed at the picture on the wall. "He is the one who led us and showed us the way to Thailand". She was pointing to a picture of Jesus.

That's a miracle. They happen all the time--big and small. God provides for His people in miraculous ways. One reason you may be a skeptic here is that you think all miracles are the big, flashy kind. They happen, but the ones you miss are the small ones happening right in front of you, but you miss it. (Ever go to a store focused on getting an item and walk right by someone you know, but don't see him? Hmmmm, now there's a thought....)

The thing about these miracles is that they happened after an interruption. For instance, the Loaves and Fishes: Jesus and His disciples had been searching for a place for solitude to meditate on their trip. But people kept following them so finally Jesus stopped to talk with them. How to feed them? Remember the little boy with 5 loaves and 5 fishies? The miracle was that those 5 were turned into enough to feed all the people there.

Also, miracles often follow solitude: when one takes the time to be reconnect with God. To regain one's spiritual focus--to realign one's self with his spirit connection. Miracles also happen when one has his priorities straight. Know the story about a time management class and the Mason jar? The speaker put in about 12 rocks to the top

of the jar and asked if it was full. All said yes. BUT then he proceeded to put some small gravel in the jar as well. Is it full now? No. Then he put in sand to fill in the empty spaces---full? NOT! Finally he put water in and then proclaimed it full. The point? There's always room in our schedules for one more thing? NO! The speaker said the rocks were his priorities (God; family and friends; and career) and if he didn't put them in first he would never get them in!

Take the time to set your priorities in life. Your relationship with Jesus, prayer, family friends and jobs. Make time for God---get right with God and family. The rest will follow!

Dr. Jimmy DeYoung to speak at AABC

ALMOND—Dr. Jimmy DeYoung, world renowned prophecy speaker and journalist from Jerusalem, will be the featured speaker at a prophecy conference at Alfred Almond Bible Church July 15-18.

THE GLORY OF AMERICA

Thursday, June 21

Increase Mather was born on this day in 1639. Puritan minister and American statesman, when Charles II demanded the return of the Massachusetts charter in 1683, he carefully prepared his decision:

"To submit and resign their charter would be inconsistent with the main end of their fathers' coming to New England... [Although resistance would provoke] great sufferings, [it was] better to suffer than sin. Let them put their trust in the God of their fathers, which is better than to put confidence in princes. And if they suffer, because they dare not comply with the wills of men against the will of God, they suffer in a good cause."

Be sure to keep cool next few days

BELMONT--Over the next few days Western New York including Allegany County will see temperatures rise close to 90 degrees with temperatures at night in the upper 60's. This heat without a good cool down at night can be dangerous for children, older adults, anyone with health problems, and pets. The Allegany County Department of Health would like to remind residents of ways to stay cool and healthy during the hottest days of the summer.

Here are some tips:

Slow Down. Wait to do activities that make you hot and sweaty until the coolest time of the day (early morning or in the evening).

Children, older adults, any-

one with health problems and pets should stay in the coolest available place, not necessarily indoors.

Keep pets cool and in the shade or bring them inside, whichever is the coolest.

Keep your home cool. Keep shades or curtains drawn during the hottest part of the day and block sunlight from heating up your home. Fans and/or air conditioning will keep air moving and cool.

Try eating foods that are cold like salads, sandwiches, fruits, and vegetables instead of turning on the oven or stove top.

Put less fuel on your inner fires. Foods, like meat and other proteins that increase metabolic heat production also increase

water loss.

Dress for summer. Wear lightweight, light-colored clothing to reflect heat and sunlight.

Drink plenty of water or other non-alcohol or decaffeinated fluids. Your body needs water to keep cool. Drink plenty of fluids even if you don't feel thirsty. Persons who have epilepsy or heart, kidney, or liver disease, are on fluid restrictive diets or have a problem with fluid retention should consult a physician before increasing their consumption of fluids. Do not drink alcoholic beverages. Limit number of caffeinated beverages.

Make sure pets have plenty of cool water to drink all day.

During excess heat period, spend more time in air-conditioned places. Air conditioning in homes and other buildings markedly reduces danger from the heat. If you cannot afford an air conditioner, go to a library, store or other location with air conditioning for part of the day.

Take a cool shower or bath to stay cool during the hottest part of the day.

Don't get too much sun. Sunburn reduces your body's ability to get rid of heat.

Do not take salt tablets unless specified by a physician.

Never leave anyone—a child, an adult or an animal—in a parked vehicle.

Here are some extra tips for children:

- Make sure your child's safety seat and safety belt buckles aren't too hot before securing your child in a safety restraint system, especially when your car has been parked in the heat.
- Never leave your child unattended in a vehicle, even with the windows down.
- Teach children not to play in, on, or around cars.
- Always lock car doors and trunks—even at home—and keep keys out of children's reach.
- Always make sure all children have left the car when you reach your destination. Don't leave sleeping infants in the car ever!

ALFRED--Mark your calendars for "From the Earth," to be held from 10 a.m. to 5 p.m. Saturday, July 7 at a number of area sites in and near the Town of Alfred, including:

The Gardens at Locustbrae Farm

Debbie MacCrea's garden, located on Waterwells Road, is named for a reason: given the clay soil and high water table, Debbie has been raising her garden beds for years now. The old veggie garden has been transformed into a perennial flower bed.

From a child who loved to make Hollyhock dolls to a young mother adding sheep manure to enrich the garden soil, to the present day surrounded by all the beautiful flowers, she has always loved being in the garden.

Her main interest is growing dye plants for the yarn to be knitted, woven and felted. Debbie gives talks on the subject all over the country.

This amazing garden will be open to the public for educational tours and plant sales as part of "From the Earth" on Saturday, July 7 from 10 a.m. to 5 p.m. She and other Master Gardeners will be there to help dig and answer questions. Come on by.

Sunny Cove Farm

The barn of Dottie and Jerry Snyder's farm sits at 2200 feet. Jerry remembers helping his granddad make maple syrup here when he was young. I caught him in his sugar shack finishing up this year's run. We talked about his life-long love of the farmer's life--varied work, often outside. The whole large family from ages 2 to 26 help out.

As the seasons roll, the work follows: sugaring, fixing fences, plowing, sowing, wood gathering, harvesting and always, twice a day, the cows to milk. This 400 acre farm pastures a dairy herd that produces organic milk.

There is a stoe in the garage that also sells maple syrup, grass fed beef, raw milk, apples and English Walnuts!

What I found most fascinating was how Jerry put Mother Nature to work. He won a grant--built a pond 123 feet higher than the barn, let the overflow come through a pipe connected to a generator and voila: enough electricity for lights and heat for both the barn and house!

Come see it all on Saturday, July 7 from 10 a.m. to 5 p.m. as part of "From the Earth." Paid tours are available.

Jones to honor Wellsville Lions

WELLSVILLE—The Wellsville Lions Club has been named the Jones Memorial Hospital Associate of the Year in appreciation and recognition of all the group has done for the hospital and for the Wellsville community.

"We are delighted that the Wellsville Lions Club has accepted this honor," said Eva Benedict, CEO at Jones Memorial. "This group of individuals has proven time and again how much good can be accomplished by people working together." In addition to founding the Wellsville Lions Club Diabetes Center at Jones Memorial Hospital and donating funds for eye care equipment, the Lions helped celebrate the hospital's 90th anniversary last year by erecting a historical marker in the hospital's front lawn.

The group will be honored at this year's 1921 Associates Garden Reception, held on Sunday, August 5 at the hospital. "The 1921 Associates are those who have given \$250 or more in the previous 12 months," explained Judy Burt, Community Relations Director at JMH. "We offer those who have reached the 1921 level the opportunity to submit nominations for the Associate of the Year, which we award during the annual Garden Reception in August."

Previous Associate of the Year honorees are Margaret Mersereau, Mae Lauzze, Dr. Daniel Tartaglia, Dr. M. Keith Sale, Art VanTyne, Sylvia Masin, Joan Hand, Kathryn Gilbert, Dr. Kenneth VanDine, and Dr. F. Clifton Miller, Dr. Bill Coch, The Joyce Family and Clint and Samantha Gilkey.

If you would like to attend the Garden Reception and join us in honoring the Wellsville Lions Club, please contact Judy Burt at 585 596 4050 for more information. Any gift of \$250 or more automatically enrolls the donor in the Associates Program.

The Dugout

A very busy weekend past in the books that had me traveling from Henrietta to Almond on Friday nite and back home to Webster. Then, on Saturday morning, it was off for a variety of events with noted area photographer, Leo Nealon. We departed from Irondequoit, headed to Old Fort Niagara in Youngstown and then over the border into Canada for a strawberry festival (honest!) and some wandering around time at Niagara on-the-Lake.

Friday nite my mom was in town from Florida and it was time for our "annual" dinner out at Muhleisen's in Almond. Left work and headed for Almond to meet up with Uncle Butch & Aunt Cass, Ron & Judy Coleman, "Foolish" Farley and Betsy plus my mom and Don. Been doing this now for probably 7-8-9 years or so. Always a good time seeing everyone. Former A-A classmate Dick Stuart ('70) came in for dinner along as he and Cheryl just left their ice cream business for the day. Tom Benson (not the Saints owner) and his wife were there as well. Had a chance to catch-up with all. Afterwards, as we were saying our good-byes outside, "The Traveling Sports Fan" comes by and has some golf balls all ready for me. Always appreciated. Excellent meal and solid evening in Almond.

Old Fort Niagara was the setting on Saturday morning as it was the site for the Declaration of War Commemoration from 1812. Got there a few minutes before the 10 a.m. festivities were set to begin. Had been there once prior on a family outing and guessing I was about 8-10 years old. Mom no help in this category! Remember the place and always recall it was windy and chilly when we there. Not this day as it was almost picture perfect. There was a flag raising ceremony, a tour of the fort, musket firing demonstration and a cannon firing while we were there in the morning. Nealon shooting photos galore. One of the regiment "soldiers" was Nick D'Amuro who is on the track & field team at SUNY Geneseo and whose father went to Alfred State. Had on a Geneseo soccer t-shirt this day, he spotted it and filled Nealon and myself in on a variety of historical things from 1812. A most impressive (and fun) visit.

Next up was a strawberry festival sponsored by the St. Andrews Church at Niagara on-the-Lake. What an event! Food was absolutely awesome, especially the corn on the cob that was as good as any I've ever had. Sausage-onions-peppers, strawberry concoctions including shakes, drinks, a mini book sale, a band and a place for the kids to roam around. Very organized on a stunningly gorgeous day for the benefit outing. After that Nealon and I headed into the main part of the town ... tourist city at its finest. Finally found a place for a cold one ... the Olde Angel Inn/Pub & Restaurant. Great place!

So, on a weekend where we originally were going to go and see Nik Wallenda walk across Niagara Falls, a completely different schedule took place. Most enjoyable day. Oh yes, won \$25 playing black jack at the casino. Paid for our gas.

HITS AND MISSES:

Former Canisteo resident Mark Andrews took second-place in the Medved 5K to Cure ALS race in Rochester over the weekend. Andrews was timed in 15:39 with the winner crossing the line at 15:31. Former volleyball star, Christa (Downey) Meyer won the women's race with former Cortland All-American and Dansville graduate, Heather (Swarts) Webster coming in seventh.

Received a text and a couple of text-photos from Pat Atwell (Andover) over the weekend as the Drury AD and his son, Eric were in Omaha at the College World Series for four days. Quite the baseball event for Atwell, formerly the baseball coach at Quincy with the Hawks in Division II action.

The Miami Heat were up 2-1 in games after play on Sunday nite past as LeBron James is taking charge and leading his team thus far. Would be happy to see the Heat win the NBA Championship for Shane Battier (Duke) ... but that is about all. James is great to watch, starting to dislike Dwayne Wade more and more, with the young OK City team struggling to close. Picked the Thunder over the Heat at the beginning of the year and will stick with that but it doesn't look too promising at the moment. The two tangled again on Tuesday (6/19) and play again tonite (6/21).

Webb Simpson wins the U.S. Open golf tournament at The Olympic Club in San Francisco as some of the golfing elite fading into oblivion. Tiger Woods ... wow. From two days at the top of the leader board to a T21 finish. A poor Saturday stopped David Toms.

DOUG LOROW, donned in a Geneseo shirt, struck up a conversation with Geneseo grad Nick D'Amuro, one of the regiment "soldiers" at Old Fort Niagara in Youngstown. (Leo Nealon Photo)

The Dugout continued...

Phil Mickelson was never a factor. Jim Furyk had it in his grasp until the last three holes Sunday. A steady Graeme McDowell was always lurking. Even Ernie Els was in the hunt for a good chunk of Sunday. A solid Simpson carted off the trophy though. Guessing he wrapped up a Ryder Cup berth with that win.

Look-alikes: Casey Martin from the U.S. Open and SUNY Cortland men's basketball coach, Tom Spanbauer ... "Spans." Martin is a good story as he now coaches the Oregon golf team, qualified for the tourney and missed the cut by one stroke. Ouch.

Who is more annoying: Chris Berman doing golf on ESPN with round one and two coverage or Stephen A. Smith (ESPN) ... period? Happened to catch Thursday nite, recap coverage of the tourney and Berman is one of the golf commentators. Why? Smith is just annoying as it gets on the NBA finals. "Westbrook is the worst point guard in the history of the NBA Finals?" How about ... Smith is the worst analyst in the history of the NBA finals!

Dick Stuart (A-A) ... not the ex-Pirate first sacker, pledged to send in his alumni dues as well. "If Smitty and Mills are sending theirs in, I guess I'd better do the same."

Daughter Lauren ran in the NYRR Portugal Day 5-Mile race on Sunday past in NYC. 3L clocked a time of 36:28, was 36th out of 1676 women that finished, was third in her age group (20-24) and was 798th overall out of 4420. The ex-SUNY Geneseo soccer player has races scheduled for July in Orchard Park at the Matthews Memorial and in September at the Lake Placid Half-Marathon in addition to her NYC outings.

The Rochester Ravens women's soccer team is zipping along at (0-7) as the young, college-age mostly, squad has five games left. University of Vermont teammates Jess Herbst (Webster Schroeder) and Haley Marks (Penfield) are on this team. 3L and I are going to go watch them play July 7th with their home games at Aquinas. The GK on the team is Jessie Sanderson from Drury in Illinois where Atwell is the AD. Herbst off to Indian lake with us in late July.

Do not understand the schedule, at all, in MLB interleague play this year. The Yanks just played a three-game series in Atlanta last week, Monday-Tuesday-Wednesday. The two teams meet again this week at Yankee Stadium, same three days. Why? Play someone different. The sizzling NY Yanks by the way!

Tampa Bay Rays 3B Evan Longoria was scheduled to begin a rehab assignment with the "AAA" Durham Bulls this week in Rochester versus the Red Wings. Tampa Bay can use his bat in the lineup although they are holding at a solid third-place in the tough AL East.

The Cincinnati Reds placed OF Drew Stubbs on the 15-day disabled list. There were no plans to call-up Franklin Stubbs and his "black max" to replace him on the roster!

With Hall of Fame announcements around the area reported of late, how about an "All Character" Hall of Fame at Alfred State College, starting with the hoops squad during the Kaz Era? Two early inductees ... Howard "Double Pump" Daggs and "Leapin" Dave Flummer! Both quite entertaining.

Nothing on the "sports agenda" this weekend as it'll be off to Yankee Stadium and NYC the following! First trip to the new Yankee Stadium, 3L got tix via StubHub and it is Old Timers Day that Saturday. Yes! Hooking up with some Geneseo soccer players after the game at Foley's Pub.

Local swimmers compete at Colgate invitational meet

HAMILTON--Local members of the USA swim club - Mercury Swimming travelled to Colgate University to compete in a long course invitational on Saturday, June 9 and Sunday, June 10.

In the 50 meter Olympic distance pool with a retractable roof several athletes obtained life time best swims. The 400 free relay team of Aaron Haase, Patrick Greaney, Paul LaRue and Jake Zitz snapped up first place ribbons with a speedy time of 4:00.62. Patrick also finished in the top ten for the 100 fly, 100 breast, 200 breast and finished ninth in the 50 free with a personal best time of 27.48.

Patrick's sister Alyssa left the meet with seven personal bests including top ten results within the 11-12 year old division in the 100 breast (1:31.92 - 4th place), 200 IM (2:58.55) and 100 fly (1:27.02).

Aaron Haase also hit the touch pads bringing home top ten results in the 100 free (59.25) and 50 free (27.54). In addition, Maddie McConnell garnered 7th place in the 50 free (29.35). The team's next competition will be the annual open water contest north of Binghamton at Whitney Point.
